OFFERING CIRCULAR

CLARION FUNDING PLC

(*incorporated in England with limited liability under the Companies Act 2006, registered number 10922187*)

£3,000,000,000
Secured Euro Medium Term Note Programme

Under this £3,000,000,000 Secured Euro Medium Term Note Programme (the **Programme**), Clarion Funding plc (the **Issuer**) may from time to time issue notes (the **Notes**) denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below).

The maximum aggregate principal amount of all Notes from time to time outstanding under the Programme will not exceed £3,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement described herein), subject to increase as described herein.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under "*Overview of the Programme*" and any additional Dealer appointed under the Programme from time to time by the Issuer (each a **Dealer** and together the **Dealers**), which appointment may be for a specific issue or on an ongoing basis. References in this Offering Circular to the **relevant Dealer** shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Notes.

The proceeds of the Notes of a Series will be advanced by the Issuer to Clarion Treasury Limited (formerly Circle Anglia Treasury Limited) (the **Group Borrower**) under a Loan Facility Agreement in relation to such Series, which will in turn on-lend such funds to one or more of Affinity Sutton Homes Limited (**Affinity Sutton Homes**), Circle Thirty Three Housing Trust Limited (**Circle 33**), Old Ford Housing Association Limited (**Old Ford**) and/or Russet Homes Limited (**Russet** and, together with Affinity Sutton Homes, Circle 33 and Old Ford, the **Original Borrowers**) under an On-Loan Agreement made between the Group Borrower and the relevant Original Borrower(s). Subject to certain conditions in the Loan Facility Agreement, the Group Borrower may also on-lend the proceeds of a Loan Facility Agreement to other qualifying members of the Clarion Housing Group (as defined below) (together with the Original Borrowers, the **Borrowers**). Each of the Borrowers will guarantee the obligations of the Group Borrower to the Issuer under each Loan Facility Agreement pursuant to a deed of guarantee dated 24th May, 2007 as amended and restated on 29th November, 2016 (and as further amended and/or supplemented and/or restated from time to time) (the **Deed of Guarantee**). The Borrowers will create security over certain housing properties used for social housing accommodation (the **Charged Properties**) to secure the obligations of the Borrowers under the Deed of Guarantee. The Group Borrower will also grant security over its rights under each On-Loan Agreement by way of a security deed dated 24th May, 2007 (the **Group Borrower Security Deed**).

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see "*Risk Factors*".

Application has been made to the Financial Conduct Authority in its capacity as competent authority (the **UK Listing Authority**) for Notes issued under the Programme during the period of 12 months from the date of this Offering Circular to be admitted to the official list of the UK Listing Authority (the **Official List**) and

to the London Stock Exchange plc (the **London Stock Exchange**) for such Notes to be admitted to trading on the London Stock Exchange's regulated market.

References in this Offering Circular to Notes being **listed** (and all related references) shall mean that such Notes have been admitted to trading on the London Stock Exchange's regulated market and have been admitted to the Official List. The London Stock Exchange's regulated market is a regulated market for the purposes of the Markets in Financial Instruments Directive (Directive 2004/39/EC).

Notice of the aggregate principal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche (as defined under "*Terms and Conditions of the Notes*") of Notes will be set out in a final terms document (the **Final Terms**) which will be delivered to the UK Listing Authority and, where listed, the London Stock Exchange.

Copies of Final Terms in relation to Notes to be listed on the London Stock Exchange will also be published on the website of the London Stock Exchange through a regulatory information service.

The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between the Issuer and the relevant Dealer. The Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any market.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the **Securities Act**) or any U.S. State securities laws and may not be offered or sold in the United States or to, or for the account or the benefit of, U.S. persons as defined in Regulation S under the Securities Act unless an exemption from the registration requirements of the Securities Act is available and in accordance with all applicable securities laws of any state of the United States and any other jurisdiction.

Clarion Housing Group Limited (the **Group Parent**) has been rated "A3" by Moody's Investors Service Limited (**Moody's**). The Programme has been rated "A3" by Moody's. Moody's is established in the European Union and is registered under the Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**). As such, Moody's is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website (at http://www.esma.europa.eu/page/List-registered-and-certified-CRAs) in accordance with the CRA Regulation. Notes issued under the Programme may be rated or unrated by Moody's. Where a Tranche of Notes is rated, such rating will be disclosed in the Final Terms and will not necessarily be the same as the rating assigned to the Programme by Moody's. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

IMPORTANT INFORMATION

This Offering Circular comprises a base prospectus in respect of all Notes issued under the Programme for the purposes of Article 5.4 of the Prospectus Directive. When used in this Offering Circular, Prospectus Directive means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in a relevant Member State of the EEA.

The Issuer accepts responsibility for the information contained in this Offering Circular and the Final Terms for each Tranche of Notes issued under the Programme. To the best of the knowledge of the Issuer (having taken all reasonable care to ensure that such is the case) the information contained in this Offering Circular is in accordance with the facts and does not omit anything likely to affect the import of such information.

The Group Borrower accepts responsibility for the following information contained in this Offering Circular:

(a) the information under the heading "*The Group Borrower*" in the section headed "*Description of the Clarion Housing Group*";

(b) the information under the heading "*Factors which may affect the Group Borrower's ability to fulfil its obligations under the Loan Facility Agreement in respect of each Series of Notes*" in the section headed "*Risk Factors*";

(c) the information under the heading "*Group Borrower Security Deed*" in the section "*Description of the Deed of Guarantee and Underlying Security*";

(d) the information in the section "*Description of the Loan Facility Agreement*";

(e) the information relating to it in the section "*Financial Statements*"; and

(f) the information relating to it under the headings "*Significant or Material Change*" and "*Litigation*" in the section headed "*General Information*",

and, to the best of the knowledge of the Group Borrower (having taken all reasonable care to ensure that such is the case) such information is in accordance with the facts and does not omit anything likely to affect the import of such information.

Each of the Original Borrowers accepts responsibility for:

(a) the information relating to it under the heading "*Factors which may affect the Borrowers' ability to fulfil their obligations under the On-Loan Agreements and the Deed of Guarantee*" in the section "*Risk Factors*";

(b) the information in the section "*Description of the Deed of Guarantee and Underlying Security*" other than under the heading "*Group Borrower Security Deed*";

(c) the information relating to it in the section "*Description of the Clarion Housing Group*";

(d) the information relating to it in the section "*Financial Statements*"; and

(e) the information relating to it contained under the headings "*Significant or Material Change*" and "*Litigation*" in the section "*General Information*",

and, to the best of its knowledge (having taken all reasonable care to ensure that such is the case), such information is in accordance with the facts and does not omit anything likely to affect the import of such information.

Each of Jones Lang LaSalle Limited (*JLL*) and Savills Advisory Services Limited (*Savills* and, together with JLL, the *Valuers*) accepts responsibility for the information contained in the section "*Valuation Report*" prepared by it and, to the best of its knowledge (having taken all reasonable care to ensure that such is the case), such information is in accordance with the facts and does not omit anything likely to affect the import of such information. With the exception of the Valuation Report which it prepared, each Valuer does not accept any liability in relation to the information contained in this Offering Circular or any other information provided by the Issuer, the Group Borrower, the Original Borrowers or any other person.

The figures referred to in the Valuation Report of JLL in the section entitled "*Market Commentary*" were obtained from the Department for Communities and Local Government. The Issuer confirms that such figures have been accurately reproduced and that, as far as the Issuer is aware and is able to ascertain from information published by the Department for Communities and Local Government, no facts have been omitted which would render the reproduced figures inaccurate or misleading.

The figures referred to in the Valuation Report of Savills in the sections entitled "*Market Commentary*" and "*Valuation Approach – Discount Rate* " were obtained from Nationwide, Oxford Economics, HM Land Registry, the Office of National Statistics, Rightmove and Social Housing. The Issuer confirms that such figures have been accurately reproduced and that, as far as the Issuer is aware and is able to ascertain from information published by Nationwide, Oxford Economics, HM Land Registry, the Office of National Statistics, Rightmove and Social Housing, no facts have been omitted which would render the reproduced figures inaccurate or misleading.

Neither the Dealers nor the Note Trustee (as defined below) have independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers or the Note Trustee as to the accuracy or completeness of the information contained or incorporated in this Offering Circular or any other information provided by the Issuer, the Group Borrower, the Original Borrowers or the Group Parent in connection with the Programme. No Dealer or the Note Trustee accepts any liability in relation to the information contained in this Offering Circular or any other information provided by the Issuer, the Group Borrower, the Original Borrowers or the Group Parent in connection with the Programme.

No person is or has been authorised by the Issuer or the Note Trustee to give any information or to make any representation not contained in or not consistent with this Offering Circular or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers or the Note Trustee.

Neither this Offering Circular nor any other information supplied in connection with the Programme or any Notes (a) is intended to provide the basis of any credit or other evaluation or (b) should be considered as a recommendation by the Issuer or any of the Dealers or the Note Trustee that any recipient of this Offering Circular or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer, the Group Borrower, the Original Borrowers or the Group Parent. Neither this Offering Circular nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of the Issuer, any of the Dealers or the Note Trustee to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Offering Circular nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained in it concerning the Issuer, the Group Borrower, the Original Borrowers or the Group Parent is correct at any time subsequent to its date or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers and the Note Trustee expressly do not undertake to review the financial condition or affairs of the Issuer, the Group Borrower, the Original Borrowers or the Group Parent during the life of the Programme or to advise any investor in Notes issued under the Programme of any information coming to their attention.

Each of the Issuer, the Group Borrower and the Original Borrowers has confirmed to the Dealers that this Offering Circular contains all information which is (in the context of the Programme and the issue, offering and sale of the Notes) material; that such information is true and accurate in all material respects and is not misleading in any material respect; that any opinions, predictions, or intentions expressed herein are honestly held or made and are not misleading in any material respect; that this Offering Circular does not omit to state any material fact necessary to make such information, opinions, predictions or intentions (in the context of the Programme and the issue, offering and sale of the Notes) not misleading in any material respect; and that all proper enquiries have been made to verify the foregoing.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended, from 1st January, 2018, to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (**MiFID II**); or (ii) a customer within the meaning of Directive 2002/92/EC (**IMD**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT INFORMATION RELATING TO THE USE OF THIS OFFERING CIRCULAR AND OFFERS OF NOTES GENERALLY

This Offering Circular does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Offering Circular and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer, the Dealers and the Note Trustee do not represent that this Offering Circular may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Dealers or the Note Trustee which is intended to permit a public offering of any Notes or distribution of this Offering Circular in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Offering Circular nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Offering Circular or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Offering Circular and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Offering Circular and the offer or sale of Notes in the United States and the EEA (including the United Kingdom): see "*Subscription and Sale*".

PRESENTATION OF FINANCIAL AND OTHER INFORMATION

Presentation of Financial Information

Unless otherwise indicated, the financial information in this Offering Circular has been derived from (i) the audited unconsolidated financial statements of the Group Borrower for the two financial years ended 31st March, 2017, (ii) the 2016 Predecessor Group Financial Statements (as defined below) and (iii) 2017 Group Financial Statements (as defined below) (together, the **Financial Statements**).

The Issuer's, the Group Borrower's, each Original Borrower's and the Group Parent's financial year ends on 31st March, and references in this Offering Circular to any specific year are to the 12-month period ended on 31st March of such year. The Financial Statements have been prepared in accordance with generally accepted accounting principles in the United Kingdom (**UK GAAP**).

Certain Defined Terms and Conventions

Capitalised terms which are used but not defined in any particular section of this Offering Circular will have the meaning attributed to them in "*Terms and Conditions of the Notes*" or any other section of this Offering Circular. In addition, the following terms as used in this Offering Circular have the meanings defined below:

In this Offering Circular, all references to:

- ***U.S. dollars***, ***U.S.$*** and ***$*** refer to United States dollars;
- ***Sterling*** and **£** refer to pounds sterling; and
- ***euro*** and **€** refer to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended.

References to a **billion** are to a thousand million.

Certain figures and percentages included in this Offering Circular have been subject to rounding adjustments; accordingly, figures shown in the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

SUITABILITY OF INVESTMENT

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

(i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Offering Circular or any applicable supplement;

(ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;

(iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes where the currency for principal or interest payments is different from the potential investor's currency;

(iv) understands thoroughly the terms of the Notes and is familiar with the behaviour of financial markets; and

(v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

STABILISATION

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

OVERVIEW OF THE PROGRAMME

The following overview does not purport to be complete and is taken from, and is qualified in its entirety by, the remainder of this Offering Circular and, in relation to the terms and conditions of any particular Tranche of Notes, the applicable Final Terms.

This Overview constitutes a general description of the Programme for the purposes of Article 22.5(3) of Commission Regulation (EC) No 809/2004 implementing Directive 2003/71/EC (the **Prospectus Regulation**).

Words and expressions defined in "*Form of the Notes*" and "*Terms and Conditions of the Notes*" shall have the same meanings in this Overview.

Issuer:	Clarion Funding plc
Description:	Secured Euro Medium Term Note Programme
Use of Proceeds:	This note issuance programme is intended to raise finance for certain members of the Clarion Housing Group through the issuance of Notes by the Issuer. The Issuer will issue the Notes and on-lend the proceeds pursuant to a corresponding Loan Facility Agreement to the Group Borrower which will in turn on-lend such funds to one or more of the Borrowers under the On-Loan Agreement made between the Group Borrower and the relevant Borrower(s). The relevant Borrower(s) will use the proceeds in the achievement of their charitable objects, as permitted by their respective constitutional documents. Each of the Borrowers will act as a Guarantor under the Deed of Guarantee pursuant to which each Guarantor will guarantee the performance of the obligations of the Group Borrower under each Loan Facility Agreement. The Loan Facility Agreements, the On-Loan Agreements and the assets comprising the Series Security (see "*Series Security*" below) have characteristics that demonstrate the capacity to produce funds to service any payments due and payable on the Notes.
Certain Restrictions:	Each issue of Notes denominated in a currency in respect of which particular laws, guidelines, regulations, restrictions or reporting requirements apply will only be issued in circumstances which comply with such laws, guidelines, regulations, restrictions or reporting requirements from time to time (see "*Subscription and Sale*") including the following restrictions applicable at the date of this Offering Circular. **Notes having a maturity of less than one year** Notes having a maturity of less than one year will, if the proceeds of the issue are accepted in the United Kingdom, constitute deposits for the purposes of the prohibition on accepting deposits

	contained in section 19 of the Financial Services and Markets Act 2000 (**FSMA**) unless they are issued to a limited class of professional investors and have a denomination of at least £100,000 or its equivalent, see "*Subscription and Sale*".
Programme Size:	Up to £3,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement) outstanding at any time. The Issuer may increase the amount of the Programme in accordance with the terms of the Programme Agreement.
Distribution:	Notes may be distributed by way of private or public placement and in each case on a syndicated or non-syndicated basis.
Currencies:	Subject to any applicable legal or regulatory restrictions, Notes may be denominated in euro, Sterling, U.S. dollars, yen and any other currency agreed between the Issuer and the relevant Dealer.
Maturities:	The Notes will have such maturities as may be agreed between the Issuer and the relevant Dealer, subject to such minimum or maximum maturities as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the Issuer or the relevant Specified Currency.
Issue Price:	Notes may be issued on a fully-paid basis and at an issue price which is at par or at a discount to, or premium over, par.
Form of Notes	The Notes will be issued in bearer form as described in "*Form of the Notes*".
Fixed Rate Notes:	Fixed interest will be payable on such date or dates as may be agreed between the Issuer and the relevant Dealer and on redemption and will be calculated on the basis of such Day Count Fraction as may be agreed between the Issuer and the relevant Dealer.
Floating Rate Notes:	Floating Rate Notes will bear interest at a rate determined: (a) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions (as published by the International Swaps and Derivatives Association, Inc., and as amended and updated as at the Issue Date of the first Tranche of the Notes of the relevant Series); or (b) on the basis of the reference rate set out in the applicable Final Terms. Interest on Floating Rate Notes in respect of each Interest Period, as agreed prior to issue by the Issuer and the relevant Dealer, will be payable on such Interest Payment Dates, and will be calculated on the basis of such Day Count Fraction, as may be agreed between the Issuer and the relevant Dealer.

	The margin (if any) relating to such floating rate will be agreed between the Issuer and the relevant Dealer for each Series of Floating Rate Notes. Floating Rate Notes may also have a maximum interest rate, a minimum interest rate or both. For the avoidance of doubt, the interest rate in respect of Floating Rate Notes shall not be less than zero.
Final Redemption:	Unless previously redeemed or purchased and cancelled in accordance with Condition 9 (*Redemption and Purchase*), the Notes of a Series will be redeemed at their Final Redemption Amount as specified in the applicable Final Terms on the Maturity Date.
Early Redemption:	Subject as described in "*Mandatory Early Redemption*" below, if Early Redemption is specified as applicable in the applicable Final Terms and the Specified Currency of the Notes of a Series is Sterling, such Notes may be redeemed in whole or in part in the event that the Group Borrower, in accordance with the relevant Loan Facility Agreement, elects to prepay the relevant Loan Facility in whole or in part prior to the redemption date specified in the relevant Loan Facility Agreement at the higher of their principal amount and an amount calculated by reference to the sum of (i) the yield on the relevant outstanding United Kingdom government benchmark gilt having the nearest maturity date to that of the Notes and (ii) the Spens Margin specified in the applicable Final Terms, together with accrued interest. In the event that the Specified Currency of the Notes of a Series is a currency other than Sterling, redemption of such Notes pursuant to such early redemption provision shall be in an amount specified in an amendment to the Conditions and the Note Trust Deed in such manner as the Note Trustee may require, together with accrued interest.
Redemption for Tax Reasons:	The Issuer may redeem the Notes of a Series in whole, but not in part, at their principal amount, together with any accrued interest, if, as a result of any actual or proposed change in tax law, the Issuer satisfies the Note Trustee that, on the occasion of the next payment under the Notes of such Series, the Issuer has or will become obliged to pay additional amounts pursuant to Condition 10 (*Taxation*).
Mandatory Early Redemption:	The Notes of a Series shall be redeemed in full at their principal amount, plus accrued interest, upon the mandatory prepayment of the Loan Facility following one or more of the Borrowers ceasing to be a Registered Provider of Social Housing (other than following, or as part of, a Permitted Reorganisation or if such Borrower regains its status as a Registered Provider of Social Housing or ceases to be a Borrower within 180 days). In addition, if the Loan Facility becomes repayable as a result of a Loan Event of Default the Notes of a Series shall be redeemed in

full at their principal amount, plus accrued interest.

A **Loan Event of Default** includes non-payment, breach of other obligations, cross-acceleration, winding-up, cessation of business, insolvency, unlawfulness and breach of certain asset cover ratios, in each case as set out in Clause 16 (*Loan Events of Default*) of the Loan Facility Agreement Standard Terms and described further in "*Description of the Loan Facility Agreement*".

Purchases: The Group Borrower and any other member of the Clarion Housing Group (other than the Issuer) may at any time purchase Notes of any Series at any price in the open market or otherwise. Following any such purchase, the Group Borrower or any such other member of the Clarion Housing Group, as the case may be, may (but is not obliged to) surrender the Notes to the Issuer for cancellation. An amount equal to the principal amount of the Notes being surrendered shall be deemed to be prepaid under the corresponding Loan Facility Agreement (but, for the avoidance of doubt, without triggering a redemption under Condition 9.2 (*Early Redemption*)).

Series Security: The Issuer's obligations in respect of each Series are secured (subject as provided in the Conditions and the Note Trust Deed) pursuant to the Note Trust Deed in favour of the Note Trustee for the benefit of itself and the Noteholders and the other Series Secured Parties as follows:

(a) by an assignment by way of security of the Issuer's rights, title and interest arising under the Deed of Guarantee in respect of the Loan Facility relating to such Series;

(b) by an assignment by way of security of the Issuer's rights, title and interest arising under the Security Trust Deed and the Group Borrower Security Deed, in each case, in respect of the Loan Facility relating to such Series;

(c) by an assignment by way of security of the Issuer's rights, title and interest arising under the Loan Facility Agreement in relation to such Series;

(d) by a charge by way of first fixed charge over all moneys and/or securities from time to time standing to the credit of the relevant Transaction Account in relation to such Series, any Cash Security Account in relation to such Series and any other bank or other accounts in which the Issuer may at any time have or acquire any rights, title and interest in relation to such Series;

(e) by an assignment by way of security of the Issuer's rights, title and interest under each of the Programme Documents to the extent they relate to such Series; and

(f) by a charge by way of first fixed charge over all rights of the Issuer in respect of any sums held from time to time by the Paying Agents for the payment of principal or

interest in respect of each Series.

Underlying Security:	Each of the Borrowers will grant security in favour of the Security Trustee to secure its obligations under the Deed of Guarantee, and the Group Borrower will grant security in favour of the Security Trustee to secure its obligations under each Loan Facility Agreement. The Security Trustee will hold such security for the benefit of the Issuer in accordance with the Security Trust Deed. It is intended that the Underlying Security granted by the Borrowers will be over certain Charged Properties used for social housing accommodation by the Borrowers and over certain bank accounts held by the Borrowers.
Security for a Series of Notes:	The security for the Notes in each Series will be created only over the assets held by the Issuer in respect of such Series. The Underlying Security allocated to one Series is subject to compliance with the SAB Asset Cover Test or the NAB Asset Cover Test, as applicable. Where the applicable Final Terms and the Loan Facility Agreement state that the security in respect of the Deed of Guarantee is allocated on a Specific Apportionment Basis, the relevant valuation report will be set out in a drawdown prospectus in respect of the Series which funds the relevant Loan Facility.
Cash Security Account:	Pursuant to the Loan Facility Agreement, the Group Borrower is required to procure that the specified asset cover ratio is maintained (see "*Description of the Loan Facility Agreement*" below). In the event that the value of any Charged Property is insufficient to maintain the relevant asset cover ratio, the Group Borrower may place funds with the Issuer and the Issuer may deposit, or arrange the deposit, of moneys into the Cash Security Account (if any). Such moneys will be charged in favour of the Note Trustee pursuant to the terms of the Note Trust Deed. Funds standing to the credit of any Cash Security Account shall be held on deposit, but shall not accrue interest in accordance with the Account Agreement. Moneys standing to the credit of any Cash Security Account may be withdrawn only to the extent that such withdrawal will not cause a breach of the Asset Cover Test.
Priority of Payments:	Prior to the enforcement of the Series Security in respect of a Series of Notes, the Issuer shall apply the monies standing to the credit of the Transaction Account in respect of such Series on each Interest Payment Date and such other dates on which a payment is due in respect of the Notes in the following order of priority (the **Pre-enforcement Priority of Payment**): (a) first, in payment of any taxes due and owing by the Issuer to any taxing authority insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(b) second, in payment of any unpaid fees, costs, charges, expenses, indemnity payments and liabilities incurred by the Note Trustee (including, but not limited to, all amounts payable to the Note Trustee under the Note Trust Deed) or any agent or representative appointed by the Note Trustee pursuant to the Note Trust Deed, in each case, insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part, thereof;

(c) third, in payment, on a *pro rata* and *pari passu* basis, of any unpaid fees, costs, charges, expenses, indemnity payments and liabilities of the Issuer owing to the Paying Agents and the Agent Bank under the Agency Agreement and the Account Bank under the Account Agreement insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(d) fourth, in payment, on a *pro rata* and *pari passu* basis, of any other unpaid fees and expenses of the Issuer insofar as they relate to such Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(e) fifth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any interest due and payable in respect of such Series of Notes on such Interest Payment Date;

(f) sixth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any principal due and payable in respect of such Series of Notes on such Interest Payment Date; and

(g) seventh, in payment to the Group Borrower of any amount due and payable under the terms of the Loan Facility Agreement.

Following the enforcement of the Series Security in respect of any Series of Notes, all monies standing to the credit of the Transaction Account and any Cash Security Account in respect of such Series, in each case, in respect of such Series of Notes, and the net proceeds of enforcement of the Series Security shall be applied in the following order of priority (the **Post-enforcement Priority of Payment**):

(a) first, in payment or satisfaction of any unpaid fees, costs, charges, expenses, indemnity payments and liabilities incurred by the Note Trustee (including, but not limited to, all amounts payable to the Note Trustee under the Note Trust Deed) or any agent or representative appointed by the Note Trustee pursuant to the Note Trust Deed (including, for the avoidance of doubt, any

Receiver), in each case, insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(b) second, except following the enforcement of the Series Security in respect of all Series of Notes, in payment of any taxes due and owing by the Issuer to any taxing authority insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(c) third, in payment, on a *pro rata* and *pari passu* basis, of all amounts owing to the Paying Agents and the Agent Bank under the Agency Agreement and the Account Bank under the Account Agreement insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(d) fourth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any interest due and payable in respect of the Notes;

(e) fifth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any principal due and payable in respect of the Notes;

(f) sixth, in payment, on a *pro rata* and *pari passu* basis, of any other unpaid fees and expenses of the Issuer (in each case insofar as they relate to the Notes); and

(g) seventh, in payment to the Group Borrower of any amount due and payable under the terms of the Loan Facility Agreement.

Status of the Notes:	The Notes of a Series will constitute direct, secured obligations of the Issuer and will rank *pari passu* among themselves.
Denomination of Notes:	The Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency, see "*Certain Restrictions - Notes having a maturity of less than one year*" above, and save that the minimum denomination of each Note will be €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency).
Covenants:	Pursuant to Condition 6.1 (*General Covenants*), the Issuer has covenanted not to engage in any activity or do anything other than carry out the business of a company which has as its purpose raising finance and on-lending such finance for the benefit of the members of the Clarion Housing Group, without the consent of the Note Trustee.

	The Issuer has also covenanted to deliver to the Note Trustee and, upon request by a Noteholder to the Issuer, to make available to any of the Noteholders, a copy of each Compliance Certificate received from the Group Borrower pursuant to the terms of the Loan Facility Agreement and a copy of the annual financial statements of the Group Parent, the Group Borrower and each of the Borrowers following publication of the same. In addition to the rights of Noteholders to convene a meeting pursuant to Condition 18 (*Meetings of Noteholders, Modification and Waiver*), at the request of the requisite majority of the Noteholders, the Issuer shall hold a meeting of the Noteholders to discuss the financial position of the Issuer and the Clarion Housing Group, provided that the Issuer shall not be required to hold any such meeting more than once in any calendar year. In addition, the Issuer has covenanted that, for so long as any of the Notes remain outstanding, it shall not consent to any waiver, amendment or modification of, or take any action or direct the Security Trustee to take any action pursuant to, a Loan Facility Agreement, the Deed of Guarantee, any On-Loan Agreement or the Security Trust Deed except with the prior consent of the Note Trustee. The Note Trustee may seek the consent of the Noteholders in accordance with the Note Trust Deed prior to giving any such consent.
Taxation:	All payments in respect of the Notes of a Series will be made without deduction for or on account of withholding taxes imposed by any Tax Jurisdiction unless such withholding is required by law as provided in Condition 10 (*Taxation*). In the event that any such deduction is made, the Issuer will, save in certain limited circumstances provided in Condition 10 (*Taxation*), be required to pay additional amounts to cover the amounts so deducted.
Meetings of Noteholders:	The Terms and Conditions of the Notes and the Note Trust Deed contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders of the relevant Series including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.
Risk Factors:	There are certain factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme, certain factors which may affect the Group Borrower's ability to fulfil its obligations under the Loan Facility Agreement and certain factors that may affect the Borrowers' ability to fulfil their obligations under their respective On-Loan Agreements and the Deed of Guarantee. In addition, there are certain factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme and risks relating to the structure of a particular Series of Notes issued under the Programme. All of these are set out under "*Risk Factors*".

Rating:	The Programme has been rated "A3" by Moody's Investors Service Limited. Series of Notes issued under the Programme may be rated or unrated. Where a Series of Notes is rated, such rating will be disclosed in the applicable Final Terms and will not necessarily be the same as the rating assigned to the Programme. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.
Listing:	Application has been made for Notes issued under the Programme to be listed on the London Stock Exchange's regulated market. Notes may be listed or admitted to trading, as the case may be, on other or further stock exchanges or markets agreed between the Issuer and the relevant Dealer in relation to the Series. Notes which are neither listed nor admitted to trading on any market may also be issued. The applicable Final Terms will state whether or not the relevant Notes are to be listed and/or admitted to trading and, if so, on which stock exchanges and/or markets.
Joint Arrangers:	HSBC Bank plc Lloyds Bank plc
Dealers:	Barclays Bank PLC HSBC Bank plc Lloyds Bank plc RBC Europe Limited The Royal Bank of Scotland plc (trading as NatWest Markets) and any other Dealers appointed in accordance with the Programme Agreement.
Note Trustee and Security Trustee:	Prudential Trustee Company Limited
Principal Paying Agent:	The Bank of New York Mellon, London Branch
Agent Bank:	The Bank of New York Mellon, London Branch
Account Bank:	National Westminster Bank Public Limited Company
Group Borrower:	Clarion Treasury Limited
Borrowers and Guarantors:	Affinity Sutton Homes Limited Circle Thirty Three Housing Trust Limited Old Ford Housing Association Limited Russet Homes Limited and such other member of the Clarion Housing Group who accedes to the Deed of Guarantee and to which the Group Borrower on-lends the proceeds of a Loan Facility Agreement.
Governing Law:	The Notes and any non-contractual obligations arising out of or in connection with the Notes will be governed by, and shall be

	construed in accordance with, English law.
Selling Restrictions:	There are restrictions on the offer, sale and transfer of the Notes in the United States, the EEA (including the United Kingdom) and such other restrictions as may be required in connection with the offering and sale of a particular Tranche of Notes, see "*Subscription and Sale*".
United States Selling Restrictions:	Regulation S, Category 2. TEFRA C or D/TEFRA not applicable, as specified in the applicable Final Terms.

RISK FACTORS

In purchasing Notes, investors assume the risk that the Issuer, the Group Borrower and the Borrowers may become insolvent or otherwise be unable to make all payments due in respect of the Notes or any loan agreements or guarantees underlying the Notes. There is a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control. The Issuer has identified in this Offering Circular a number of factors which could materially adversely affect its business and ability to make payments due.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Prospective investors should also read the detailed information set out elsewhere in this Offering Circular and reach their own views prior to making any investment decision.

FACTORS THAT MAY AFFECT THE ISSUER'S ABILITY TO FULFIL ITS OBLIGATIONS UNDER NOTES ISSUED UNDER THE PROGRAMME

Special Purpose Vehicle Issuer

The Issuer is a special purpose finance entity with no business operations other than the incurrence of financial indebtedness, including the issuance of the Notes and on-lending the proceeds thereof to or for the benefit of the Group Borrower or the Borrowers. As such the Issuer is entirely dependent upon receipt of funds received from the Group Borrower or the Borrowers pursuant to the Loan Facility Agreements and/or the On-Loan Agreements in order to fulfil its obligations under the Notes.

Credit Risk

The Issuer, and therefore payments by the Issuer in respect of the Notes, will be subject to the credit risk of the Group Borrower and the Borrowers. The Issuer will be subject to the risk of delays in the receipt, or risk of defaults in the making, of payments due from the Group Borrower in respect of the Loan Facility Agreement. However, each of the Borrowers has (or will have, upon such entities becoming Borrowers) guaranteed the obligations of the Group Borrower to the Issuer under the relevant Loan Facility Agreement and it is envisaged that in the event that a Borrower is unable to make a payment under the On-Loan Agreement to which it is a party (pursuant to which the Group Borrower has on-lent part of the proceeds of the Loan Facility Agreement) such payment will be made by the other Borrowers within the Clarion Housing Group pursuant to the terms of the Deed of Guarantee.

Effect of Losses on the Loan Facility on Interest Payments and Repayments on the Notes

There can be no assurance that the levels or timeliness of payments of collections received in respect of the relevant Loan Facility will be adequate to ensure fulfilment of the Issuer's obligations in respect of the Notes on each Interest Payment Date or on the Maturity Date. In addition, a default under the Loan Facility Agreement could ultimately result in its enforcement, a claim being made by the Issuer under the Deed of Guarantee and, if payment is not made thereunder on a timely basis, the enforcement of the Underlying Security. The proceeds of any such enforcement may be insufficient to cover the full amount due from the Group Borrower resulting in a shortfall in funds available to repay the Notes. However, it is expected that, in the event that the Group Borrower's payment obligations under the Loan Facility Agreement are not fulfilled, the Borrowers shall fulfil such obligations without the need to enforce the Underlying Security or seek recourse through the courts.

FACTORS WHICH MAY AFFECT THE GROUP BORROWER'S ABILITY TO FULFIL ITS OBLIGATIONS UNDER THE LOAN FACILITY AGREEMENT IN RESPECT OF EACH SERIES OF NOTES

Credit Risk

The Group Borrower acts as a financing vehicle for the Clarion Housing Group and does not own any social housing assets. The proceeds of each Loan Facility will be on-lent by the Group Borrower to the Borrowers pursuant to the On-Loan Agreements and the payments to be made by the Group Borrower to the Issuer under the Loan Facility Agreement will be dependent upon the Group Borrower receiving from the Borrowers the payments due to it under the On-Loan Agreements. The Group Borrower's ability to satisfy its obligations under the Loan Facility Agreement is therefore dependent on the credit risk of each of the Borrowers.

Capital Resources & Treasury Risk

To mitigate liquidity risk and augment its capital resources, the Group Borrower relies on financing through committed lines of credit from major banks, building societies and other financing vehicles (including the Issuer, which itself is funded through the capital markets), and through revolving debt (which may either be secured or unsecured) and the Group Borrower will on-lend such financing to the Borrowers. The Group Borrower is therefore dependent on its ability to access and maintain these sources of financing.

The Group Borrower is also subject to interest rate risk with respect to its variable rate borrowing. The Clarion Housing Group's treasury function seeks to mitigate interest rate risk through actions that support the Clarion Housing Group's interest rate management policy and that comply with applicable regulatory guidelines.

FACTORS WHICH MAY AFFECT THE BORROWERS' ABILITY TO FULFIL THEIR OBLIGATIONS UNDER THE ON-LOAN AGREEMENTS AND THE DEED OF GUARANTEE

Risks related to Rental Income

The tenants of the social housing (as defined in Part 2 of the Housing and Regeneration Act 2008) properties of the Borrowers are personally responsible for the rental payments on the relevant occupied properties and consequently the Clarion Housing Group is exposed to the risk of arrears and bad debts. Any significant exposure to arrears and bad debts may adversely affect the ability of the Borrowers to meet their payment obligations in respect of their respective On-Loan Agreements and the Deed of Guarantee.

The Borrowers receive a material proportion of their rental income from housing benefit payable by local authorities. A series of welfare reforms were incorporated in the Welfare Reform and Work Act 2016 which was given Royal Assent on 16th March, 2016. The Welfare Reform and Work Act 2016 makes provisions on the household benefit cap and social security and tax credits that expose the Borrowers to the risk of a reduction in rental income and an increase in arrears. Registered Providers of Social Housing are required to reduce rents in respect of almost all tenancies that are subject to the rent standard by 1 per cent. per annum from April 2016 for a four year period. As at the date of this Offering Circular, a rent reduction of 2 per cent. has been applied. The reduction in rental income could, if material, adversely affect the ability of each Borrower to make payments in respect of its respective On-Loan Agreement and the Deed of Guarantee (see "*Risks related to Welfare Reform*").

Receipt of rental income by the Borrowers relies on their ability to let properties. Demand for the Borrowers' properties is mainly driven by local housing need and property condition relative to alternatives. A net reduction in demand for the Borrowers' properties could reduce overall rental income. If material, this may adversely affect the ability of each affected Borrower to make payments in respect of its respective On-Loan Agreement and the Deed of Guarantee. Each Borrower considers that housing need in the areas in which it operates is high and that it maintains its properties to a good standard. The Borrowers collectively

hold stock throughout England where household formation continues to outpace the provision of new housing supply, increasing the demand for rented housing. At the end of June 2017 occupancy in the Borrowers' properties was 98.5 per cent.

Risks related to Welfare Reform

Risks related to Social Housing Rents

The relevant rent standard guidance for Registered Providers of Social Housing, first published on 31st March, 2015 (as updated on 18th March, 2016 and 3rd May, 2016), is contained within the Rent Standard and Rent Standard Guidance sections of the regulatory framework for social housing in England (the **Regulatory Framework**) issued by the Homes and Communities Agency (the **HCA**).

The Clarion Housing Group adjusts its rents for social housing (as defined in Part 2 of the Housing and Regeneration Act 2008) annually from 1st April each year and has, in accordance with the Welfare Reform and Work Act 2016, applied the first two 1 per cent. rent reductions effective from 1st April, 2016 and 1st April, 2017, respectively, and will apply the reductions annually thereafter up to and including 1st April, 2019 (the exception being that the first 1 per cent. rent reduction that applies to supported housing was effective from 1st April, 2017).

In the Welfare Reform and Work Act 2016 and associated amendment regulations there is provision for exceptions to the rent reduction requirement and the Secretary of State has regulation making powers to introduce other exemptions. For example, reductions do not apply to rents payable by residents in low cost home ownership and shared ownership properties.

As at 31st March, 2017, the Borrowers together had 98,853 social housing properties (general needs, affordable rents and supported housing tenures) other than low cost home ownership accommodation (as defined in section 70 of the Housing and Regeneration Act 2008). The changes to the rent policy introduced by the Welfare Reform and Work Act 2016 are expected to impact on such properties of the Borrowers. For the year ended 31st March, 2017, turnover from general needs housing, supported housing/housing for older people and other tenures (comprising intermediate rent, keyworker and social leaseholders) was £637 million, or 80 per cent. of the Clarion Housing Group's £796 million of turnover, and operating surpluses from general needs housing, supported housing/housing for older people and other tenures (comprising intermediate rent, keyworker and social leaseholders) were £213 million, or 73 per cent. of the Clarion Housing Group's £290 million of operating surpluses.

The Clarion Housing Group has forecast, based on the current number of social housing properties impacted by the changes imposed by the Welfare Reform and Work Act 2016, that, following the application of the 1 per cent. per annum reduction, rental income relating to its current portfolio of social housing properties will reduce by approximately £5.7 million per annum for the financial years ending 31st March, 2018 to 31st March, 2020. The reduction in rental income could have an adverse impact on the Borrowers' cash flows that could adversely affect the ability of each Borrower to make payments in respect of its On-Loan Agreement and the Deed of Guarantee. However, this risk is not considered by the Borrowers to be material in the context of their existing and future rental income streams (that take account of forecast additional social housing completions).

Risks related to the Household Benefit Cap

The Summer Budget 2015 announced, and the Spending Review and Autumn Statement 2015 confirmed, that the total household benefit cap (the combined income from a number of welfare benefits for those receiving housing benefit or Universal Credit and that are of working age) will be reduced from £26,000 per year (£18,200 per year for single people) to £23,000 per year in Greater London (£15,410 per year for single people) and £20,000 per year (£13,400 per year for single people) outside Greater London, to be phased in from April 2016. Measures to implement the lowering of the threshold were included in the Welfare Reform

and Work Act 2016, however, the implementation of such measures is behind schedule and will not be completed until 2022.

Exemptions to the total household benefit cap can apply to those tenants who qualify for working tax credit; are above the qualifying age for pensions credit; obtain certain benefits for sickness and disability; or claim a war pension. The benefit cap will not apply in circumstances where a tenant or a tenant's partner is in receipt of, or is responsible for, a child or young person who is in receipt of benefits such as disability living allowance, personal independence payment or carer's allowance. Housing benefit will not be included when calculating total benefit income where tenants are housed in specified accommodation including supported housing.

The reduction in the household benefit cap may have an adverse impact on the ability of those tenants affected by the Welfare Reform and Work Act 2016 to pay their rent (particularly where the other sources of income of those tenants remain unchanged or decrease), as, where the total amount of welfare benefits exceeds the benefit cap, the local authority will reduce a claimant's entitlement to housing benefits by the amount of that excess, meaning that affected tenants would have to pay a larger proportion of the rent themselves. Increasingly the benefit cap will be administered through Universal Credit. In turn, this could have an adverse impact on the Borrowers' cash flows and could affect the ability of each Borrower to make payments in respect of its On-Loan Agreement and the Deed of Guarantee.

It is estimated that the benefit cap will affect less than 1 per cent. of the current residents of properties owned by the Borrowers, mainly tenants paying general and affordable rents.

The Spending Review and Autumn Statement 2015 announced that housing benefit for tenants in the social housing sector will be limited to the level of the relevant Local Housing Allowance (**LHA**), being the rate that applies to recipients of housing benefit in the private rented sector, that itself has been frozen for four years from 1st April, 2016 until 1st April, 2020. This will include the shared accommodation rate which applies to single people, with no dependents, under the age of 35. The policy (there is currently no legalisation before parliament) is expected to come into force in April 2019 and will only apply to new and re-let tenancies signed on or after 1st April, 2016 (for supported housing this is 1st April, 2017) but will apply to all Universal Credit tenants.

The risk is that there is a gap between the maximum LHA rate and actual rents for those tenants impacted that in turn could have an adverse impact on the Borrowers' cash flows and could affect the ability of each Borrower to meet its payment obligations on a timely basis under its On-Loan Agreement and the Deed of Guarantee. However, this risk is not considered by the Borrowers to be material in the context of their existing and future rental income streams and the level of social rents charged compared to LHA (see "*Risks related to the Housing Market*"). In particular, the Borrowers undertake a wide range of measures to help minimise any loss of rental income including, but not limited to, educating their tenants how to manage their financial affairs, assisting unemployed tenants to find employment and eviction.

Risks related to Occupation Size Criteria

The Welfare Reform Act 2012 introduced a size criterion for working age social housing tenants in receipt of housing benefit known as the "removal of the spare room subsidy" or "bedroom tax". The arrangements allow each of certain defined categories of people (such defined categories being: (a) a couple, (b) an adult (over 16), (c) two children of the same sex, (d) two children under the age of 10, (e) any other child, (f) those with a disability, and (g) a non-resident overnight carer) to be entitled to one bedroom. Exemptions are applied to supported housing tenants. Where a household has one extra bedroom, housing benefit is reduced by 14 per cent. of the rent charge. Where a household has two or more extra rooms, the reduction to housing benefit is 25 per cent.

The introduction of occupation size criteria may have an adverse impact on the ability of tenants to pay their rent. In turn, this could have an adverse impact on the Borrowers' cash flow and could affect the ability of each Borrower to meet its payment obligations on a timely basis under its On-Loan Agreement and the Deed

of Guarantee. However, this risk is not considered by the Borrowers to be material in the context of their existing and future rental income streams.

Under-occupancy penalties are estimated potentially to affect up to 6 per cent. of the Borrowers' tenants which implies a worst-case benefit shortfall of £5.6 million per annum. To help address this, the Borrowers have (a) established a pool of suitable smaller properties which can be offered to tenants who need to downsize; (b) improved the quality of data held in order to be more closely aligned with the demands of the welfare reform requirement and (c) established a range of support functions including a dedicated Welfare Benefit Team to help residents access benefits such as discretionary housing payments.

Risks related to Government policy: 'Right to Buy'

The introduction of the right to buy to assured tenants of Registered Providers of Social Housing was a manifesto commitment by the Conservative party for the 2015 general election. An announcement from the Secretary of State for Communities and Local Government on 24th September, 2015 confirmed a proposal made by the National Housing Federation (**NHF**) to introduce the right to buy voluntarily. The voluntary arrangement is based on four key principles: (1) tenants would have the right to purchase a home at right to buy discounts (maximum discount of £77,900 (£103,900 in London)) subject to government funding for the scheme; (2) Registered Providers of Social Housing will have the final decision about whether to sell an individual property; (3) Registered Providers of Social Housing will receive the full market value of the properties sold, with the value of the discount funded by the Government; and (4) nationally, for every home sold under the agreement a new affordable property would be built.

The Prime Minister confirmed on 7th October, 2015 that the NHF's proposal had been accepted by the Government. This means that, rather than including the right to buy extension in the Housing and Planning Act 2016 as a statutory obligation, there is an agreement by the social housing sector to deliver the extension voluntarily. The Housing and Planning Act 2016 establishes a statutory framework to facilitate the implementation of the voluntary right to buy scheme and makes provision for grants to be paid to Registered Providers of Social Housing to cover the cost of selling housing assets at a discount. The Housing and Planning Act 2016 states that such grant may be made on any terms and conditions the Secretary of State considers appropriate.

In November 2015 a voluntary right to buy pilot scheme was set up by the Department for Communities and Local Government (**DCLG**) and launched with five Registered Providers of Social Housing whereby a tenant who has been a public sector tenant for at least ten years and who lives in one of the local authority areas within which the pilot scheme is operating could be eligible to buy their home via the pilot scheme. The applicant could only continue through to purchase once the Housing and Planning Bill was enacted in May 2016. The scope and funding of the pilot scheme was limited to a maximum of 600 completed sales.

The Autumn Statement 2016 announced that the Government would fund a "large-scale regional pilot of the right to buy for housing association tenants." It is expected that over 3,000 tenants will be able to buy their own home with right to buy discounts under this extended pilot scheme. The pilot will last for one year and will test two aspects of the voluntary agreement that the original pilots did not cover, namely (a) one for one replacement (which aims to maintain the supply of social housing properties) and (b) portability of discounts (which would allow tenants who are in homes that cannot be purchased to have a portable discount so that they may be able to purchase a similar property held by the same Registered Provider of Social Housing or a partner Registered Provider of Social Housing). Until the Government sets a date for full national roll-out which, at the earliest, will not take place until after April 2018, and legislation is in place to extend the right to buy to assured tenants of Registered Providers of Social Housing, it is difficult to determine with any certainty exactly how this proposal could impact on the Clarion Housing Group. Relevant factors include local housing markets, the demographic profile of households, the size and type of stock and the cost consequences for discounts and replacement. The change could generate significant cash receipts and operating surpluses. However, the policy could have an adverse impact on the Borrowers' rental cash flows (and operating margin) which could affect the ability of each Borrower to meet its payment obligations on a timely basis under its On-Loan Agreement and the Deed of Guarantee.

Notwithstanding the obligations of a Borrower in relation to any Charged Property owned by it which is subject to a right to buy, the Group Borrower must ensure that the relevant Asset Cover Test is satisfied in respect of the Loan Facility Agreement relating to each Series of Notes.

Shared Ownership

The Borrowers may also generate revenue from their housing for sale programmes, which includes shared ownership sales and outright sales. Shared ownership income is generated on the initial sale of the "first tranche" and subsequent sales of further "tranches" or "staircasings". Household income eligibility thresholds have been increased to £80,000 outside London and £90,000 in London. Other restrictions, such as local authorities' right to set additional eligibility criteria, are in the process of being relaxed or removed.

There is the risk that if a tenant of a shared ownership property borrows monies through a mortgage from a commercial lender (having obtained consent from a Borrower) then that lender's mortgage (and any costs of the commercial lender in enforcing that mortgage) may take priority ahead of the security arrangements in place under the Security Trust Deed. However, if that commercial lender were to enforce its security following a tenant defaulting on its mortgage, such lender could staircase (i.e. purchase a portion of the freehold property) up to 100 per cent. in order to be able to sell the whole leasehold interest in which case a Borrower as landlord could receive such staircasing payments from the commercial lender. If the price for the full 100 per cent. receivable on sale is not sufficient to meet the principal outstanding (plus 12 months interest and other statutorily permitted costs) then the shortfall will remain as a debt due to the landlord from the defaulting leaseholder. Under current HCA rules, any shortfall not recovered is borne first by the provider of any grant in respect of the property, and thus the Borrowers are only affected to the extent that the shortfall cannot be covered by grant monies.

3 per cent. of the Charged Properties are shared ownership properties. Notwithstanding the obligations of a Borrower in relation to any Charged Property owned by it which is a shared ownership property, the Group Borrower must ensure that the relevant Asset Cover Test is satisfied in respect of the Loan Facility Agreement relating to each Series of Notes.

Outright Sales Risk

The Borrowers are exposed to cash flow and profits from a programme of outright sales of properties undertaken by the Clarion Housing Group's wholly owned subsidiary, Latimer Developments Limited (**Latimer**), through on-lending from the Borrowers. As at 31st March, 2017 the total direct and indirect lending from the Borrowers to Latimer, Your Lifespace Ltd. (**YLS**) and their respective subsidiaries and jointly controlled entities was £176 million. YLS was transferred from the Group Parent to Latimer in April 2017. As sales made by Latimer are dependent on economic conditions and performance of the housing market (see "*Risks related to the Market and Development*") so too is Latimer's capacity to service debt borrowed from the Borrowers. A material downturn in the housing market may therefore adversely affect the Borrowers' cashflows and their ability to make payments in respect of their respective On-Loan Agreements and the Deed of Guarantee.

For the year ended 31st March, 2017, the Clarion Housing Group's turnover from shared ownership first tranche sales and open market sales was £76 million, or 10 per cent. of the Clarion Housing Group's £796 million of turnover whilst operating surpluses from shared ownership first tranche sales and open market sales were £30 million, or 10 per cent. of the Clarion Housing Group's £290 million of operating surplus. Adding the share of turnover and surplus from the Clarion Housing Group's joint ventures, total turnover from shared ownership first tranche sales, open market sales and joint venture turnover was £109 million whilst total operating surplus from shared ownership first tranche sales, open market sales and joint venture income was £35 million.

Risks related to the Housing Market

Risks related to the Market and Development

Residential property investment is subject to varying degrees of market and development risks. Market values of properties are generally affected by overall conditions in the economy; political factors and systemic events, including the condition of the financial markets; the cost and availability of finance to businesses and consumers; fiscal and monetary policies; changes in government legislation; political developments, including changes in regulatory or tax regimes; changes in unemployment, gilt yields, interest rates and credit spreads; levels of prevailing inflation; changes in consumer spending; an increase in the supply of, or a reduction in demand for, residential property; infrastructure quality; the returns from alternative assets as compared to residential property; environmental considerations; changes in planning laws and practices; and the perceived threat from terrorism. Residential real estate values and rental revenues are also affected by factors specific to each local market in which the property is located, including the supply of available property and demand for residential real estate and the availability of mortgage finance to prospective purchasers.

These market risks may impact upon the expenses incurred by a Borrower associated with existing residential properties, the rental income produced by these properties, the value of its existing investments, its ability to develop land that it has acquired, its ability to sell shared ownership properties and its ability to acquire additional sites. This could, in turn, impact upon a Borrower's cash flow and its ability to satisfy any asset cover covenants which it is required to maintain pursuant to the terms of existing facility arrangements.

Among other things, the Original Borrowers perceive that these market risks have been heightened as a result of the UK vote to leave the European Union on 23rd June, 2016 and these risks have the potential to impact upon the value of the Clarion Housing Group's assets, expenses incurred by the Clarion Housing Group with existing residential properties, the rental income produced by these properties, the ability to develop land acquired, the ability to sell properties and the ability to acquire additional sites (see "*Risks relating to withdrawal of the UK from the European Union*"). This, in turn, could impact on each Borrower's cash flow and the ability of each Borrower to satisfy any covenants which it is required to maintain pursuant to the terms of existing and any future financing arrangements, including its obligations under the relevant On-Loan Agreement or the Deed of Guarantee.

Risks related to the Regulatory Framework and Housing Grant

Risks related to Regulation

The regulation of Registered Providers of Social Housing has undergone significant and recent change. Noteholders are exposed to the creditworthiness of the Borrowers and any change in the Regulatory Framework could lead to the Borrowers facing increased costs to comply with the Regulatory Framework.

The Housing and Regeneration Act 2008, as amended by the Localism Act 2011 and the Housing and Planning Act 2016, (the **Act**) makes provision for the regulation of social housing provision in England. Pursuant to the Act, the HCA, acting through its regulation committee, (the **Regulator**) acts as the regulator of Registered Providers of Social Housing in England including the Borrowers. The HCA exercises its functions as Regulator acting through a separate committee established to undertake this regulatory role. The Regulator continues to provide economic regulation for Registered Providers of Social Housing in order to ensure that they are financially viable and well governed.

The Regulator regulates in accordance with the Regulatory Framework that sets out the standards which apply to Registered Providers of Social Housing (the **Standards**). The Standards cover: governance and financial viability; value for money; rent; quality of accommodation; repairs and maintenance; allocations, mutual exchanges and tenure; neighbourhood management, local area co-operation and anti-social behaviour; and tenant involvement and empowerment. Registered Providers of Social Housing are expected

to comply with the Standards and to establish arrangements to ensure that they are accountable to their tenants, the Regulator and relevant stakeholders.

The enforcement by the Regulator of the Standards other than those relating to governance and financial viability, rent and value for money is restricted to cases in which there is, or there is a risk of, serious detriment to tenants (including future tenants). The Regulatory Framework includes guidance as to how the Regulator will assess whether serious detriment may arise.

In April 2015 the HCA published updates to the Regulatory Framework. These provide for changes in the way the Regulator regulates, including asset and liability registers which are aimed to ensure that social housing assets are not put at risk, to protect the public value in those assets and to ensure that Registered Providers of Social Housing, including the Borrowers, can continue to attract the necessary finance to build new homes. The Borrowers have adhered to the requirements of the Regulatory Framework.

On 30th October, 2015, the Office for National Statistics (**ONS**) announced that private Registered Providers of Social Housing should be re-classified as public non-financial corporations, effectively categorising them as part of the public sector in the national accounts of the ONS. The Borrowers have received written confirmation from the HCA that the ONS decision does not affect the legal status, ownership or management structure of private Registered Providers of Social Housing (including the Borrowers) and that they remain independent bodies. The ONS decision also does not change any of the regulatory requirements imposed on the Borrowers by the virtue of the Regulatory Framework. In the opinion of the Clarion Housing Group, reclassification to a public non-financial corporation will not impact the Clarion Housing Group's business, results and operations, financial condition and/or prospects.

In response to the re-classification by the ONS, the Government introduced deregulatory measures through the Housing and Planning Act 2016 with the intention that the private sector status of Registered Providers of Social Housing be restored. Accordingly, the HCA published new directions under the Housing and Planning Act 2016 that became effective from 6th April, 2017 and replaced the previous "before the event" consent regime with an "after the event" notifications requirement. In connection with the introduction of the notifications requirement, the HCA provided detailed guidance on when and how to notify the HCA about: (a) the removal of the constitutional consensus regime (meaning that HCA consent will no longer be required for Registered Providers of Social Housing to undertake certain changes such as mergers, change of status, restructuring, winding-up or dissolution); and (b) disposals of social housing dwellings (meaning that Registered Providers of Social Housing will no longer need consent from the HCA for sales, charging for security and changes of ownership of social housing stock). The explicit purpose of the new directions notifications are to: (i) validate adherence to all relevant laws and compliance with the governing documents of Registered Providers of Social Housing; (ii) ensure accountability to tenants and enshrine proper consultation with tenants when considering a disposal that would mean a change in the tenant's landlord or changes that affect tenant's statutory or contractual rights; and (iii) promote the achievement of value for money in the delivery of social housing.

The Regulator's intention is to strengthen its expectations of Registered Providers of Social Housing in relation to risk management and planning for adverse events. The changes are designed to underpin the financial viability of Registered Providers of Social Housing, including the Borrowers, but it is possible that compliance with on-going regulatory requirements may result in increased costs. The Regulator will also charge fees to Registered Providers of Social Housing for regulation with effect from October 2017, following the granting of power to charge fees under the Housing and Regeneration Act 2008 and a consultation with Registered Providers of Social Housing which commenced in late 2016. Such fees will amount to £4.72 per social housing unit owned by each Borrower.

Any breach of new or existing regulations could lead to the exercise of the Regulator's statutory powers. The Regulator publishes guidance on how it regulates. It adopts a proportionate approach with an emphasis on self-regulation and co-regulation. In practice, use of statutory powers is rare. Serious non-compliance with the economic standard is more likely to lead to a downgrade of the Regulator's published regulatory judgement and agreement with the Regulator of the corrective action to be taken. In the event that the

Regulator requires a Borrower to take corrective action necessitating significant additional expenditure by that Borrower, the ability of that Borrower to meet its obligations under its On-Loan Agreement to which it is a party may be materially adversely affected.

The Borrowers have addressed the latest standards applying to Registered Providers of Social Housing through an enhanced governance structure which include resident board members on the landlord bodies, service task teams, regional scrutiny boards, regional service task teams on repairs, virtual forums, resident associations and other local offers. Value for money is being driven by significant efficiency savings targets supported by a strong focus on procurement.

Risks related to Housing Grant

The Borrowers have historically received grant funding from a variety of sources, including the HCA. The Localism Act 2011 devolved the housing and regeneration functions of the HCA in Greater London to the Greater London Authority (**GLA**). On 13th July, 2017, the Mayor of London announced that the GLA would provide £1.7 billion in grant funding to local authorities and Registered Providers of Social Housing to build almost 50,000 homes over a four year period. This includes a strategic partnership with the Clarion Housing Group under which it will receive £168.3 million in housing grant to build 5,000 homes. Due to the nature of grant funding, there is a risk that the amount of funding available and the terms of grants will vary. Following approval of a grant there is a risk that the HCA or GLA may revise the terms of a grant and reduce entitlement, suspend or cancel any instalment of such a grant. In certain circumstances, set out in the "Capital Funding Guide and the Recovery of Capital Grants and Recycled Capital Grant Fund General Determination" of the HCA and the "Capital Funding Guide and the Recovery of Capital Grants and Recycled Capital Grant Fund General Determination" of the GLA, including but not limited to, failure to comply with conditions associated with the grant or a disposal of the property funded by a grant, the grant may be required to be repaid or re-used. Any such reduction in, withdrawal of, repayment or re-use of grant funding could adversely impact the future development of the Borrowers.

In April 2016, the HCA announced that it was making available £4.7 billion of capital grant between 2016-2021 under the Shared Ownership and Affordable Homes Programme 2016-2021. That marked a decisive shift towards support for home ownership. However, the Autumn Statement 2016 announced that an additional £1.4 billion would be made available to build 40,000 affordable homes and that the Shared Ownership and Affordable Homes Programme 2016-2021 will support a variety of tenures which now includes affordable rent, shared ownership and rent to buy. This, together with the publication of the Housing White Paper "Fixing our broken housing market" published in February 2017, has marked a shift of emphasis in Government investment priorities back towards rented housing.

In November 2016 the Mayor of London published his "Homes for Londoners: Affordable Homes Programme 2016-2021 Funding Guidance" that sets out how the GLA will use £3.15 billion of capital grant secured in the Autumn Statement 2016 to support the delivery of 90,000 affordable homes in London, utilising new planning guidance, designed to speed up development and boost affordable housing numbers. It is expected that most homes in the Mayor of London's programme will be delivered by Registered Providers of Social Housing.

The Borrowers do currently benefit from housing grant under the Shared Ownership and Affordable Homes Programme 2016-2021, however, they have received the majority of their allocation to date with only the allocation to be delivered on the successful completion of the project remaining outstanding. From 2021 onwards, the Borrowers have, in their business plans, not budgeted for receiving further housing grant. However, if at some stage in the future a Borrower was reliant on the receipt of housing grant as part of its business plan, the increased competition, the increased need for bidders to provide evidence regarding timescale compliance and the possible future reduction in grants beyond 2021 could result in any future award of housing grant beyond 2021 allocated to that Borrower being reduced in size. Accordingly, the Clarion Housing Group may seek to increase commercial risk to subsidise affordable housing and/or the Clarion Housing Group may have to increase net debt, each of which may have a corresponding effect on the ability of each Borrower to make payments in respect of its On-Loan Agreement and the Deed of Guarantee.

Risks related to Capital Resources

The ability of the Borrowers to operate their businesses depends in part on them being able to raise funds. An increase in the cost, or lack of availability, of finance (whether for macroeconomic reasons, such as a lack of liquidity in the debt markets or the inability of a financing counterparty to honour pre-existing lending arrangements, or reasons specific to a Borrower) could impact the Borrowers' ability to progress their business objects, deliver the expected rates of return on investments and the day-to-day financing (or refinancing) requirements of the Borrowers' businesses over the longer term. Any material increase in the cost of financing or any decrease in the availability of financing on reasonable terms could have a material adverse effect on each Borrower's business, operations, financial condition and/or prospects and, in turn, its ability to meet its payment obligations on a timely basis under its On-Loan Agreement and the Deed of Guarantee.

In addition, the Borrowers are subject to the risk that they will be unable to generate sufficient cash flows, or be unable to obtain sufficient funding, to satisfy their obligations to service and/or refinance their indebtedness. Further, any covenants contained in the Borrowers' borrowing arrangements, including the relevant On-Loan Agreements, may limit or prohibit the Borrowers' operational and financial flexibility. Any event of default, cross default, breach of a covenant or the inability to vary or waive any covenants could generally have a material adverse effect on each Borrower's business, results of operations, financial condition and/or prospects and, in turn, its ability to meet its payment obligations on a timely basis under the On-Loan Agreements or the Deed of Guarantee.

To manage liquidity risk and augment their capital reserves, the Borrowers' treasury strategies ensure that a significant liquidity buffer in the form of cash and undrawn but committed revolving credit facilities is available, funding is procured in advance of need and sufficient headroom against covenants is maintained. Further, each Borrower seeks to ensure that leverage is maintained at a level within the Borrower's risk appetite as measured by its ability to service debt and maintain strong investment grade credit ratings (see "*Risks related to Credit Ratings*").

Risks related to Interest Rates

The Borrowers are subject to adverse interest rate movements that could lead to an increase in the cost of borrowing. Each Borrower's interest rate risk arises from the risk of fluctuations in interest charge on floating rate borrowings.

Risks related to Pensions

The Clarion Housing Group participates in a number of defined benefit and defined contribution pensions schemes. The assets of these schemes are held separately to those of the Clarion Housing Group.

The Social Housing Pensions Scheme (**SHPS**) is an industry-wide multi-employer scheme with a number of different benefit structures. The Clarion Housing Group participates in the final salary section, which is closed to new entrants, and a career average revalued earnings section which is open to new entrants. The SHPS is subject to the funding legislation outlined in the Pensions Act 2004 which came into force on 30th December, 2005. This, together with a document issued by the Pensions Regulator and Technical Actuarial Standards issued by the Financial Reporting Council, set out the framework for funding defined benefit occupational pensions schemes in the UK.

The SHPS is classified as a "last man standing arrangement". Therefore the Clarion Housing Group is potentially liable for other participating employers' obligations if those employers are unable to meet their share of the scheme deficit following withdrawal from the SHPS. Participating employers are legally required to meet their share of the scheme deficit on an annuity purchase basis on withdrawal from the SHPS.

SHPS is administered by The Pensions Trust who are not able to identify an individual employer's liabilities. However, the Clarion Housing Group has estimated a liability based on discounted future contributions required to fund the deficit. As at 31st March, 2017, this totalled £15.9 million (£17 million as at 1st April, 2016). The Clarion Housing Group has assessed its deficit funding payments for future years based on actuarial valuations, but the Issuer does not consider these amounts to be material in the context of its ability to meet its payment obligations in relation to the Notes..

The Clarion Housing Group participates in a number of other defined benefit schemes which are all closed to new entrants. All are subject to annual review by a qualified actuary. As at 31st March, 2017, the liability was assessed at £57.2 million and the defined benefit pension scheme contributions made by the Clarion Housing Group in relation to these schemes were £7.1 million in the year ended 31st March, 2017.

Development and Operational Risk

Residential property investment is subject to varying degrees of market, development and operational risk. Market risks which may impact upon both the rental market and the development of residential properties include the risk of changes to Government regulation, including, but not limited to, regulation relating to planning, taxation, landlords and tenants and welfare benefits. Furthermore, the maintenance of existing properties, development of existing sites and acquisition of additional sites may be subject to the availability of finance facilities and the costs of facilities, interest rates and inflation may also have an effect.

Among other things, these market risks may impact upon the expenses incurred by a Borrower associated with existing residential properties, rental income produced by these properties, the value of its existing investments, its ability to develop land that it has acquired, its ability to sell shared ownership properties and its ability to acquire additional sites. This could, in turn, impact upon a Borrower's cash flow and its ability to satisfy any asset cover covenants which it is required to maintain pursuant to the terms of existing facility arrangements.

Operational risks may result from major systems failure or breaches in systems security (although the Group Borrower and each Original Borrower have prepared business continuity plans in order to mitigate against this, they are dependent upon their technologies in order to deliver business processes) and the consequences of theft, fraud, health and safety and environmental issues, natural disaster and acts of terrorism. These events could result in financial loss to the Borrowers and hence the Group Borrower and the Issuer.

Operational risks are also considered in the section headed "*Principal risks and uncertainties*" in the 2017 Group Financial Statements. See "*Financial Statements*" below.

Notwithstanding anything in this risk factor, this risk factor should not be taken as implying that the Issuer will be unable to comply with its obligations as a company with securities admitted to the Official List or other members of the Clarion Housing Group will be unable to comply with their obligations.

Risks related to Legal and Compliance Obligations

Each Original Borrower knows the significance to its operations of, and is focused on, adhering to all legal and compliance requirements. The Original Borrowers are not currently aware of any material failure to adhere to applicable health and safety or environmental laws, or breach of other regulations, or failure to comply with corporate, employee or taxation laws. If any of this were to occur in the future, this could have an adverse impact on each Borrower's results of operations and, in turn, its ability to meet its payment obligations on a timely basis under the On-Loan Agreements or the Deed of Guarantee.

Given that each Original Borrower owns housing units of all tenures, including general needs and affordable use, each Original Borrower is aware of the need for all of its units to comply with health and safety legislation to ensure the safety of all occupying tenants. Accordingly, each Original Borrower is continually reviewing and updating its policies and procedures to ensure that the condition and safety of each unit is compliant with prevailing legal and regulatory requirements. Each Original Borrower also carries out health

and safety checks of its properties on an on-going basis, including, but not limited to gas safety checks and fire risk assessments. Following the tragic events at Grenfell Tower in the Royal Borough of Kensington and Chelsea, the Clarion Housing Group completed additional comprehensive checks on all of the blocks it owns with six storeys or more including in relation to cladding, the internal safety of such buildings and housekeeping arrangements. Following surveys, none of the Borrowers owns any confirmed blocks which are over 18 metres and which have cladding of a similar type to that at Grenfell Tower. The Clarion Housing Group continues to undertake a programme of further inspections and intrusive surveys which will inform decisions on any further action to be taken.

Each Borrower has the benefit of insurance for, among others, employer's liability, public liability and directors' and officers' liability at levels which the management of each Borrower considers to be prudent for the type of business in which the Borrowers are engaged and commensurate with Registered Providers of Social Housing of a similar size.

Litigation Risk

There can be no assurance that the Borrowers will not, in the future, be subject to a claim which may have a material impact upon their revenue or business. To date, each Original Borrower is not aware of any claims being brought against it that have had a material impact on its revenue or business.

Risks related to business mergers and acquisitions

The Clarion Housing Group, itself the product of a merger between Affinity Sutton Group Limited and Circle Anglia Limited, has, in the past, merged, and may, in the future, merge, with other businesses (or make business acquisitions) that could impact on the performance and risk profile of the Clarion Housing Group and, in particular, the Borrowers.

Mergers and acquisitions can involve a number of risks, such as the underlying business performing less well than expected after a merger or an acquisition, the possibility of the integration diverting management's attention, the possible loss of key personnel within the merged or acquired business and other risks inherent in the systems of the merged or acquired business and associated with unanticipated events or liabilities. In addition, the members of the Clarion Housing Group may incur significant merger or acquisition, administrative and other costs in connection with any such transactions, including costs related to the integration of merged or acquired business. These costs may include unanticipated costs or expenses, legal, regulatory and contractual costs, and expenses associated with eliminating duplicate facilities. All of the factors above could have a material adverse effect on the business, results of operations, financial condition or prospects of such merger or acquisition. In turn, this could have a material adverse effect on the ability of the Borrowers to repay to the Group Borrower the amounts outstanding under their On-Loan Agreements, the Group Borrower's ability to repay to the Issuer the amounts outstanding on a Loan Facility Agreement and, ultimately, the ability of the Issuer to meet its payment obligations on a timely basis under the Notes.

Risks relating to integration and achieving expected benefits from past and future mergers and acquisitions

Risks relating to integration and achieving synergies are particularly relevant to the Borrowers in the context of the merger of Affinity Sutton Group Limited and Circle Anglia Limited in November 2016 to form the Clarion Housing Group and the subsequent business strategy to achieve benefits from the merger through the more efficient use of resources. In particular, the Clarion Housing Group is focused on simplifying the structure of Registered Providers of Social Housing within the Clarion Housing Group. Since November 2016, the Registered Providers of Social Housing which were, prior to the merger, subsidiaries of Circle Anglia Limited were nine in number, however, the Clarion Housing Group's strategy has focused on the simplification of the group structure so that all such Registered Providers of Social Housing are consolidated into Circle 33. At the date of this Offering Circular, only Old Ford and Russet have not been consolidated into Circle 33. Thereafter, the Clarion Housing Group has a strategy to consolidate Affinity Sutton Homes with Circle 33 to establish a single Registered Provider of Social Housing within the Clarion Housing Group

with the intention of driving economies of scale and further enhancing governance and decision making. The Clarion Housing Group and, in particular, the Borrowers may not realise the degree, or timing, of benefits of this merger or any other past or future merger or acquisition that it anticipated when it first entered into a merger or acquisition transaction. Anticipated synergies may not materialise, revenue improvements and cost savings may be less than expected and the housing stock acquired as part of the merger may not meet expectations requiring, in turn, substantial investment. Additionally, there is a risk that the focus of management and other resources for running the business will be diverted to integration projects. The Clarion Housing Group and the Borrowers cannot guarantee that the merger in November 2016 or the integration of any future mergers or acquisitions will generate benefits for the Clarion Housing Group as a whole or the Borrowers individually that are sufficient to justify the expenses it incurred or will incur in completing such mergers or acquisitions.

The Borrowers have considered the aforementioned risks relating to integration and have mitigated them by: (a) implementing a common strategy, common values and strategic objectives within the Clarion Housing Group; (b) creating a supporting governance framework for delivery of strategic integration objectives; (c) establishing at merger the position of Executive Director of Integration and (d) establishing and implementing an operational and infrastructure integration plan.

Dependency on third-party suppliers

The Borrowers' maintenance of their properties (including, but not limited to, the Charged Properties) is dependent on the timely performance of third party maintenance contractors performing their obligations under their maintenance contracts with the Borrowers. The Borrowers work closely with their maintenance contractors to avoid property maintenance-related problems, but there can be no assurances that the Borrowers will not experience problems in the future. The performance of contracts by the maintenance contractors with the Borrowers may be subject to disruption for a variety of reasons, including, but not limited to, work stoppages, labour relations and breakdown in machinery. Any such failure by maintenance contractors to fulfil their contractual obligations or any such disruption could, if significant, interrupt the Borrowers' ability to provide social housing and this could negatively impact the Borrowers' rental income stream, which could, in turn, adversely affect their payments under the On-Loan Agreements and, ultimately, the Issuer's ability to meet its payment obligations on the Notes.

Personnel

The business operations of each of the Borrowers are dependent on the efforts of its personnel and the ability to attract and maintain skilled staff. No assurance can be given that changes in employees will not have a material adverse effect on the results of operations of the Borrowers.

Risks related to withdrawal of the UK from the European Union

On 23rd June, 2016 the UK held a referendum to decide on the UK's membership of the European Union. The UK vote was to leave the European Union and the UK Government invoked article 50 of the Lisbon Treaty relating to withdrawal on 29th March, 2017. Under article 50, the Treaty on the European Union and the Treaty on the Functioning of the European Union cease to apply in the relevant state from the date of entry into force of a withdrawal agreement, or, failing that, two years after the notification of intention to withdraw, although this period may be extended in certain circumstances. There are a number of uncertainties in connection with the future of the UK and its relationship with the European Union. The negotiation of the UK's exit terms is likely to take a number of years. Until the terms and timing of the UK's exit from the European Union are clearer, it is not possible to determine the impact that the UK's departure from the European Union and/or any related matters may have on the business of the Borrowers. As such, no assurance can be given that such matters would not adversely affect the ability of the Issuer to satisfy its obligations under the Notes and/or the market value and/or the liquidity of the Notes in the secondary market.

FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE MARKET RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME

Risks related to the structure of a particular issue of Notes

A range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features, distinguishing between factors which may occur in relation to any Notes:

Risks applicable to all Notes

If the Notes are redeemed early, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return.

In the event that the Notes become repayable prior to maturity either following an Event of Default (as defined in Condition 12.1 (*Events of Default*)), due to taxation reasons (pursuant to Condition 9.3 (*Redemption for tax reasons*)), at the option of the Issuer (pursuant to Condition 9.2 (*Early Redemption*)) or mandatorily (pursuant to Condition 9.4 (*Mandatory Early Redemption*), the Notes will be redeemed in full in an amount equal to that specified in the applicable Final Terms, plus accrued interest. In such circumstances it may not be possible for an investor to reinvest the redemption proceeds at an effective rate of interest as high as the interest rate on the Notes. Furthermore, the optional redemption feature of the Notes is likely to limit their market value as the market value generally will not rise substantially above the price at which they can be redeemed.

If interest payable in respect of the Notes is linked to "benchmarks", there is a risk that the "benchmarks" may on an ongoing basis perform differently than in the past, be eliminated entirely or there could be other unpredicted consequences.

The London Interbank Offered Rate (**LIBOR**), the Euro Interbank Offered Rate (**EURIBOR**) and other interest rate or other types of rates and indices which are deemed to be "benchmarks" are the subject of ongoing national and international regulatory reform. Following the implementation of any such potential reforms, the manner of administration of benchmarks may change, with the result that they may perform differently than in the past, or benchmarks could be eliminated entirely, or there could be other consequences which cannot be predicted. For example, on 27th July, 2017, the UK Financial Conduct Authority announced that it will no longer persuade or compel banks to submit rates for the calculation of the LIBOR benchmark after 2021 (the **FCA Announcement**). The FCA Announcement indicates that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021. The potential elimination of the LIBOR benchmark or any other benchmark, or changes in the manner of administration of any benchmark, could require an adjustment to the terms and conditions, or result in other consequences, in respect of any Notes linked to such benchmark (including but not limited to Floating Rate Notes whose interest rates are linked to LIBOR). Any such consequence could have a material adverse effect on the value of and return on any such Notes.

If the Issuer has the right to convert the interest rate on any Notes from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned.

Fixed/Floating Rate Notes will bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such a feature to convert the interest basis, and the conversion of the interest basis itself, may affect the secondary market in, and the market value of, such Notes where the change of interest basis results in a lower interest return for Noteholders. Where the Notes convert from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where the Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on those Notes and could affect the market value of an investment in the relevant Notes.

Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates.

The market values of securities issued at a substantial discount or premium to their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

Risks related to Notes generally

Set out below is a description of material risks relating to the Notes generally:

The Conditions of the Notes contain provisions which may permit their modification without the consent of all investors and confer significant discretions on the Note Trustee which may be exercised without the consent of the Noteholders and without regard to the individual interests of particular Noteholders.

The Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders of the relevant Series including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Conditions of the Notes also provide that the Note Trustee may, without the consent of Noteholders and without regard to the interests of particular Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes or (ii) determine without the consent of the Noteholders that any Event of Default or Potential Event of Default shall not be treated as such or (iii) the substitution of another company as principal debtor under any Notes in place of the Issuer, in the circumstances described in Condition 18 (*Meetings of Noteholders, Modification and Waiver*).

The value of the Notes could be adversely affected by a change in English law or administrative practice.

The Conditions of the Notes are based on English law in effect as at the date of this Offering Circular. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Offering Circular and any such change could materially adversely impact the value of any Notes affected by it.

Investors who hold less than the minimum Specified Denomination may be unable to sell their Notes and may be adversely affected if definitive Notes are subsequently required to be issued.

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Potential Conflicts of Interest

Each of the Dealers, the Note Trustee, the Security Trustee, the Paying Agents, the Agent Bank and the Account Bank (together with the Issuer, the Group Borrower and the Borrowers, the **Relevant Parties**) and their affiliates in the course of each of their respective businesses may provide services to other Relevant Parties and to third parties and in the course of the provision of such services it is possible that conflicts of interest may arise between such Relevant Parties and their affiliates or between such Relevant Parties and their affiliates and such third parties. Each of the Relevant Parties (other than the Issuer, the Group Borrower and the Borrowers) and their affiliates may provide such services and enter into arrangements with any person without regard to or constraint as a result of any such conflicts of interest arising as a result of it being a Relevant Party.

Taxation

Under Condition 10 (*Taxation*), the Issuer will not be entitled to make any deduction or withholding on account of tax from payments in respect of the Notes unless such withholding or deduction is required by law. In the event that any deduction or withholding on account of tax is required by law, the Issuer shall be required (except in the limited circumstances set out in Condition 10 (*Taxation*)) to pay such additional amounts as will result in the receipt by the Noteholders of such amounts as would have been received by them if no such withholding or deduction had been required. Where the deduction or withholding is required as a result of a change in applicable law or regulations, the Issuer may exercise its option to redeem the relevant Notes in full at their principal amount, plus accrued interest, pursuant to Condition 9.3 (*Redemption for tax reasons*). As mentioned above, in such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the Notes.

For a description of the current United Kingdom law and practice relating to withholding tax treatment of the Notes, see below in "*Taxation – United Kingdom Taxation*".

Risks Relating to the Security for the Notes

Considerations relating to the Series Security and the Underlying Security

Each Series of Notes will be secured by Series Security granted in favour of the Note Trustee for the benefit of the Noteholders and the other Series Secured Parties. Such Series Security will include security over the Issuer's rights as beneficiary of security over the relevant On-Loan Agreement and the Underlying Security. The Underlying Security will, subject to certain perfection requirements, comprise a Fixed Charge over the relevant Charged Properties and an equitable assignment over the rents derived from the relevant Charged Properties.

The validity of any security given by a Borrower in connection with additions and substitutions of Charged Properties may depend on the solvency of the relevant Borrower at the time of the grant.

Change of apportionment basis of Charged Properties

The Security Trust Deed provides for security over properties to be apportioned amongst the beneficiaries thereunder on either a "specific apportionment basis" whereby the individual properties are specifically charged for a specific beneficiary or on a "numerical apportionment basis" whereby a specific percentage of units within the portfolio of properties charged thereby is designated to a beneficiary (see "*Description of the Deed of Guarantee and the Underlying Security – Security Trust Deed – Apportionment of Charged Properties*"). The Issuer and the Note Trustee may, without the consent of the Noteholders, agree to a change in the apportionment basis under the Security Trust Deed, subject to certain confirmations as to the value of the new Charged Property and maintenance of the relevant Asset Cover Test.

The Issuer's ability to meet its obligations under the Notes after enforcement under a Loan Facility

Following default by the Group Borrower, the Security Trustee will be entitled to call on the Guarantors under the Deed of Guarantee for payment of any sums unpaid by the Group Borrower. If the Guarantors do not make payment of amounts due to the Issuer within the grace period provided for in the Deed of Guarantee, the Security Trustee may, subject to the moratorium provisions contained in the Housing and Regeneration Act (in respect of which see the risk factor entitled "*Moratorium and special administration regime*" below), enforce the Underlying Security in respect of the Borrowers and appoint a Receiver in respect of the defaulting Borrower pursuant to its powers under the Security Trust Deed.

The Issuer's ability to continue to pay principal and interest on the Notes following default by the Group Borrower under the relevant Loan Facility is dependent upon the ability of the Issuer to receive through the Deed of Guarantee, or from the Security Trustee pursuant to the collection of rental income or a disposal of the Underlying Security, sufficient funds to make such payment.

Fixed charges may take effect under English law as floating charges

Pursuant to the Note Trust Deed, the Issuer has purported to grant fixed charges over, amongst other things, all rights and benefits under the Transaction Account and any Cash Security Account in respect of the relevant Series. The law of England and Wales relating to the characterisation of fixed charges is unsettled. The fixed charges purported to be granted by the Issuer (other than assignment of security) may take effect under English law as floating charges only if, for example, it is determined that the Note Trustee does not exert sufficient control over the charged assets for the security to be said to "fix" over those assets. If the charges take effect as floating charges instead of fixed charges, then the claims of the Note Trustee will be subject to claims which are given priority over a floating charge by law, including, amongst other things, prior charges, certain subsequent charges, the expenses of any winding up or administration and the claims of preferential creditors.

Mortgagee in Possession Liability

There is a risk that the Security Trustee may be deemed to be a mortgagee in possession if it physically enters into possession of a Charged Property or performs an act of control or influence which may amount to possession, such as submitting a demand direct to tenants requiring them to pay rents to the Security Trustee. The consequence of being a mortgagee in possession would be that the Security Trustee may be obliged to account to the relevant Borrower for the income obtained from the Charged Property, be liable for any damage to the Charged Property, have a limited liability to repair the Charged Property and, in certain circumstances, may be obliged to make improvements or incur financial liabilities in respect of the Charged Property. A mortgagee in possession may also be liable to a tenant for any mis-management of the relevant property and may incur liabilities to third parties in nuisance and negligence and, under certain statutes (including environmental legislation), the liabilities of a property owner.

Environmental Considerations

Under relevant UK environmental legislation, liability for environmental matters can be imposed on the "owner" or any "person in control" of land. The term "owner" is not specifically defined and could include anyone with a proprietary interest in a property, which could include a representative of the Security Trustee as a mortgagee in possession of a Charged Property (in respect of which see the risk factor entitled "*Mortgagee in Possession Liability*" above). Environmental laws may impose liability on the owner for clean-up costs if a property is or becomes contaminated. A Borrower may therefore be liable for the entire amount of the clean-up and redemption costs for a contaminated site regardless of whether the contamination was caused by it or not. These costs may be significant.

In addition, the presence of hazardous or toxic substances, or the failure to adequately remedy adverse environmental conditions at a Charged Property, may adversely affect its market value, as well as a Borrower's ability to sell, lease or refinance the Charged Property. Any environmental liability imposed on a

Borrower could result in a shortfall in funds available to repay the On-Loan Agreement, which in turn could result in a shortfall in funds available to the Issuer to repay the Notes.

Sufficiency of Insurance

Although each Charged Property is required to be insured at appropriate levels and against customary risks, there can be no assurance that any loss incurred will be of a type covered by such insurance, nor can there be any assurance that the loss will not exceed the limits of such insurance. Any interruption in income or any loss or damage caused to a Charged Property not adequately covered by insurance could result in a shortfall in funds available upon an enforcement of the security created by the Borrowers in respect of their obligations under the Deed of Guarantee.

Claims of Creditors of the Issuer other than Series Secured Parties

Under English law, any creditor (who has not entered into non-petition clauses) would (save where an administrator has been appointed) be able to commence insolvency or winding up proceedings against the Issuer in respect of any unpaid debt. If this occurred, the security would be realised to meet the Issuer's payment obligations, but there is a risk that the security may be insufficient to satisfy all the Issuer's payment obligations in full. However, to minimise the risk of the premature insolvency or winding up of the Issuer, it will undertake not to incur any debt or liability or enter into any other transaction other than as provided in, or contemplated by, the Programme Documents.

Moratorium and special administration regime

In order to protect the interest of tenants and to preserve the housing stock of a Registered Provider of Social Housing within the social housing sector and within the regulatory regime, a 28 working day moratorium on the disposal of land (including the enforcement of any security) by an insolvent non-profit Registered Provider of Social Housing will apply, upon certain steps being taken in relation to that provider such as presenting a winding up petition or appointing an administrator. The Regulator will then seek to agree proposals about the future ownership and management of the provider's land with its secured creditors. The moratorium procedure may adversely affect the Security Trustee's ability to enforce the Underlying Security, as the procedure stipulates actions that must be taken by a secured creditor prior to that secured creditor being able to enforce its security and gives powers to the Regulator in respect of certain secured assets.

In addition, a new special administration regime for Registered Providers of Social Housing in England is expected to come into force within the next 12 months and will be available in addition to the current moratorium regime. It is expected that an interim moratorium will run from the date of issue of an application for a housing administration order until the application is either dismissed or a housing administration order takes effect and, upon the making of a housing administration order, a Registered Provider of Social Housing shall become subject to a moratorium for so long as such Registered Provider of Social Housing is subject to a housing administration order, that prevents creditors from enforcing claims against it. However, secondary regulations are required to bring provisions of the new regime into force and a commencement date has not yet been confirmed.

Under the new regime, no steps may be taken by any person other than the Secretary of State for the winding up, entry into administration by or enforcement of security of a Registered Provider of Social Housing, unless 28 days' notice of that step has been given to the Regulator and elapsed, or the Regulator has waived the notice requirement. During that 28 day period, the Secretary of State or the Regulator, with the consent of the Secretary of State, may apply for a housing administration order.

The new regime preserves a moratorium on disposals of land described above (though reduces the relevant period from 28 working days to 28 days). However, each housing administration order will last for 12 months (subject to certain exceptions), during which there will be restrictions on the ability of the appointed administrator to dispose of social housing assets.

The new housing administration regime may delay the disposal of social housing assets by any insolvent Registered Provider of Social Housing. It would also adversely affect the Security Trustee's and the Note Trustee's ability to enforce the Underlying Security for so long as any administration order is in place and, ultimately, may result in a delay to the period in which a Noteholder would be repaid in the event of the Issuer defaulting in respect of its obligations in respect of the Notes.

There may also be a moratorium on enforcement against the Issuer or the Group Borrower pursuant to the relevant provisions of the Insolvency Act 1986, if an administrator were to be appointed to the Issuer or the Group Borrower. This may limit or delay the Note Trustee's ability to enforce security against the Issuer under the Note Trust Deed or the Security Trustee's ability to enforce security against the Group Borrower under the Security Trust Deed (and therefore, in turn, to enforce the security granted by the Borrowers over the Charged Properties), for so long as the Issuer or the Group Borrower remains subject to administration.

Merger

A Borrower may amalgamate, merger, consolidate or enter into a transfer of engagements with another entity at any time pursuant to a Permitted Reorganisation without the consent of the Issuer. In such circumstances, if following any such amalgamation, merger, consolidation or transfer, the credit risk of the Borrower or any successor entity created thereby were weaker than that of the Borrower prior to such amalgamation, merger, consolidation or transfer, the Issuer would become subject to this increased credit risk. Other members of the Clarion Housing Group (including, for the avoidance of doubt, the Group Parent) may also merge, amalgamate or enter into a transfer of engagements pursuant to section 110 of the Co-operative and Community Benefit Societies Act 2014 with another entity or entities at any time without the consent of the Issuer (other than, in the case of the Group Borrower, the Issuer's consent to the transfer or novation of the Loan Facility Agreement). In both cases, however, any such merger, amalgamation or transfer would only be entered into with the approval of the Group Parent. The Group Borrower and the Issuer are both subsidiaries of the Group Parent and, as such, the Issuer expects that their interests will be aligned in respect of any proposed amalgamation, merger, consolidation or transfer.

Addition of new Borrowers and resignation of existing Borrowers

The Group Borrower may at any time agree to the accession of new Borrowers as Borrowers under the On-Loan Agreements and as Guarantors under the Deed of Guarantee, subject to the conditions set out therein such as delivery by the Group Borrower and the proposed Guarantor of the Guarantor Conditions Precedent (as defined therein). In such circumstances, if the new Borrower's credit risk were weaker than that of the rest of the Guarantors, the Issuer would become subject to increased credit risk in respect of the Guarantors as a whole. Any Borrower may, upon request, cease to be a Borrower at any time provided that the resignation of such Borrower will not result in a breach of the asset cover ratios set out in the Loan Facility Agreement.

Risks related to the market generally

Set out below is a description of material market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell its Notes.

Notes may have no established trading market when issued, and one may never develop. If a market for the Notes does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities.

If an investor holds Notes which are not denominated in the investor's home currency, it will be exposed to movements in exchange rates adversely affecting the value of its holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes.

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates.

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

Credit ratings assigned to the Group Parent or any Notes may not reflect all the risks associated with an investment in those Notes.

The on-going creditworthiness of the Borrowers depends on many factors, including the link to national government, industry, competitive, financial and operational performance, economic factors, the level of drawn debt, the ability to access new debt and the strength of the Borrowers' management and governance structure. Actual deterioration or a perceived deterioration in any of these factors or a combination of these factors may result in a downgrade in the Borrowers' perceived creditworthiness as indicated by the Group Parent's issued credit ratings that could, in turn, cause the trading price of the Notes to decline and may result in a loss of all or part of an investment in the Notes. In addition, the Notes permit the Borrowers to undertake Permitted Reorganisations. In such circumstances, the resulting entity's credit risk may change. The Borrowers aim to maintain a business strategy, risk appetite statement, operational and governance structure and a capital structure consistent with strong investment grade credit ratings.

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Notes. The Group Parent and the Programme has each been rated "A3" by Moody's. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time. As with any rated entity, the rating of the Group Parent or any other member of the Clarion Housing Group (and, accordingly, the rating of the Notes) may be susceptible to further adjustments (whether upward or downward) and in particular any adjustments which may be made as a result of a rating agency's methodology as applied to the Group Parent or any other member of the Clarion Housing Group.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with

the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by the European Securities and Markets Authority (**ESMA**) on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Offering Circular.

As of the date of this Offering Circular, Moody's is established in the European Union and is registered under the CRA Regulation. As such Moody's is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation.

FORM OF THE NOTES

Each Tranche of Notes will be in bearer form and will initially be issued in the form of a temporary global note (a **Temporary Global Note**) or, if so specified in the applicable Final Terms, a permanent global note (a **Permanent Global Note** and, together with a Temporary Global Note, each a **Global Note**) which, in either case, will:

(a) if the Global Notes are intended to be issued in new global note (**NGN**) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking S.A. (**Clearstream, Luxembourg**); and

(b) if the Global Notes are not intended to be issued in NGN Form, be delivered on or prior to the original issue date of the Tranche to a common depositary (the **Common Depositary**) for Euroclear and Clearstream, Luxembourg.

Where the Global Notes issued in respect of any Tranche are in NGN form, Euroclear and Clearstream, Luxembourg will be notified as to whether such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg.

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in the Temporary Global Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the date (the **Exchange Date**) which is 40 days after a Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a Permanent Global Note of the same Series or (ii) for definitive Notes of the same Series with, where applicable, interest coupons and talons attached (as indicated in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Notes is improperly withheld or refused.

The option for an issue of Notes to be represented on issue by a Temporary Global Note exchangeable for definitive Notes should not be expressed to be applicable in the applicable Final Terms if the Notes are issued with a minimum Specified Denomination such as €100,000 (or its equivalent in another currency) plus one or more higher integral multiples of another smaller amount such as €1,000 (or its equivalent in another currency).

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, interest coupons and talons attached upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (i) an Event of Default (as defined in Condition 12 (*Events of Default*)) has occurred and is continuing, (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system satisfactory to the Note Trustee is available or (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered if the Notes represented by the Permanent Global Note were in definitive form and a certificate to such effect signed by two Directors of the Issuer is given to the Note Trustee. The Issuer will promptly give notice to Noteholders in accordance with Condition 16 (*Notices*) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) or the Note Trustee may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

The following legend will appear on all Notes (other than Temporary Global Notes) and interest coupons relating to such Notes where TEFRA D is specified in the applicable Final Terms:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of Notes or interest coupons.

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

General

Pursuant to the Agency Agreement (as defined under "*Terms and Conditions of the Notes*"), the Principal Paying Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

No Noteholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Note Trustee, having become bound so to proceed, fails so to do within a reasonable period and the failure shall be continuing.

The Issuer may agree with any Dealer and the Note Trustee that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes, in which event a new Offering Circular will be made available which will describe the effect of the agreement reached in relation to such Notes.

FORM OF FINAL TERMS

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended, from 1st January, 2018, to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (**MiFID II**); or (ii) a customer within the meaning of Directive 2002/92/EC (**IMD**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]

TERMS AND CONDITIONS OF THE NOTES

The following are the Terms and Conditions of the Notes which will be incorporated by reference into each Global Note (as defined below) and each definitive Note, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and definitive Note. Reference should be made to "Applicable Final Terms" for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant Notes.

This Note is one of a Series (as defined below) of Notes issued by Clarion Funding plc (the **Issuer**) and constituted by a Note Trust Deed (such Note Trust Deed as modified and/or supplemented and/or restated from time to time, the **Note Trust Deed**) dated 29th September, 2017 made between the Issuer and Prudential Trustee Company Limited (the **Note Trustee**, which expression shall include any successor as Note Trustee).

References herein to the **Notes** shall be references to the Notes of this Series and shall mean:

(a) in relation to any Notes represented by a global Note (a **Global Note**), units of each Specified Denomination in the Specified Currency;

(b) any Global Note; and

(c) any definitive Notes issued in exchange for a Global Note .

The Notes and the Coupons (as defined below) have the benefit of an Agency Agreement (such Agency Agreement as amended and/or supplemented and/or restated from time to time, the **Agency Agreement**) dated 29th September, 2017 and made between the Issuer, the Note Trustee, The Bank of New York Mellon, London Branch as principal paying agent (the **Principal Paying Agent**, which expression shall include any successor principal paying agent), the other paying agents named therein (together with the Principal Paying Agent, the **Paying Agents**, which expression shall include any additional or successor paying agents) and The Bank of New York Mellon, London Branch as agent bank (the **Agent Bank**, which expression shall include any duly appointed successor agent bank).

The final terms for this Note (or the relevant provisions thereof) are set out in Part A of the Final Terms attached to or endorsed on this Note which supplement these Terms and Conditions (the **Conditions**). References to the **applicable Final Terms** are, unless otherwise stated, to Part A of the Final Terms (or the relevant provisions thereof) attached to or endorsed on this Note. The expression **Prospectus Directive** means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in a relevant Member State of the European Economic Area.

Interest bearing definitive Notes have interest coupons (**Coupons**) and, in the case of Notes which, when issued in definitive form, have more than 27 interest payments remaining, talons for further Coupons (**Talons**) attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. Global Notes do not have Coupons or Talons attached on issue.

The Note Trustee acts for the benefit of the Noteholders (which expression shall mean the holders of the Notes and shall, in relation to any Notes represented by a Global Note, be construed as provided below) and the holders of the Coupons (the **Couponholders**, which expression shall, unless the context otherwise requires, include the holders of the Talons), in accordance with the provisions of the Note Trust Deed.

As used herein, **Tranche** means Notes which are identical in all respects (including as to listing and admission to trading) and **Series** means a Tranche of Notes together with any further Tranche or Tranches of Notes which (a) are expressed to be consolidated and form a single series and (b) have the same terms and conditions or terms and conditions which are the same in all respects save for the amount and date of the first payment of interest thereon and the date from which interest starts to accrue.

Copies of the Note Trust Deed, the Agency Agreement, the Account Agreement, the Loan Facility Agreement in respect of each Series, the Fixed Charges, the Security Trust Deed and the Deed of Guarantee are available for inspection during normal business hours at the registered office for the time being of the Note Trustee being at 29th September, 2017 at Laurence Pountney Hill, London EC4R 0HH and at the specified office of each of the Paying Agents. If the Notes are to be admitted to trading on the regulated market of the London Stock Exchange the applicable Final Terms will be published on the website of the London Stock Exchange through a regulatory information service. The Noteholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Note Trust Deed, the Agency Agreement and the applicable Final Terms which are applicable to them. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Note Trust Deed and the Agency Agreement.

Words and expressions defined in the Note Trust Deed, the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Note Trust Deed and the Agency Agreement, the Note Trust Deed will prevail and, in the event of inconsistency between the Note Trust Deed or the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

In the Conditions, **euro** means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended.

2. FORM, DENOMINATION AND TITLE

The Notes are in bearer form and, in the case of definitive Notes, serially numbered, in the currency (the **Specified Currency**) and the denominations (the **Specified Denomination(s)**) specified in the applicable Final Terms. Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination.

This Note may be a Fixed Rate Note or a Floating Rate Note, or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Final Terms.

Definitive Notes are issued with Coupons attached.

Subject as set out below, title to the Notes and Coupons will pass by delivery. The Issuer, the Note Trustee and any Paying Agent will (except as otherwise required by law) deem and treat the bearer of any Note or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear Bank SA/NV (**Euroclear**) and/or Clearstream Banking S.A. (**Clearstream, Luxembourg**), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular principal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the principal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Note Trustee and the Paying Agents as the holder of such principal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such principal amount of such Notes, for which purpose the bearer of the relevant Global Note shall be treated by the Issuer, the Note Trustee and any Agent as the holder of such principal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions **Noteholder** and **holder of Notes** and related expressions shall be construed accordingly.

In determining whether a particular person is entitled to a particular principal amount of Notes as aforesaid, the Note Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error, be conclusive and binding on all concerned.

Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg, as the case may be. References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in Part B of the applicable Final Terms.

3. STATUS OF THE NOTES

The Notes and any relative Coupons are direct, unconditional and unsubordinated obligations of the Issuer, secured in the manner set out in Condition 4 (*Security*), and rank *pari passu* without preference or priority among themselves.

4. SECURITY

4.1 Series Security

The Issuer's obligations in respect of each Series are secured (subject as provided in the Conditions and the Note Trust Deed) pursuant to the Note Trust Deed in favour of the Note Trustee for the benefit of itself and the Noteholders and the other Series Secured Parties as follows:

(a) by an assignment by way of security of the Issuer's rights, title and interest arising under the Deed of Guarantee in respect of the Loan Facility relating to such Series;

(b) by an assignment by way of security of the Issuer's rights, title and interest arising under the Security Trust Deed and the Group Borrower Security Deed, in each case, in respect of the Loan Facility Agreement relating to such Series;

(c) by an assignment by way of security of the Issuer's rights, title and interest arising under the Loan Facility Agreement in relation to such Series;

(d) by a charge by way of first fixed charge over all moneys from time to time standing to the credit of the Transaction Account in relation to such Series, any Cash Security Account in relation to such Series and any other bank or other accounts in which the Issuer may at any time have or acquire any rights, title and interest in relation to such Series;

(e) by an assignment by way of security of the Issuer's rights, title and interest under each of the Programme Documents to the extent they relate to such Series; and

(f) by a charge by way of first fixed charge over all rights of the Issuer in respect of any sums held from time to time by the Paying Agents for the payment of principal or interest in respect of such Series,

PROVIDED ALWAYS that, unless and until such security has become enforceable in accordance with Clause 4.6 of the Note Trust Deed (but subject to the terms of the Transaction Documents), the Issuer shall be entitled to exercise all its rights and claims under or in connection with (i) the agreements referred to in Condition 4.1(a) to 4.1(c) and Condition 4.1(e) above and (ii) the moneys and rights referred to in Clauses 4.1(d) and 4.1(f), respectively.

The property charged and assigned pursuant to the Note Trust Deed listed in (a) to (f) above, together with any other property or assets held by and/or assigned to the Note Trustee and/or any deed or document supplemental thereto, is referred to herein as the **Series Charged Property** and the security created thereby, the **Series Security**.

Each Series of Notes will be secured by specified assets of the relevant Borrower(s), the Group Borrower and the Issuer in relation to such Series. The security created over the assets of a Borrower will secure the relevant obligations of the Group Borrower under a specified Loan Facility Agreement made between the Group Borrower and the Issuer in relation to a Series. The Notes of a Series will have the benefit of the security granted by a Borrower only to the extent of the Group Borrower's obligations to the Issuer in relation to such Series.

No Series of Notes will have access to the Series Security securing another Series of Notes, including, in particular, security over the rights, title and interest arising under any Loan Facility or Underlying Security not specifically allocated to such Series whether prior to or after the Security Trustee has served a notice of enforcement on the Issuer in relation to any Series of Notes.

4.2 Underlying Security

The Borrowers will create security in favour of the Security Trustee to secure their obligations under the Deed of Guarantee, and the Group Borrower will grant security in favour of the Security Trustee to secure its obligations under each Loan Facility Agreement. The Security Trustee will hold such security for the benefit of the Issuer in accordance with the Security Trust Deed. The Underlying Security granted by the Borrowers will be over certain Charged Properties used for social housing accommodation by the Borrowers and over certain bank accounts held by the Borrowers.

Where Numerical Apportionment Basis is specified as applicable in the applicable Final Terms, the Final Terms will specify (a) a specific percentage of units comprising the Issuer's Apportioned Part within the portfolio of Charged Properties, and which will be designated to the Issuer as underlying security in respect of the Series and (b) the Minimum Value of the NAB Charged Properties.

Where Specific Apportionment Basis is specified as applicable in the applicable Final Terms, specific individual Charged Properties shall be allocated to the Issuer as agreed between the Issuer and the Borrowers.

5. ORDER OF PAYMENTS

5.1 Pre-enforcement

Prior to the enforcement of the Series Security in respect of a Series of Notes, the Issuer shall apply the monies standing to the credit of the Transaction Account in respect of such Series on each Interest Payment Date and such other dates on which a payment is due in respect of the Notes in the following order of priority (the **Pre-enforcement Priority of Payment**):

(a) first, in payment of any taxes due and owing by the Issuer to any taxing authority insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(b) second, in payment of any unpaid fees, costs, charges, expenses, indemnity payments and liabilities incurred by the Note Trustee (including, but not limited to, all amounts payable to the Note Trustee under the Note Trust Deed) or any agent or representative appointed by the Note Trustee pursuant to the Note Trust Deed, in each case, insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part, thereof;

(c) third, in payment, on a *pro rata* and *pari passu* basis, of any unpaid fees, costs, charges, expenses, indemnity payments and liabilities of the Issuer owing to the Paying Agents and the Agent Bank under the Agency Agreement and the Account Bank under the Account Agreement insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(d) fourth, in payment, on a *pro rata* and *pari passu* basis, of any other unpaid fees and expenses of the Issuer insofar as they relate to such Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(e) fifth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any interest due and payable in respect of such Series of Notes on such Interest Payment Date;

(f) sixth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any principal due and payable in respect of such Series of Notes on such Interest Payment Date; and

(g) seventh, in payment to the Group Borrower of any amount due and payable under the terms of the Loan Facility Agreement.

5.2 Post-enforcement

Following the enforcement of the Series Security in respect of a Series of Notes, all monies standing to the credit of the Transaction Account and any Cash Security Account in respect of such Series, and the net proceeds of enforcement of the Series Security shall be applied in the following order of priority (the **Post-enforcement Priority of Payment**):

(a) first, in payment or satisfaction of any unpaid fees, costs, charges, expenses, indemnity payments and liabilities incurred by the Note Trustee (including, but not limited to, all amounts payable to the Note Trustee under the Note Trust Deed) or any agent or representative appointed by the Note Trustee pursuant to the Note Trust Deed (including, for the avoidance of doubt, any Receiver), in each case, insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(b) second, except following the enforcement of the Series Security in respect of all Series of Notes, in payment of any taxes due and owing by the Issuer to any taxing authority insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(c) third, in payment, on a *pro rata* and *pari passu* basis, of all amounts owing to the Paying Agents and the Agent Bank under the Agency Agreement and the Account Bank under the Account Agreement insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(d) fourth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any interest due and payable in respect of the Notes;

(e) fifth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any principal due and payable in respect of the Notes;

(f) sixth, in payment, on a *pro rata* and *pari passu* basis, of any other unpaid fees and expenses of the Issuer (in each case insofar as they relate to the Notes); and

(g) seventh, in payment to the Group Borrower of any amount due and payable under the terms of the Loan Facility Agreement.

6. COVENANTS

6.1 General Covenants

In addition to the covenants of the Issuer set out in the Note Trust Deed, for so long as any Series remains outstanding, the Issuer covenants that it will not, without the consent of the Note Trustee, engage in any activity or do anything other than:

(a) carry out the business of a company which has as its purpose raising finance and on-lending such finance for the benefit of the members of the Clarion Housing Group; and

(b) perform any act incidental to or necessary in connection with (a) above.

The Issuer also covenants, for so long as any Series remains outstanding, not to create or permit to subsist, over any of the Series Charged Property, any mortgage or charge or any other security interest ranking in priority to, or *pari passu* with, the Series Security created by or pursuant to the Note Trust Deed.

6.2 Information Covenants

For so long as any Series remains outstanding, the Issuer shall:

(a) send to the Note Trustee and, upon request by any Noteholder to the Issuer, make available to such Noteholder at the Issuer's registered office during normal business hours, a copy of each Compliance Certificate promptly upon receipt of the same from the Group Borrower pursuant to the terms of the Loan Facility Agreement;

(b) send to the Note Trustee and, upon request by any Noteholder to the Issuer, make available to such Noteholder at the Issuer's registered office during normal business hours, a copy of the annual financial statements of the Group Borrower, the Group Parent and each Borrower promptly upon publication of the same by the Group Borrower, the Group Parent and each such Borrower, respectively; and

(c) at the request of Noteholders holding not less than 33 per cent. in principal amount of the Notes of any Series for the time being outstanding, convene a meeting of the Noteholders to discuss the financial position of the Issuer and the Clarion Housing Group, provided, however, that the Issuer shall not be required to convene any such meeting pursuant to this Condition 6.2(c) more than once in any calendar year. Upon the request of Noteholders to convene any such meeting, as aforesaid, the Issuer shall notify all Noteholders of the relevant Series of the date (which such date shall be no more than 21 days following such request), time and place of the meeting in accordance with Condition 16 (*Notices*). The Issuer shall act in good faith in addressing any questions regarding the financial position of itself or any other member of the Clarion Housing Group raised at any such meeting, provided, however, that the Issuer shall not be obliged to disclose any information which it, in its absolute discretion, considers to be of a confidential nature. For the avoidance of doubt, the provisions of this Condition 6.2(c) are in addition to the meetings provisions set out in Condition 18.1 (*Meetings of Noteholders*).

6.3 Loan Facility Agreement Consents Covenant

For so long as the Notes of any Series remain outstanding, the Issuer covenants that it shall not consent to any waiver, amendment or modification of, or take any action or direct the Security Trustee to take any action pursuant to, the Loan Facility Agreement, the Deed of Guarantee, any On-Loan Agreement or the Security Trust Deed except with the prior consent of the Note Trustee. The Note Trustee may seek the consent of the Noteholders in accordance with the Note Trust Deed prior to giving any such consent.

7. INTEREST

7.1 Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in the Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

(a) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding principal amount of the Fixed Rate Notes represented by such Global Note; or

(b) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation

Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest, in accordance with this Condition 7.1:

(i) if "Actual/Actual (ICMA)" is specified in the applicable Final Terms:

(A) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or

(B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:

(1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and

(2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and

(ii) if "30/360" is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

In the Conditions:

Determination Period means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

sub-unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

7.2 Interest on Floating Rate Notes

(a) Interest Payment Dates

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

(i) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or

(ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In the Conditions, **Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

(A) in any case where Specified Periods are specified in accordance with Condition 7.2(a)(ii) above, the Floating Rate Convention, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or

(B) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or

(C) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or

(D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In the Conditions, **Business Day** means:

(a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and each Additional Business Centre (other than TARGET2 System) specified in the applicable Final Terms;

(b) if TARGET2 System is specified as an Additional Business Centre in the applicable Final Terms, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (the **TARGET2 System**) is open; and

(c) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and

Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open.

(b) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

(i) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent Bank under an interest rate swap transaction if the Agent Bank were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the **ISDA Definitions**) and under which:

(A) the Floating Rate Option is as specified in the applicable Final Terms;

(B) the Designated Maturity is a period specified in the applicable Final Terms; and

(C) the relevant Reset Date is the day specified in the applicable Final Terms.

For the purposes of this subparagraph (i), **Floating Rate**, **Calculation Agent**, **Floating Rate Option**, **Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

(ii) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

(A) the offered quotation; or

(B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either LIBOR or EURIBOR, as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent Bank. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of

such quotations) shall be disregarded by the Agent Bank for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

(c) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(d) Determination of Rate of Interest and calculation of Interest Amounts

The Agent Bank will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent Bank will calculate the amount of interest (the **Interest Amount**) payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

(i) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding principal amount of the Notes represented by such Global Note; or

(ii) in the case of Floating Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 7.2:

(i) if "Actual/Actual (ISDA)" or "Actual/Actual" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (I) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (II) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);

(ii) if "Actual/365 (Fixed)" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;

(iii) if "Actual/365 (Sterling)" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;

(iv) if "Actual/360" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;

(v) if "30/360", "360/360" or "Bond Basis" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{\left[360 \times \left(Y_2 - Y_1\right)\right] + \left[30 \times \left(M_2 - M_1\right)\right] + \left(D_2 - D_1\right)}{360}$$

where:

Y_1 is the year, expressed as a number, in which the first day of the Interest Period falls;

Y_2 is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

M_1 is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

M_2 is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

D_1 is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D1 will be 30; and

D_2 is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

(vi) if "30E/360" or "Eurobond Basis" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{\left[360 \times \left(Y_2 - Y_1\right)\right] + \left[30 \times \left(M_2 - M_1\right)\right] + \left(D_2 - D_1\right)}{360}$$

where:

Y_1 is the year, expressed as a number, in which the first day of the Interest Period falls;

Y_2 is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

M_1 is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

M_2 is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

D_1 is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30; and

D_2 is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D2 will be 30;

(vii) if "30E/360 (ISDA)" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{\left[360 \times \left(Y_2 - Y_1\right)\right] + \left[30 \times \left(M_2 - M_1\right)\right] + \left(D_2 - D_1\right)}{360}$$

where:

Y_1 is the year, expressed as a number, in which the first day of the Interest Period falls;

Y_2 is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

M_1 is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

M_2 is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

D_1 is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

D_2 is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D2 will be 30.

(e) Linear Interpolation

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent Bank by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Agent Bank shall determine such rate at such time and by reference to such sources as it determines appropriate.

Designated Maturity means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(f) Notification of Rate of Interest and Interest Amounts

The Agent Bank will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Note Trustee and any stock exchange on which the relevant Floating Rate Notes are for the time being listed and notice thereof

to be published in accordance with Condition 16 (*Notices*) as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will promptly be notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 16 (*Notices*). For the purposes of this paragraph, the expression **London Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(g) Determination or Calculation by the Note Trustee

If for any reason at any relevant time the Agent Bank defaults in its obligation to determine the Rate of Interest or in its obligation to calculate any Interest Amount in accordance with subparagraph (b)(i) or subparagraph (b)(ii) above, as the case may be, and in each case in accordance with paragraph (d) and (e) above, the Note Trustee may (but without any liability accruing to the Note Trustee as a result) determine (or appoint an agent or expert at the expense of the Issuer who shall determine) the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Note Trustee may (but without any liability accruing to the Note Trustee as a result) calculate (or appoint an agent or expert at the expense of the Issuer who shall calculate) the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Agent Bank.

(h) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 7 by the Agent Bank shall (in the absence of wilful default, gross negligence, fraud or manifest error) be binding on the Issuer, the Paying Agents, the Agent Bank and all Noteholders and Couponholders and (in the absence of wilful default, gross negligence or fraud) no liability to the Issuer, the Noteholders or the Couponholders shall attach to the Agent Bank or the Note Trustee in connection with the exercise or non exercise by it of its powers, duties and discretions pursuant to such provisions.

(i) Agent Bank

The Issuer shall procure that, so long as any of the Notes remains outstanding, there is at all times an Agent Bank for the purposes of the Notes and the Issuer may, subject to the prior written approval of the Note Trustee, terminate the appointment of the Agent Bank. In the event of the appointed office of any bank being unable or unwilling to continue to act as the Agent Bank or failing duly to determine the Rate of Interest and the Interest Amount for any Interest Period, the Issuer shall, subject to the prior written approval of the Note Trustee, appoint the London office of another major bank engaged in the London interbank market to act in its place. The Agent Bank may not resign its duties or be removed without a successor having been appointed.

7.3 Accrual of interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

(a) the date on which all amounts due in respect of such Note have been paid; and

(b) as provided in the Note Trust Deed.

8. PAYMENTS

8.1 Method of payment

Subject as provided below:

(a) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively); and

(b) payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 10 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 10 (*Taxation*)) any law implementing an intergovernmental approach thereto.

8.2 Presentation of definitive Notes and Coupons

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in Condition 8.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).

Fixed Rate Notes in definitive form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 11 (*Prescription*)) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A **Long Maturity Note** is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose principal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the principal amount of such Note.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

8.3 Payments in respect of Global Notes

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes or otherwise in the manner specified in the relevant Global Note, where applicable against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made, distinguishing between any payment of principal and any payment of interest, will be made either on such Global Note by the Paying Agent to which it was presented or in the records of Euroclear and Clearstream, Luxembourg, as applicable.

8.4 General provisions applicable to payments

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular principal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for its share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

(a) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;

(b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and

(c) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

8.5 Payment Day

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, **Payment Day** means any day which (subject to Condition 11 (*Prescription*)) is:

(a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits):

(i) in the case of Notes in definitive form only, in the relevant place of presentation; and

(ii) in each Additional Financial Centre (other than TARGET2 System) specified in the applicable Final Terms;

(b) if TARGET2 System is specified as an Additional Financial Centre in the applicable Final Terms, a day on which the TARGET2 System is open; and

(c) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open.

8.6 Interpretation of principal and interest

Any reference in the Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

(a) any additional amounts which may be payable with respect to principal under Condition 10 (*Taxation*) or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Note Trust Deed;

(b) the Final Redemption Amount of the Notes; and

(c) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in the Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 10 (*Taxation*) or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Note Trust Deed.

9. REDEMPTION AND PURCHASE

9.1 Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms.

9.2 Early Redemption

If Early Redemption is specified as being applicable in the applicable Final Terms, in the event that the Group Borrower, in accordance with the Loan Facility Agreement, elects to prepay the Loan Facility in whole or in part prior to the repayment date specified in the Loan Facility Agreement, then the Issuer shall, on giving not less than 30 nor more than 60 days' notice, redeem the Notes of the relevant Series in whole or, in respect of a prepayment in part, in an aggregate principal amount equal to the principal amount of the Loan Facility to be repaid on the date which is two Business Days after that on which payment is made by the Group Borrower under the Loan Facility Agreement (the **Loan Prepayment Date**).

Redemption of Notes pursuant to this Condition where the Specified Currency of the Notes is Sterling shall be made at the higher of the following:

(a) par; and

(b) the price (expressed as a percentage) (as reported in writing to the Issuer and the Note Trustee by a financial adviser nominated by the Issuer and whose identity is approved by the Note Trustee (the **Nominated Financial Adviser**)) (and rounded to three decimal places (0.0005 being rounded upwards)) at which the Gross Redemption Yield on the Notes (if the Notes were to remain outstanding until their original maturity) on the Determination Date would be equal to the sum of (i) the Gross Redemption Yield at 3:00 pm (London time) on the Determination Date of the Benchmark Gilt and (ii) the Spens Margin,

together with any interest accrued up to (but excluding) the Loan Prepayment Date.

For the purposes of this Condition:

Benchmark Gilt means the Specified Benchmark Gilt specified in the applicable Final Terms or such other conventional (i.e. not index-linked) UK Government Gilt as the Issuer (with the advice of the Nominated Financial Adviser) may determine (failing such determination, as determined by the Note Trustee with such advice) to be the most appropriate conventional UK Government Gilt;

Determination Date means 3 Business Days prior to the Loan Prepayment Date; and

Gross Redemption Yield means a yield calculated by the Nominated Financial Adviser on the basis set out by the United Kingdom Debt Management Office in the paper "Formulae for Calculating Gilt Prices from Yields" page 5, Section One: Price/Yield Formulae (Conventional Gilts; Double-dated and Undated Gilts with Assumed (or Actual) Redemption on a Quasi-Coupon Date) (published on 8th June, 1998 and updated on 15th January, 2002 and 16th March, 2005) (as amended or supplemented from time to time).

In the event that the Specified Currency of the Notes is a currency other than Sterling, redemption of Notes pursuant to this Condition shall be in an amount specified in an amendment to the Conditions and the Note Trust Deed in such manner as the Note Trustee may require, together with accrued interest.

9.3 Redemption for tax reasons

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note), on giving not less than 30 nor more than 60 days' notice to the Note Trustee and the Principal Paying Agent and, in accordance with Condition 16 (*Notices*), the Noteholders (which notice shall be irrevocable), if the Issuer satisfies the Note Trustee immediately before the giving of such notice that:

(a) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 10 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 10 (*Taxation*)) or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes; and

(b) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Note Trustee to make available at its specified office to the Noteholders (i) a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (ii) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment, and the Note Trustee shall be entitled to accept without further enquiry such certificate and legal opinion as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Noteholders and the Couponholders.

Notes redeemed pursuant to this Condition 9.3 will be redeemed at their principal amount outstanding together (if appropriate) with interest accrued to (but excluding) the date of redemption.

9.4 Mandatory Early Redemption

If the Loan Facility in respect of a Series of Notes becomes repayable:

(a) as a result of a Loan Event of Default; and/or

(b) following one or more of the Borrowers ceasing to be a Registered Provider of Social Housing (other than following, or as part of, a Permitted Reorganisation resulting from a transfer of all of its assets and liabilities to another Borrower which is itself a Registered Provider of Social Housing or if such Borrower regains its status as a Registered Provider of Social Housing or ceases to be a Borrower within 180 days),

then the Issuer shall redeem the Notes of the relevant Series in full at their principal amount together (if appropriate) with accrued interest to (but excluding) the date on which the Loan Facility is repaid (the **Loan Repayment Date**), on the date which is two Business Days after the Loan Repayment Date.

9.5 Notice of Early Redemption

Notice of any early redemption in accordance with Conditions 9.2 (*Early Redemption*), 9.3 (*Redemption for tax reasons*) or 9.4 (*Mandatory Early Redemption*) above shall be given by the Issuer to the Note Trustee, the Paying Agents and the Noteholders, in accordance with Condition 16 (*Notices*), as promptly as practicable (but, in the case of Condition 9.2 (*Early Redemption*), shall be no later than three Business Days after the receipt by the Issuer of notice from the Group Borrower of its intention to prepay a corresponding amount pursuant to the Loan Facility Agreement).

In the case of a partial redemption of Notes, Notes to be redeemed (**Redeemed Notes**) will (i) in the case of Redeemed Notes represented by definitive Notes, be drawn individually by lot, not more

than 30 days prior to the date fixed for redemption and (ii) in the case of Redeemed Notes represented by a Global Note, be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in principal amount, at their discretion). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 16 (*Notices*) not less than 15 days prior to the date fixed for redemption. Such notice will also specify the date fixed for redemption, the early redemption amount and the aggregate principal amount of the Redeemed Notes, the serial numbers of Notes previously called for redemption and not presented for payment and the aggregate principal amount of the Notes which will be outstanding after the partial redemption.

9.6 Calculations

Each calculation, by or on behalf of the Issuer, for the purposes of this Condition 9 shall, in the absence of manifest error, be final and binding on all persons. If the Issuer does not at any time for any reason calculate amounts referred to in this Condition 9, such amounts may be calculated by the Note Trustee or an agent or expert appointed by the Note Trustee at the expense of the Issuer for this purpose (without any liability accruing to the Note Trustee as a result) based on information supplied to it by the Issuer and each such calculation shall be deemed to have been made by the Issuer.

9.7 Purchases of Notes by the Group Borrower or the Borrowers

Subject to Condition 9.8, the Group Borrower and any other member of the Clarion Housing Group may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Following any such purchase, the Group Borrower or any such other member of the Clarion Housing Group, as the case may be, may (but is not obliged to) surrender the Notes to the Issuer for cancellation. An amount equal to the principal amount of the Notes being surrendered shall be deemed to be prepaid under the Loan Facility Agreement (but, for the avoidance of doubt, without triggering a redemption under Condition 9.2 (*Early Redemption*)).

9.8 Purchases of Notes by the Issuer

The Issuer may not at any time purchase Notes.

9.9 Cancellation

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and any Notes purchased and cancelled pursuant to Condition 9.7 (together with all unmatured Coupons and Talons cancelled therewith) shall be forwarded to the Principal Paying Agent and cannot be reissued or resold.

10. TAXATION

All payments of principal and interest in respect of the Notes and Coupons by or on behalf of the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law. In such event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note or Coupon:

(a) presented for payment in the Tax Jurisdiction; or

(b) the holder of which is liable for such taxes or duties in respect of such Note or Coupon by reason of its having some connection with a Tax Jurisdiction other than the mere holding of such Note or Coupon; or

(c) presented for payment more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 8.5 (*Payment Day*)).

As used herein **Tax Jurisdiction** means the United Kingdom or any political subdivision or any authority thereof or therein having power to tax.

11. PRESCRIPTION

The Notes and Coupons will become void unless claims in respect of principal and/or interest are made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or 8.2 (*Presentation of definitive Notes and Coupons*) or any Talon which would be void pursuant to Condition 8.2 (*Presentation of definitive Notes and Coupons*).

12. EVENTS OF DEFAULT

12.1 Events of Default

The Note Trustee at its discretion may, and if so requested in writing by the holders of at least one-fourth in principal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution shall (subject in each case to being indemnified and/or secured and/or pre-funded to its satisfaction), (but in the case of the happening of any of the events described in paragraphs 12.1(b), 12.1(c) and 12.1(h) below, only if the Note Trustee shall have certified in writing to the Issuer that such event is, in its opinion, materially prejudicial to the interests of the Noteholders), give notice in writing to the Issuer that each Note is, and each Note shall thereupon immediately become, due and repayable at their principal amount together (if appropriate) with accrued interest as provided in the Note Trust Deed if any of the following events (each an **Event of Default**) shall occur:

(a) if default is made in the payment in the Specified Currency of any principal or interest due in respect of the Notes or any of them and the default continues for a period of seven days in the case of principal and 14 days in the case of interest; or

(b) if the Issuer fails to perform or observe any of its other obligations under the Conditions or the Note Trust Deed and (except in any case where, in the opinion of the Note Trustee, the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 30 days next following the service by the Note Trustee on the Issuer of notice requiring the same to be remedied; or

(c) (i) any other present or future indebtedness of the Issuer for or in respect of moneys borrowed or raised becomes due and payable prior to its stated maturity by reason of any actual or potential default, event of default or the like (howsoever described), or (ii) any such indebtedness is not paid when due or, as the case may be, within any applicable grace period, or (iii) the Issuer fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any moneys borrowed or raised provided

that the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned above in this paragraph (c) have occurred equals or exceeds £15,000,000 or its equivalent in other currencies (as reasonably determined by the Note Trustee); or

(d) if any order is made by any competent court or resolution passed for the winding up or dissolution of the Issuer, save for the purposes of reorganisation on terms previously approved in writing by the Note Trustee or by an Extraordinary Resolution; or

(e) if the Issuer ceases or threatens to cease to carry on the whole or, in the opinion of the Note Trustee, substantially all of its business, save for the purposes of reorganisation on terms previously approved in writing by the Note Trustee or by an Extraordinary Resolution, or the Issuer stops or threatens to stop payment of, or is unable to, or admits inability to, pay, its debts (or any class of its debts) as they fall due, or is deemed unable to pay its debts pursuant to or for the purposes of any applicable law, or is adjudicated or found bankrupt or insolvent; or

(f) if (i) proceedings are initiated against the Issuer under any applicable liquidation, insolvency, composition, reorganisation or other similar laws, or an application is made (or documents filed with a court) for the appointment of an administrative or other receiver, manager, liquidator, administrator or other similar official, or an administrative or other receiver, manager, liquidator, administrator or other similar official is appointed, in relation to the Issuer or, as the case may be, in relation to all or substantially all of the undertaking or assets of the Issuer, or an encumbrancer takes possession of all or substantially all of the undertaking or assets of the Issuer, or a distress, execution, attachment, sequestration or other process is levied, enforced upon, sued out or put in force against all or substantially all of the undertaking or assets of the Issuer and (ii) in any case (other than the appointment of an administrator) is not discharged within l4 days; or

(g) if the Issuer initiates or consents to judicial proceedings relating to itself under any applicable liquidation, insolvency, composition, reorganisation or other similar laws (including the obtaining of a moratorium) or makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors) or any meeting is convened to consider a proposal for an arrangement or composition with its creditors generally (or any class of its creditors); or

(h) if it is or will become unlawful for the Issuer to perform or comply with any of its obligations under or in respect of the Notes, the Note Trust Deed or the Loan Facility Agreement.

12.2 Enforcement

The Note Trustee may at any time, at its discretion and without notice, take such proceedings against the Issuer as it may think fit to enforce the provisions of the Note Trust Deed, the Notes, the Coupons and any other documents relating thereto, but it shall not be bound to take any such proceedings or any other action in relation to the Note Trust Deed, the Notes, the Coupons or any other documents relating thereto unless (a) it shall have been so directed by an Extraordinary Resolution or so requested in writing by the holders of at least one-fourth in principal amount of the Notes then outstanding and (b) it shall have been indemnified and/or secured and/or pre-funded to its satisfaction.

The Note Trustee may refrain from taking any action, step or proceeding in any jurisdiction if the taking of such action, step or proceeding in that jurisdiction would, in its opinion based upon legal advice in the relevant jurisdiction (upon which the Note Trustee may rely absolutely and without liability to any person), be contrary to any law of that jurisdiction. Furthermore, the Note Trustee

may also refrain from taking such action, step or proceeding if it would otherwise render it liable to any person in that jurisdiction or if, in its opinion based upon such legal advice, it would not have the power to do the relevant thing in that jurisdiction by virtue of any applicable law in that jurisdiction or if it is determined by any court or other competent authority in that jurisdiction that it does not have such power.

No Noteholder, Couponholder or any Series Secured Party (other than the Note Trustee) shall be entitled to proceed directly against the Issuer unless the Note Trustee, having become bound so to proceed, fails so to do within a reasonable period and the failure shall be continuing.

13. REPLACEMENT OF NOTES, COUPONS AND TALONS

Should any Note, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent (subject to all applicable laws and requirements of the UK Listing Authority or the London Stock Exchange) upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Coupons or Talons must be surrendered before replacements will be issued.

14. AGENTS

The initial Paying Agents are set out above. If any additional Paying Agents are appointed in connection with any Series, the names of such Paying Agents will be specified in Part B of the applicable Final Terms.

The Issuer is entitled, with the prior written approval of the Note Trustee, to vary or terminate the appointment of any Agent and/or appoint additional or other Agents and/or approve any change in the specified office through which any Agent acts, provided that:

(a) there will at all times be a Principal Paying Agent;

(b) so long as the Notes are listed on any stock exchange or admitted to listing by any other relevant authority, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or other relevant authority; and

(c) there will at all times be a Paying Agent in a jurisdiction within Europe, other than any Tax Jurisdiction.

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 8.4 (*General provisions applicable to payments*). Notice of any variation, termination, appointment or change in Paying Agents will be given to the Noteholders promptly by the Issuer in accordance with Condition 16 (*Notices*).

In acting under the Agency Agreement, the Paying Agents act solely as agents of the Issuer and, in certain circumstances specified therein, of the Note Trustee and do not assume any obligation to, or relationship of agency or trust with, any Noteholder or Couponholder. The Agency Agreement contains provisions permitting any entity into which any Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor agent.

15. EXCHANGE OF TALONS

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified

office of any Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 11 (*Prescription*).

16. NOTICES

All notices regarding the Notes will be deemed to be validly given if published in a leading English language daily newspaper of general circulation in London. It is expected that any such publication in a newspaper will be made in the *Financial Times* in London. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or other relevant authority on which the Notes are for the time being listed or by which they have been admitted to trading including publication on the website of the relevant stock exchange or relevant authority if required by those rules. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers. If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Note Trustee shall approve.

Until such time as any definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) or such websites the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published on the website of the relevant stock exchange or relevant authority and/or in a daily newspaper of general circulation in the place or places required by those rules. Any such notice shall be deemed to have been given to the holders of the Notes on the second day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Principal Paying Agent. Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Principal Paying Agent through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Principal Paying Agent, and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

17. SUBSTITUTION

The Note Trust Deed contains provisions permitting the Note Trustee to, subject to any required amendment of the Note Trust Deed, without the consent of the Noteholders or the Couponholders or any Series Secured Party (other than, in respect of the novation or assignment of the Loan Facility Agreement, the Group Borrower), agree with the Issuer to the substitution in place of the Issuer (or of any previous substitute under this Condition) as the principal debtor under the Notes, the Coupons and the Note Trust Deed of another company, registered society or other entity subject to certain conditions set out in the Note Trust Deed being complied with.

Any such substitution shall be notified to the Noteholders in accordance with Condition 16 (*Notices*) as soon as practicable thereafter.

18. MEETINGS OF NOTEHOLDERS, MODIFICATION AND WAIVER

18.1 Meetings of Noteholders

The Note Trust Deed contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Coupons or any of the provisions of the Note Trust Deed. Such a meeting may be convened by the Issuer or the Note Trustee and shall be convened by the Issuer if required in writing by Noteholders holding not less than 10 per cent. in principal amount of the Notes for the time being remaining outstanding (other than in respect of a meeting requested by Noteholders to discuss the financial position of the Issuer and the Clarion Housing Group, which shall be requested in accordance with Condition 6.2 (*Information Covenants*)). The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing more than 50 per cent. in principal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the principal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes or the Coupons or the Note Trust Deed (including, *inter alia*, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes, modifying the date of payment of principal or interest in respect of the Notes, altering the currency of payment of the Notes or the Coupons, altering the majority required to pass an Extraordinary Resolution or amending the Asset Cover Test (as defined in the Loan Facility Agreement) in the Loan Facility Agreement), the quorum shall be one or more persons holding or representing not less than 75 per cent. in principal amount of the Notes for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing not less than 25 per cent. in principal amount of the Notes for the time being outstanding. The Note Trust Deed provides that (a) a resolution passed at a meeting duly convened and held in accordance with the Note Trust Deed by a majority consisting of not less than 75 per cent. of the votes cast on such resolution, (b) a resolution in writing signed by or on behalf of the holders of not less than 75 per cent. in principal amount of the Notes for the time being outstanding or (c) consent given by way of electronic consents through the relevant clearing system(s) by or on behalf of the holders of not less than 75 per cent. in principal amount of the Notes for the time being outstanding, shall, in each case, be effective as an Extraordinary Resolution of the Noteholders. An Extraordinary Resolution passed by the Noteholders will be binding on all the Noteholders, whether or not they are present at any meeting, and whether or not they voted on the resolution, and on all Couponholders.

18.2 Modification, Waiver, Authorisation and Determination

The Note Trustee may agree, without the consent of the Noteholders, Couponholders or any Series Secured Party, to any modification (except as stated in the Note Trust Deed) of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes, the Note Trust Deed, the Loan Facility Agreement or any other Programme Document, or determine, without any such consent as aforesaid, that any Event of Default or Potential Event of Default shall not be treated as such, where, in any such case, it is not, in the opinion of the Note Trustee, materially prejudicial to the interests of the Noteholders so to do or may agree, without any such consent as aforesaid, to any modification which is of a formal, minor or technical nature or to correct a manifest error or an error which, in the opinion of the Note Trustee, is proven. Any such modification, waiver, authorisation or determination shall be binding on the Noteholders, the Couponholders and the Series Secured Parties and (unless the Note Trustee agrees otherwise) shall be notified by the Issuer to the Noteholders in accordance with Condition 16 (*Notices*) as soon as practicable thereafter.

18.3 Note Trustee to have regard to interests of Noteholders as a class

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation or determination), the Note Trustee shall have regard to the general interests of the Noteholders as a class (but shall not have

regard to any interests arising from circumstances particular to individual Noteholders or Couponholders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Noteholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Note Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer, the Note Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders or Couponholders except to the extent already provided for in Condition 10 (*Taxation*) and/or any undertaking or covenant given in addition to, or in substitution for, Condition 10 (*Taxation*) pursuant to the Note Trust Deed.

19. INDEMNIFICATION OF THE NOTE TRUSTEE AND THE NOTE TRUSTEE CONTRACTING WITH THE ISSUER

The Note Trust Deed contains provisions for the indemnification of the Note Trustee and for its relief from responsibility, including provisions relieving it from taking action unless indemnified and/or secured and/or pre-funded to its satisfaction.

The Note Trust Deed also contains provisions pursuant to which the Note Trustee is entitled, *inter alia*, (a) to enter into business transactions with the Issuer and/or any other member of the Clarion Housing Group and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer and/or any other member of the Clarion Housing Group, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Noteholders or Couponholders and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

The Note Trustee shall not be bound to take any step or action in connection with the Note Trust Deed or the Notes or obligations arising pursuant thereto or pursuant to the other Programme Documents, where it is not satisfied that it is indemnified and/or secured and/or prefunded against all its liabilities and costs incurred in connection with such step or action and may demand, prior to taking any such step or action, that there be paid to it in advance such sums as it considers (without prejudice to any further demand) shall be sufficient so as to indemnify it.

The Note Trustee shall have no responsibility for the validity, sufficiency or enforceability of the Series Security. The Note Trustee shall not be responsible for monitoring the compliance by any of the other Transaction Parties with their obligations under the Programme Documents or the Loan Facility Agreement, neither shall the Note Trustee be responsible for monitoring the compliance by the Group Borrower or any of the other parties to the Fixed Charges and the Security Trust Deed of their obligations under the Fixed Charges, the Security Trust Deed or any other document.

20. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Noteholders or the Couponholders to create and issue further notes having terms and conditions the same as the Notes (and backed by the same assets) or the same in all respects save for the amount and date of the first payment of interest thereon and the date from which interest starts to accrue and so that the same shall be consolidated and form a single Series with the outstanding Notes.

21. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No person shall have any right to enforce any term or condition of this Note under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

22. GOVERNING LAW AND SUBMISSION TO JURISDICTION

22.1 Governing law

The Note Trust Deed, the Agency Agreement, the Account Agreement, the Notes, and the Coupons and any non-contractual obligations arising out of or in connection with the Note Trust Deed, the Agency Agreement, the Account Agreement, the Notes and the Coupons are governed by, and construed in accordance with, English law.

22.2 Submission to jurisdiction

(a) Subject to Condition 22.2(c) below, the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with the Note Trust Deed, the Notes and/or the Coupons, including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with the Note Trust Deed, the Notes and/or the Coupons (a **Dispute**) and accordingly each of the Issuer and the Note Trustee and any Noteholders or Couponholders in relation to any Dispute submits to the exclusive jurisdiction of the English courts.

(b) For the purposes of this Condition 22.2, the Issuer waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.

(c) To the extent allowed by law, the Note Trustee, the Noteholders and the Couponholders may, in respect of any Dispute or Disputes, take (i) proceedings in any other court with jurisdiction; and (ii) concurrent proceedings in any number of jurisdictions.

22.3 Other documents

The Issuer has in the Agency Agreement and the Account Agreement submitted to the jurisdiction of the English courts.

USE OF PROCEEDS

The net proceeds from the issue of Notes of each Series will be advanced by the Issuer to the Group Borrower pursuant to the Loan Facility Agreement in respect of such Series and the Group Borrower will, in turn, on-lend such funds to one or more of the Borrowers pursuant to an On-Loan Agreement made between the Group Borrower and the relevant Borrower(s) to be applied in the achievement of the relevant Borrower's or Borrowers' charitable objects, as permitted by their respective constitutional documents.

DESCRIPTION OF THE LOAN FACILITY AGREEMENT

The following description of the Loan Facility Agreement consists of a summary of certain provisions of the Loan Facility Agreement and is qualified by reference to the detailed provisions thereof. The following summary does not purport to be complete and prospective investors must refer to the Loan Facility Agreement for detailed information regarding the Loan Facility Agreement. The Loan Facility Agreement is not, however, incorporated by reference into, and therefore does not form part of, this Offering Circular.

Terms used in this section but not otherwise defined in this Offering Circular have the meanings given to them in the Loan Facility Agreement Standard Terms.

Loan Facility

The Issuer as the Loan Facility Provider shall make a Loan Facility available to the Group Borrower from time to time on the Series Closing Date of each Series of Notes. Each Loan Facility will be a secured, guaranteed term loan facility made available pursuant to a Loan Facility Agreement. It is intended that the amount of the Loan given under each relevant Loan Facility Agreement will correspond to the proceeds of the issue of the related Series of Notes.

Purpose

The proceeds of each Loan Facility may only be used by the Group Borrower for on-lending by the Group Borrower to one or more of the Borrowers (subject as set out in "*Addition of Guarantors*" below) (together, the **Borrowers** and the **Guarantors**) pursuant to an On-Loan Agreement made between the Group Borrower and the relevant Borrower(s) to be applied in the achievement of the relevant Borrower's or Borrowers' charitable objects, as permitted by their respective constitutional documents.

The Group Borrower is entitled to borrow, has borrowed and will borrow from other lenders who also have the benefit of the Deed of Guarantee and the Underlying Security provided by the Guarantors and the Group Borrower to the extent that it is relevant in relation to the loan documentation between the Obligors and such lender.

Loan Facility Agreement

Each Loan Facility will be documented pursuant to a Loan Facility Agreement entered into between, among others, the Issuer (in its capacity as lender of the Loan Facility) and the Group Borrower (as borrower) and which will be comprised of the loan facility agreement standard terms (the **Loan Facility Agreement Standard Terms**) made between the Issuer and the Group Borrower and signed for identification on or about the Programme Date and each loan transaction terms (each **Loan Transaction Terms**) in respect of the relevant Series which will be made between the Issuer and the Group Borrower and which will be dated on or about the relevant Series Closing Date.

Advances

Subject to the Conditions Precedent Documents being received and the conditions for an advance to be made being satisfied in accordance with the Loan Facility Agreement on the relevant Series Closing Date, the Issuer shall advance the Total Advance Amount to the Group Borrower on the relevant Series Closing Date.

The Total Advance Amount will be specified in the relevant Loan Transaction Terms.

Interest

Interest Basis of Advances

An Advance under the Loan Facility can be made either as a Fixed Advance on a fixed rate basis or a Floating Advance on a floating rate basis. The interest rate basis of an Advance will be specified in the Loan Transaction Terms related to a Series.

Interest on the Loan Facility to correspond to interest on the Notes

For the avoidance of doubt, the parties to the Loan Facility Agreement shall acknowledge on each Series Closing Date that the Interest Rate to be specified in the Loan Transaction Terms in respect of an Advance, which corresponds to a Series of Notes to be issued by the Issuer to fund such Advance, should conform to the interest rate payable under such Series of Notes. In the event of any inconsistency in respect thereof, the provisions hereof in respect of the interest payable by the Group Borrower to the Issuer shall be adjusted accordingly such that the Group Borrower shall pay to the Issuer an amount of interest in respect of such Advance which conforms to the interest amount payable under the relevant Series of Notes.

Interest Rate

The rate of interest on each Advance for each Loan Interest Period will be specified in the relevant Loan Transaction Terms. The Group Borrower will pay accrued interest on each Advance on the Payment Date specified in the relevant Loan Transaction Terms.

Loan Interest Periods

The Loan Interest Periods in respect of each Advance shall start on (and include) a Payment Date (or in respect of the first Loan Interest Period, on (and include) the Series Closing Date) and shall end on (but exclude) the next (or first) Payment Date. The last Loan Interest Period shall end on (but exclude) the Final Maturity Date of such Advance (each, a **Loan Interest Period**).

Repayment, Prepayment and Purchase

Repayment Basis

The Group Borrower shall repay the entire principal outstanding of such Advance on the Final Maturity Date specified in the Loan Transaction Terms.

Optional Prepayment

Subject as follows, if "Optional Prepayment" is specified in the relevant Loan Transaction Terms as "Applicable" the Group Borrower may, at any time before the Final Maturity Date, give the Issuer not less than 45 nor more than 60 days' notice of its intention to prepay all or part of an outstanding Advance, together with any interest accrued up to and including the date of prepayment (or, if the corresponding Notes of the relevant Series are to be redeemed pursuant to Condition 9.2 (*Early Redemption)*, the date fixed for redemption of such corresponding Notes), to the Issuer and any prepayment so made shall satisfy the Group Borrower's obligations under Clause 6.1 (*Repayment of the Advances*) of the Loan Facility Agreement Standard Terms to the extent of such prepayment and shall be applied against such Advance or Advances as the Group Borrower shall specify. In the case of a Fixed Advance where the Specified Currency is Sterling, any prepayment shall be made at an amount equal to the higher of:

(a) par; and

(b) for so long as any Notes of the relevant Series are outstanding, the price as notified to the Group Borrower by the Issuer as being the price determined under the Note Trust Deed for the redemption of a corresponding principal amount of the applicable Notes of the relevant Series,

together with any interest accrued up to and including the date of redemption of the Notes corresponding to the relevant Loan Facility. In the case of a Floating Advance and/or where the Specified Currency of an Advance is not Sterling, any prepayment made shall be as specified in the relevant Loan Transaction Terms.

Mandatory Prepayment

If a Series of Notes becomes redeemable prior to their Final Maturity Date, other than as a result of a prepayment under or a termination of the Loan Facility Agreement, the Group Borrower shall repay the entire principal outstanding on the corresponding Advance at the principal amount on the Business Day prior to the relevant date of redemption, together with any interest accrued up to and including the date of redemption of the corresponding Series of Notes.

Mandatory Prepayment – Cancellation of Status

The Group Borrower shall promptly notify the Issuer and the Security Trustee if a Borrower ceases to be a Registered Provider of Social Housing. Within 180 days of such notification, the Group Borrower shall prepay the whole of the outstanding balance of the Loan Facility at the Mandatory Prepayment Amount, together with any interest accrued up to and including the relevant date of redemption, provided however, that (i) if the relevant Borrower either ceases to be a Borrower or regains its status as a Registered Provider of Social Housing within such period of 180 days or (ii) if the relevant Borrower has ceased to be a Registered Provider of Social Housing following, or as part of, a Permitted Reorganisation resulting from a transfer of all of its assets and liabilities to another Borrower which is itself a Registered Provider of Social Housing, the Group Borrower shall no longer be required to prepay the Loan Facility.

A **Registered Provider of Social Housing** is defined for the purpose of the Loan Agreement as meaning a person listed in the register of providers of social housing established under Chapter 3 of Part 2 of the Housing and Regeneration Act 2008 (as amended from time to time) or any replacement or successor legislation thereto, provided that if such legislation is repealed and not replaced or succeeded, the term Registered Provider of Social Housing shall be given such meaning as the Security Trustee (after consultation with the Issuer) considers to correspond to such meaning as at the date that such legislation is repealed.

Purchase of Notes by Group Borrower or any member of the Clarion Housing Group

The Group Borrower and any other member of the Clarion Housing Group (other than the Issuer) may at any time purchase Notes in the open market or otherwise at any price. Following any such purchase the Group Borrower or such other member of the Clarion Housing Group, as the case may be, may (but is not obliged to) surrender such Notes to the Issuer for cancellation. An amount equal to the principal amount outstanding of the Notes being surrendered shall be deemed to be prepaid under the relevant Loan Facility Agreement. Such surrendered and cancelled Notes shall not be available for reissue.

Tax Deduction and Gross Up on Loan Payments

The Group Borrower is required under each Loan Facility Agreement to make all payments to be made by it without any deduction or withholding for or on account of Tax under a Loan Facility (a **Tax Deduction**), unless a Tax Deduction is required by law.

The Group Borrower shall promptly upon becoming aware that it must make a Tax Deduction (or that there is any change in the rate or the basis of a Tax Deduction) notify the Issuer accordingly. Similarly, the Issuer on becoming so aware in respect of a payment payable to the Issuer shall notify the Group Borrower.

If a Tax Deduction is required by law to be made by the Group Borrower in respect of any payment under a Loan Facility, the amount of the payment due from the Group Borrower shall be increased to an amount which (after making any Tax Deduction) will result in the Issuer receiving an amount equal to the payment which would have been due if no Tax Deduction had been required (a **Tax Gross Up**).

Tax Indemnity

The Group Borrower shall (within three Business Days of demand by the Issuer) pay to the Issuer an amount equal to the loss, liability or cost which the Issuer determines will be or has been (directly or indirectly) suffered for or on account of Tax by the Issuer in respect of a Finance Document or the Group Borrower Security Deed.

The above shall not apply (a) with respect to any Tax assessed on the Issuer under the law of the United Kingdom or, if different, the jurisdiction (or jurisdictions) in which the Issuer is treated as resident for tax purposes, if that Tax is imposed on or calculated by reference to the net income received or receivable (but not any sum deemed to be received or receivable) by the Issuer; or (b) to the extent a loss, liability or cost is compensated for by an increased payment under the Tax Gross Up described above.

Tax Credit

If the Group Borrower makes a Tax Payment and the Issuer determines that:

(a) a Tax Credit is attributable either to an increased payment of which that Tax Payment forms part, or to that Tax Payment or to a Tax Deduction in consequence of which that Tax Payment was required; and

(b) the Issuer has obtained, utilised and retained that Tax Credit,

the Issuer shall pay an amount to the Group Borrower which the Issuer determines will leave it (after that payment) in the same after-Tax position as it would have been in had the Tax Payment not been required to be made by the Group Borrower.

Gross-Up on Note Payments

If as a result of any actual or proposed change in tax law, the Issuer determines (in its reasonable commercial judgement) that it would on the next following Note Payment Date be required to withhold or deduct on account for tax on any payments made under the Notes and as a result would be required to pay additional amounts as provided or referred to in Condition 10 (*Taxation*), the Group Borrower shall pay to the Issuer such additional amounts as will enable the Issuer (after such withholding or deduction) to pay to the Noteholders and Couponholders the amounts of principal and interest which they would have received in respect of such Series of Notes in the absence of such withholding or deduction. However, in such circumstances, the Group Borrower may by notice to the Issuer require the Issuer to exercise its option to redeem the Notes early pursuant to Condition 9.3 (*Redemption for tax reasons*) and a corresponding amount under the Loan Facility shall become repayable, provided that the Issuer is entitled to do so pursuant to Condition 9.3 (*Redemption for tax reasons*).

Apportionment Basis

The Charged Properties securing the Borrowers' guarantee of the obligations of the Group Borrower under each Loan Facility Agreement shall be apportioned on (i) the Numerical Apportionment Basis (subject to the rights of the Beneficiaries to require the Specific Apportionment Basis to apply in limited circumstances after the occurrence of a Loan Event of Default in accordance with the terms of the Security Trust Deed) or (ii) the Specific Apportionment Basis, as specified in the Loan Transaction Terms. See "*Description of the Deed of Guarantee and the Underlying Security*" below.

The Issuer shall agree (and shall be deemed to have confirmed to the Security Trustee under the Security Trust Deed its agreement) to any apportionment (or adjustment to any apportionment) of its NAB Charged Properties:

(a) on 31st March and 30th September in each year;

(b) immediately before and as a condition precedent to the disbursement of any loan under any Finance Document, the accession of a new Beneficiary and/or the release of an Existing Beneficiary or Obligor (each as defined in the Security Trust Deed) from the Security Trust Deed; and

(c) promptly on further collateral being required to be posted under any Finance Document,

provided the terms of the relevant Loan Facility Agreement have been and continue to be complied with, no Loan Event of Default has occurred and is outstanding, the Group Borrower would continue to be in compliance with the NAB Asset Cover Test immediately after such apportionment (or adjustment to any apportionment) and such apportionment (or adjustment to any apportionment) be made with the agreement of all Beneficiaries except in the circumstances specified in Clause 5.2(B) of the NAB Administration Agreement.

Warranties and Covenants

The Group Borrower will make various representations and warranties to the Issuer in the Loan Facility Agreement on each Series Closing Date subject to the provisos in the Loan Facility Agreement Standard Terms, and will undertake to comply with a number of covenants. These representations, warranties and covenants include, *inter alia*, the following:

(a) ***Information Covenants***: The Group Borrower must supply to the Issuer and the Security Trustee not later than seven months after the end of each financial year copies of (i) the audited consolidated financial statements of the Group Parent for such financial year; (ii) the audited unconsolidated financial statements of the Group Borrower for such financial year; (iii) the audited unconsolidated financial statements of each Borrower for such financial year; and (iv) a certificate setting out, among other things, calculations in respect of the financial covenants substantially in the form set out in the Loan Facility Agreement (the **Compliance Certificate**) signed by an authorised signatory of the Group Borrower.

(b) ***Negative Pledge***: The Group Borrower shall procure that no Obligor shall create or allow to exist any Security Interest on any of its assets which are Security Assets, except as set out in Clause 8.2(c) (*Negative Pledge*) of the Loan Facility Agreement Standard Terms which includes the Security Interests created pursuant to, *inter alia*, the Security Trust Deed and the Fixed Charges.

(c) ***No Other Business***: The Group Borrower must not carry on any other business or own any assets other than incurring indebtedness to the extent permitted by the Finance Documents (as defined in the Security Trust Deed) including the entering into of derivative transactions in connection with protection against or to benefit from fluctuations in any rate, price, currency, index or credit rating, and the making of loans and guarantees to other members of the Clarion Housing Group and matters related thereto, each in its capacity as a group finance vehicle for the Clarion Housing Group and/or the entry into the Finance Documents to which it is a party and all matters contemplated therein.

(d) ***Charged Properties***: The Group Borrower shall procure that each Borrower obtains any authorisation or licence required in order to enable the Security Trustee pursuant to the powers of enforcement conferred on it by the Security Documents to sell vacant Charged Properties and maintains insurances on and in relation to its Charged Properties.

(e) ***Covenants***: The Group Borrower shall (unless the Security Trustee otherwise agrees in writing) procure that each Borrower complies with any covenants or restrictive covenants relating to a Charged Property which are binding on it.

(f) ***On-Loan Agreements***: The Group Borrower undertakes to ensure that a sufficient rate of interest is charged under the On-Loan Agreements (taken as a whole) to ensure that the Group Borrower is able to meet its obligation to pay interest under, *inter alia*, the Loan Facility Agreement.

Financial Covenants

Asset Cover Test

The Group Borrower shall covenant with the Issuer to ensure that from the date of each Loan Facility Agreement until all amounts due from the Group Borrower under the Loan Facility Agreement have been repaid in full:

(a) where the Numerical Apportionment Basis has been specified in the Loan Transaction Terms as the method of apportionment of Charged Properties in relation to a Loan Facility, the aggregate of:

(i) the Minimum Value of the NAB Charged Properties multiplied by the Series Security Percentage; and

(ii) the aggregate amount of any Charged Cash in any Cash Security Account relating to such Series,

is not less than the outstanding principal amount of the Loan Facility (the **NAB Asset Cover Test**); and

(b) where the Specific Allocation Basis has been specified in the Loan Transaction Terms as the method of apportionment of Charged Properties in relation to a Loan Facility, the aggregate of:

(i) the Minimum Value of the SAB Charged Properties relating to the relevant Loan Facility; and

(ii) the aggregate amount of any Charged Cash in any Cash Security Account relating to such Series,

is not less than the outstanding principal amount of the Loan Facility (the **SAB Asset Cover Test** and, together with the NAB Asset Cover Test, the **Asset Cover Tests** and each an **Asset Cover Test**).

(c) The Group Borrower shall provide to the Issuer and the Security Trustee, on each Valuation Date, a Compliance Certificate, together with the relevant Valuation Report signed by an Authorised Signatory of the Group Borrower.

(d) In the event that the basis of the Issuer's apportionment of security in respect of the Group Borrower's obligations under the Loan Facility Agreement is changed to the Specific Apportionment Basis in accordance with the Security Trust Deed, the relevant Asset Cover Test and each of the provisions relating to the release, addition, substitution and apportionment of Charged Properties in the Loan Facility Agreement shall be construed accordingly.

Charged Cash

The Group Borrower may, at any time, place funds with the Issuer and the Issuer may deposit, or arrange for the deposit, of money into the Cash Security Account (if any) relating to the corresponding Series of Notes for the purpose of satisfying the relevant Asset Cover Test.

Subject to the delivery by the Group Borrower to the Issuer and the Security Trustee of a Compliance Certificate demonstrating that, immediately upon the release of all or any portion of the Charged Cash, the relevant Asset Cover Test will be satisfied, the Issuer shall be entitled to have released to it the Charged Cash (or the relevant portion thereof) from the Cash Security Account (if any).

The Issuer shall acknowledge that all sums standing to the credit of any Cash Security Account shall be charged in favour of the Note Trustee pursuant to the terms of the Note Trust Deed.

Interpretation

For these purposes:

Charged Properties means all estates and interests in any freehold or leasehold property which are mortgaged or charged to the Security Trustee pursuant to a Fixed Charge and all buildings, erections, fixtures and fittings, fixed plant and machinery from time to time on it;

Issuer's Apportioned Part means (a) the number of units allocated to the Issuer under the Numerical Apportionment Basis from time to time or (b) the Charged Properties allocated to the Issuer under the Specific Apportionment Basis from time to time;

Issuer's Security Percentage means the Issuer's Apportioned Part divided by the total number of NAB Charged Properties (expressed as a percentage);

Minimum Value means:

$$\left(\frac{A}{105}+\frac{B}{115}\right) \text{ x } 100$$

where:

A = the Value of (a) the residential EUV-SH NAB Charged Properties determined on the basis of EUV-SH or (b) the residential EUV-SH SAB Charged Properties determined on the basis of EUV-SH from time to time, as the case may be; and

B = the Value of (a) the residential MV-ST NAB Charged Properties determined on the basis of MV-ST or (b) the residential MV-ST NAB Charged Properties determined on the basis of MV-ST from time to time, as the case may be;

NAB Charged Properties means the aggregate number of units comprising the Charged Properties which have been apportioned to beneficiaries on a Numerical Apportionment Basis;

SAB Charged Properties means the Charged Properties which have been apportioned to beneficiaries on a Specific Apportionment Basis;

Value means, at any time and in relation to the Charged Properties, the value of those properties as shown in the then latest Full Valuation, Desk Top Valuation or Rolling Valuation, as the case may be, on the basis of EUV-SH or, as the case may be, MV-ST (provided that if any Charged Property or part thereof is sold pursuant to a Right to Buy or Shared Ownership Sale, the Value of the relevant Charged Property shall, for the purposes of this definition and with effect from the date of the relevant sale or release, be zero (if the

entire relevant Charged Property has been sold) or (if only part of the relevant Charged Property has been sold) shall be the proportion of the value of the Charged Property which has not been sold pursuant to the relevant Right to Buy or Shared Ownership Sale).

Substitution and Release of Charged Properties and Statutory Disposals

Substitution

At the request and expense of the relevant Borrower (acting through the Group Borrower), the Security Trustee shall (and the Issuer shall be deemed to direct the Security Trustee to) release from the relevant Security Documents (and/or reallocate, if applicable) such of the NAB Charged Properties or the SAB Charged Properties allocated to the Loan Facility Provider as Beneficiary, as the case may be, and substitute such of the Properties (each, a **Substitute Property**) as may be selected by the relevant Borrower (acting through the Group Borrower), provided that the Group Borrower delivers to the Issuer and the Security Trustee a completed Substitute Property Certificate certifying that, *inter alia*, immediately following such release (and/or reallocation, if applicable), the NAB Asset Cover Test or the SAB Asset Cover Test, as the case may be, will not be breached as a result of the substitution of the relevant Properties and that no Loan Event of Default or Potential Loan Event of Default has occurred and is continuing.

Subject to the delivery by the Group Borrower to the Issuer and the Security Trustee of a completed Substitute Property Certificate, the Issuer shall be deemed to have confirmed to the Security Trustee under the Security Trust Deed its satisfaction with the conditions of Clause 6.1 (*Substitution of Security Assets*) of the Security Trust Deed in relation to the Substitute Properties and that no Loan Event of Default or Potential Loan Event of Default has occurred and is continuing.

Release

At the request and expense of the relevant Borrower (acting through the Group Borrower), the Security Trustee shall release (and the Issuer shall be deemed to direct the Security Trustee to release) from the relevant Security Documents (and/or reallocate, if applicable) such of the NAB Charged Properties or the SAB Charged Properties allocated to the Loan Facility Provider as Beneficiary, as the case may be, as may be selected by the relevant Borrower (acting through the Group Borrower) provided that the Group Borrower delivers to the Issuer and the Security Trustee a completed Property Release Certificate, certifying that, immediately following such release (and/or reallocation, if applicable), the NAB Asset Cover Test or the SAB Asset Cover Test, as the case may be, will not be breached as a result of the release (and/or reallocation, if applicable) of the relevant NAB Charged Properties or the SAB Charged Properties, respectively and that no Loan Event of Default or Potential Loan Event of Default has occurred and is continuing.

Statutory Disposals

Each Borrower shall have the right to withdraw Property from the relevant Security Documents such of the NAB Charged Properties or the SAB Charged Properties, as the case may be, as may be subject to any Statutory Disposal, provided that the Group Borrower delivers to the Issuer and the Security Trustee a completed Statutory Disposal Certificate, certifying that the relevant withdrawal relates to a Statutory Disposal and that, immediately following such release, the NAB Asset Cover Test or the SAB Asset Cover Test, as the case may be, will not be breached as a result of the release of the relevant Charged Properties.

Additional provisions on the release of Charged Properties

The provisions under the headings "*Substitution*", "*Release*" and "*Statutory Disposals*" shall not apply to:

(a) a release (and/or reallocation, if applicable) or release (and/or reallocation, if applicable) and substitution of Unallocated Charged Properties; or

(a) a release (and/or reallocation, if applicable) or release (and/or reallocation, if applicable) and substitution of Units where this would not reduce the number of Units allocated to the Loan Facility Provider as Beneficiary as set out in the latest NAB Apportionment Certificate,

provided, in each case, that no Loan Event of Default or Potential Loan Event of Default has occurred and is continuing at that time or would result from that release (and/or reallocation, if applicable) or release (and/or reallocation, if applicable) and substitution.

Approval of New Properties

Subject to the delivery by the Group Borrower to the Issuer and the Security Trustee of a completed New Property Approval Certificate confirming that, *inter alia*, the proposed New Properties are residential properties of a type and nature that are usually owned by Registered Providers of Social Housing, and that a Full Valuation has been delivered to the Security Trustee pursuant to the Security Trust Deed, the Issuer shall be deemed to have confirmed to the Security Trustee under the Security Trust Deed its satisfaction with the conditions of Clause 3.2 (*Additional Security*) of the Security Trust Deed.

Valuations

Full Valuations and Desk Top Valuations

In accordance with Clause 14.1 (*Full Valuations and Desk Top Valuations*) of the Loan Facility Agreement Standard Terms and subject to the provisions below, the Group Borrower shall deliver, or procure the delivery, to the Issuer and the Security Trustee of:

(a) a full valuation which values all Charged Properties on a full valuation basis at least once in every period of five calendar years (a **Full Valuation**), where the first such Full Valuation must be delivered in the period between 31st March in the year specified as the First Full Valuation Year in the Loan Transaction Terms and the date falling 120 days thereafter (or, at the option of the Group Borrower, within the same period in any prior calendar year) and, unless the Issuer, Group Borrower and Security Trustee agree otherwise, thereafter within 120 days of each consecutive fifth anniversary of the date on which the Full Valuation was previously provided; and

(b) a valuation which values all the Charged Properties on a "desk-top" basis (a **Desk Top Valuation**) in the period between 31st March and the date falling 120 days thereafter in each year other than a year in respect of which such Charged Properties have been valued on a full valuation basis through the delivery of a Full Valuation in accordance with paragraph (a) above, where the first such Desk Top Valuation must be delivered within 120 days of 31st March in the year specified as the First Desk Top Valuation Year in the Loan Transaction Terms.

Rolling Valuations

In accordance with Clause 14.2 (*Rolling Valuations*) of the Loan Facility Agreement Standard Terms and notwithstanding the above, the Group Borrower may elect to deliver, or procure the delivery of, a rolling valuation, instead of a Full Valuation and Desk Top Valuation as described above, to the Issuer and the Security Trustee in the period between 31st March and the date falling 120 days thereafter in each year whereby the Valuer values:

(a) not less than 20 per cent. of the Charged Properties on a full valuation basis (such Charged Properties being Charged Properties which have not been the subject of a full valuation in either a Full Valuation (other than a Full Valuation prepared pursuant the provisions above)) or a Rolling Valuation prepared in the preceding two years and such that 100 per cent. of Charged Properties are

valued on a full valuation basis in any five year period following the election by the Group Borrower to deliver, or procure the delivery of, Rolling Valuations taking into account any additions, substitutions and withdrawals of Charged Properties in accordance with the Loan Facility Agreement (unless otherwise agreed between the Issuer, the Group Borrower and the Security Trustee); and

(b) the remaining Charged Properties on a "desk-top" basis,

(each such valuation, a **Rolling Valuation**).

If the Group Borrower elects to deliver, or procure the delivery of a Rolling Valuation in accordance with the above paragraph, the Group Borrower will not be required to deliver, or procure the delivery of, a Full Valuation every five years and a Desk Top Valuation in each year in which a Full Valuation is not produced.

Loan Events of Default and Enforcement

Loan Events of Default

Each of the following paragraphs describes circumstances which constitute a Loan Event of Default for the purposes of a Loan Facility Agreement:

(a) ***Non-payment***: An Obligor fails to pay any sum due from it under the Finance Documents in the manner specified therein unless the non-payment continues for a period of not more than seven days in the case of principal and not more than 14 days in the case of interest.

(b) ***Breach of Other Obligations***: Any Obligor fails duly to perform or comply with any other obligation expressed to be assumed by it in any Finance Document or Security Document to which it is a party (other than (i) those in (a) (*Non-Payment*) and (h) (*Breach of Asset Cover Test*) and (except in any case where, in the opinion of the Security Trustee, the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) such failure, if capable of remedy, is not remedied within 30 Business Days next following the service by the Security Trustee on the relevant Obligor of notice requiring the same to be remedied.

(c) ***Other non-payment:***

(i) any other present and future indebtedness of an Obligor for or in respect of moneys borrowed or raised becomes due and payable prior to its stated maturity by reason of any actual or potential default, event of default or the like (howsoever described);

(ii) any such indebtedness of an Obligor is not paid when due or, as the case may be, within any applicable grace period; and

(iii) an Obligor fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any moneys borrowed or raised,

provided that the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned in sub-clauses (i) to (iii) above in this paragraph (c) have occurred equals or exceeds £15,000,000 or its equivalent in other currencies (as reasonably determined by the Security Trustee) and provided, further, for the avoidance of doubt, that the amounts mentioned in this paragraph (c) shall exclude the amount of any Public Sector Subsidy except for any Public Sector Subsidy which is or becomes due and payable to the relevant grant making body or organisation.

(d) ***Winding-Up***: Any order is made by any competent court or resolution passed for the winding up or dissolution of an Obligor save for the purposes of a Permitted Reorganisation or other reorganisation on terms previously approved in writing by the Security Trustee.

(e) ***Cessation of Business:*** An Obligor ceases or threatens to cease to carry on the whole or, as determined by the Security Trustee, a substantial part of its business, save for the purposes of a Permitted Reorganisation or other reorganisation on terms previously approved in writing by the Security Trustee, or an Obligor stops or threatens to stop payment of, or is unable to, or admits inability to, pay, its debts (or any class of its debts) as they fall due, or is deemed unable to pay its debts pursuant to or for the purposes of any applicable law, or is adjudicated or found bankrupt or insolvent.

(f) ***Insolvency:*** Any of the insolvency related events occurs or proceedings are taken in accordance with Clause 16.6 (*Insolvency*) or Clause 16.7 (*Insolvency Proceedings*) of the Loan Facility Agreement Standard Terms, respectively (which exclude any Permitted Reorganisation or reorganisation on terms previously approved in writing by the Security Trustee).

(g) ***Unlawfulness:*** It is or becomes unlawful for an Obligor to perform any of its material obligations under the Finance Documents or Security Documents to which it is a party.

(h) ***Breach of Asset Cover Test:*** The Group Borrower fails to perform its obligations under Clause 12.1 (*Asset Cover Test*) of the Loan Facility Agreement Standard Terms and (except in any case where, in the opinion of the Security Trustee, the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 60 days next following the service by the Security Trustee on the Group Borrower of notice requiring the same to be remedied.

Action Upon A Loan Event Of Default

Acceleration and Cancellation

Upon the occurrence of a Loan Event of Default (but in the case of the happening of any of the events described in paragraphs (b) (*Breach of Other Obligations*) to (d) (*Winding-Up*) (other than the winding up or dissolution of the Group Borrower) inclusive, only if the Security Trustee shall have certified in writing to the Group Borrower that such event is, in its opinion, materially prejudicial to the interests of the Issuer), at any time thereafter (whilst it is continuing and unwaived), the Security Trustee at its discretion may, and shall if so directed by the Issuer, by notice to the Obligors declare the relevant Loan Facility to be immediately due and payable (whereupon the same shall become so payable together with accrued interest thereon and any other sums then owed by the Group Borrower under the Loan Facility Agreement) and/or permit the Charged Cash standing to the credit of the Cash Security Account (if any) to be applied in discharge of the Group Borrower's obligations under the Loan Facility Agreement.

Call on the Deed of Guarantee

Upon the occurrence of a Loan Event of Default (and in the case of the happening of any of the events described in paragraphs (b) (*Breach of other obligations*) to (d) (*Winding-Up*) (other than the winding up or dissolution of the Group Borrower) inclusive above, only if the Security Trustee shall have certified in writing to the Group Borrower that such event is, in its opinion, materially prejudicial to the interests of the Issuer), at any time thereafter (whilst it is continuing and unwaived), the Security Trustee at its discretion may, and shall if so directed by the Issuer, by notice to each of the Guarantors, call for payment of all amounts due under the Deed of Guarantee in respect of such Loan Facility.

In the event that the Guarantors fail to pay on demand amounts owing by them to the Issuer, subject always to the provisions of the Security Documents, the Security Trustee at its discretion may, and shall if so directed by the Issuer serve notice of a Loan Enforcement Event (as defined under the definition of "Enforcement Event" in the Security Trust Deed) on the Group Borrower and/or the Guarantors and decide to enforce the Security and if so, the Issuer shall direct the Security Trustee to enforce the security in respect of any NAB Charged Properties apportioned to the Issuer in accordance with the NAB Administration Agreement and the Security Trust Deed and any SAB Charged Properties apportioned to the Issuer in

accordance with the Security Trust Deed and, if permitted to do so by the Security Trust Deed, the Unallocated Charged Properties, and the Security Trustee shall be bound to declare, direct or take any such proceedings if it shall have been (a) so directed by the Issuer and (b) indemnified and/or secured (whether by the provision of security or otherwise) and/or prefunded to its satisfaction.

Indemnity

The Group Borrower will agree in a Loan Facility Agreement to indemnify the Issuer and the Security Trustee against any cost, claim, loss, expense (including legal fees) or liability, which it may directly sustain or incur as a consequence of: (i) the occurrence of any Loan Event of Default or any default by any Obligor in the performance of any of the obligations expressed to be assumed by it in any of the Finance Documents or the Security Documents or the investigation of any Loan Event of Default or such default which the Issuer or the Security Trustee reasonably believes is a Loan Event of Default or such default; (ii) an Advance not being made on the Series Closing Date as a result of the Group Borrower failing to deliver the required Conditions Precedent Documents to the Issuer in accordance with Clause 2.4 (*Conditions Precedent Documents for Advances*) of the Loan Facility Agreement Standard Terms and/or not satisfying any of the conditions in Clause 4 (*Making of Advances*) of the Loan Facility Agreement Standard Terms for that Advance (other than by reason of the negligence or default of the Issuer); (iii) any prepayment of the Notes in accordance with Condition 9.2 (*Early Redemption*) or Condition 9.4 (*Mandatory Early Redemption*), including any prepayment penalty incurred by the Issuer in connection therewith; or (iv) acting or relying on any formal notice, request or instruction which it reasonably believes to be genuine, correct and appropriately authorised (having made all appropriate checks).

Addition and Resignation of Guarantors in respect of a Loan Facility Agreement

Addition of Guarantors

Pursuant to Clause 23.1 (*Addition of New Guarantors*) of the Loan Facility Agreement Standard Terms, the Group Borrower may procure that any other member of the Clarion Housing Group becomes a Guarantor in respect of a Loan Facility Agreement provided that such member is a Charity and a Registered Provider of Social Housing and has (a) acceded to the Deed of Guarantee as a Guarantor; (b) acceded to the Security Trust Deed as an Obligor; and (c) created security over its Charged Properties to secure its obligations pursuant to the Deed of Guarantee.

Resignation of Guarantors

Pursuant to Clause 23.2 (*Resignation of a Guarantor*) of the Loan Facility Agreement Standard Terms, a Guarantor may cease to be a Guarantor, upon request by the Group Borrower, provided that the Group Borrower provides a Guarantor Resignation Notice (as defined in the Loan Facility Agreement) confirming (a) that the NAB Asset Cover Test or the SAB Asset Cover Test, as the case may be, will not be breached by reason of the acceptance of such Guarantor Resignation Notice; and (b) the Guarantor has ceased to be a Guarantor pursuant to clause 11 of the Deed of Guarantee.

Clauses 23.1 and 23.2 of the Loan Facility Agreement Standard Terms do not, however, prohibit a Permitted Reorganisation (but without prejudice to "*Mandatory Prepayment – Cancellation of Status*" above).

DESCRIPTION OF THE DEED OF GUARANTEE AND UNDERLYING SECURITY

The following description of the Deed of Guarantee and Underlying Security consists of a summary of certain provisions of the Deed of Guarantee and the documents evidencing the Underlying Security and is qualified by reference to the detailed provisions thereof. The following summary does not purport to be complete and prospective investors must refer to the Deed of Guarantee and the documents evidencing the Underlying Security for detailed information regarding the Deed of Guarantee and Underlying Security, respectively.

Definitions used in this section but not otherwise defined in this Offering Circular have the meanings given to them in the Deed of Guarantee and the documents evidencing the Underlying Security.

OVERVIEW

The obligations of the Group Borrower under the Loan Facility granted by the Issuer will be guaranteed by the Guarantors pursuant to the Deed of Guarantee in favour of the Security Trustee on trust for and on behalf of the Issuer and all other Loan Facility Providers (as defined in the Deed of Guarantee). To secure their obligations under the Deed of Guarantee, the Guarantors will create Fixed Charges in favour of the Security Trustee over certain Charged Properties.

The Group Borrower will create security in favour of the Security Trustee on trust for the Issuer and all other Loan Facility Providers (as defined in the Deed of Guarantee) over the account into which the proceeds of any Loan Facility are paid and over the account into which the Guarantors make payment of amounts due to the Group Borrower under the On-Loan Agreement and over its rights under each On-Loan Agreement which shall be held by the Security Trustee.

The security created by the Guarantors and the Group Borrower will be held by the Security Trustee on the terms of the Security Trust Deed.

DEED OF GUARANTEE

Deed of Guarantee

The Guarantors have pursuant to the Deed of Guarantee jointly and severally and unconditionally and irrevocably guaranteed to the Security Trustee on trust for and on behalf of each Guarantee Beneficiary the due and punctual payment of all sums from time to time payable by the Group Borrower to such Guarantee Beneficiary under each Designated Agreement when the same become due and payable and accordingly the Guarantors undertake to pay the Security Trustee as trustee for and on behalf of such Guarantee Beneficiary any and every sum or sums which the Group Borrower is at any time liable to pay in respect of such Designated Agreement and which the Group Borrower has failed to pay.

Indemnity

The Guarantors have pursuant to the Deed of Guarantee jointly and severally and irrevocably and unconditionally agreed as a primary obligation to indemnify the Security Trustee as trustee for and on behalf of each Guarantee Beneficiary from time to time from and against any loss incurred by such Guarantee Beneficiary as a result of any of the obligations of the Group Borrower under or pursuant to a Designated Agreement or any provision thereof being or becoming void, voidable, unenforceable or ineffective for any reason whatsoever, whether or not known to such Guarantee Beneficiary or any other person, the amount of such loss being the amount which such Guarantee Beneficiary would otherwise have been entitled to recover from the Group Borrower.

Limit of liability and recourse

The liability of the Guarantors is not limited in respect of sums expressed to be payable by the Guarantors under the Deed of Guarantee. However, all obligations of the Guarantors under the Deed of Guarantee are limited in recourse in that neither the Security Trustee (on behalf of a Guarantee Beneficiary) nor any Guarantee Beneficiary shall have any claim against or recourse to the assets, property or undertaking of a Guarantor as underlying security except as follows:

(a) a secured claim against the Apportioned Part relevant to that Guarantee Beneficiary subject to and in accordance with the Security Trust Deed;

(b) a secured claim against the Unallocated Charged Properties subject to and in accordance with the Security Trust Deed; and

(c) in respect of any sums due and payable to the Security Trustee for and on behalf of that Guarantee Beneficiary under the Deed of Guarantee which are in excess of the proceeds of enforcement against the relevant Apportioned Part and Unallocated Charged Properties to which such Guarantee Beneficiary is entitled under the Security Trust Deed, an unsecured joint and several claim against each Guarantor in the amount of such excess.

Preservation of Rights

The obligations of the Guarantors under the Deed of Guarantee are joint and several principal obligations and not merely as surety.

Continuing obligations: The joint and several obligations of the Guarantors under the Deed of Guarantee shall constitute and be continuing obligations notwithstanding any settlement of account or other matter or thing whatsoever and shall not be considered satisfied by any intermediate payment or satisfaction of all or any of the Group Borrower's obligations under or in respect of a Designated Agreement and shall continue in full force and effect until all sums due from the Group Borrower in respect of a Designated Agreement have been paid, and all other obligations of the Group Borrower in respect thereof have been satisfied in full.

Obligations not discharged: Neither the joint and several obligations of the Guarantors nor the rights, powers and remedies conferred upon the Security Trustee and the Guarantee Beneficiaries by the Deed of Guarantee or by law shall be discharged, impaired or otherwise affected by: (a) the winding-up of the Group Borrower or any change in its status, function, control or ownership; (b) the illegality of any of the obligations of the Group Borrower under or in respect of a Designated Agreement; (c) time or other indulgence being granted or agreed to be granted to the Group Borrower in respect of any of its obligations under or in respect of a Designated Agreement; (d) any amendment to, or any variation, waiver or release of, any obligation of the Group Borrower under or in respect of a Designated Agreement or any security or other guarantee or indemnity in respect thereof; or (e) any other act, event or omission which, but for this provision in the Deed of Guarantee, might operate to discharge, impair or otherwise affect the obligations expressed to be assumed by the Guarantors in the Deed of Guarantee or any of the rights, powers or remedies conferred upon the Guarantee Beneficiaries or any of them by the Deed of Guarantee or by law.

Settlement conditional: Any settlement or discharge under the Deed of Guarantee shall be conditional upon no payment to the Guarantee Beneficiaries by the Group Borrower being avoided or reduced by virtue of any laws relating to bankruptcy, insolvency, liquidation or similar laws of general application for the time being in force and, in the event of any such payment being so avoided or reduced, the Guarantee Beneficiaries shall be entitled to recover the amount by which such payment is so avoided or reduced from the Guarantors subsequently as if such settlement or discharge had not occurred.

Exercise of rights: Neither the Security Trustee (on behalf of a Guarantee Beneficiary) nor any Guarantee Beneficiary shall be obliged before exercising any of the rights, powers or remedies conferred upon it by the Deed of Guarantee or by law to make any demand of the Group Borrower, save for the presentation of the

relevant Designated Agreement; to take any action or obtain judgment in any court against the Group Borrower; or to make or file any claim or proof in a winding up or dissolution of the Group Borrower, and (save as aforesaid) the Guarantors expressly waive presentment, demand, protest and notice of dishonour in respect of each Designated Agreement.

Deferral of Guarantors' rights: The Guarantors agree that, so long as any sums are or may be owed by the Group Borrower in respect of a Designated Agreement or the Group Borrower is under any other actual or contingent obligation thereunder or in respect thereof, the Guarantors will not exercise any right which the Guarantors may at any time have by reason of the performance by the Guarantors of their obligations under the Deed of Guarantee in relation to: (a) their being indemnified by the Group Borrower or any other person; (b) claiming any contribution from any other guarantor of the Group Borrower's obligations under or in respect of a Designated Agreement or any other person; (c) taking the benefit (in whole or in part) of any security enjoyed in connection with a Designated Agreement by any Guarantee Beneficiary; and/or (d) being subrogated to the rights of the Security Trustee against the Group Borrower in respect of amounts paid by the Guarantors under the Deed of Guarantee, provided that the deferral of Guarantors' rights shall not apply to the exercise of any Guarantor's rights under the Counter-Indemnity Agreement.

Representations by the Guarantors

As of the date of the Deed of Guarantee (and from time to time as indicated in the "*Repetition of Representations*" below), each Guarantor has represented and warranted, in relation to the Borrower Transaction Documents (as defined in the Deed of Guarantee), to the Security Trustee and the Guarantee Beneficiaries, in a manner substantially similar in relation to those Representations given by the Group Borrower pursuant to the Finance Documents as described in the "*Description of the Loan Facility Agreement*" above, with the addition of the following representations:

(a) ***Most recent financial statements***: each Guarantor's most recent financial statements were prepared in accordance with statutory requirements and relevant accounting and other regulations relating to registered social landlords and (save as disclosed therein) were consistently applied and (in conjunction with the notes thereto) fairly represent its financial condition at the date as of which they were prepared and the results of its operations during the financial year then ended;

(b) ***Environmental compliance***: in relation to the Charged Properties, each Guarantor has performed and observed in all material respects all Environmental Laws, Environmental Permits and all other material covenants, conditions, restrictions or agreements directly or indirectly concerned with any contamination, pollution or waste or the release or discharge of any toxic or hazardous substance in connection with any Charged Property which is owned, leased or occupied by it or on which it has conducted any activity where failure to do so could reasonably be expected to have a Material Adverse Effect (as defined below);

(c) ***Environmental Claims***: in relation to the Charged Properties, no Environmental Claim has been commenced or (to the best of its knowledge and belief) is threatened against it where that claim would be reasonably likely, if determined against it to have a Material Adverse Effect;

(d) ***Claims pari passu***: under the laws of England and Wales in force at the date of the Deed of Guarantee, the claims of the Guarantee Beneficiaries against it under the Deed of Guarantee will rank at least *pari passu* with the claims of all its other unsecured creditors save those whose claims are mandatorily preferred solely by any bankruptcy, insolvency, liquidation or other similar laws of general application by law to companies generally;

(e) ***No filing***: under the laws of England and Wales, other than the registration of the Security Documents with the Companies Registry or, as the case may be, the Financial Conduct Authority or the Land Registry, it is not necessary in respect of the Borrower Transaction Documents to which it is a party, that any consent, licence or approval be obtained from or that the Borrower Transaction Documents, be filed, recorded or enrolled with any court, governmental or other authority in

England and Wales on or in relation to any of the Borrower Transaction Documents or the transactions contemplated by the Borrower Transaction Documents;

(f) ***No stamp taxes***: under the laws of England and Wales, other than the registration of the Security Documents with the Companies Registry or, as the case may be, the Financial Conduct Authority or the Land Registry, it is not necessary in respect of the Finance Documents that any stamp, registration or similar tax be paid on or in relation to any of the Borrower Transaction Documents or the transactions contemplated by the Borrower Transaction Documents; and

(g) ***Ownership***: each Guarantor is directly or indirectly owned by the Group Parent.

For these purposes **Material Adverse Effect** means:

(a) a material adverse effect on the validity or enforceability of any of the Borrower Transaction Documents; or

(b) a material adverse effect on the financial condition of a Guarantor or on the ability of a Guarantor to perform its obligations under any of the Borrower Transaction Documents to which it is a party;

Repetition of Representations: The following representations of the Guarantors are deemed to be repeated as described below:

(a) those representations in relation to 'Environmental compliance', 'Environmental Claims' and 'Ownership' are deemed to be made by each Guarantor on each Utilisation Date and, if applicable, on each date on which a Compliance Certificate is delivered by the Borrower to a Guarantee Beneficiary in accordance with the terms of the relevant Designated Agreement;

(b) the representation as to 'Most recent financial statements' is deemed to be made by each Guarantor on such date as the information referred to in this representation is provided, but only in relation to that information which is being provided;

(c) the representation as to 'Environmental compliance' is deemed to be made by each Guarantor in respect of new Charged Properties only on such date as such new Charged Properties become Charged Properties; and

(d) the representation as to 'No Stamp taxes' in paragraph (f) above is deemed to be made by each Guarantor in respect of new Borrower Transaction Documents only on such date as such new Borrower Transaction Documents become Borrower Transaction Documents.

General Covenants

As at the date of the Deed of Guarantee, each Guarantor has covenanted, in relation to the Borrower Transaction Documents, to the Security Trustee and the Guarantee Beneficiaries, in a manner substantially similar in relation to those General Covenants given by the Group Borrower pursuant to the Finance Documents as described in "*Description of the Loan Facility Agreement*" above, with the addition of the following covenants:

(a) **Notification of Enforcement Events**: each Guarantor shall promptly inform the Security Trustee (which shall in turn notify each Guarantee Beneficiary) of the occurrence of any Enforcement Event relating to the Deed of Guarantee and, upon receipt of a written request to that effect from the Security Trustee, confirm to the Security Trustee that, save as previously notified to the Security Trustee or as notified in such confirmation, no Enforcement Event in relation to the Deed of Guarantee has occurred;

(b) **Status**: each Guarantor shall maintain:

(i) its registration as a Registered Provider;

(ii) its registration under the Co-operative and Community Benefit Societies Act 2014 or, as the case may be, the Companies Act 2006; and

(iii) its status as a charity or an exempt charity;

(c) **Financial statements**: each Guarantor shall ensure that each set of financial statements:

(i) delivered by it is certified by a duly authorised officer of it as fairly representing its financial condition as at the end of the period to which those financial statements relate and of the results of its operations during such period; and

(ii) (in relation to annual financial statements) has been audited by auditors who are within the top 20 firms of auditors in the United Kingdom from time to time (determined by reference to the number of its partners) and who have demonstrable expertise as auditors in the social housing sector or such auditors as are otherwise acceptable to the Guarantee Beneficiaries;

(d) **Negative pledge**: each Guarantor shall not, create or permit to subsist any Encumbrance over any of the Charged Properties with the exception of:

(i) any floating charge entered into by it prior to the Deed of Guarantee or any amendment or replacement to such floating charge other than an increase in the principal amount (excluding for this purpose any amounts payable in respect of break costs) secured by such floating charge;

(ii) any Encumbrance created pursuant to the Borrower Transaction Documents;

(iii) any lien arising by operation of law;

(iv) any floating charge over the Charged Properties provided that:

(A) at the time of entering into such floating charge it grants in favour of the Security Trustee a floating charge ranking *pari passu* with the claims of the other floating charge over the same assets in a form and substance satisfactory to the Security Trustee (acting reasonably) in respect of its obligations hereunder;

(B) the other floating charge holder enters into an intercreditor agreement in form and substance satisfactory to the Security Trustee (acting reasonably) so as to subordinate in a manner satisfactory to the Security Trustee (acting reasonably) the rights of such person as regards enforcement of its floating charge and control of the assets subject to that floating charge to the rights of the Security Trustee in relation to the Charged Properties subject to a fixed charge under any Security Document; and

(C) it has provided to the Security Trustee all necessary consents and authorisations reasonably required by the Security Trustee in connection with the floating charge referred to in (d)(iv)(A) above;

(v) the issuance of any bond or other stock issue which may include a floating charge and/or a charge over cash provided that such bond or other stock issue shall not include any Encumbrance over the Charged Properties;

(vi) any floating charge over all or substantially all of the assets and undertaking of it where it grants no Encumbrance over any proprietary interest in the freehold or leasehold property of

it to or for the benefit of the relevant chargee other than that floating charge and other than, where it considers it necessary, a charge over cash or investments; or

(vii) any Encumbrance created with the prior written consent of the Group Borrower and the Security Trustee; and

(e) ***Disposal of Charged Properties***: each Guarantor covenants that it shall not, either in a single transaction or in a series of transactions, whether related or not, sell, transfer, grant, lease or accept a surrender of, or otherwise dispose of, all or any part of the Charged Properties except for:

(i) the grant, surrender or variation of assured or secured residential tenancies (or any form of tenancy which replaces or is substituted for them by law) or nomination rights or the grant of any licence over the Charged Properties in a form which complies with any guidance issued by the Regulator;

(ii) sales pursuant to a Right to Buy or any statutory right for a tenant to buy or following the final staircasing under a shared ownership lease;

(iii) a Shared Ownership Sale;

(iv) the grant of shared ownership leases over Charged Properties in a form which complies with any guidance issued by the Regulator;

(v) the grant of Encumbrances over Charged Properties to the extent permitted under the covenant in relation to the Negative Pledge;

(vi) the grant of any lease or tenancy of any Charged Property which is a shop, garage or office on commercial arm's length terms;

(vii) any release or substitution of Charged Properties permitted by the Borrower Transaction Documents; or

(viii) any disposal undertaken with the prior written consent of the Group Borrower and the Security Trustee.

Accession to Deed of Guarantee

Should any person wish to become a Guarantee Beneficiary under the Deed of Guarantee, the Group Borrower shall notify the Security Trustee and deliver to it a duly completed and executed Notice of New Guarantee Beneficiary along with a copy of the relevant Designated Agreement.

Should any person wish to accede to the Deed of Guarantee as a Guarantor, the Group Borrower shall notify the Security Trustee and each of the Guarantee Beneficiaries and, if required, consult with the Guarantee Beneficiaries. The Group Borrower and proposed guarantor shall deliver to the Security Trustee an executed Accession Deed, the Guarantor Conditions Precedent and confirmation that the proposed guarantor has charitable status and that its charitable objects are substantially consistent with each of the other Guarantors.

GROUP BORROWER SECURITY DEED

The Group Borrower, as continuing security for the payment of the Secured Amounts, has entered into the Group Borrower Security Deed with the Security Trustee pursuant to which the Group Borrower has created in favour of the Security Trustee a charge of the Group Borrower's right, title and interest in the Receipts Account and the Receipts Deposits, and a security assignment of its rights under each On-Loan Agreement which shall be held by the Security Trustee on trust for the Issuer and all Loan Facility Providers (as defined in the Security Trust Deed).

The Group Borrower has also covenanted in the Group Borrower Security Deed that, it will not without the Security Trustee's prior written consent, permit or agree to any variation of the property which is the subject of the security created pursuant to the Group Borrower Security Deed and except as authorised by a Relevant Document, it will not at any time when there are Secured Amounts outstanding, withdraw or otherwise transfer the Receipts Deposit.

FIXED CHARGE

The Charges

Each Guarantor, as continuing security for the payment of the Secured Obligations, has entered into and will enter into one or more Fixed Charges in favour of the Security Trustee pursuant to which each Guarantor has created or will create:

(a) a first legal mortgage over certain Charged Properties owned by such Guarantor;

(b) a first fixed charge over all benefits, claims and returns of premium in respect of any Insurance and the benefit of all present and future licences, consents, agreements, covenants, rights and authorisations held in connection with the Charged Properties and the right to receive and recover all rent, income and compensation which may at any time become payable to it in respect thereof;

(c) a fixed charge over the Chargor's Assets referred to in the legal mortgage set out at (a) above or the assignment set out in (d) below if they are ineffective as a legal mortgage or assignment;

(d) an assignment in favour of the Security Trustee of, *inter alia*:

(i) all present and future income and claims which are earned by or become payable to or for the account of each Guarantor in connection with or by reference to the Charged Property (including, without limitation, income from rent, service charges and licence fees) and proceeds of any sale of any interest in the Charged Property;

(ii) the personal agreements and covenants (still subsisting and capable of being enforced) by the tenants, lessees, licensees or other parties under any Approved Tenancy in respect of the Charged Properties and by all guarantors and all security held by each Guarantor from time to time, whether present or future, in respect of obligations of the tenants, lessees, licensees or other parties under any Approved Tenancy;

(iii) all agreements now or from time to time entered into or to be entered into to enable the charging or assignment by way of security of the Charged Property and for the sale, letting or other disposal or realisation of the whole or any part of the Charged Property and including any development agreements, contracts or warranties in relation to the Charged Property;

(iv) the licences held now or in the future in connection with the Charged Property and also the right to recover and receive all compensation which may at any time become payable to each Guarantor in relation to the Charged Property;

(v) any Insurance relating to the Charged Property and all proceeds paid or payable thereunder; and

(vi) the benefit of all guarantees, warranties and representations given or made now or hereafter by, and any rights or remedies against, all or any of the designers, builders, contractors, professional advisers, sub-contractors, manufacturers, suppliers and installers of any fixtures in respect of the Charged Property.

Benefit of Fixed Charges

The Security Trustee will hold the benefit of each Fixed Charge on trust for the Finance Beneficiaries in accordance with the terms of the Security Trust Deed.

Representations and Warranties

Each Guarantor has represented and warranted to the Security Trustee in the relevant Fixed Charge that, except as disclosed in any certificates of title regarding the Charged Properties and except for the rights of tenants under any Approved Tenancy:

(a) it is the absolute legal and beneficial owner of each Charged Property;

(b) practical completion of each Charged Property has occurred;

(c) there is no breach of any planning legislation, by-laws or local authority or statutory requirements which materially affects or is reasonably likely to materially and adversely affect the Value of a Charged Property;

(d) there are no covenants, agreements, stipulations, reservations, conditions, interests, rights (other than nomination rights which do not run with the land) or other matters whatsoever affecting a Charged Property which materially affect or are reasonably likely to materially and adversely affect the Value of such Charged Property;

(e) nothing has arisen or been created or is subsisting which would be an overriding interest over any Charged Property;

(f) no facilities (other than water, gas, electricity or telephone) necessary for the enjoyment and use of each Charged Property are enjoyed by the Charged Property on terms entitling any person to terminate or curtail its or their use to the extent which such materially affects or is reasonably likely to materially and adversely affect the Value of the Charged Property; and

(g) the Guarantor has received no notice of any adverse claims by any person in respect of the ownership of a Charged Property nor any interest in it, nor has any acknowledgement been given to any person in respect of it.

Maintenance of Insurance

Each Guarantor has agreed in the relevant Fixed Charge that it will maintain Insurances (or procure the maintenance of Insurances by an owner of a superior interest in the Charged Property) in relation to those parts of the Charged Property which are of an insurable nature with reputable underwriters or insurance companies against the risks and to the extent as is usual for non-self-insuring housing associations carrying on activities such as that carried on by the relevant Guarantor and will duly pay all premiums and other moneys necessary for effecting and keeping up such insurance as and when the same become due.

Each Guarantor has agreed in the relevant Fixed Charge that it will procure that in respect to any insurance in respect of the Charged Property a note of the Security Trustee's interest is endorsed on that policy or those policies unless such insurance provides for automatic noting of the Security Trustee’s interest and that the relevant Guarantor will not do or permit anything in or on or relating to the Charged Property or any part thereof which may make void or voidable any insurance in connection therewith.

Covenants of the Guarantors in relation to the Charged Properties

Each Guarantor has covenanted in the relevant Fixed Charge to the Security Trustee that it will, *inter alia*:

(a) ***Repair***: keep the Charged Property in good and tenantable repair and condition and adequately and properly decorated and maintained in good working order and condition (save for fair wear and tear) except where the Charged Property is awaiting or is in the course of Development;

(b) ***Compliance***: duly and punctually perform and observe all covenants and stipulations with which it is obliged to comply including any imposed by or contained in any lease, agreement for lease, tenancy agreement, licence or other deed of document affecting the Charged Property to the extent that failure to do so would adversely affect the Value of the Charged Property or the enforceability of the Fixed Charge;

(c) ***Indemnity for costs***: pay and indemnify the Security Trustee against all existing and future rents, taxes, rates, duties, fees, charges, assessments, impositions and outgoings whatsoever which now or in the future are properly payable by it in respect of the Charged Property;

(d) ***No forfeiture of leases***: not do or permit anything to be done which could make any lease of the Charged Property liable to forfeiture or to be determined;

(e) ***Tax and Outgoings***: pay or procure payment of, when due, any present and future tax, levy, impost, deduction, charge, duty and withholding, rate and any charge of a similar nature and any assessments and outgoings (whether parliamentary, parochial, local or of any other description) which may be assessed, charged or imposed on or payable in respect of the Charged Property (except to the extent that payment is being contested in good faith by appropriate proceedings) and will indemnify the Security Trustee (and as a separate covenant, any Receiver appointed by it) in respect thereof and the Security Trustee may retain and pay all sums in respect of the same out of any money received under the powers conferred by the relevant Fixed Charge;

(f) ***Use Of Charged Property***: use the Charged Property only for the permitted use under or by virtue of any applicable authorisations, consent, approval, licence or planning permission;

(g) ***Regulations***: duly and punctually perform and observe all its obligations in connection with the Charged Property under any present or future regulations to the extent that failure to do so would adversely affect the Value of the Charged Property or the enforceability of the Fixed Charge;

(h) ***Development***: not carry out or permit to be carried out any Development having an adverse effect on the Value of any Charged Property:

(i) in the case of Unallocated Charged Properties, without the Security Trustee's written prior consent;

(ii) in the case of the NAB Charged Properties, as prescribed by the NAB Administration Agreement; and

(iii) in the case of SAB Charged Properties, without the prior consent of the Security Trustee and the relevant SAB Beneficiary.

In determining whether a Development will or will not have an adverse effect on the Value of any Charged Property, the Security Trustee shall be entitled to entirely rely on a Valuation of such Charged Properties made by the Valuer;

(i) ***Notices***: notify the Security Trustee (within seven days of receipt by the Guarantor) of any application, requirement, order or notice served or given by any person with respect to the Charged Property or its use and produce the original or a copy to the Security Trustee (within seven days of demand) and inform the Security Trustee of the steps taken or proposed to be taken to comply with any such requirement;

(j) ***Leases***: not grant or agree to grant any lease or tenancy of the Charged Property, accept or agree to accept the surrender or alteration of any lease or tenancy, or confer any contractual licence or right to occupy the Charged Property, except (x) an Approved Tenancy; (y) on terms which confer no lesser rights on the Guarantor as landlord or licensor and impose no obligations on the Guarantor additional to those set out in the Approved Tenancy; or (z) as agreed:

(i) in the case of Unallocated Charged Properties, without the Security Trustee's written prior consent;

(ii) in the case of the NAB Charged Properties, as prescribed by the NAB Administration Agreement; and

(iii) in the case of SAB Charged Properties, with the Security Trustee and the relevant SAB Beneficiary;

(k) ***Notice of Leases***: If the Security Trustee requires, the Guarantor will immediately notify the Security Trustee of all leases, licences or rights to occupy granted by or surrendered to it in relation to the Charged Property and provide the originals of them to the Security Trustee and at any time after an Enforcement Event has occurred and while it is continuing, issue irrevocable instructions to the other parties to any lease or licence of the Charged Property to pay rents and sums due under them to the Security Trustee or into any account the Security Trustee may require;

(l) ***Access***: permit the Security Trustee and any person nominated by it to enter the Charged Property and view it at all reasonable times (provided that reasonable notice has been given by the Security Trustee);

(m) ***Investigation of Title***: after the occurrence of an Enforcement Event which is continuing, grant the Security Trustee or its lawyers on request all facilities within the power of the Guarantor to enable such lawyers to carry out such investigations of title to the Charged Properties and other property which is or may be subject to the Fixed Charge and enquiries into matters in connection therewith as would be carried out by a prudent mortgagee. Such investigations shall be at the expense of the Guarantor; and

(n) ***Land Registry***: not allow any person other than itself to be registered under the Land Registration Act 2002 as proprietor of the Charged Property or any part of it or create or permit to arise any interest which falls within either or both of Schedules 1 and 3 of the Land Registration Act 2002 affecting such property.

Enforcement of Fixed Charge

The security conferred by each Fixed Charge will become immediately enforceable and the power of sale and other powers conferred by section 101 of the Law of Property Act 1925 (as varied or amended by the Fixed Charge) will be immediately exercisable on and after an Enforcement Event has occurred. After the security constituted by each Fixed Charge has become enforceable, the Security Trustee may subject to and in accordance with the Security Trust Deed enforce all or any part of the security in any manner it sees fit.

At any time after the security constituted by each Fixed Charge shall have become and remains enforceable, the Security Trustee may without any consent from or notice to the Guarantor or any other person enter upon and take possession of the Charged Property or any part thereof and may sell, call in, collect, convert into money, manage or appoint others to manage or otherwise deal with the same or any part thereof in such manner and for such consideration as the Security Trustee shall think fit.

SECURITY TRUST DEED

Overview

The Group Borrower has raised and may raise further funds by borrowing under Loan Facility Agreements from various Loan Facility Providers (as defined in the Security Trust Deed) and the Issuer (each a **Finance Beneficiary**, which term shall include any further Loan Facility Provider (as defined in the Security Trust Deed) which accede to the Security Trust Deed as lender to the Group Borrower).

The Security Trust Deed is made between, *inter alios*, the Security Trustee, the Group Borrower and each Guarantor for the purpose of determining how the interests of the Finance Beneficiaries benefit from and are allocated the Security held by the Security Trustee.

Addition of Finance Beneficiaries

The Issuer will accede to the Security Trust Deed on the Programme Date as a Finance Beneficiary. Additional Loan Facility Providers (as defined in the Security Trust Deed) may accede to the Security Trust Deed as a Finance Beneficiary upon the Group Borrower notifying the Security Trustee prior to the proposed date of accession and there being delivered to the Security Trustee a specified notice in respect of such accession and a copy of the relevant document evidencing the obligations of the relevant Obligor to such Finance Beneficiary. The Security Trustee shall notify each existing Finance Beneficiary and each Obligor of the accession of the new Finance Beneficiary to the Security Trust Deed.

Accession of Obligors

Additional Obligors may accede to the Security Trust Deed as an Obligor upon such a person notifying the Security Trustee prior to the proposed date of accession and there being delivered to the Security Trustee a specified notice in respect of such accession and a copy of the relevant document evidencing the obligations of the relevant Obligor and details of the properties which the proposed Obligor wishes to become Charged Properties. The Security Trustee shall notify each existing Finance Beneficiary and each Obligor of the accession of a new Obligor to the Security Trust Deed.

A new Obligor will be required to satisfy certain conditions precedent as set out in the relevant Loan Facility Agreements and any other loan facility agreement entered into by the Group Borrower and any other Loan Facility Provider (as defined in the Security Trust Deed) and accede to the Deed of Guarantee, the Deed of Covenant and the On-Loan Agreement in addition to the Security Trust Deed before becoming an Obligor.

The Security

The Security initially to be held by, or to the order of, the Security Trustee upon the trusts contained in the Security Trust Deed and as detailed in each Security Document creating, evidencing or granting security for the obligations of Obligors under a Relevant Document shall comprise the benefit of the Encumbrances, Rights and obligations arising in favour of the Security Trustee under each Security Document and each Ancillary Document and all notices of assignment or charge given pursuant to any of the Security Documents and all acknowledgements given in respect of such notices.

The Security Trustee may from time to time accept as security for the Secured Obligations the benefit of any security, rights or obligations as may from time to time be offered to it as security for the Secured Obligations provided that such security is granted in the form of a Fixed Charge or a Supplemental Fixed Charge and the relevant Obligor has satisfied in respect of such security the relevant conditions precedent to the satisfaction of (a) the Security Trustee (in the case of Unallocated Charged Properties); (b) the person prescribed by the NAB Administration Agreement (in the case of NAB Charged Properties); or (c) Security Trustee acting on instructions of the relevant Finance Beneficiary (in the case of SAB Charged Properties), save to the extent that the Security Trustee or, if applicable, the relevant Finance Beneficiary has waived compliance with any of the same.

Protection of Charged Properties

Except as expressly permitted by a Relevant Document or as may be required by law, the Security Trustee has agreed in the Security Trust Deed that it shall not, (a) release any Charged Properties from the Security or re-allocate any of the Charged Properties; or (b) enter into any deed or document which would purport to impose any obligation on the relevant Finance Beneficiary or would create any Encumbrance affecting a Charged Property, provided that where a Relevant Document prescribes that either of the matters referred to in (a) or (b) above may occur with the prior written consent of the Finance Beneficiaries, such consent shall be given in relation to NAB Charged Properties, as prescribed by the NAB Administration Agreement or in relation to SAB Charged Properties, by the relevant SAB Beneficiary or SAB Beneficiaries, and provided further that either of the matters referred to in (a) or (b) above may occur in relation to an Unallocated Charged Property with the prior written consent of the relevant Obligor.

Security Register

Each Group Borrower has agreed in the Security Trust Deed that it will at all times maintain a register of all security interests created in respect of its assets (the **Security Register**) which are subject to the Security and will promptly make the relevant entry in the relevant part of the Security Register in respect of each asset charged by an Obligor in favour of the Security Trustee so as to form part of the Security Assets; each release of Security Assets from any Security Document; any disposition or dealing affecting any Security Asset including (without limitation) any disposition by operation of law and any disposal of all or part of any Shared Ownership Property but excluding any letting on an Approved Tenancy; and each reallocation of an Apportioned Part as part of the Unallocated Charged Properties or in favour of another Finance Beneficiary in accordance with the Security Trust Deed, provided that each Group Borrower in the Security Register shall at all times distinguish between the Apportioned Parts in respect of each Finance Beneficiary and any of the properties comprised in the Unallocated Charged Properties.

Apportionment of Charged Properties

It will be specified in the Loan Facility Agreements and any other loan facility agreement entered into by the Group Borrower and any other Loan Facility Provider (as defined in the Security Trust Deed) on which basis the Charged Properties have been allocated in respect of that loan facility. This allocation method will also be specified in the relevant Supplement for a Series which funds that Loan Facility.

The Security Trustee will apportion the Charged Properties into such number of parts among the Finance Beneficiaries as is appropriate under either:

(a) the **Numerical Apportionment Basis** whereby a specific percentage of Units within the portfolio of Charged Properties is designated to a Finance Beneficiary which is a NAB Beneficiary on the basis to be set out in the NAB Administration Agreement; or

(b) the **Specific Apportionment Basis** whereby specific individual Charged Properties are allocated to a specific Finance Beneficiary which is a SAB Beneficiary as agreed between such Finance Beneficiary and the relevant Obligor.

All Charged Properties allocated on the Specific Apportionment Basis are referred to as the **SAB Charged Properties** and all Units comprising the Charged Properties that have been allocated on a Numerical Apportionment Basis are referred to as the **NAB Charged Properties** and those that have not been so allocated under either method are referred to as the **Unallocated Charged Properties**. No Charged Property can be allocated under more than one method at the same time.

Re-allocation of Charged Properties upon breach by the Group Borrower or a Guarantor

In circumstances where the Group Borrower or a Guarantor is in breach of any asset cover, performance cover, withdrawal or similar ratios or any other covenants or requirements or similar ratio given in any

Finance Document, then the Obligors and the Finance Beneficiaries may, to the extent it is necessary and possible, agree to increase the relevant Apportioned Part by:

(a) in relation to the SAB Charged Properties, increasing the number of Charged Properties which have been allocated to the relevant SAB Beneficiary; and

(b) in relation to the NAB Charged Properties, increasing the percentage of Charged Properties which have been allocated to the relevant NAB Beneficiary or NAB Beneficiaries,

in each case by withdrawing Unallocated Charged Properties and allocating them to the relevant Apportioned Part or by such other means as have a similar effect and will instruct the Security Trustee to revise the Apportioned Parts accordingly provided always that the asset cover, performance cover, withdrawal or similar ratios or any other covenants or requirements that need to be satisfied prior to any withdrawal or disposal in respect of any other Finance Documents (collectively, the **Asset Tests**) continue to be complied with after such reallocation and no Enforcement Event (other than the Enforcement Event which is to be remedied by such reapportionment) has occurred and is outstanding or would occur as a result of such adjustment.

The Security Trustee shall have no obligation to the Finance Beneficiaries to monitor any compliance by the Obligors with, or satisfaction of, the Asset Tests pursuant to the Security Trust Deed but upon being notified of the completion of such re-allocation, the Security Trustee shall issue a revised Apportionment Certificate to the relevant Finance Beneficiaries.

Release and Substitution of Charged Properties

Notwithstanding the provisions of the Security Trust Deed regarding apportionment of Charged Properties, at the request and expense of an Obligor, the Security Trustee shall, as directed by that Obligor, either release entirely from the Security constituted by the Security Documents, or re-allocate from an Apportioned Part to the Unallocated Charged Properties or to another Apportioned Part such of the Charged Properties charged by that Obligor as may be selected by that Obligor.

No release of Charged Properties from the Security may occur unless in relation to the release or re-allocation of Unallocated Charged Properties, no Enforcement Event or Potential Enforcement Event has occurred and is continuing at that time or would result from such release or re-allocation, as certified to the Security Trustee by two authorised representatives of the relevant Obligor, in relation to the release or re-allocation of NAB Charged Properties, such requirements as are imposed by the NAB Administration Agreement have been satisfied or in relation to the release or re-allocation of SAB Charged Properties: (a) the Security Trustee has received from such Obligor in relation to the relevant Apportioned Part a Valuation of a representative proportion of the Charged Properties comprising that Apportioned Part prepared by the Valuer in accordance with the relevant Valuation Basis, as applicable, dated within the nine months preceding the Obligor's request, (b) the Valuation referred to in (a) above confirms that the relevant Asset Cover Covenants will not be breached after the release or re-allocation, as the case may be, of the relevant Security Assets; and (c) no Enforcement Event or Potential Enforcement Event has occurred and is continuing at that time or would result from such release or re-allocation, in each case to the satisfaction of the relevant SAB Beneficiaries.

Substitution of Security Assets

Notwithstanding the provisions of the Security Trust Deed regarding apportionment of Charged Properties, each Obligor shall be entitled to give instructions to the Security Trustee to either release a Charged Property from the Security Documents entirely; or re-allocate a Charged Property from an Apportioned Part to the Unallocated Charged Properties or another Apportioned Part, provided that, in substitution such Obligor grants a Fixed Charge over a substitute property of an equivalent Value: (a) in the case of the Unallocated Charged Properties, acceptable to the Security Trustee; (b) in the case of NAB Charged Properties, in accordance with the NAB Administration Agreement; and (c) in the case of SAB Charged Properties,

acceptable to the relevant SAB Beneficiaries provided that the confirmation of such acceptance by the relevant SAB Beneficiaries shall not be unreasonably withheld or delayed, or deposits monies in any Cash Security Account in accordance with the relevant Finance Document (whereupon the relevant Obligor shall notify the Security Trustee of the amount of such deposit), in each case provided that: (i) in relation to Unallocated Charged Properties, no Enforcement Event or Potential Enforcement Event has occurred and is continuing at the relevant time (as certified to the Security Trustee by any two authorised officers of the relevant Obligor); (ii) in relation to NAB Charged Properties, such requirements as are imposed by the NAB Administration Agreement have been satisfied; and (iii) in relation to SAB Charged Properties, the relevant Asset Cover Covenants will not be breached at the time of, and immediately following, such substitution and no Enforcement Event or Potential Enforcement Event has occurred and is continuing at that time or would result from such substitution, in each case to the satisfaction of the relevant SAB Beneficiaries provided that the confirmation of such satisfaction of the relevant SAB Beneficiaries shall not be unreasonably withheld or delayed.

Notification of service of Enforcement Notice

Subject to the relevant NAB Beneficiary's rights pursuant to the NAB Administration Agreement, if any Finance Beneficiary serves notice of a Enforcement Event on an Obligor under a Finance Document and decides to enforce the Security in respect thereof, it shall promptly notify the Security Trustee of the same and the Security Trustee shall forthwith notify the remainder of the Finance Beneficiaries and each Obligor of receipt of such notice.

Enforcement by Security Trustee

In relation to an Apportioned Part allocated to a Finance Beneficiary, the Security Trustee shall, if so instructed by that Finance Beneficiary, enforce the relevant Rights in accordance with the instructions of that Finance Beneficiary provided that the Security Trustee shall be entitled to decline to take any action to enforce any security unless indemnified and/or secured to its satisfaction against all costs, claims and expenses (including any costs award which may be made against it as a result of any such action or proceedings not being successful).

Application of Proceeds

Any moneys received by the Security Trustee pursuant to the Security Documents or by any Receiver appointed pursuant to any Security Document shall be applied by the Security Trustee in accordance with the Security Trust Deed as follows:

Application of Proceeds relating to SAB Beneficiaries

Upon the enforcement of any of the Security in respect of an SAB Beneficiary's Apportioned Part, and after satisfying claims which rank in priority to sums owing to that SAB Beneficiary, the Security Trustee shall apply the proceeds of any enforcement relating to that Apportioned Part:

(a) *first*, in or towards payment of all costs of the Security Trustee and any Receiver relating to that Apportioned Part and Unallocated Charged Properties to the extent the Security Trustee has received payment from a Finance Beneficiary pursuant to an indemnity, the Security Trustee will pay such proceeds to that Finance Beneficiary to the extent of such indemnity payment;

(b) *second*, in or toward payment *pari passu* on a *pro rata* basis of that SAB Beneficiary's proportionate share of any expenses of the Security Trustee or Receiver relating to the repair or maintenance of any Charged Properties corresponding to such SAB Beneficiary's Apportioned Part;

(c) *third*, in or toward payment of the Secured Obligations owed to such SAB Beneficiary arising under or in connection with the Relevant Documents to which that Apportioned Part relates;

(d) *fourth*, in or toward payment of the Secured Obligations of each other Security Beneficiary arising under or in connection with the Relevant Documents in accordance with clause 8.5 (*Further distribution of Proceeds*) of the Security Trust Deed; and

(e) *fifth*, in payment of the surplus (if any), to the Group Borrower or Guarantor against which such Security is being enforced.

Application of Proceeds relating to the NAB Charged Properties

Upon the enforcement of any of the Security in respect of the NAB Charged Properties, and after satisfying claims which at law rank in priority to sums owing to the NAB Beneficiaries, the Security Trustee shall apply the Proceeds relating to the NAB Charged Properties:

(a) *first*, in or towards payment of all Relevant Trustee Costs relating to the NAB Charged Properties and to the extent the Security Trustee has received payment from a Finance Beneficiary pursuant to an indemnity, the Security Trustee will pay such proceeds to that Finance Beneficiary to the extent of such indemnity payment;

(b) *second*, in or towards payment *pari passu* on a *pro rata* basis of the NAB Beneficiaries' proportionate share of any expenses of the Security Trustee or Receiver relating to the NAB Charged Properties;

(c) *third*, by allocating the balance among the NAB Beneficiaries by reference to their NAB Security Percentages so that the amount allocated to each NAB Beneficiary shall be applied in satisfaction when due of the Secured Obligations owed to such NAB Beneficiary arising under or in connection with the Relevant Documents to which the NAB Charged Properties relate;

(d) *fourth*, in or towards payment of the Secured Obligations of each other Security Beneficiary arising under or in connection with the Relevant Documents in accordance with Clause 8.5 (*Further distribution of Proceeds*) of the Security Trust Deed; and

(e) *fifth*, in payment of the surplus (if any), to the Group Borrower or Guarantor against which such Security is being enforced.

Upon the enforcement of any of the Security in respect of the Unallocated Charged Properties and/or the Old Ford Floating Charge, and after satisfying claims which rank in priority to such Security, the Security Trustee shall apply the proceeds relating to the Unallocated Charged Properties and the Old Ford Floating Charge:

(a) *first*, in or towards payment of all costs of the Security Trustee and any Receiver and any other amounts owing to the Security Trustee relating to the Unallocated Charged Properties and the Old Ford Floating Charge;

(b) *second*, in or toward payment of the Secured Obligations of each Security Beneficiary arising under or in connection with the Relevant Documents in accordance with Clause 8.5 (*Further distribution of Proceeds*) of the Security Trust Deed; and

(c) *third*, in payment of the surplus (if any), to the Obligor to which such Security is being enforced.

Under English law, a receiver appointed by the Security Trustee under the Old Ford Floating Charge would not be an administrative receiver for the purposes of the Insolvency Act 1986. However, this should be of limited concern in practice as the ability to appoint an administrative receiver is usually incorporated in order to give a secured creditor the ability to block an administrator under current English law. It is not possible for an administrator to be appointed in respect of Old Ford.

DESCRIPTION OF THE ACCOUNT AGREEMENT

The Issuer has appointed National Westminster Bank Public Limited Company as its Account Bank pursuant to the Account Agreement, in relation to the issue of the Bonds.

National Westminster Bank Public Limited Company

National Westminster Bank Public Limited Company (**NatWest**) is a wholly owned subsidiary of The Royal Bank of Scotland plc, which in turn is a wholly-owned subsidiary of The Royal Bank of Scotland Group plc (the **RBS Group**). The RBS Group is a large banking and financial services group, and NatWest has a large and diversified customer base and provides a wide range of products and services to personal, commercial and large corporate and institutional customers.

The following description of the Account Agreement is qualified by reference to the detailed provisions thereof. The Account Agreement is not, however, incorporated by reference into, and therefore does not form part of, this Offering Circular.

Definitions used in this section but not otherwise defined in this Offering Circular have the meanings given to them in the Account Agreement.

ACCOUNT AGREEMENT

Transaction Account and Cash Security Account

The Account Bank shall maintain the Transaction Account and the Cash Security Account (if any) for the Issuer, in respect of each Series of Notes.

Deposits and Withdrawals

Pursuant to the Note Trust Deed and the Account Agreement, the Issuer has covenanted that no payment from the Transaction Account will be made other than in accordance with the Conditions and it has undertaken to procure that amounts are paid into and out of the Transaction Account only in accordance with the Conditions, the Account Agreement and the Agency Agreement.

Pursuant to the Note Trust Deed, the Issuer has covenanted that prior to the enforcement of the Series Security, payments from the Cash Security Account (if any) may only be made to the Group Borrower or a Borrower pursuant to, and in accordance with, the terms of the Loan Facility Agreement.

Interest

Interest is not payable by the Account Bank in respect of any monies standing to the credit of the Transaction Account and the Cash Security Account (if any) in respect of a Series of Notes.

Change of Account Bank

The appointment of the Account Bank in respect of a Series of Notes may, with the prior written approval of the Note Trustee, be terminated by the Issuer upon at least 45 days' written notice (subject to the appointment of a replacement Account Bank) or forthwith at any time the Account Bank is adjudged bankrupt or

insolvent. The appointment of the Account Bank may also be terminated in respect of a Series of Notes in the event that (a) the short-term senior, unsecured and unguaranteed indebtedness rating of the Account Bank as assigned by Moody's falls below "P-1" or is withdrawn and (b) there are amounts standing to the credit of the Cash Security Account (if any) in respect of such Series of Notes (subject to the appointment of a replacement Account Bank).

The Account Bank may resign its appointment in respect of a Series of Notes upon giving at least 180 days' written notice (subject to the appointment of a replacement Account Bank).

Pursuant to the Account Agreement, the appointment of any replacement Account Bank shall be subject to the prior written approval of the Note Trustee, be on substantially the same terms as the Account Agreement and be subject to the condition that it must have a short-term senior, unsecured and unguaranteed indebtedness rating from Moody's of no less than "P-1".

DESCRIPTION OF THE ISSUER

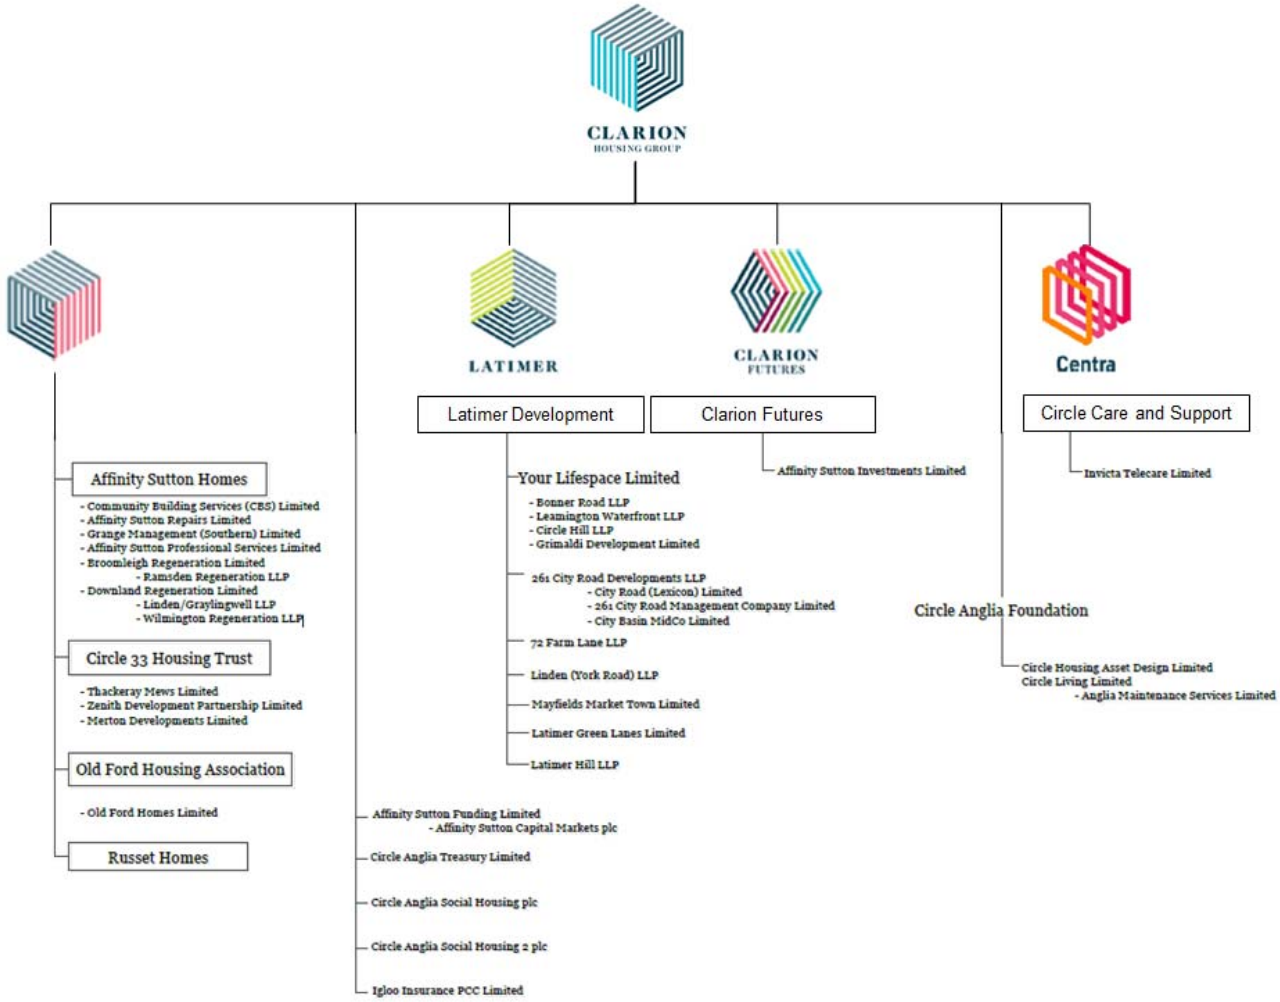
DESCRIPTION OF THE CLARION HOUSING GROUP

Introduction

The Clarion Housing Group (the **Clarion Housing Group**) was formed in November 2016 as a result of the merger of two long-established housing association groups whose group parents were Affinity Sutton Group Limited and Circle Anglia Limited. Clarion Housing Group owns nearly 125,000 homes across 176 local authorities, with homes as diversely located as Newcastle-Upon-Tyne in the North East of England through to Plymouth in the South West of England. The Clarion Housing Group also holds a high percentage of homes in London.

The Clarion Housing Group currently consists of Clarion Housing Group Limited (the **Group Parent**), its direct subsidiaries (currently being the Original Borrowers, the Group Borrower, Circle Anglia Social Housing Plc, Circle Anglia Social Housing 2 Plc, Affinity Sutton Community Foundation, Circle Anglia Foundation Limited, Circle Care and Support Limited, Waterfront (Warwick) Management Company Limited, Willow View, Bridge House Management Company Limited, Avon View and Swan House Management Company Limited) and its indirect subsidiaries.

The following diagram shows each of the Clarion Housing Group's main companies and their immediate subsidiaries:



Principal Activities of the Clarion Housing Group

The Clarion Housing Group is one of the largest housing groups in Europe. It is a business for social purpose with a mission to use its heritage, fresh thinking and commitment to help people put down roots.

The Clarion Housing Group's vision is to be the leading provider of affordable housing in England by delivering excellent services to its residents, maintaining its properties to the highest standards, developing new homes across different tenures, involving residents in decision making and investing in its people and communities. Clarion Housing Group is prioritising the building of new homes and has plans to build 50,000 new homes over the next ten years.

The Clarion Housing Group operates a group structure. The Group Parent is a registered society within the meaning of the Co-operative and Community Benefit Societies Act 2014 (under registration number 28038R) and a non-asset holding Registered Provider of Social Housing (with registration number LH4087). The Group Parent provides a wide range of services to operating companies (including developing new homes) and sets the Clarion Housing Group's strategic direction and provides ultimate control of strategy and governance. The Group is simplifying the structures it inherited at merger. Specifically the Clarion Housing Group aims to have a single asset owning landlord which manages its homes. The Group Board (as defined below) considers that simple structures provide better and more effective decision making and it aims to consolidate where possible into three key business streams: landlord; commercial; and charitable foundation activities.

As at 31st March, 2017 the Clarion Housing Group's property portfolio was made up of nearly 125,000 homes, including 1,340 homes which were completed in financial year ended 31st March, 2017. The Clarion Housing Group has homes which have an overall net book value of £6.27 billion and circa £22 billion (valued on a vacant possession basis). In 2016/2017, the Clarion Housing Group achieved a surplus of £173 million on a turnover of £796 million.

The Group Parent was assigned a credit rating of "A3" from Moody's on 20th December, 2016. Moody's is established in the European Union and is registered under Regulation (EU) No 1060/2009 (as amended) (the **CRA Regulation**). As such Moody's is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation.

Group Board

The Board of Management of the Group Parent (the **Group Board**) sets strategy and policies across the Clarion Housing Group and coordinates the Clarion Housing Group's activities. The Group Board has eight non-executive directors and two executive directors who bring a range of skills, experience and knowledge to their roles, including expertise in finance, business and public administration.

The board members of the Group Parent and their principal activities outside the Clarion Housing Group, where these are significant with respect to the Clarion Housing Group, are as follows:

Name	**Principal activities outside the Group Parent**
Neil Goulden (Chair)	Chairman of Jackpot Joy Plc Pro Chancellor of Nottingham Trent University Chair of Sue Ryder
Helen Bailey	None

Brian Stewart	Board member of Affinity Sutton Homes Board member of Circle 33 Chairman of the Sizewell C Community Forum Member of the HS2 Phase 2 Exceptional Hardship Scheme Panel Trustee and Vice-Chair of Ormiston Families
Keith Exford*	Non-executive director of The Housing Finance Corporation
Mark Washer	Director of the Issuer Director of the Group Borrower Deputy chair of the National Housing Federation
Neil McCall	Board member of Affinity Sutton Homes Board member of Circle 33
Rupert Sebag Montefiore	Chairman of Latimer Developments Ltd Chairman of Prime Purchase Limited Trustee of Salisbury Arts Theatre Trustee of the Orchestra of the Age of Enlightenment Member of the Investment Committees of Winchester College and Christ Church, Oxford
John Coghlan	Chair of the Audit Committee at Severn Trent plc Director of Associated British Ports and Chair of its Audit Committee Chair of the Freight Transport Association Ireland
Greg Reed	Chief Executive Officer at HomeServe Membership

* On 12th September, 2017 the Group Parent announced that Keith Exford will retire from his position of Group Chief Executive at Clarion Housing Group and as a board member of the Group Parent at the end of the financial year ended 31st March, 2018.

The Group Board exercises control over the Group Borrower and the Original Borrowers through the legal controls reserved to it in the constitutions of the Group Borrower and the Original Borrowers, respectively, and through contractual arrangements made between the Group Borrower and the Original Borrowers. Further controls and delegations are set out in the standing orders for group members including, in particular, the right reserved to the Group Board to approve the annual business plan of the Original Borrowers.

The Group Board is responsible for maintaining and reviewing the Clarion Housing Group's system of internal control. The Clarion Housing Group has an audit committee which is accountable to the Group Board for monitoring this system and reporting on its effectiveness.

The operation of the Clarion Housing Group

The Clarion Housing Group and the Original Borrowers are part of a group structure arrangement that meets the regulatory requirements of the Regulator. Parental control of the Original Borrowers is exercised through powers contained in the rules of the Original Borrowers and in their respective intra group

agreements (**IGAs**) which together enable the Group Parent to remove or appoint all or any board members and to approve business, operational and other financial plans of the Original Borrowers. The IGAs also provide for dispute resolution between the relevant parties.

Corporate Governance

The Clarion Housing Group has adopted the NHF Code of Governance (the **Code**). The Code is based on clear requirements and commitments, which enable the Group Board to demonstrate compliance with best practice in the housing sector. The Clarion Housing Group routinely self-examines performance against the main requirements of the Code and ordinarily undertakes an externally led review of effectiveness every three years.

The Group Board has delegated appropriate responsibilities to the following specialist committees under approved terms of reference:

Audit and Risk: advises the Group and subsidiary Boards on the effectiveness of assurance arrangements across the Clarion Housing Group; has oversight of the risk framework, advising the Clarion Housing Group on the effectiveness of such arrangements;

Remuneration and Nominations: responsible for Board member and chief executive appointment; agrees the remuneration strategy for all employees and remuneration for the Chief Executive Officer of the Clarion Housing Group and the executive directors;

Treasury: advises the Clarion Housing Group on funding strategy and provides expert opinion to the borrowers within the Clarion Housing Group; and

Investment: responsible for scrutiny of all proposed projects involving major investment by way of acquisition, development, regeneration or major repairs; approves within delegated limits and recommends to the Group Board any project outside agreed delegations.

Whilst the Group Board is responsible for the effective governance of the Clarion Housing Group, day-to-day management of corporate risk is delegated to the Group Executive. The Group Executive has seven members, all of whom have extensive experience within the UK housing association sector. The Group Executive has operational responsibility for the management of risk across the business.

Regulatory Judgement

On 21st December, 2016, the Regulator issued an interim regulatory judgement which concluded that the Group Parent met both the viability and governance standards and graded the Group Parent as "G2" for governance and "V1" for viability. This is a routine process of regulation which assesses an organisation's performance as outlined in the Regulator's Governance and Financial Viability standard. The "G2" rating means that the Issuer meets the requirements on governance set out in the Governance and Financial Viability standard. The "V1" rating means that the Issuer meets the requirements on viability set out in the Governance and Financial Viability standard and has the capacity to mitigate its exposures effectively.

THE GROUP BORROWER

Incorporation and Status

Clarion Treasury Limited (the **Group Borrower**) was incorporated with limited liability with registered number 06133979 on 1st March, 2007 under the Companies Act 2006. On 31st July, 2017 the Group Borrower changed its name from Circle Anglia Treasury Limited to Clarion Treasury Limited.

The registered address of Clarion Treasury Limited is Level 6, 6 More London Place, Tooley Street, London SE1 2DA. The telephone number of its registered address is 0300 100 0303.

Principal Activities of the Group Borrower

The Group Borrower provides central treasury services to the Borrowers and is the main borrowing company within the Group, in that it borrows funds from financial institutions and other funding vehicles within the Clarion Housing Group that have raised funding in the international capital markets, and will borrower funds from the Issuer, and will on-lend these funds to the Borrowers under their respective On-Loan Agreements. The Treasury Committee determines the borrowing strategy from the Group Borrower in order that the borrowing requirements of the Borrowers under their latest plans can be met. The only assets of the Group Borrower are its rights against the Borrowers under their respective On-Loan Agreements.

Deed of Covenant

The Group Borrower has entered into the Deed of Covenant dated 24th May, 2007 and as amended and restated on 29th November, 2016 with, *inter alios*, the Group Parent and each of the Guarantors pursuant to which the Group Borrower has agreed to limit the range of activities it may undertake to matters which fall within the objects and powers of the Guarantors.

The Group Parent and the Guarantors have agreed in the Deed of Covenant to procure that the Group Borrower complies with its obligations under the Deed of Covenant.

The Group Borrower has also agreed with the Guarantors in the Deed of Covenant that:

(a) it undertakes to on-lend all amounts borrowed by it to the Guarantors, unless otherwise agreed with all of the Guarantors;

(b) it owes a duty of care to the Guarantors to ensure that its borrowings are commensurate with the reasonable borrowing requirements of the Guarantors as a whole; and

(c) it shall ensure that its rights to drawdown monies under each Loan Facility Agreement, and the proceeds of any advance borrowed pursuant to any Loan Facility Agreement, are held on trust for the Guarantors in the shares set out in the Deed of Covenant.

Directors

The directors of the Group Borrower and their principal activities outside the Group Borrower, where these are significant with respect to the Group Borrower, are as follows:

Name	**Principal activities outside the Group Borrower**
Mark Washer	Chief Financial Officer of the Group Parent and member of the Group Board Director of the Issuer Deputy chair of the National Housing Federation National board member of Citizens' Advice
Gareth Francis	Director of the Issuer
Austen Reid	Executive Director of Development of the Group Parent Board member of Russet

The business address of each of the directors is Level 6, 6 More London Place, Tooley Street, London, SE1 2DA.

The secretary of the Group Borrower is Clare Miller whose business address is at Level 6, 6 More London Place, Tooley Street, London, SE1 2DA.

Subject as follows, there are no potential conflicts of interest between any duties to the Group Borrower of the directors of the Group Borrower and their private interests and/or duties. Gareth Francis and Mark Washer are also directors of the Issuer and Austen Reid is a board member of Russet. As such, there may be circumstances where the duties of (a) Gareth Francis and Mark Washer to the Group Borrower conflict with their duties as directors of the Issuer as a result of the Group Borrower being a borrower of funds from the Issuer under each Loan Facility Agreement and (b) Austen Reid to the Group Borrower conflicts with his duties as directors of the Issuer as a result of Russet providing a guarantee pursuant to the Deed of Guarantee to Issuer in respect of the Group Borrower's obligations to the Issuer under each Loan Facility Agreement and Russet's creation of security to secure its obligations under the Deed of Guarantee.

Share Capital and Major Shareholders

The Group Borrower is a private company limited by guarantee with no share capital. The Group Borrower's sole member is the Group Parent.

Recent Developments

There have been no recent events particular to the Group Borrower that are, to a material extent, relevant to the evaluation of the Group Borrower's solvency.

THE ORIGINAL BORROWERS

The Original Borrowers are Affinity Sutton Homes Limited (**Affinity Sutton Homes**), Circle Thirty Three Housing Trust Limited (**Circle 33**), Old Ford Housing Association Limited (**Old Ford**) and Russet Homes Limited (**Russet**, and together with Affinity Sutton Homes, Circle 33 and Old Ford, the **Original Borrowers**). Each Original Borrower is a subsidiary of the Group Parent and is a Registered Provider of Social Housing and a not-for-profit organisation whose activities are regulated by the Regulator.

Business Overview of the Original Borrowers

Each of the Original Borrower's primary business objects are to provide a wide range of products and services in the housing sector including the development of new homes at affordable rents, and for open market and affordable residential property sales.

Any surpluses which result from the Original Borrowers' operations are reinvested in the Clarion Housing Group.

In aggregate, the Original Borrowers are active in 176 local authority areas and work in partnership with a wide range of statutory and voluntary organisations to each deliver a locally responsive service, backed by the expertise and financial strength of the Clarion Housing Group. This is demonstrated by the broad scope of each Original Borrower's activities, which include:

- the management and maintenance of quality, affordable housing for families, couples and single people;
- investment in new development, large scale regeneration and conversion schemes;
- community investment activities;
- low cost home ownership initiatives; and
- the development of residential property for sale on the open market.

FINANCIAL STATEMENTS

The following are set out below:

(a) the audited unconsolidated financial statements of the Group Borrower for the financial years ended 31st March, 2016 and 31st March, 2017; and

(b) the audited consolidated financial statements of:

(i) each of Affinity Sutton Group Limited and Circle Anglia Limited in respect of the financial year ended 31st March, 2016 (together, the **2016 Predecessor Group Financial Statements**); and

(ii) the Group Parent for the financial year ended 31st March, 2017 (the **2017 Group Financial Statements** and, together with the 2016 Predecessor Group Financial Statements, the **Group Financial Statements**).

As set out in "*Description of the Clarion Housing Group – Introduction*", the Clarion Housing Group was formed by the merger of two predecessor groups whose group parents were Affinity Sutton Group Limited and Circle Anglia Limited. The 2017 Group Financial Statements are the first set of financial statements prepared in respect of the Clarion Housing Group following its formation in November 2016. As the Clarion Housing Group was not formed as at 31st March, 2016, there are no audited consolidated financial statements in respect of the Group Parent for such financial year. However, the 2016 Predecessor Group Financial Statements (when read together) set out the financial performance for the financial year ended 31st March, 2016 of each of the two predecessor group parents which subsequently formed the Clarion Housing Group.

Whilst none of the Group Parent, Affinity Sutton Group Limited and Circle Anglia Limited is an obligor or guarantor in respect of Notes issued under the Programme, the Group Financial Statements provide a more meaningful basis for understanding the financial position of the Original Borrowers than the audited financial statements of each of the Original Borrowers for the financial years ended 31st March, 2016 and 31st March, 2017. This is because investors in Notes issued under the Programme will be ultimately exposed to the credit risk of the Original Borrowers collectively. The only available audited financial statements where the financial information of the Original Borrowers is set out in aggregate for the financial years ended 31st March, 2016 and 31 March, 2017 are the 2016 Predecessor Group Financial Statements (when read together) and the 2017 Group Financial Statements, respectively.

The table below sets out certain key metrics in respect of the financial years ended 31st March, 2016 and 31st March, 2017 and demonstrates the significance of the aggregate financial performance of the Original Borrowers within the Clarion Housing Group for those financial years. In particular, the table sets out the aggregate financial performance of the Original Borrowers compared to (a) the aggregate financial position of each of the 2016 Predecessor Group Financial Statements in respect of the financial year ended 31st March, 2016 and (b) the 2017 Group Financial Statements in respect of the financial year ended 31st March, 2017.

Metric	Aggregate financial position of the Original Borrowers for the financial year ended 31st March, 2016 expressed as a percentage of the 2016 Predecessor Group Financial Statements	Aggregate financial position of the Original Borrowers for the financial year ended 31st March, 2017 expressed as a percentage of the 2017 Group Financial Statements
Gross assets	100 per cent.	100 per cent.
Net assets	97 per cent.	95 per cent.
Revenue	92 per cent.	97 per cent.
EBITDA	90 per cent.	94 per cent.
Operating surplus	94 per cent.	97 per cent.
Surplus on ordinary activities before tax & fair value of derivatives	95 per cent.	102 per cent.
Surplus on ordinary activities after tax and fair value derivatives	96 per cent.	104 per cent.

The group structure of the Clarion Housing Group has changed significantly during the financial years ended 31st March, 2016 and 31st March, 2017 which results in the Group Financial Statements providing more meaningful information in relation to the Original Borrowers than the audited financial statements of the Original Borrowers for the same period. For example, two members of the Clarion Housing Group which were Registered Providers of Social Housing, being Merton Priory Homes and Mole Valley Housing Association Limited, transferred their engagements to Circle 33 after the financial year ended 31st March, 2017. Consequently the audited financial statements of Circle 33 for the financial year ended 31st March, 2017 are not representative of Circle 33 in its current form as they do not show the financial performance of Merton Priory Homes and Mole Valley Housing Association Limited for the financial year ended 31st March, 2017. However, the performance of Merton Priory Homes and Mole Valley Housing Association Limited is reflected in the 2017 Group Financial Statements.

A further example is that the financial statements for Circle 33 for the financial years ended 31st March, 2016 and 31st March, 2017 are not directly comparable in any meaningful way. During the financial year ended 31st March, 2017, Circle 33 merged with Wherry Housing Association Limited, Mercian Housing Association Limited, South Anglia Housing Limited and Roddons Housing Association Limited (all of which were Registered Providers of Social Housing within the Clarion Housing Group), which means that any comparison of Circle 33's financial statements for the financial year ended 31st March, 2017 with the financial statements for 31st March, 2016 is not meaningful due to the significant transformation of Circle 33 during the financial year ended 31st March, 2017.

Accordingly, given the Group Financial Statements are the financial statements which are most reflective of the Clarion Housing Group and the Original Borrowers in their current form and the credit exposure in respect of Notes issued under the Programme is to the Original Borrowers collectively, the Issuer believes that Group Financial Statements present more meaningful information in relation to the Original Borrowers than the audited financial statements of each Original Borrower for the financial years ended 31st March, 2016 and 31st March, 2017.

As at the date of this Offering Circular, subject as follows, the Issuer intends to include in any future offering circulars in respect of the Programme the audited consolidated financial statements of the Group Parent, instead of the audited financial statements of each Borrower, in respect of each financial year ended 31st March, 2018 and each subsequent financial year thereafter. The Issuer will need to be satisfied that the audited consolidated financial statements of the Group Parent are representative of the Borrowers and, for these purposes, the Issuer shall consider the key metrics specified in the table above (or the most relevant key metrics from time to time) in respect of the relevant financial year.

Circle Anglia Treasury Limited

Directors' report

The Directors present their report, together with the audited financial statements of Circle Anglia Treasury Limited ('the Company') for the year ended 31 March 2016. The Company is a member of Circle Housing ('the Group').

Principal activity

The Company was incorporated on 1 March 2007 as a subsidiary company of Circle Anglia Limited. It commenced trading from 1 April 2007 and acts as the Group borrowing vehicle for Circle Housing, entering into loan arrangements and hedging activities on behalf of the Group, on-lending funds to Group members and making investments as directed by Group members.

All borrowings and hedging liabilities of Circle Anglia Treasury Limited are guaranteed on a joint and several basis by the registered providers of social housing in the Group, namely, Circle Thirty Three Housing Trust Ltd, Old Ford Housing Association Ltd, South Anglia Housing Association Ltd, Wherry Housing Association Ltd, Roddons Housing Association Ltd, Mole Valley Housing Association Ltd, Mercian Housing Association Ltd, Merton Priory Homes and Russet Homes Ltd (the 'Guarantors'). The guarantee liabilities are secured by fixed charges over properties owned by the Guarantors.

Business review

The Statement of Comprehensive Income shows a £19,000 profit for the year after taxation (2015: £52,000).

During the financial year, Circle Anglia Treasury Limited has received proceeds from a private placement of £150 million issued by Circle Anglia Social Housing 2 Plc which it has on-lent to the registered providers of social housing in the Group.

As at 31 March 2016 the Group had over £1 billion (2015: £1 billion) in available property security and have ring-fenced £398 million of this security to protect the Group against possible falls in interest rates and property values, but still leaving significant financial capacity.

The Company benefits from the centralised treasury service with policies and procedures approved by the Board. These cover funding, banking relationships, interest rate exposures, cash management and the investment of surplus cash.

Financial risk management

Risk management objectives and policies

Circle Housing's Finance function is responsible for treasury management activities and control of associated risks. Its activities are governed by the Treasury Risk Management Policy approved by the Management Board, which is responsible for treasury issues in all of the Group legal entities. The Finance function does not operate as a profit centre.

Interest rate risk / hedging

The Company's current strategy is to mitigate the risk of breaching covenants due to movements in interest and inflation rates. The Company currently borrows funds on a fixed and variable rate basis from various lenders and then on-lends these funds to Circle 33 Housing Trust Ltd, Old Ford Housing Association Ltd, Wherry Housing Association Ltd, South Anglia Housing Association Ltd, Roddons Housing Association Ltd, Mole Valley Housing Association Ltd, Mercian Housing Association Ltd, Merton Priory Homes and Russet Homes Ltd – on a similar interest rate basis.

Directors' report (continued)

To mitigate interest rate risk, the Company undertakes various hedging activities and uses free-standing instruments to hedge against adverse movements in interest rates and inflation.

Credit risk

All of the Company's financing proceeds are immediately on-lent to the Guarantor Group. This credit risk is mitigated through a number of factors, including the housing asset security which stands behind the loans to the Guarantor Group, the overall creditworthiness of the members of the Guarantor Group, the guarantees which have been issued to the Company by the Guarantor Group, and the contractual protections in the loan agreements themselves.

It should be noted that Circle Housing, which includes the Company, benefits from an Investment Grade credit rating from Moody's Investor Services.

Health and safety

The Board is aware of its responsibilities on all matters relating to health and safety. The Company has appropriate detailed health and safety policies and provides staff training and education on health and safety matters.

Equal opportunities

The Company has a policy of equal opportunities in all matters. The policy complies with all aspects of best practice.

Statement of Directors' responsibilities in respect of the Directors' Report and the financial statements

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 the Financial Reporting Standard applicable in the UK and Republic of Ireland.

Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Disclosure of information to auditor

The Directors who held office at the date of approval of this Director's report confirm that so far they are each aware, there is no relevant audit information of which the Company's auditor is unaware; and each Director has taken all the steps that they ought to have taken as a Director to make themselves aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Auditor

Pursuant to Section 487 of the Companies Act 2006, the auditor will be deemed to be reappointed and KPMG LLP will therefore continue in office.

Independent auditor's report to the members of Circle Anglia Treasury Limited

We have audited the financial statements of Circle Anglia Treasury for the year ended 31 March 2016 set out on pages 8 to 34. The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice), including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland.*

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of Directors and auditor

As explained more fully in the Directors' Responsibilities Statement set out on page 5, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at www.frc.org.uk/auditscopeukprivate.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2016 and of its profit for the year then ended;
- have been properly prepared in accordance with UK Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the Directors were not entitled to take advantage of the small companies exemption from the requirement to prepare a strategic report.

1. Legal status

Circle Anglia Treasury Limited (the 'Company') is a company limited by shares, incorporated in England and Wales under the Companies Act 2006.

2. Accounting policies

The Directors believe it is appropriate to prepare the financial statements on a going concern basis, having reviewed the financial forecast and performance of the Company. The financial statements have been prepared in accordance with applicable Accounting Standards in the United Kingdom (FRS102) and the Companies Act 2006.

A summary of the more important accounting policies, which have been consistently applied, is set out below:

a) Basis of accounting

The financial statements of the Company have been prepared in accordance with applicable United Kingdom accounting standards, including Financial Reporting Standard 102 – 'The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland' ('FRS 102').

This is the first year in which the financial statements have been prepared under FRS 102. Under the FRS 102 framework, Circle Anglia Treasury is regarded as a financial institution due to its nature as a group entity to manage risk for the Group. This is an accounting classification and does not affect designations for other regulatory bodies.

First Time Adoption of FRS 102

On transition to FRS102, the Group has chosen to apply the following:

- As permitted by paragraphs 11.2(c) and 12.2(c) of FRS102, The Group has chosen to apply the recognition and measurement provisions of IFRS 9 Financial Instruments, the disclosure requirements of Sections 11 and 12 and the presentation requirements, as appropriate, of 11.38A or 12.25B to account for all of its financial instruments.

An explanation of how the transition to FRS102 has affected financial position and financial performance of the Company is provided in note 20.

The financial statements are presented in Sterling (£), on an accruals basis and under the historical cost convention, except for the modification to a fair value basis for certain financial instruments as specified in the accounting policies below. Amounts presented have been rounded to the nearest £1,000 unless otherwise stated.

In these financial statements, the Company is considered to be a qualifying entity (for the purposes of this FRS) and has applied the exemptions available under FRS 102 in respect of the following disclosures:

- The requirement to present a statement of cash flows and related notes
- The requirement to present a reconciliation of the number of shares outstanding at the beginning and end of the period

b) Significant judgements and estimates

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the Statement of Financial Position date and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates. It also requires management to exercise judgement in applying the Company's accounting policies. The significant areas of management judgement and estimation are outlined below and explained more fully within the accounting policies:

- Fair value measurement of financial instruments (note 15)
- Effective interest rates (notes 7 and 14)

c) Interest and financing costs

Interest is charged to the Statement of Comprehensive Income over the term of the debt using the effective interest rate method so that the amount charged is at a constant rate on the carrying amount.

Issue costs are recognised as a reduction in the proceeds of the associated capital instrument and are charged over the term of the debt using the effective interest rate method. Issue costs in respect of the refinancing of existing debt where terms are materially changed or extinguished, are written off directly to the Statement of Comprehensive Income.

Where the Group has incurred a premium or discount on its bond issues, the balance is shown net against the associated bond liability and is charged over the term of the debt using the effective interest rate method.

d) Current and deferred taxation

The charge for taxation is based on the result for the period and takes into account deferred taxation.

Deferred tax is provided for on differences between the treatment of certain items for taxation and accounting purposes, unless the Company is able to control the reversal of the timing difference and it is probable that the timing difference will not reverse in the foreseeable future.

Deferred tax assets are only recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is calculated using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

With the exception of changes arising on the initial recognition of a business combination, the tax expense (income) is presented either in profit or loss or other comprehensive income or equity depending on the transaction that resulted in the tax expense (income).

Deferred tax liabilities are presented within provisions for liabilities and deferred tax assets within debtors. Deferred tax assets and deferred tax liabilities are offset only if the Company has a legally enforceable right to set off current tax assets against current tax liabilities, and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously.

e) Financial instruments

An election has been made to apply the recognition and measurement provisions of IFRS 9 Financial Instruments as allowed under FRS 102 sections 11.2 and 12.2.

Debtors and creditors

Debtors and creditors with no stated interest rate and which are receivable or payable within one year are recognised at fair value at inception and subsequently measured at amortised cost, less any impairment. Any losses arising from impairment are recognised in the Statement of Comprehensive Income in other operating expenses.

Loans, investments and short term deposits

All loans, investments and short term deposits held by the Company are initially measured at fair value (plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs). The best evidence of the fair value of a financial instrument at initial recognition is normally the transaction price.

Where contractual cash flows meet the recognition requirements of IFRS 9, loans, investments and short term deposits are subsequently measured at amortised cost, unless the difference between the historical cost and amortised cost basis is deemed immaterial. Amortised cost is calculated using the effective interest method which applies a rate of interest that exactly discounts estimate future cash payments or receipts (including any associated premium, discount or loan arrangement costs) through the expected life of the financial instruments to the net carrying amount of the financial asset or liability. The current rate of LIBOR at the reporting date is used and assumed to be constant for the life of the loan. Loans and investments that are payable or receivable in one year are not discounted.

Where contractual cash flows do not meet the recognition requirements of IFRS 9, loans, investments and short term deposits are subsequently measured at fair value with gains or losses taken to the Statement of Comprehensive Income as "Movement in fair value of financial instruments".

Where loans and other financial instruments are redeemed during the year, a redemption penalty is recognised in the Statement of Comprehensive Income of the year in which the redemption takes place, where applicable.

Cash and cash equivalents

Cash and cash equivalents in the Company's Statement of Financial Position consist of cash at bank, in hand, deposits and short term investments with an original maturity of three months or less.

Derivative financial instruments and hedge accounting

To manage interest rate risk, the Group manages its proportion of fixed to variable rate borrowings within approved limits and where appropriate, utilises interest rate swap agreements. Amounts payable and receivable in respect of these agreements are recognised as adjustments to interest payable over the period of the agreement.

These derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. These derivatives are carried as financial assets if the fair value is positive and as financial liabilities if the fair value is negative.

e) Financial instruments (continued)

Where considered appropriate, the Group applies hedge accounting and has designated each of the swaps against either existing drawn debt or against highly probable future debt. Hedges are classified as either:

- Fair value hedges when hedging exposure to changes in the fair value of a recognized asset or liability, or
- Cash flow hedges when hedging exposure to variability in cash flows that is attributable to either a particular risk associated with a recognised asset or liability or a highly probable forecast transaction.

Hedge relationships are formally designated and documented at inception, together with the risk management objective and strategy for undertaking the hedge. The documentation includes identification of the hedging instrument, the hedged item or transaction, the nature of the risk being hedged, and how the entity will assess the hedging instrument effectiveness in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected at inception, and on an ongoing basis, to be highly effective in achieving offsetting changes in fair value or cash flows. Hedges meeting the criteria for hedge accounting are accounted for as follows:

Fair value hedges

The change in fair value of a hedging derivative is recognised in the Income Statement. The change in the fair value of the hedged item attributable to the risk being hedged is recorded as part of the carrying value of the hedged item and is also recognised in the Income Statement. The Group applies fair value hedge accounting when hedging interest rate risk on fixed rate borrowings. If the criteria for hedge accounting are no longer met, the accumulated adjustment to the carrying amount of a hedged item at such time is then amortised to the Profit or Loss over the remaining period to maturity.

Cash flow hedges

To the extent the hedge is effective, movements in fair value adjustments, other than adjustments for own or counter party credit risk, are recognised in other comprehensive income and presented in a separate cash flow hedge reserve. Any movements in fair value relating to ineffectiveness due to adjustments for our own or counter party credit risk are recognised in Profit or Loss.

Where an entity discontinues hedge accounting for a cash flow hedge and if the hedged future cash flows are still expected to occur, the amount that has been accumulated in the cash flow hedge reserve remains there until those future cash flows occur. If the hedged future cash flows are no longer expected to occur, that amount is immediately reclassified to Profit or Loss.

e) Financial instruments (continued)

Valuation

All financial assets or liabilities at fair value are calculated using measurements based on inputs that are observable for the asset either directly or indirectly from prices.

Fair value is determined as the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. To calculate fair value, the Company uses:

a. Where they exist, quoted market prices in an active market to for an identical asset or liability; or
b. If a market for a financial instrument is not active, the Company will use a valuation technique that makes maximum use of market inputs and includes recent arm's length market transactions, reference to the current fair value of another instrument that is substantially the same, discounted cash flow analysis, and option pricing models where in each case it is an acceptable valuation technique that incorporates all factors that market participants would consider in setting a price.

f) Foreign currencies

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the rate of exchange ruling at the reporting date and the gains or losses on translation are included in the Statement of Comprehensive Income.

Where foreign currency borrowings have been used to finance, or provide a hedge against, group equity investments in foreign enterprises, exchange gains or losses on the borrowings, which would otherwise have been taken to the Income Statement, are offset as reserve movements against exchange differences arising on the re-translation of the net investments in the consolidated accounts. This policy is applied to the extent that:

a. in any accounting period, the exchange gains and losses arising on foreign currency borrowings are offset only to the extent of the exchange differences arising on the net investments in foreign enterprises; and
b. the foreign currency borrowings, whose exchange gains or losses are used in the offset process, do not exceed, in aggregate, the total amount of cash that the net investments are expected to be able to generate.

g) Reserves

Where the Company is required to do so due to external restrictions, a number of restricted reserves have been established for these specific purposes.

3. Profit and loss account

During the year, the Company charged to the Guarantor Group all interest paid on loans, its operating costs and interest received. Profits generated are a result of a margin charged to Merton Priory Homes.
The surplus for the year has been arrived at after charging:

In November 2015 the Government enacted the Finance (No. 2) Act 2015 which reduces the standard rate of corporation tax from its current level of 20% to 19% from 1 April 2017 and 18% from 1 April 2020. As these changes had been substantively enacted at the balance sheet date, the deferred tax assets and liabilities included within these financial statements have been calculated using these rates based on when the deferred tax timing differences are expected to materially reverse."

The group now operates a Group Cash pooling facility whereby the cash from each entity is pooled into a group account held by the parent. This change in the cash management employed by the Group in the year ended 31 March 2016 has the result that there is very little, or no, cash that is held in each of subsidiaries. This is now presented as a short term intercompany debtor/creditor.

After five years	**1,143,665**	1,202,519
	1,199,196	1,245,430

All of the above loans are drawn from total committed bank facilities of £1,609.5 million (2015: £1,616.0 million) provided by various banks and other institutions and are repayable at various dates through to 2046. Under the facilities, the loans are secured by fixed charges over the completed housing properties of the participating Group members and a series of cross guarantees.

The difference between the gross amount of bank loans repayable and the carrying value represents the amortisation of fees relating to the loans held.

The above debt does not include £635 million which represents the bond issue through Circle Anglia Social Housing Plc that was placed in November 2008, further tapped in November 2010 for an additional £110 million and a new bond placed in March 2012 for £250 million. The above debt also does not include £150 million which represents the private placement through Circle Anglia Social Housing 2 Plc that was placed in November 2015.

Interest is payable at rates varying between 0.23% and 8.36%. The weighted average rate of interest at 31st March 2016 inclusive of interest rate swaps but exclusive of bonds was 3.64% (2015: 3.56%).

15. Financial Instruments

The Group has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk
- Currency risk
- Market risk

This note presents information about the Circle Anglia Treasury Limited's exposure to each of the above risks, and the Group's and the Company's objectives, policies and processes for managing risk.

Risk management framework

The Board of Circle Anglia Limited has overall responsibility for the establishment and oversight of the Group's treasury risk management framework. The Executive Director (Resources) is responsible for developing and monitoring the Group's treasury risk management policies.

The Group's treasury risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Treasury risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Group Audit and Risk Committee oversees how management monitors compliance with the Group's treasury risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The Group Audit and risk Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Group Audit and Risk Committee.

Credit Risk

Credit risk is the risk of financial loss to the Circle Anglia Treasury Limited if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the internal lending and derivative arrangements and its external investments and undrawn facilities.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. Due to the highly collateralised nature of the derivative portfolio and the net liability position, the maximum exposure due to credit risk does not significantly differ from the mark-to-market. The maximum exposure to credit risk at the end of the reporting period was as follows;

As Circle Anglia Treasury Limited is a funding special purpose vehicle for the nine charitable registered providers all borrowing and derivative activity is at the request of these nine businesses. As a result of this it is exposed to the underlying financial performance and credit of these businesses. However, it should be noted that the nine charitable registered providers secure all the external relationships that the Company has with their property assets and have issued guarantees to the financial beneficiaries of Circle Anglia Treasury Limited's liabilities.

Trade and other receivables

The company's exposure to credit risk is influenced mainly by the individual characteristics of each counterparty and asset class. The assets of Circle Anglia Treasury Limited fall into two distinct groups; external deposits for collateral purposes and internal loans and derivatives.

The treasury risk management policy sets a series of credit criteria, including minimum short-term credit ratings and ranges for counterparty credit default swap pricing levels, for the placement of external deposits and investments.

As Circle Anglia Treasury acts as the funding special purpose vehicle for the Group's nine charitable Registered Provider subsidiaries, all loans or debt funding it receives is on-lent to the charitable Registered Providers forming the funding group (Circle 33 Housing Trust, Mercian Housing Association, Merton Priory Homes, Mole Valley Housing Association, Old Ford Housing Association, Roddons Housing Association, Russet Housing Association, South Anglia Housing Association and Wherry Housing Association). Under the funding structure the charitable Registered Providers guarantee the liabilities of Circle Anglia Treasury Limited to the banks and investors. In addition, the loans, funding and ISDA exposures provided to Circle Anglia Treasury Limited are secured on the property assets of the housing associations.

Cash and cash equivalents

The Company held cash and cash equivalents of £nil million at 31 March 2016 (31 March 2015: £135.0m). The Company also held collateral cash and cash equivalents of £99.3million at 31 March 2016 (31 March 2015: £16.2m), which collaterised out-of-the money mark-to-market positions reducing the counterparties exposures to Circle Anglia Treasury Limited. These represent its maximum credit exposure on these assets. The cash and cash equivalents are held with bank and financial institution counterparties, which are rated A1/P1/F1, based on rating agency ratings, except where the investments are held as collateral by the financial institution to offset liabilities from the Group.

Derivatives

The derivatives are entered into with bank and financial institution counterparties, which have long term credit ratings between Ba1 to A1 (Moody's), BBB- to A- (Standard & Poors) and BBB+ to A+ (Fitch), with the weakest ISDA counterparty currently being rated Ba1 (Moody's), BBB- (Standard & Poors), BBB+ (Fitch). Only one of the ISDA agreements supports two-way collateral requirements. 4 of the ISDA CSA's allow for the use of property security, whilst 2 only allow the use of cash.

Guarantees

The Company's policy is to limit the use of financial guarantees. At 31 March 2016 the company had £nil m of bank issued guarantees outstanding (2015: £nil m).

Liquidity Risk

Liquidity risk is the risk that the Group will encounter difficultly in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meets its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group aims to maintain the level of its cash and cash equivalents and other highly marketable debt investments at a minimum of 3 months Net Cash Requirement with an absolute minimum of £50 million. The Net Cash Requirement is defined as the net total of all contractual committed income (excluding all property asset sales) and all contractual committed expenditure. The Group's policy on Liquidity states that it must have sufficient liquidity to meet the following:

a) fully fund the approved Business Plan, excluding any uncommitted development cash flows,
b) but including the next 18-months of uncommitted or aspirational net development expenditure, and
c) to cover non-receipt of the next 12-months property sales receipts and the impact of a 0.5% downward shift In market rates on the ISDA market-to-market positions.

The group currently has £2,437 million of secured and available funding, of which £2,394 million is secured by the Circle Anglia Treasury Limited on the behalf of the 9 charitable registered providers, this is derived from:

15. Financial Instruments (continued)

The Company constantly monitors the risk of loss of its secured financing facilities arising from a failure of a lending counterparty against the same credit parameters it applies to it cash investments. The following are the remaining external contractual maturities at the end of the reporting period of financial liabilities, including estimated interest payments for the Company.

2016	Loans at amortised cost	Interest on loans at amortised cost	Interest on derivative financial instruments	Total
	£000	£000	£000	£000
Due within one year:	4,196	15,648	19,084	38,928
Between one and two years	4,593	16,810	28,158	49,561

2015	Loans at amortised cost	Interest on loans at amortised cost	Interest on derivative financial instruments	Total
	£000	£000	£000	£000
Due within one year:	5,816	14,291	19,060	39,167
Between one and two years	4,162	17,553	24,469	46,184
Between two and five years	32,933	45,844	43,266	122,043
After five years	1,202,519	349,020	182,197	1,733,737
Gross contractual cash flows	**1,245,430**	**426,708**	**268,992**	**1,941,131**

The above flows represent the contractual undiscounted cash flows relating to derivative financial liabilities held for risk management purposes and which are usually not closed before contractual maturity. As disclosed the Company has secured bank and debt facilities which contain various debt covenants. A future breach of covenant may require the Group to repay the loan earlier than indicated in the above table. The interest payments on variable interest rate loans and private placements in the table above reflect market forward interest rates at the period end and these amounts may change as market interest rates change. The future cash flows on derivative instruments may be different from the amount in the above table as interest rates change. Except for these financial liabilities, it is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts.

Currency risk

Circle Anglia Treasury is exposed to currency risk on one loan and investment that is denominated in Euro. These exposures are perfectly matched and provide a net investment hedge for the investment in the Landericus Limited property subsidiary by Your Lifespace Limited through the nine charitable registered providers.

Interest on borrowings is denominated in the currency of the borrowing. Generally, borrowings are denominated in the currencies that match the cash flows generated by the underlying operations of the Group, primarily GBP and Euro. This provides an economic hedge without derivatives being entered into and therefore hedge accounting is not applied in these circumstances.

15. Financial Instruments (continued)

Market Risk

Market risk is the risk that changes in market prices, such as interest rates will affect the Circle Anglia Treasury's income or value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Circle Anglia Treasury buys and sells derivatives, and also incurs financial liabilities, in order to manged market risks. All transactions are carried out within the guidelines set by the Treasury Risk Management policy and Treasury Strategy approved by the Group Management Board. Generally the Group seeks to apply hedge accounting in order to manage volatility in profit or loss.

Interest Rate risk

The Group adopts a policy to manage its exposure to fluctuations in interest rates with a view to containing net interest costs. To manage this risk the Group assess the impact that adverse interest rates would have on the Group's financial position in the short (1 year), medium (up to 5 years) and long term (over 5 years) and sets individual strategies each year to manage these risks. The strategy as approved by the Group Management Board is to ensure that 90 (+/-10%) percent, of its exposure to changes in interest rates on borrowings is on a fixed-rate basis in the short- and medium-term, and 50 (+/-10%) percent, in the long-term. The Group enters into and designates interest rate swaps as hedges of the variability in cash flows attributable to interest rate risk through Circle Anglia Treasury Limited on behalf of the charitable registered providers.

Profile

At the end of the reporting period the interest rate maturity profile of the Group's interest-bearing financial instruments as reported to the Management of Circle Anglia Treasury was as follows:

2016	Fixed Debt	Interest rate swaps (pay fixed)	Interest rate swaps (receive fixed)	Net fixed

Fair value sensitivity analysis for fixed rate instruments

Circle Anglia Treasury Limited accounts for one fixed-rate liability at fair value through profit or loss, and designates one interest rate swap as hedging under a fair value hedge accounting model. Therefore a change in interest rates at the end of the reporting period would affect profit and loss but be offset.

	Notional 2016 £000	Notional 2015 £000
Fair Value hedges	100,000	25,000

Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points in interest rates at the end of the reporting period would have increased (decreased) the mark-to-market position of the Company's derivative portfolio by the amounts shown below. Due to the hedging relationships that all derivatives are in, the effect would be seen within the Income Statement and the Cash flow Hedge Reserve dependant on effectiveness of the hedging relationships.

		Mark-to-market		**Impact on mark-to-market**	
		2016 £000	**2015** £000	**2016** £000	**2015** £000
Interest rate swaps	100bp increase	(165,318)	(127,750)	108,492	128,318
	100bp decrease	(389,361)	(392,946)	(115,551)	(136,878)

Capital Management

Capital consists of total equity, less amounts accumulated in required related to cash flow hedges. As a special purpose funding vehicle the capital requirements for Circle Anglia Treasury Limited are minimal, with all amounts accumulated in relation to cash flow hedges offset by equal positions with the members of the Funding Group.

Derivative assets and liabilities

Derivatives are held within the group portfolio are held by Circle Anglia Treasury and then on-lent to the Registered Providers. There are two types of derivative used to manage interest rate risk within the entity. A fair value derivative hedges the variations of the fair value movements of £100m (of total £150m) proportion of the private placement in issuance from Circle Anglia Social Housing 2.

Cash flow derivatives hedge the required cash flows of group variable debt which are paid through each of the entities. Under FRS102 and IFRS 9, we have elected to apply hedge accounting to all the Cash Flow hedge derivatives presently held.

This results in a cashflow hedge reserve into which the effective gains and losses on these derivatives are transferred. The hedging relationships are on-lent to the Registered Providers and so the cashflow hedge nets to nil within Circle Anglia Treasury with the effective gains and losses passed on to the Registered Providers along with the gains and losses due to ineffectiveness.

15. Financial Instruments (continued)

Gains and losses due to both the effectiveness and ineffectiveness of these hedging relationships are shown in the interest payable and receivable notes (please see notes 6 and 7).

Within the year, Circle Anglia Treasury has cancelled two swaps with Barclays Bank. One of these financial instruments was not held in a hedging relationship and so the gain on the instrument has been credited to profit and loss as a movement in fair value. Another instrument was in a hedging relationship and, as the item that it was hedging (the cash flows associated with a bank loan) remains within our debt portfolio, Circle Anglia Treasury has elected under IFRS 9 to reclassify the instrument to profit and loss over the remaining life of the debt (18 years) that it was hedging.

Interest rates used for determining fair value

The interest rates used to discount estimated cash flows, where applicable, are based on the government yield curve at the end of the reporting period plus an appropriate credit spread, and were as follows:

	2016	2015
Derivatives	**0.59% to 5.53%**	0.51% to 5.53%

Fair Value hierarchy

The table below analyses financial instruments carried at fair value, by the levels in the fair value hierarchy. The different levels have been defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset of liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Fair value Measurement
Derivative financial instruments are calculated measured at the present value of future cash flows estimated and discounted based on the applicable yield curves derived from quoted interest rates. As required by IFRS 13, there is also a bilateral credit valuation adjustment made in order to adjust for the credit worthiness of the counterparties involved in the trade.

16. Related party transactions

As 100% of the Company's voting rights are controlled within the Group headed by Circle Anglia Limited, the Company has taken advantage of the exemption contained within FRS102 and has therefore not disclosed transactions or balances with entities which form part of the Group.

19. Ultimate parent undertaking

The Company is a wholly owned subsidiary of Circle Anglia Limited. The ultimate parent undertaking and ultimate controlling party is Circle Anglia Limited, which is incorporated in the UK under the Co-operative and Community Benefit Societies Act 2014.

The largest Group in which the results of the Company are consolidated is that headed by Circle Anglia Limited. No other group financial statements include the results of the Company.

The consolidated financial statements of the Group are available to the public and may be obtained from Circle Anglia Limited's registered office at Two Pancras Square, King's Cross, London, N1C 4AG.

20. Explanation of transition to FRS 102 from old UK GAAP

As stated in note 2, these are the Company's first financial statements prepared in accordance with FRS 102.

The accounting policies set out in note 2 have been applied in preparing the financial statements for the year ended 31 March 2016 and the comparative information presented in these financial statements for the year ended 31 March 2015.

In preparing its FRS 102 Statement of Financial Position, the Company has adjusted amounts reported previously in financial statements prepared in accordance with its old basis of accounting (UK GAAP). An explanation of how the transition from UK GAAP to FRS 102 has affected the Company's financial position and financial performance is set out in the following tables and the notes that accompany the tables.

		Comprehensive Income for the period ending 31 March 2015 £000	Reserves as at 31 March 2015 £000	Reserves as at 31 March 2014 £000

Under FRS 102, Circle Anglia Treasury is now including all derivatives on the Statement of Financial Position where it was not a requirement under the previous reporting framework. The derivatives are held within hedging relationships and are, effectively, onlent to the housing entities. As a result, the derivative balances have an equal and opposite intercompany component within the Statement of Financial position such that Circle Anglia Treasury will not show the fair value, or hedged, movements within its own Statement of Comprehensive Income. These movements are reflected in the Registered Providers' accounts as intercompany derivative movements.

a) Loan balances

Borrowings related to the bond issuance have previously been treated using a straight line amortisation of both the fees and the discount/premium of the issuance. Using the effective interest rate methodology, the carrying value is adjusted to account for this change resulting in an opening balance adjustment of £1,781k with the attendant interest charge in the year of £617k.

20. Explanation of transition to FRS 102 from old UK GAAP (continued)

Hedge Accounting

Circle Anglia Treasury Ltd has elected to apply Hedge Accounting under IFRS 9 which will affect the nature of the movement in valuations of the derivatives held under cash flow hedges and whether that movement will be taken through the profit and loss or Other Comprehensive Income.

b) Movement in fair value of financial instruments not in hedging relationship

The fair value movements of the derivative associated with the fair value movement of the 2038 bond has resulted in a net movement of £7,544k.

c) Ineffective portion of hedged derivatives

The ineffective portion of the hedged derivatives is charged through profit and loss and was £71k in 2014 and £2,344k in 2015. The resultant effect on the revenue reserve is, therefore, £2,415k.

The loans, which are on-lent to Registered Providers, are now valued under the amortised cost methodology which stipulates the use of the effective interest rate method

d) Effective portion of hedged derivatives

Hedge accounting was initialised at the transition date and the effective portion of the hedged derivatives is charged to Other Comprehensive Income which was £127,367k in 2015 and £111,523k in 2014 to give a total cashflow hedge reserve of £238,890k.

e) Intercompany adjustment

As Circle Anglia Treasury is a vehicle used for on-lending within the Funding Group, the effect of changes are also onlent to the Funding Group. This intercompany effect means that the net impact to reserves is £ nil.

STRATEGIC REPORT

The Directors present their report, together with the audited financial statements of Circle Anglia Treasury Limited ('CAT') ('the Company') for the year ended 31 March 2017. The Company is a member of Clarion Housing ('the Group').

Principal activities

The Company was incorporated on 1 March 2007 as a subsidiary company of Circle Anglia Limited, which is now part of Clarion Housing Group. It commenced trading from 1 April 2007 and acts as the Group borrowing vehicle for Clarion Housing, entering into loan arrangements and hedging activities on behalf of the Group, on-lending funds to Group members and making investments as directed by Group members.

Principal risks and uncertainties

As CAT on-lends all of its to the Group's Registered Providers (Circle Thirty Three Housing Trust Ltd, Affinity Sutton Homes Ltd, Old Ford Housing Association Ltd, Mole Valley Housing Association Ltd, Merton Priory Homes and Russet Homes Ltd (the "Registered Providers")), the main risk facing is that the Registered Providers will be unable to make interest or principal payments when they fall due.
This risk is mitigated in a number of ways:

- First, all borrowings and hedging liabilities of Circle Anglia Treasury Limited are guaranteed on a joint and several basis by the Registered Providers in the Group. The guarantee liabilities are secured by fixed charges over properties owned by the Guarantors.
- Second, as evidenced by the Group's investment grade credit rating from Moody's Investor Service, the financial performance of Clarion Housing Group Limited is deemed to be strong.

As CAT is not obliged to provide incremental funding to the Group where it is not able to secure funding externally, CAT is not at risk if it cannot do so. All of CAT's costs related to providing funding services are also billed to Registered Providers in the Group.

STRATEGIC REPORT (CONTINUED)

Business review

On 29 November 2016, Circle Anglia Limited – the Company's ultimate parent – merged with Affinity Sutton Group Limited to form Clarion Housing Group. More details can found in Clarion Housing Group's annual report and financial statements for the year ending 31 March 2017

As a result of the above merger, Affinity Sutton Group's treasury vehicle, Affinity Sutton Funding Limited transferred its facilities of £1,729 million (including drawn debt of £1,244 million) and derivatives with a fair value of £139 million to the Company which have in turn been lent to the Registered Providers (RPs) of the Clarion Group, including Affinity Sutton Homes Limited (the Affinity Sutton Group RP). Affinity Sutton Homes Limited has been added to the Guarantor Group. This notification to the lenders also necessitated renegotiation of bank facilities that resulted in altered maturity profiles and slightly amended margins for borrowing across the total facilities which were negotiated with each lender as appropriate. The costs associated with this renegotiation are included in note 8 "Other Charges".

Over the course of the year, the Group has been embarking on its programme of "Resurgence", working with its Partner Boards to simplify its governance structure with the aim of moving to one single asset-owning housing association called Circle Housing. As at 31 March 2017, Mercian Housing Association Limited, Wherry Housing Association Limited, South Anglia Housing Association Limited and Roddons Housing Association Limited have each transferred their engagements to Circle Thirty Three Housing Limited. The assets and liabilities of these entities are now the assets and liabilities of Circle Thirty Three Housing Limited.

The Statement of Comprehensive Income shows a £271,000 profit for the year after taxation (2016: £19,000).

At year-end, the Company has borrowed £1,939 million (2016: £1,199 million) and has also recognised a £0.4 million creditor for the fair value of its interest-rate swaps (2016: £0.3 million). £0.5 million has been deposited as security as at 31 March (2016: £ 0.3 million).

As at 31 March 2017 the Group had an uncharged security pool at an estimated value of £1.2 billion with a further £700m of assets charged but unallocated in a security trust numerical apportionment arrangement. There are no prior year comparatives as Circle and Affinity Sutton managed their security arrangements differently prior to merger.

The Company benefits from the centralised treasury service with policies and procedures approved by the Board. These cover funding, banking relationships, interest rate exposures, cash management and the investment of surplus cash.

The strategic report was approved and authorised for issue by the Board of Directors and signed on its behalf by:

REPORT OF THE BOARD

The Company's System of Internal Control

The Board of Clarion Housing Group Limited is the ultimate governing body for the Group and is committed to the highest standards of business ethics and conduct, and seeks to maintain these standards across all of its operations.

The Board is responsible for ensuring that sound systems of internal control exist across the Group which focus on the significant risks that threaten the Group's ability to meet its objectives, and provide reasonable - but not absolute - assurance against material misstatement or loss.

The key means of identifying, evaluating and managing the systems of internal control are:

- Corporate governance arrangements;
- Written Group-wide financial regulations and delegated authorities, which were subject to review during the year;
- Policies and procedures for all key areas of the business. These are reviewed periodically to ensure their continued appropriateness;
- A Group-wide Internal Audit function, structured to deliver the Audit and Risk Committee's risk-based audit plan. As well as having an in-house team, the Group uses the services of professional firms of auditors and other specialists as necessary. All audit reports are reviewed by the Audit and Risk Committee, which also receives updates on the implementation of agreed external and internal audit recommendations. Detailed reports on the Group's and subsidiaries' activities are also presented to senior managers so that recommendations for strengthened controls and improvement can be implemented promptly;
- A Group-wide Health and Safety function;
- Management structures providing balance and focus within the Group;
- A Group-wide risk management process, which enables management to manage risk so that residual risk, after appropriate mitigation, can be absorbed without serious permanent damage to the Group or its subsidiaries. This includes a formal risk management approach to new business and major development initiatives and action plans to mitigate the worst effects of the risks. Risk management is considered at each Audit and Risk Committee meeting, through reviews of individual risk areas and/or risk maps, as well as considered regularly by the Board;
- The Group and its subsidiaries have annual budgets and long-term business plans. Throughout the year, Boards and managers regularly monitored performance against budgets, value for money and other quality indicators. An important tool in this process is the Group's Balanced Scorecard which identifies performance against key performance indicators, underpinned by supporting performance indicators and management information;
- Regulatory requirements and service objectives with managers ensuring that variances are investigated and acted upon;
- An anti-fraud and anti-bribery culture which is supported by a policy and procedure for dealing with suspected fraud, bribery and whistleblowing. The Group participated in the 2016/17 National Fraud Initiative, sponsored by the Audit Commission;
- All housing investment decisions and major commitments were subject to appraisal and approval by the Group Investment Committee (or its predecessor committees) and, when appropriate Group Executive Team and the relevant Board, in accordance with the Group's financial regulations; and
- A Group-wide treasury management function reporting at least three times a year to the Group Treasury Committee.

The Group Chief Executive and senior subsidiary managers have reviewed the internal control and assurance arrangements by reference to checks on the above and a report has been made to the respective Boards on the effectiveness of the control systems for the year ended 31 March 2017 and up to the date of approval of the Annual Report and the Financial Statements. The Group Audit and Risk Committee and the Group Board have expressed their satisfaction with these arrangements.

REPORT OF THE BOARD (continued)

Status

No weaknesses were found in internal controls which resulted in material losses, contingencies or uncertainties that require disclosure in the financial statements, for the year ended 31 March 2017 and up to the date of approval of the financial statements.

Going Concern

After reviewing the Company's strategic business planning and control procedures, the Board has a reasonable expectation that it has adequate resources to continue operating for at least twelve months from the date of approval of the financial statements.

Financial risk management

Risk management objectives and policies

Clarion Housing Group's Finance function is responsible for treasury management activities and control of associated risks. Its activities are governed by the Treasury Risk Management Policy approved by the Management Board, which is responsible for treasury issues in all of the Group legal entities. The Finance function does not operate as a profit centre.

Interest rate risk / hedging

The Company's current strategy is to mitigate the risk of breaching covenants due to movements in interest and inflation rates. The Company currently borrows funds on a fixed and variable rate basis from various lenders and then on-lends these funds to the Guarantors – on a similar interest rate basis.

To mitigate interest rate risk, the Company undertakes various hedging activities and uses free-standing instruments to hedge against adverse movements in interest rates and inflation.

Credit risk

All of the Company's financing proceeds are immediately on-lent to the Guarantor Group. This credit risk is mitigated through a number of factors, including the housing asset security which stands behind the loans to the Guarantor Group, the overall creditworthiness of the members of the Guarantor Group, the guarantees which have been issued to the Company by the Guarantor Group, and the contractual protections in the loan agreements themselves.

It should be noted that Clarion Housing, which includes the Company and the Guarantor Group, benefits from an Investment Grade credit rating from Moody's Investor Services.

Directors

The Directors holding office during the period and at the date of this report are listed on page 2.

Directors' and officers' liability

Directors' and officers' liability insurance has been purchased by the Group during the year. This covers the directors of Circle Anglia Treasury Limited.

Dividends

The directors do not recommend the payment of a dividend (2016: £nil).

REPORT OF THE BOARD (continued)

Payment of creditors

The Company agrees terms and conditions for its business transactions with suppliers at the time of supply. Payment is then made on these terms, subject to the terms and conditions being met by the suppliers.

Political and charitable donations

Apart from gift aid payments to its charitable parent - which are treated as dividends under company law - the Company made no charitable contributions during the year (2016: £nil) and no political contributions (2016 £nil).

Health and safety

The Board is aware of its responsibilities on all matters relating to health and safety. The Company has appropriate detailed health and safety policies and provides staff training and education on health and safety matters.

Equal opportunities

The Company has a policy of equal opportunities in all matters. The policy complies with all aspects of best practice.

Disclosure of information to auditor

The Directors who held office at the date of approval of this Director's report confirm that so far they are each aware, there is no relevant audit information of which the Company's auditor is unaware; and each Director has taken all the steps that they ought to have taken as a Director to make themselves aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Auditor

Due to EU procurement rules, the Group's statutory audit contract for the next five years will be put out for tender in 2017, with the new auditor appointed in time to audit the annual report and financial statements for the year ended 31 March 2018. KPMG LLP, the Group's current auditors, have expressed their interest in tendering.

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE STRATEGIC REPORT, THE REPORT OF THE BOARD AND THE FINANCIAL STATEMENTS

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 the Financial Reporting Standard applicable in the UK and Republic of Ireland.

Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CIRCLE ANGLIA TREASURY LIMITED

We have audited the financial statements of Circle Anglia Treasury Limited for the year ended 31 March 2017 set out on pages 11 to 35. The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice), including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland.*

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of Directors and auditor

As explained more fully in the Directors' Responsibilities Statement set out on page 8, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at www.frc.org.uk/auditscopeukprivate.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 March 2017 and of its profit for the year then ended;
- have been properly prepared in accordance with UK Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Based solely on the work required to be undertaken in the course of the audit of the financial statements and from reading the Directors' report:

- We have not identified material misstatements in the report and
- in our opinion, the report has been prepared in accordance with the Companies Act 2006

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

1. Legal status

Circle Anglia Treasury Limited (the 'Company') is a company limited by shares, incorporated in England and Wales under the Companies Act 2006.

2. Accounting Policies

The financial statements have been prepared in accordance with applicable United Kingdom accounting standards, including FRS 102 *The Financial Reporting Standard Applicable in the UK and Republic of Ireland (September 2015) ("FRS 102") and the Companies Act 2006.*

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to Circle Anglia Treasury Limited's financial statements.

Basis of preparation

The financial statements are presented in Sterling (£), on an accruals basis and under the historical cost convention, except for the modification to a fair value basis for certain financial instruments as specified in the accounting policies below. Amounts presented have been rounded to the nearest £1,000, unless otherwise stated.

Going concern

On the basis of their assessment of the Company's financial position and resources, the Board believe that the Company is well placed to manage its business risks. Therefore the Company's Board have a reasonable expectation that the Company has adequate resources to continue in operational existence for at least twelve months from the date of approval of the financial statements. Thus they continue to adopt the going concern basis in preparing the annual financial statements.

Disclosure Exemptions

In these financial statements, the Company is considered to be a qualifying entity (for the purposes of this FRS) and has applied the exemptions available under FRS 102 in respect of the following disclosures

a. The requirement to present a statement of cash flows and related notes
b. The requirement to present related party transactions

Foreign currencies

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the contracted rate or the rate of exchange ruling at the reporting date and the gains or losses on translation are included in the Income Statement.

Value Added Tax

The Company's VAT affairs are dealt with under a Group registration in the name of Clarion Housing Group Limited. Income is shown net of any VAT charged. As most of the Group's income comes from renting out residential property, which is exempt from VAT, the Group only recovers a small proportion of the input VAT it incurs, and the company's expenditure is shown inclusive of irrecoverable VAT.

2. Accounting Policies (continued)

Impairment

Debtors are assessed for recoverability at each reporting date.

For other assets an impairment review is undertaken when there is an indication that an asset may be impaired. Impairment is recognised when it is assessed that the carrying amount of that asset (or the cash generating unit, including goodwill, it belongs to) is higher than the recoverable amount, which is the higher of fair value less costs to sell and value in use. Where this is the case the higher of these two values is taken to be the new book value, and the difference is the impairment loss.

After an impairment loss has been recognised, the recoverable amount of an asset or cash-generating unit may increase because of changes in: economic conditions; the circumstances that previously caused the impairment; or, the expected use of the asset(s). As a result, the carrying amount is adjusted to the lower of the new recoverable amount and the carrying amount that would have been determined had the original impairment not occurred, with the exception that the impairment of goodwill is not reversed.

Interest receivable, interest payable and financing costs

Interest receivable is only recognised to the extent that it is probable that it will be recoverable when due.

Interest payable is recognised over the term of the debt using the effective interest rate method so that the amount charged is at a constant rate on the carrying amount.

Transaction costs relating to the refinancing of existing debt are expensed as incurred unless there is a substantial modification of the terms. Transaction costs relating to financial instruments held at fair value are also expensed as incurred.

Corporation tax and Gift Aid

The Company is liable to corporation tax, and the charge is based on the profit for the year taking into account differences between certain items for taxation and accounting purposes.

Deferred tax is provided for in full on differences between the treatment of certain items for taxation and accounting purposes, unless the Company is able to control the reversal of the timing difference and it is probable that the timing difference will not reverse in the foreseeable future. Deferred tax is calculated using the tax rates and laws which have been enacted (given Royal Assent) or substantively enacted (passed by the House of Commons) by the reporting date and are expected to apply to the reversal of the timing difference.

With the exception of changes arising on the initial recognition of a business combination, the tax charge(/credit) is presented either in the Income Statement, Other Comprehensive Income or equity depending on the transaction that resulted in the tax charge(/credit).

Deferred tax assets are only recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax assets and liabilities are offset only where allowed by FRS 102, and likewise they are not discounted.

2. Accounting Policies (continued)

A Gift Aid donation, in relation to the year's profits, to the Company's charitable parent is recognised as a liability at year-end as a result of a shareholder-approved Companies Act s288 written resolution. Payment will be made within nine months of the year end and the amount may differ as the corporation tax computation for the year is finalised. A current tax charge is recognised for Gift Aid accrued but not paid at the reporting date, with an opposing credit in the Statement of Changes in Equity. This is reversed in the following year when the Gift Aid is paid.

Non-derivative financial instruments

The Company applies the recognition and measurement provisions of IFRS 9 Financial Instruments, as allowed by FRS 102.

All investments, short-term deposits and loans held by the Company are initially measured at fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs. The best evidence of the fair value of a financial instrument at initial recognition is normally the transaction price.

Where contractual cash flows meet the recognition requirements of IFRS 9, investments, short-term deposits and loans are subsequently measured at amortised cost, unless the difference between the historical cost and amortised cost basis is deemed immaterial. Amortised cost is calculated using the effective interest method which applies a rate of interest that exactly discounts estimated future cash payments or receipts (including any associated premium, discount or transaction costs) through the expected life of the financial instruments to the net carrying amount of the financial asset or liability. The current rate of LIBOR at the reporting date is used and assumed to be constant for the life of the loan. Loans and investments that are payable or receivable in one year are not discounted.

Where contractual cash flows do not meet the recognition requirements of IFRS 9, loans, investments and short-term deposits are subsequently measured at fair value with gains or losses taken to the Income Statement.

Where loans and other financial instruments are redeemed during the year, a redemption penalty is recognised in the Income Statement of the year in which the redemption takes place, where applicable.

Other debtors and creditors are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction and does not qualify for treatment as a concessionary loan, in which case the present value of the future receipts discounted at a market rate of interest is used.

Cash and cash equivalents include cash balances and call deposits, as well as short-term investments with an original maturity of three months or shorter. It also includes those overdrafts which are repayable on demand and form an integral part of the Company's cash management strategy.

Derivative financial instruments and hedge accounting

To manage interest rate risk, the Company manages its proportion of fixed to variable rate borrowings within approved limits and where appropriate, utilises interest rate swap agreements. Amounts payable and receivable in respect of these agreements are recognised as adjustments to interest payable over the period of the agreement.

These derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative.

2. Accounting Policies (continued)

Where considered appropriate, the Company applies hedge accounting and has designated each of the swaps against either existing drawn debt or against highly probable future debt. Hedges are classified as either:

a. fair value hedges when hedging exposure to changes in the fair value of a recognised asset or liability; or

b. cash flow hedges when hedging exposure to variability in cash flows that is attributable to either a particular risk associated with a recognised asset or liability or a highly probable forecast transaction.

Hedge relationships are formally designated and documented at inception, together with the risk management objective and strategy for undertaking the hedge. The documentation includes identification of the hedging instrument, the hedged item or transaction, the nature of the risk being hedged, and how the Company will assess the hedging instrument effectiveness in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk.

Accounting for fair value hedges:

The change in fair value of a hedging derivative is recognised in the Income Statement. The change in the fair value of the hedged item attributable to the risk being hedged is recorded as part of the carrying value of the hedged item and is also recognised in the Income Statement. The Company applies fair value hedge accounting when hedging interest rate risk on fixed rate borrowings. If the criteria for hedge accounting are no longer met, the accumulated adjustment to the carrying amount of a hedged item at such time is then amortised to the Income Statement over the remaining period to maturity.

Accounting for cash flow hedges:

To the extent the hedge is effective, movements in fair value adjustments, other than adjustments for own or counterparty credit risk, are recognised in Other Comprehensive Income and presented in a separate Cash Flow Hedge Reserve. Any movements in fair value relating to ineffectiveness and adjustments for own or counterparty credit risk are recognised in the Income Statement.

Where hedge accounting for a cash flow hedge is discontinued and the hedged future cash flows are still expected to occur, the amount that has been accumulated in the cash flow hedge reserve remains there until those future cash flows occur. If the hedged future cash flows are no longer expected to occur, that amount is immediately reclassified to the Income Statement.

Fair value:

All financial assets or liabilities at fair value are calculated using measurements based on inputs that are observable for the asset either directly or indirectly from prices.

Fair value is determined as the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. To calculate fair value, the company uses:

2. Accounting Policies (continued)

a. where they exist, quoted market prices in an active market for an identical asset or liability; or

b. if a market for a financial instrument is not active, the company used a valuation technique that makes maximum use of market inputs and includes recent arm's length market transactions, reference to the current fair value of another instrument that is substantially the same, discounted cash flow analysis, and option pricing models where in each case it is an acceptable valuation technique that incorporates all factors that market participants would consider in setting a price.

Derivative financial instruments are measured at the present value of future cash flows estimated and discounted based on the applicable yield curves derived from quoted interest rates. As required by IFRS 13, there is also a bilateral credit valuation adjustment made in order to adjust for the credit worthiness of the counterparties involved in the trade.

3. Significant judgements and accounting estimates

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the Statement of Financial Position date and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates. It also requires management to exercise judgement in applying the Company's accounting policies. The significant areas of management judgement and estimation are outlined below and explained more fully within the accounting policies:

- Fair value measurement of financial instruments (note 17)
- Effective interest rates (notes 7, 14 and 15)
- The recoverable amount of debtors (notes 12 and 13)

4. Profit and loss account

During the year, the Company charged to the Guarantor Group all interest paid on loans, its operating costs and interest received. Profits generated are a result of a margin charged to Merton Priory Homes.
The surplus for the year has been arrived at after charging:

	2017 £000	2016 £000
Auditor's remuneration (exclusive of VAT)		
- for audit services	-	3

For 2016/17 auditors' remuneration has been expensed in the accounts of Clarion Housing Group Limited and no audit or non-audit fees are charged to Circle Anglia Treasury Limited.

5. Employees

All employees acting on behalf of the Company are employed by Clarion Housing Group or Affinity Sutton Homes Limited. All employment costs are carried by Clarion Housing Group.

6. Directors' remuneration

The appointments detailed on page 2 are employees of Clarion Housing Group and are representatives of that entity. Their remuneration is disclosed there as appropriate.

The directors are considered the key management personnel for the purposes of FRS 102.

10. Tax on profit on ordinary activities

	2017 £000	2016 £000
Analysis of tax charge		
Current tax	86	5
Deferred tax	-	-
Tax on surplus on ordinary activities	86	5

The tax assessed for the year is higher (2016: equal) than the profit shown in the Statement of Comprehensive Income multiplied by the standard rate of corporation tax in the UK - 20% (2016: 20%). Differences are explained below.

	2017 £000	2016 £000
Current year tax reconciliation		
Profit on ordinary activities before taxation	357	24
UK corporation tax rate of 20% (2016: 20%)	71	5
Adjustments in respect of prior periods	15	-
Current tax charge for the year	86	5

The changes in the rate of UK corporation tax to 19% from 1 April 2017, and to 17% from 1 April 2020 were substantively enacted by the reporting date.

11. Current investments

Investments	2017 £000	2016 £000
Collateral deposits	107,817	99,291

The collateral deposits represented a cash deposit that the hedging counterparty requires where the mark to market value of the outstanding derivatives exceeds the credit support threshold provided within the individual ISDA agreements and any other form of collateral in place.

12. Debtors: Amounts falling due within one year

Due within one year	2017	2016
	£000	£000
Loans to Funding Group	72,115	4,921
Amounts due from group undertakings	8,478	3,391
Intercompany Derivative financial instruments (note 16)	1,227	128
Contribution to Group Banking Pool	562	197
Prepayments & Accrued Income	1,349	1,618
	83,731	10,255

The Group introduced a zero balance account (ZBA) cash pooling arrangement during the financial year 2015/16 whereby cash held by each entity is pooled into group accounts held by the Parent, Clarion Housing Group. As a result the Group subsidiaries hold very little cash and instead have an intercompany balance with the Parent which attracts interest.

13. Debtors: Amounts falling due after more than one year

Due after more than one year	2017	2016
	£000	£000
Loans to Funding Group	2,617,080	2,004,323
Intercompany Derivative financial instruments (note 16)	385,009	250,802

Corporation tax	86	5
Accrued interest and similar charges	9,656	4,967
	189,107	109,115

15. Creditors: amounts falling due after more than one year

	2017	2016
	£000	£000
Bank loans and borrowing (note 16)	1,809,708	1,194,094
Loans from Circle Anglia Social Housing Plc	659,636	660,340
Loans from Circle Anglia Social Housing 2 Plc	150,000	150,000
Intercompany Derivative financial instruments (note 17)	11,828	6,801
	2,631,172	2,011,235

Renegotiation of loan facilities related to the merger has resulted in the alteration of facility maturity profiles and requires earlier payment for some elements of those facilities.

On 8 March 2017 and 21 March 2017 the Treasury Committee and CAT Board respectively approved the repayment of the Group's euro loan and formal notice to Triodos was given on 3 April 2017. This loan has therefore been reclassified as short-term in the 2016/17 accounts.

16. Debt analysis

Housing and non-housing loans advanced to fellow subsidiaries:-	2017	2016

The difference between the gross amount of bank loans repayable and the carrying value represents the amortisation of fees and fair value adjustments relating to the loans held.

All of the above loans are drawn from total committed bank facilities of £2,074.5 million (2016: £1,609.5 million) provided by various banks and other institutions and are repayable at various dates through to 2046. Under the facilities, the loans are secured by fixed charges over the completed housing properties of the participating Group members and a series of cross guarantees.

The above debt does not include £635 million which represents the £275m bond issue through Circle Anglia Social Housing Plc that was placed in November 2008, further tapped in November 2010 for an additional £110 million and a new bond placed in March 2012 for £250 million. The above debt also does not include £150 million which represents the private placement through Circle Anglia Social Housing 2 Plc that was placed in November 2015.

Interest is payable at rates varying between 0.48% and 9.92%. The weighted average rate of interest at 31 March 2017 inclusive of interest rate swaps but exclusive of bonds was 2.33% (2016: 3.64%).

As detailed in note 15, on 8 March 2017 and 21 March 2017 the Treasury Committee and CAT Board respectively approved the repayment of the Group's euro loan and formal notice to Triodos was given on 3 April 2017. This loan has therefore been reclassified as short-term in the 2016/17 accounts.

17. Financial Instruments

The Group has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk
- Currency risk
- Market risk

This note presents information about the Circle Anglia Treasury Limited's exposure to each of the above risks, and the Group's and the Company's objectives, policies and processes for managing risk.

Risk management framework

The Board of Clarion Housing Group Limited has overall responsibility for the establishment and oversight of the Group's treasury risk management framework. The Treasury Committee is responsible for developing and monitoring the Group's treasury risk management policies.

The Group's treasury risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Treasury risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Group Audit and Risk Committee oversees how management monitors compliance with the Group's treasury risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The Group Audit and risk Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and ad-hoc reviews of risk management controls and procedures, the results of which are reported to the Group Audit and Risk Committee.

Credit Risk

Credit risk is the risk of financial loss to Circle Anglia Treasury Limited if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the internal lending and derivative arrangements and its external investments and undrawn facilities.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. Due to the highly collateralised nature of the derivative portfolio and the net liability position, the maximum exposure due to credit risk does not significantly differ from the mark-to-market. The maximum exposure to credit risk at the end of the reporting period was as follows;

As Circle Anglia Treasury Limited is a funding special purpose vehicle for the six charitable registered providers, all borrowing and derivative activity is at the request of these six businesses. As a result of this it is exposed to the underlying financial performance and credit of these businesses. However, it should be noted that the six charitable registered providers secure all the external relationships that the Company has with their property assets and have issued guarantees to the financial beneficiaries of Circle Anglia Treasury Limited's liabilities.

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each counterparty and asset class. The assets of Circle Anglia Treasury Limited fall into two distinct groups; external deposits for collateral purposes and internal loans and derivatives.

The treasury risk management policy sets a series of credit criteria, including minimum short-term credit ratings and ranges for counterparty credit default swap pricing levels, for the placement of external deposits and investments.

As Circle Anglia Treasury acts as the funding special purpose vehicle for the Group's six charitable Registered Provider subsidiaries, all loans or debt funding it receives is on-lent to the charitable Registered Providers forming the funding group (Circle 33 Housing Trust, Merton Priory Homes, Mole Valley Housing Association, Old Ford Housing Association, Russet Housing Association, and Affinity Sutton Homes). Under the funding structure the charitable Registered Providers guarantee the liabilities of Circle Anglia Treasury Limited to the banks and investors. In addition, the loans, funding and ISDA exposures provided to Circle Anglia Treasury Limited are secured on the property assets of the housing associations.

Cash and cash equivalents

The Company held cash and cash equivalents of £nil million at 31 March 2017 (31 March 2016: £nil million). The Company also held collateral cash and cash equivalents of £107.8 million at 31 March 2017 (31 March 2016: £99.3m), which collaterised out-of-the money mark-to-market positions reducing the counterparties' exposures to Circle Anglia Treasury Limited. These represent its maximum credit exposure on these assets. The cash and cash equivalents are held with bank and financial institution counterparties, which are rated A1/P1/F1 with one or more of the three main rating agencies, except where the investments are held as collateral by the financial institution to offset liabilities from the Group.

Derivatives

The derivatives are entered into with bank and financial institution counterparties, which have long term credit ratings between Ba1 to A1 (Moody's), BBB- to A- (Standard & Poor's) and BBB+ to A+ (Fitch), with the weakest ISDA counterparty currently being rated Ba1 (Moody's), BBB- (Standard & Poor's), BBB+ (Fitch). Only one of the ISDA agreements supports two-way collateral requirements. Four of the ISDA CSA's allow for the use of property security and two allow the use of cash.

Guarantees

The Company's policy is to limit the use of financial guarantees. At 31 March 2017 the Company had £nil m of bank issued guarantees outstanding (2016: £nil m).

Liquidity Risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meets its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

Treasury will ensure that the Group holds sufficient liquidity to cover the group's requirements over the next 18 months to meet:

a. net cash requirement (operating and capital);
b. scheduled debt repayments;
c. reduction in sales cash flows of 50%; and
d. adjusted to remove land banking capital flows.

17. Financial Instruments (continued)

Liquidity defined as immediately available cash plus undrawn secured committed credit facilities.

Treasury will ensure that at all times the Group's gross development spend for a minimum of 3 months is held in immediately available cash subject to an absolute minimum operational cash balance of £150m.

The Group currently has £4,100 million of secured and available funding, of which £3,537 million is secured by the Circle Anglia Treasury Limited on behalf of the 6 charitable registered providers, this is derived from:

17. Financial Instruments (continued)

The Company constantly monitors the risk of loss of its secured financing facilities arising from a failure of a lending counterparty against the same credit parameters it applies to its cash investments. The following are the remaining external contractual maturities at the end of the reporting period of financial liabilities, including estimated interest payments for the Company.

2017	Loans at amortised cost	Interest on loans at amortised cost	Interest on derivative financial instruments	Total
	£000	£000	£000	£000
Due within one year:	70,354	19,110	50,285	**139,749**

After five years	1,445,769	326,808	330,593	**2,103,170**
Gross contractual cash flows	**1,939,829**	**452,910**	**538,521**	**2,931,260**

2016	Loans at amortised cost	Interest on loans at amortised cost	Interest on derivative financial instruments	Total
	£000	£000	£000	£000
Due within one year:	4,196	15,648	19,084	38,928
Between one and two years	4,593	16,810	28,158	49,561
Between two and five years	46,743	39,194	52,613	138,550
After five years	1,143,665	329,184	204,712	1,677,561
Gross contractual cash flows	1,199,197	400,836	304,567	1,904,600

The above flows represent the contractual undiscounted cash flows relating to derivative financial liabilities held for risk management purposes and which are usually not closed before contractual maturity. As disclosed the Company has secured bank and debt facilities which contain various debt covenants. A future breach of covenant may require the Group to repay the loan earlier than indicated in the above table. The interest payments on variable interest rate loans and private placements in the table above reflect market forward interest rates at the period end and these amounts may change as market interest rates change. The future cash flows on derivative instruments may be different from the amount in the above table as interest rates change. Except for these financial liabilities, it is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts.

Currency risk

Circle Anglia Treasury is exposed to currency risk on one loan that is denominated in Euro. This exposure was previously perfectly matched to provide a net investment hedge for the investment in the Landericus Limited property subsidiary by Your Lifespace Limited through the charitable registered providers. The subsidiary was sold on 30 November 2016 and so the investment is no longer matching (and hedging) this debt.

Interest on borrowings is denominated in the currency of the borrowing. Generally, borrowings are denominated in the currencies that match the cash flows generated by the underlying operations of the Group, primarily GBP and Euro. This borrowing has been repaid on 19 April 2017 such that the Group has no further exposure to foreign currency.

17. Financial Instruments (continued)

Market Risk

Market risk is the risk that changes in market prices, such as interest rates will affect the Circle Anglia Treasury's income or value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Circle Anglia Treasury buys and sells derivatives, and also incurs financial liabilities, in order to manage market risks. All transactions are carried out within the guidelines set by the Treasury Risk Management policy and Treasury Strategy approved by the Group Management Board. Generally the Group seeks to apply hedge accounting in order to manage volatility in profit or loss.

Interest Rate risk

The Group adopts a policy to manage its exposure to fluctuations in interest rates with a view to containing net interest costs. To manage this risk the Group assesses the impact that adverse interest rates would have on the Group's financial position in the short (1 year), medium (up to 5 years) and long term (over 5 years) and sets individual strategies each year to manage these risks. The strategy as approved by the Group Management Board is to ensure that 90 (+/-10%) percent, of its exposure to changes in interest rates on borrowings is on a fixed-rate basis in the short- and medium-term, and 50 (+/-10%) percent, in the long-term. The Group enters into and designates interest rate swaps as hedges of the variability in cash flows attributable to interest rate risk through Circle Anglia Treasury Limited on behalf of the charitable registered providers.

Profile

At the end of the reporting period the interest rate maturity profile of the Group's interest-bearing financial instruments as reported to the management of Circle Anglia Treasury was as follows:

2017	**Fixed Debt**	**Interest rate swaps (pay fixed)**	**Interest rate swaps (receive fixed)**	**Net fixed**

Fair value sensitivity analysis for fixed rate instruments

Circle Anglia Treasury Limited accounts for one fixed-rate liability at fair value through profit or loss, and designates one interest rate swap as hedging under a fair value hedge accounting model. Therefore a change in interest rates at the end of the reporting period would affect profit and loss but be offset by this.

	Notional 2017 £000	Notional 2016 £000
Fair Value hedges	100,000	100,000

Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points in interest rates at the end of the reporting period would have increased (decreased) the mark-to-market position of the Company's derivative portfolio by the amounts shown below. Due to the hedging relationships that all derivatives are in, the effect would be seen within the Income Statement and the Cash flow Hedge Reserve dependent on effectiveness of the hedging relationships.

Interest rate swaps	Mark-to-market		Impact on mark-to-market	
	2017 £000	2016 £000	2017 £000	2016 £000
100bp increase	(82,159)	(165,318)	292,588	108,492
100bp decrease	(667,335)	(389,361)	(292,588)	(115,551)

Capital Management

Capital consists of total equity, less amounts accumulated in required related to cash flow hedges. As a special purpose funding vehicle the capital requirements for Circle Anglia Treasury Limited are minimal, with all amounts accumulated in relation to cash flow hedges offset by equal positions with the members of the Funding Group.

Derivative assets and liabilities

Derivatives held within the group portfolio are held by Circle Anglia Treasury and then on-lent to the Registered Providers. There are two types of derivative used to manage interest rate risk within the entity. A fair value derivative hedges the variations of the fair value movements of £100m (of total £150m) proportion of the private placement in issuance from Circle Anglia Social Housing 2.

Cash flow derivatives hedge the required cash flows of group variable debt which are paid through each of the entities. Under FRS102 and IFRS 9, we have elected to apply hedge accounting as appropriate to the Cash Flow hedge derivatives presently held.

This results in a cashflow hedge reserve into which the effective gains and losses on these derivatives are transferred. The hedging relationships are on-lent to the Registered Providers and so the cashflow hedge nets to nil within Circle Anglia Treasury with the effective gains and losses passed on to the Registered Providers along with the gains and losses due to ineffectiveness.

17. Financial Instruments (continued)

Gains and losses due to both the effectiveness and ineffectiveness of these hedging relationships are shown in the interest payable and receivable notes (please see notes 7 and 8).

Within the year, Affinity Sutton Group Limited merged with Circle Anglia Limited to form Clarion and this resulted in a transfer of derivatives that were held within Affinity Sutton Funding Limited to Circle Anglia Treasury. Of the £386.2m derivative financial liabilities held externally, £125.5m are derivatives that have been transferred from Affinity Sutton Funding Limited which are not hedge accounted for under IFRS 9. In this case, the fair value movement is "on-lent" to the Registered Provider such that there are no net movements remaining in Circle Anglia Treasury.

	2017	2016
Derivatives	**1.6% to 4.35%**	0.59% to 5.53%

Fair Value hierarchy

The table below analyses financial instruments carried at fair value, by the levels in the fair value hierarchy. The different levels have been defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset of liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Fair value Measurement

Derivative financial instruments are calculated measured at the present value of future cash flows estimated and discounted based on the applicable yield curves derived from quoted interest rates. As required by IFRS 13, there is also a bilateral credit valuation adjustment made in order to adjust for the credit worthiness of the counterparties involved in the trade.

18. Related party transactions

As 100% of the Company's voting rights are controlled within the Group headed by Clarion Housing Group Limited, the Company has taken advantage of the exemption contained within FRS102 and has therefore not disclosed transactions or balances with entities which form part of the Group.

20. Immediate and ultimate parent undertaking

The Company's immediate and ultimate parent undertaking is Clarion Housing Group Limited, a registered society under the Co-operative and Community Benefit Societies Act 2014 and which is regulated by the Homes and Communities Agency.

Group accounts have been prepared by the ultimate parent undertaking and are available from the registered address detailed on page 2.

21. Events after the end of the reporting period

On 8 May 2017 and 1 June 2017, the Financial Conduct Authority respectively registered the transfer of engagements of Mole Valley Housing Association Limited and Merton Priory Homes to Circle Thirty Three Housing Trust Limited. The assets and liabilities of the transferring entities (including its intercompany borrowings and investments) are now those of Circle Thirty Three Housing Trust Limited.

FOREWORD BY THE GROUP CHAIRMAN AND THE GROUP CHIEF EXECUTIVE

We are pleased to present Affinity Sutton's 2015/16 Annual Report and Financial Statements.

As in previous years, the Group has demonstrated strong performance, combined with real resilience in the face of the significant challenges posed by changes in public policy. In 2015/16 we ended the year having made a surplus of £145 million on a turnover of £386 million, and generating an operating margin of 41% which represents our strongest financial performance ever. Our financial strength continues to be recognised by the ratings agency Moody's which is reflected in our best in sector Aa3 rating, providing a strong foundation for us to raise funding for new homes.

As well as our ongoing commitment to a sustainable financial position, we place our customers at the heart of everything we do and 2015/16 saw customer satisfaction rates running at 83%, the highest it has been for seven years. This is a great testament to our people's commitment to delivering great levels of service to our customers.

Today, Affinity Sutton is one of England's largest landlords, with more than 58,000 properties. Given our scale and our legacy we are committed to making a positive contribution to supporting efforts to tackle the housing crisis by delivering as many new homes as we can. In 2015/16 we built 1,041 new homes across a range of tenures. Those homes were developed with just 5% of public subsidy, the lowest level since the early 1970s. There are increasingly comments from some observers that those housing associations engaging in more commercial activity are leaving behind their social roots, but we take the opposite view: in an era of drastically reduced grant funding, building homes for private sale enables us to fulfil our social purpose by continuing to build homes for those who are failed by the market. Our commercial activity is a means to this end and far from an end in itself.

The key event for housing in 2015/16 was the General Election in May 2015. The new Government very quickly made a range of policy announcements which have changed the sector landscape fundamentally. Central to this was an express shift in favour of home ownership initiatives and away from funding affordable rent.

Both collectively and as a sector, much of the focus this year has been on developing strategic responses to a number of significant policy shifts, notably the Government's plan to extend the Right to Buy, rent reductions and the impact of further welfare reforms. As a strong independent charitable organisation, Affinity Sutton is more determined than ever to continue to demonstrate the commitment we have had for more than a century - to increase the supply of secure rented homes for people who cannot meet the high cost of market housing in England. At the same time, there is an important place for housing solutions in other tenures, and we will continue to address undersupply across the spectrum, especially where this provides a source of essential cross-subsidy for affordable homes.

Many of the policy developments have made it harder to achieve this objective. However, our strong financial position provides a buffer against negative developments such as the 1% rent reductions for four years which are reducing our income, and the extension of Right to Buy to housing association tenants, albeit now on voluntary terms, which might reduce our stock of social rented homes.

Further uncertainty was introduced during the year when the Office for National Statistics' decided that housing associations are public sector bodies for accounting purposes. We were pleased when in response, the Government made it clear that it would introduce deregulatory measures that will reverse that decision in the near future. Those provisions, alongside a range of others, are incorporated into the Housing and Planning Act 2016. We believe that the deregulatory measures will create welcome new freedoms which will enhance our ability to meet our social and charitable objectives.

One major area of focus for the sector this year was the proposal to extend the Right to Buy to housing association tenants. We are fully supportive of the principle that a range of tenures is needed to meet housing need and have for many years helped people to access the home ownership market, but we believe that this policy will place additional pressure on the supply of sub-market rented housing for those in greatest need. At the outset, in its proposed statutory form, it ignored the independent and often charitable status of housing associations.

"We made a surplus of £145m on a turnover of £386m and generated an operating margin of 41%, giving our strongest financial performance ever."

It also failed to differentiate between different circumstances, such as rural properties in small communities and those homes funded through charitable bequest. When the National Housing Federation promoted the idea that statutory proposals should be replaced by a voluntary scheme we had a number of concerns. However, while we supported the proposition, nevertheless, we continue to have concerns about the practicalities of the scheme's operation and will carefully monitor the impact when it goes live.

In response to the Summer 2015 Budget we refocused our business plan in a range of ways. For example, to ensure we remain able to deliver our social purpose we revised our financial plans, introducing a combination of efficiency savings and adjusted the mix of our development programme, increasing the number of shared ownership homes we expect to develop. Overall this sees a small increase in the proportion of our total income that will come from building homes for sale. We are conscious that this has the potential to increase our exposure to risk and so we have identified a number of ways in which we will seek to mitigate those risks, for example by adjusting our Financial Golden Rules to reflect the changed landscape.

Affinity Sutton employees across a wide range of roles are at the heart of our success.

"Affinity Sutton and Circle Housing share similar values and have a similar vision for what can be achieved by coming together."

Against this backdrop we are pleased that our merger talks with Circle Housing Group have continued in a constructive and open way. The two groups share similar values and have a similar vision for what can be achieved by coming together. A business case to merge was agreed by both groups' Boards in December 2015. The decision to merge was made on the basis that we could improve services for our existing customers, create more capacity to deliver new homes, and be more resilient and better able to manage risk into the long term.

At the heart of our vision is our aim to deliver 50,000 new homes over 10 years, making the merged group one of the largest home builders in England. But we want also to extend the reach of our community investment work and will look to grow the programmes we each currently run. For example, we will become one of the country's biggest providers of employment services, supporting 4,000 people into work annually, and we will help over 200 young people into apprenticeships each year. In addition, we believe that communities will be stronger if their young people have the best possible educational opportunities, and so we intend to support 15,000 children to make a better start in life, for example through partnerships with local schools.

We are confident that the merged group will be able to provide excellent services to both residents and non-residents alike and significantly increase our capacity to build the homes the country so desperately needs.

Affinity Sutton employs over 1,700 people in a wide range of roles. Many have worked with us for many years and their unswerving commitment to what we do is at the heart of our success as a social business. We thank them for their hard work, loyalty and energy in the face of an uncertain future and the major changes they have embraced throughout the year. They have continued to provide sensitive, efficient services to our residents whilst helping many others to put down roots. They are the foundation of the success we expect to achieve in years to come.

On 23 June 2016 the country voted to leave the EU. This has led to economic and political instability and uncertainty. We will watch developments over the coming weeks and months, and develop contingency plans to address that volatility, particularly in the context of the planned merger. Overall however, Affinity Sutton's strong financial position means that it is well placed whatever the future economic environment might be.

REPORT OF THE BOARD INCLUDING STRATEGIC REPORT

OUR CORPORATE STRATEGY

At the heart of our vision we want to "use our heritage, fresh thinking and commitment to help people put down roots".

This is supported by our "core objectives", the business drivers which guide our direction of travel and are fundamental to achieving future success.

We want to:

Be a housing provider of choice

Maintain our financial strength

Grow our business

To do this we have two "enabling objectives" which support our ability to make a difference.

They are:

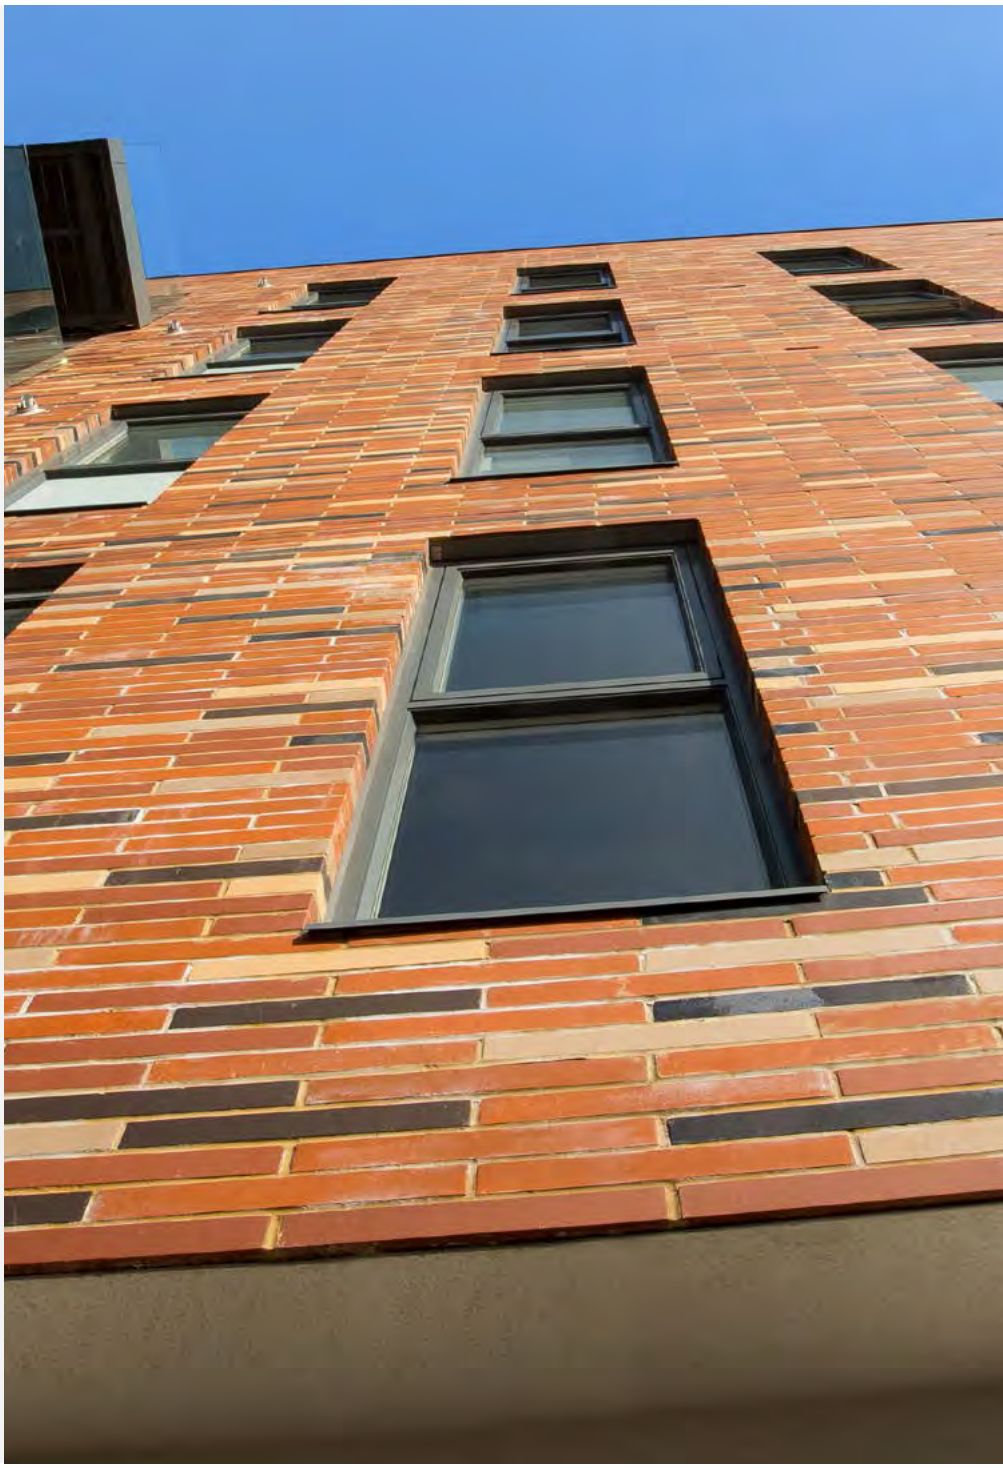
Increasing our influence

Being an employer of choice

"Our Future Foundations Programme will transform the way we work."

We continue to recognise the need to change in response to increasing complexity and uncertainty in our operating environment.

This new environment provides opportunities, such as the delivery of new and better tailored products, but it also brings significant risks and new challenges. In response to this we launched our Future Foundations Programme in 2012 to transform the way we work, and during the year we made great progress towards turning this into a reality, both in terms of developing a new model for working, and selecting a supplier to implement a new Microsoft systems solution.



REPORT OF THE BOARD INCLUDING STRATEGIC REPORT

THE EXTERNAL ENVIRONMENT

This year in the sector has been dominated by policy direction of the Government that was elected in May 2015. Early on it set out the main provisions of a Housing Bill which most notably made proposals to extend the Right to Buy to all housing association tenants. Further changes to welfare spending on top of those already underway were announced in the July 2015 Budget. At the same time, the Chancellor announced that the previously agreed 10-year rent settlement is to be abandoned and rents must be reduced by 1% p.a. in each of the next four years, starting from April 2016.

We responded to the issues raised in a number of ways. Our financial strength provided a good starting point for the work we needed to do to achieve a viable new plan that tackled the lost income. At its peak, and measured against our forecasts based on the Government's earlier commitment to a CPI+1% rent increase, we would lose £38 million a year on an ongoing basis. As an organisation with a cost base at the lower end of those in the sector this presented particular problems and rather than simply finding equivalent savings out of operating costs, we responded with a number of different adjustments to the plan that resulted in it returning to a similar position to that before the rent cuts.

This included:

- An increase in the cost saving target already built into our financial plan by refocussing our Future Foundations Programme on the efficiencies it could deliver;
- Deferral of our planned roll out of a new affordable rent policy which we had intended to implement from September 2015. This would have led to planned and structured rent reductions, but the impact of these would have been compounded further by the Budget reductions; and
- A recalibration of our 10-year new homes programme. This included a small reduction in the overall scale of development, but in order to retain a sizeable programme we made significant changes to the tenure mix which included a rebalancing of social housing development from rent to low cost home ownership and the introduction of a market rent programme to provide greater flexibility and control over our stock.

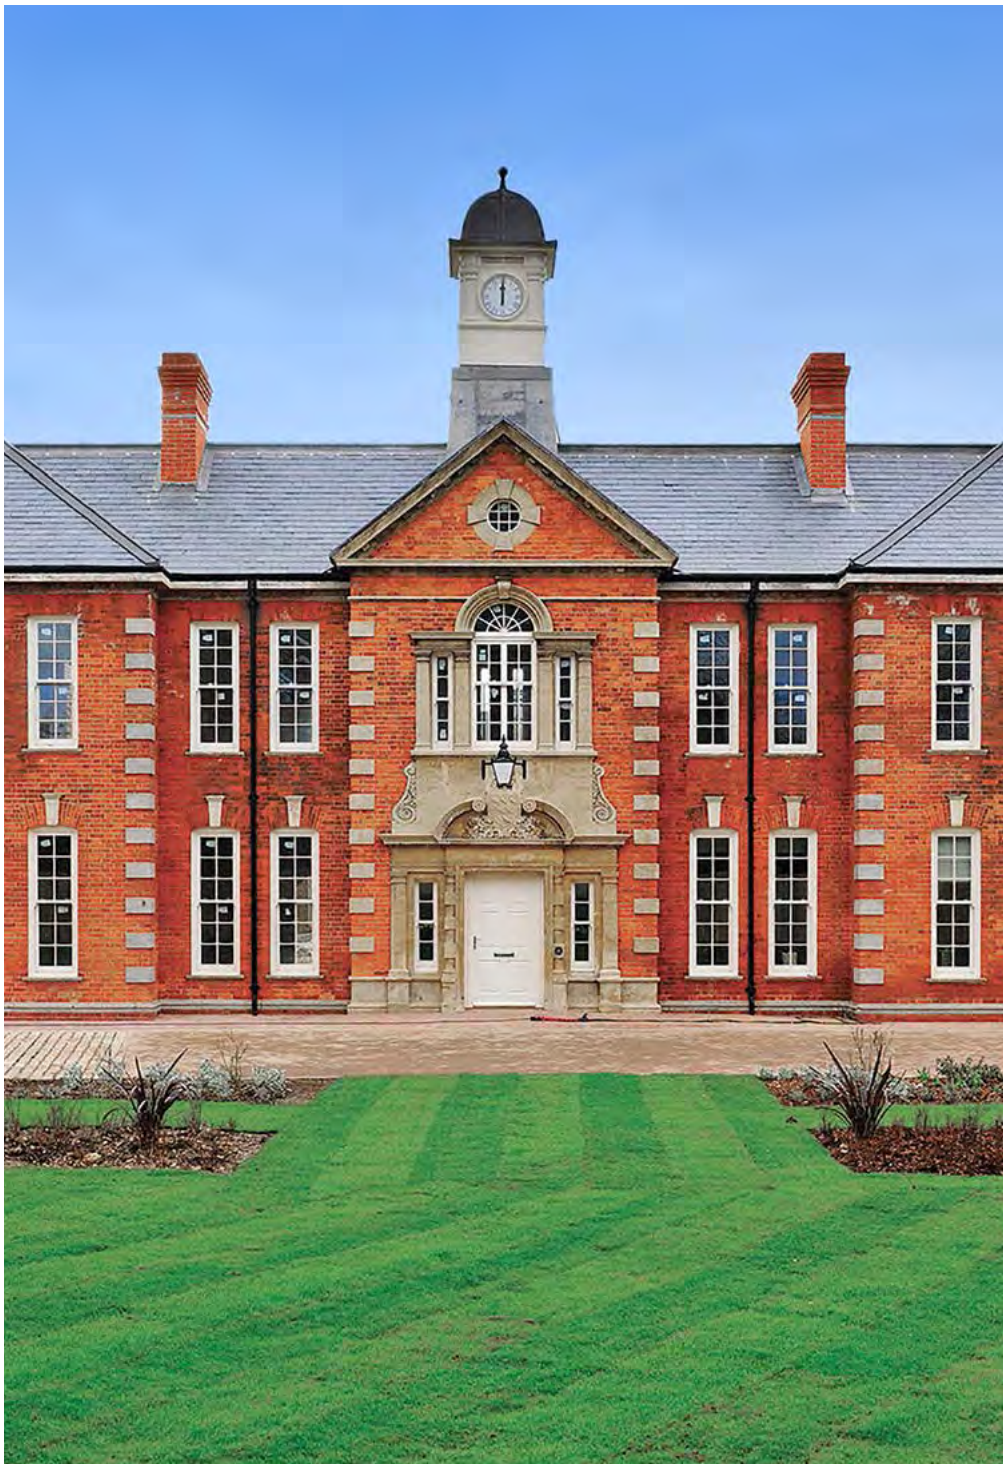
At a national level much of the year has been spent considering the impact of various policy announcements. The decision by the Office for National Statistics ("ONS") that housing associations are public bodies did not have an immediate impact on our strategy, but it led the Government to develop a range of deregulatory measures with the aim that the ONS would at some future point reverse its decision. These provisions were incorporated into the 2016 Act.

The welfare benefits landscape was dramatically changed, although Universal Credit was not rolled out in the year as had been planned. Uncertainty remains about exactly what shape that implementation will take, but it remains part of the Government's plan alongside new cuts in welfare spending totalling £12 billion. These will reduce the benefit cap, reduce benefit payments to younger people and limit increases in benefits more generally.

Whilst the economy showed more solid signs of recovery, many of the communities where we operate continue to struggle. Residential development continues to fall far short of the levels many commentators believe are necessary. On the face of it, the housing market experienced strong growth, with the Land Registry recording a 6.7% year-on-year rise in house prices nationally. But the picture across the country was far from even, with prices in the North East falling 0.7% compared with a 13.9% increase in London. There continue to be a number of signs that the market is cooling, especially in London, and many commentators are forecasting limited house price inflation over the next year with prices in London potentially reducing. For example, at the start of 2016 a number of hedge funds took short positions in the stock of some of the capital's major resident developers. This comes at a time of continued low levels of grant leading the sector to increase development for sale activity in order to provide a cross-subsidy for much needed new social housing.

"The Housing and Planning Bill made proposals to extend the Right to Buy to all housing association tenants."

Interest rates remained low, with the base rate unchanged at 0.5% for over seven years, maintaining the benign borrowing environment for the sector. A year ago this seemed likely to change over the short term, with some economists then forecasting a rise to 1.25% by the end of 2016 and to 2% by the end of 2017. However, the consensus now seems to be that base rate increases will be more likely to be at the end of the decade. In the meantime, the borrowing landscape for associations remains benign.



1%

Amount rents must be reduced by in each of the next four years.

RISKS AND UNCERTAINTIES

These challenges, and others, have meant that we have continued to focus during the year on our response to the following chief risks:

- A weakening financial position as a result of the 1% rent reductions imposed by the Government;
- The planned extension of Right to Buy to all housing association tenants;
- The failure of our processes and systems to meet the challenges we face over the medium term in a way which enables us to maintain responsive service delivery which meets the expectations of our changing customer base;
- The potential for a corrective movement in the property market, especially in London;
- The potential for a material weakening of our strong financial position as a result of exposure to the current investment model, especially the impact on our debt levels;
- A reduction in appetite from investors in sector debt as a result of deregulatory measures and changes to the sector's development model;
- Higher arrears and bad debts caused by the roll-out of the new Universal Credit system and other changes to welfare benefits and their payment terms, particularly the planned reduction in the benefit cap and the withdrawal of automatic housing benefit for 18 to 21-year-olds;
- Properties reaching the end of their useful lives, and requiring either total re-development or significant levels of expenditure to increase their useful lives and bring them up to a lettable standard;
- Breaches of funders' covenants through unexpected movements in our financial position, such as charges caused by impairment and losses arising from our exposure to the property market;
- The potential for failure among our key suppliers, in particular, house builders, developers and maintenance contractors;
- Our ability to deliver successful maintenance services through our newly in-sourced function; and
- The potential for future regulatory requirements imposing minimum standards of eco-efficiency on our existing stock. Depending on the terms of any such requirements, this would be challenging without some form of financial support or a more active programme of asset disposal.

> **"Our joint business plan for the merged group was approved in September 2015."**

MERGER WITH CIRCLE HOUSING GROUP

Circle Housing Group and Affinity Sutton Group announced in July last year that we were in discussions over a possible merger. Our early pace was affected by the announcement of the rent cuts, which occurred as we were developing a business plan for the new Group. The prospect of the rent cuts forced the two Groups to re-focus on ensuring that their own business plans were re-calibrated to reflect significant negative impact.

The new business plan was approved by the Group board in September.

In the year since then we have made excellent progress towards achieving that goal. Key developments during the year included:

- The creation of a shadow board and designate senior executive team for the new Group;
- The completion of a comprehensive programme of due diligence on both sides, focussed in particular on areas of high risk;
- The completion of a business plan for the combined organisation which set out plans to deliver the aspiration of building 50,000 homes from the 10 years from 2020; and
- A funding and treasury strategy designed to create a solid foundation from which to launch the new group.

The Group has adopted the National Housing Federation's 'Mergers, Group Structures and Partnerships' voluntary code.

> **"Our Future Foundations programme will provide our customers with more accessible and responsive services."**

OUR FUTURE FOUNDATIONS PROGRAMME

Two years ago we took the significant step of approving plans to select a new enterprise-wide systems solution and – following a rigorous tender and assessment process – in July 2015 we signed a contract with Hitachi Solutions to work with us to implement a Microsoft Dynamics solution.

By creating seamless interfaces between different parts of the business, streamlining processes, and enabling more powerful use of data, all in a single system, it will support us in fundamentally transforming the way we do business. And as well as providing our customers with more accessible and responsive services, we expect to achieve significant long-term efficiencies, which will improve our delivery of value for money.

A core part of the Programme, our Customer Strategy will enable us to make decisions founded on strong evidence and insights about what success means for the organisation and for the customer. It aims to articulate the shift in organisational behaviour that puts emphasis on the customer experience and recognises where and how to add value, giving us the flexibility we need to respond effectively to change.

Through the "Ways of Working" strand of the Programme we are challenging the way we operate through a root and branch analysis of our processes aimed at eliminating duplication and challenging the status quo. We will develop better and more cost-effective ways of delivering services. We made significant progress in the year to redesign our processes ready for the implementation of new systems.

Over the year since then we have made very good progress in developing the design of the new system, working with the business on the detail of those processes and how they will operate in the ERP environment. Since the year-end we have moved into the "Build" stage of the programme which we expect to be completed later this financial year.

REPORT OF THE BOARD INCLUDING STRATEGIC REPORT

INVESTMENT IN NEW HOMES

In 1900 William Sutton bequeathed £1.5 million to build homes for working people and building homes for those who need them remains a core objective of the Group. The availability of housing is an increasing concern of the British public and over the past few years this has been captured by the respected Economist/Ipsos Mori Issues Index. Whereas in April 2012 'Housing' was not even among the top ten issues, this May it was 7th, and it is consistently important across both age and social groups; somewhat unsurprisingly, the May 2016 index also shows it to be the single most important issue amongst Londoners.

The 2011-15 Affordable Homes Programme ended in March 2015, and we have considered how to continue to meet one of our core objectives which is to build new homes for those who need them.

This will be a challenge, especially in the light of falling rent levels, but our analysis is that our financially strong profile will enable an on-going programme without the support of grant from government. Inevitably this will increase our risk profile in a number of ways, and our surpluses will play a key part in mitigating those risks. Whilst much of our focus has been on the development plans for the organisation formed from the merger of Circle and Affinity Sutton, we developed strong plans for growth for Affinity Sutton as a standalone association.

"Building homes for working people and for those who need them remains a core objective of the Group."

REPORT OF THE BOARD INCLUDING STRATEGIC REPORT

WELFARE REFORM

The last Government fundamentally changed the welfare benefits landscape for many, including for many housing association tenants. The removal of the "spare room subsidy" and the benefit cap were rolled out in 2013/14 and in April 2013 the first pilot for Universal Credit started, albeit on a very limited basis. By April 2016 just 248,000 people were on Universal Credit compared with the Government's March 2013 assumption of 4.5 million. The Government now plans that roll-out will substantially complete - to an estimated 8 million claimants - in 2021.

Thus far the impact on us from this first round of welfare cuts has been less than expected. However, the new Government has confirmed that it intends to save a further £12 billion in welfare reform over the life of the Parliament. Whilst full details are not yet clear, the July 2015 Budget incorporated provisions for:

- A reduction in the benefit cap from £26,000 to £23,000 in London and £20,000 outside London;
- The removal of housing benefit for most 18 to 21-year-olds; and
- A freeze on working age benefits for the next four years.

Additionally, the November 2015 Autumn Statement announced that for social housing tenancies signed from 1 April 2016, Housing Benefit would be capped to Local Housing Allowance rates, effective from 1 April 2018. In particular, this means that the Shared Accommodation Rate will apply to new housing association tenants who are under the age of 35, single and without dependants.

These policy decisions have the potential to have a much greater impact on many of our residents than those implemented in 2013 and we will seek to understand the potential impact on them and us as fuller details become clear. Nevertheless, we expect a significant adverse impact on rent collection performance and we will continue to incorporate prudent assumptions into our financial planning.

"The impact on us from the first round of welfare cuts has been less than expected."

REPORT OF THE BOARD INCLUDING STRATEGIC REPORT

FINANCIAL PERFORMANCE[1]

Affinity Sutton Group has delivered another year of strong financial performance. The Group generated a surplus of £145 million (2014/15: £126 million) on a turnover of £386 million (2014/15: £416 million).

Affinity Sutton has a reputation for robust financial management. This is recognised in the sector-leading Aa3 credit rating we hold with Moody's and our V1 viability rating, which is the highest the HCA can assign. We see maintaining this strong financial position as one of our core objectives, because without it we would not be able to achieve our broader aims.

This year's surplus is significant but it is once again smaller than the £148 million long-term investment in social housing we made over the last twelve months (2014/15: £145 million). Net of grant, we invested £111 million into the construction of new social housing properties and a further £37 million in capital major works to our existing homes (2014/15: investment of £109 million and £36 million respectively). Therefore, once again our entire annual surplus was applied to our core social housing activity through a programme of planned improvements, as well as the development of new social housing.

Because of our surplus and our exceptional sales performance in the year, we have been able to make all this investment yet still reduce our outstanding net debt by £80 million (2014/15: £17 million). This places us in an extremely strong position as we continue to face the challenge of developing with limited or no grant in the future.

Surplus for the year	**145**	**126**	**75**	**60**	**46**

The table above provides a summary of the Group's results for the last five years.

Social lettings income increased by £13 million, with increases to both the rents we can charge and the number of homes we manage.

However, overall turnover fell by £30 million as direct sales revenue fell by £42 million, with £39 million of this decrease relating to private sales. This year most of the Group's outright sale activity was delivered mainly by joint ventures with commercial partners, and the £33 million share of surpluses was based on a £117 million share of sales. This is significantly up from the £5 million surplus which was made on £24 million of sales in 2014/15, coming mainly from our City Road development which completed late in the year.

We also realised a £10 million surplus on disposals of existing properties, £7 million higher than last year. This increase is chiefly the result of shared ownership residents taking advantage of low mortgage rates to purchase further shares in their homes through staircasing.

The fall in cost of sales corresponds to the decrease in direct sales, and the impact of the overall increase in sales activity is a £28 million increase in the surplus for the year.

However, operating costs also increased by £21 million and most of this increase relates to just three areas which were out of our control:

- Due to the 1% rent cut which was announced in the July 2015 Budget, we have assessed the affected properties for impairment, leading to a £5.1 million write-down;
- Due to an increase in the deficit of the defined benefit section of the Social Housing Pension Scheme, additional employer contributions over the next ten years were agreed during the year. The net present value of these is £4.7 million and, under FRS 102, this has been provided for in full in 2015/16; and
- Thirdly, we have recognised a £3.5 million provision for refunds of water charges to tenants, following a landmark High Court decision against Southwark Council, whose arrangements are similar to our own.

Excluding this £13 million, operating costs have increased by £8 million, or 4.4%. Factoring in the 1.4% increase in homes managed, this is a 2.9% increase and only slightly above the 2.3% inflationary target we had set ourselves.

The table above summarises the Group Statement of Financial Position for the last five years.

Tangible fixed assets increased by £83 million as a result of investment in both existing and new homes. This was effectively funded by the increase in the Income and expenditure account as a result of the £145 million surplus for the year. Long-term creditors have decreased by £80 million as the remainder of the cash generated in the year was used to repay £80 million of loans.

"As a result of the investment in new and existing homes tangible fixed assets increased by £83m."

The table above highlights the Group's performance against some of its key financial performance indicators.

Given the strong result for the year, most of these measures are better than the prior year and the generally prudent targets we had set ourselves.

Operating costs per home (excluding leaseholds) is a key measure of our efficiency and our target for every year is to keep increases below inflation.

This year's budget assumed inflation of 2.3% and the 10.4% actual increase clearly did not meet this, with most of the excess increase due to the three reasons listed in the Surplus commentary on page 27. And while on this occasion we have not met our target, even with this additional £13 million of costs we rank 10th – so above-average - amongst our 27- strong peer group (see Benchmarking section on page 36).

"Most of these measures are better than last year as well as the prudent targets we set ourselves."

REPORT OF THE BOARD INCLUDING STRATEGIC REPORT

Adjusted cash generation is once again strong, reaching £60.7 million this year. This is a critically important measure since it provides an indication of our ability to meet the underlying obligations of our properties without recourse to debt finance and without reliance on property sales. Positive cash generation provides vital support for our investment in social housing, including critically the development of new homes, whilst keeping debt levels lower than they might otherwise be.

The Group's five-year adjusted cash generation from operations, shown in Fig.2 below, demonstrates a generally improving profile.

As a result of our strong performance, three of our four measures relating to debt have improved this year, and this puts us in a good position to secure further funding in the medium term.

"As a result of our strong performance, three out of our four measures relating to debt have improved this year."

FRS 102 – THE NEW ACCOUNTING STANDARD

This is the first set of accounts that the Group has prepared under the new accounting standards: a transition which also affects most of the social housing sector and many organisations outside. Further details are provided in the Notes to the Financial Statements, particularly note 31, but it should be noted that despite material changes to some of the 2014/15 figures previously reported under UK GAAP, last year's surplus was only restated by £2 million, or by less than 2%.

The table above shows some of our key measures of operational performance.

83.4%

The highest level of overall residents' satisfaction recorded for seven years with an overall index of 83.4%.

Current rent arrears as a % of rent debit (Social Housing)

Arrears have remained broadly in line with the previous year whilst there have been far fewer evictions. This reflects the strong performance of our customer-facing teams even with the challenges that welfare reform have brought. Over the course of the year our Welfare Benefits Team has secured a £2.1 million increase in residents' benefits income, and we will maintain our assistance to residents as they move on to Universal Credit and face hardship from other benefit reforms.

Rent loss due to voids and occupancy rate

Welfare reforms, and the 'bedroom tax' in particular, have impacted on our ability to let some of our properties. This has been a particular issue in some of our less popular areas in the North and North East. We have reviewed our approach to letting, including our digital offer and have made some progress letting properties. We continue to focus on lettings performance, utilising tenant incentives and new marketing campaigns to increase demand.

Residents' satisfaction overall

This year, our focus for improving satisfaction has been keeping customers informed on all queries and continuously improving the service delivery from our repairs providers. The objective was to remain above 80% for every quarter of 2015/16.

The insight provided from our resident surveys made it clear that speed is important so an additional target of updating all open processes every 14 days was added. Our Contact Centre was tasked with achieving 80% of calls answered within 30 seconds every month and resolving over 70% of queries at first contact. All of these targets were achieved.

Last year's score of 80.3% averaged the 87.9% repairs satisfaction with 72.6% for all other transactions. The results for the final quarter of this year show what an incredible effort all teams have made this year to best serve our customers: repairs have recorded an amazing 89.6% while the transactional element has significantly improved to 77.2%. This gives us an overall index of 83.4% - the highest level recorded for seven years.

Residents' satisfaction with repairs

During 2015/16, 700 customer interviews were conducted each month, spread across our repairs contracts. Satisfaction with the overall repair service reached 89.6% in March 2016, which was second only to July 2015 when we broke through the 90% threshold.

Of particular significance is the convergence between the upper and lower scores compared to where we were a year ago. This is a good indication that we are providing a consistently good service across all contracts and Affinity Sutton Repairs have ended the year strongly with the 85% target exceeded for 3 months in a row.

Properties meeting Decent Homes Standard

This year we invested £37 million in our stock, carrying out a range of component renewals, upgrades and estate regeneration to over 15,000 homes through our 2015/16 Planned Investment and Regeneration programme. This included measures to achieve and exceed 'Decent Homes' compliance. Works were completed to a high standard with resident satisfaction averaging 91.5%.

To ensure future compliance we continue to follow a policy of updating and refreshing the data we hold about the condition of all our homes. In support of this policy we introduced a new software solution to enable surveys to be collected via mobile devices. During the year we surveyed 4,500 homes to further enhance the quality and accuracy of data we use to plan and prioritise investment in our stock.

+£2.1m

Our Welfare Benefits Team has secured a £2.1 million increase in residents' benefits income over the course of the past year.

VALUE FOR MONEY AND BENCHMARKING

OUR COMMITMENT TO VFM

Affinity Sutton Group is driven by trying to find ways to provide excellent services at the same time as seeking to reduce costs and improve efficiency. We see delivering value for money as integral to our business philosophy. The importance of VfM and efficiency are well understood by staff throughout the business, and we continue to work to ensure that we are engaging residents in VfM effectively.

Our full statement on how we deliver on Value for Money is available on our website at *www.affinitysutton.com/valueformoney*.

We believe that the Group offers excellent VfM for the public purse through its investment in the development of new homes. This year £37 million of our surplus went directly into improvements to existing properties and the remainder was used to meet most of the £111 million (net of grant) we invested in building new social and Affordable homes.

In partnership with the Greater London Authority ("GLA") (for homes in London) and the Homes and Communities Agency ("HCA"), the Group is participating in the 2015-17 and 2015-18 Affordable Homes Programmes ("AHP"). We have agreed to build 1,966 homes in total – 1,192 for social or Affordable rent and 774 for low cost home ownership – at an overall grant level of just 5%.

This year we finished construction on 870 social and Affordable homes, at a cost of £154 million. Just £14 million (9%) of this was funded through grants.

In addition, we continue to utilise our capacity to build homes for sale in order to generate profits, thus further leveraging the limited grant available.

HOW WE DELIVER ON VFM

The Group believes that a balance of quality, regulated rent structures and a focus on surplus levels is the best way to ensure that efficiency continues to improve. We understand the importance of securing more out of our available resources to provide more quality homes and good customer service. We place particular attention on a number of key financial ratios which form a set of financial golden rules.

Amongst other measures, these target year-on-year decreases in real per unit operating costs as a key indicator of efficiency, which we had proudly achieved for a number of years. However - as explained in the 'Surplus' analysis on page 27 - this year operating costs were adversely affected by one-off costs which are largely accounting related, such as the impairment charge and the recognition of the net present value of additional pension deficit contributions required by FRS 102. But for these changes, the real increase in unit costs is less than 1% and is attributable to the increase in housing property depreciation which, as a result of continuous investment in new and existing housing properties, increased by 8% - significantly above inflation.

The Group's operating costs, key financial indicators and operational performance, are regularly bench-marked against two peer groups: the largest housing associations (those which manage 20,000 units or greater) and the largest London associations (the G15).

The Group relies on an embedded programme of resident satisfaction surveys to measure progress with satisfaction. On stock condition, it has met and plans to go beyond the Decent Homes Standard. Rents continue to be limited by the formulaic target levels, and we are on target to meet these levels across the Group.

Chief among the ways in which we seek to improve efficiency and VfM is growth through merger. Two significant mergers have historically generated major savings in operating costs which are probably unprecedented in the sector. About £5.7 million of savings per annum have been generated from mergers alone. Additionally we have adopted cost reduction plans which have generally seen year-on-year decreases in real operating costs. Since 2007 some £16 million of recurring costs per annum have been removed from the business at the same time as resident satisfaction has increased.

"Chief among the ways in which we seek to improve efficiency and VfM is growth through merger."

In addition VfM achievements in the year include:

- A range of office environmental initiatives generated savings of £0.4 million in the year;
- Shared savings with our major works partners totalled £0.7 million for the year;
- The introduction of a new tree management contract, netting savings of £0.3 million over the next four years;
- We secured an additional £2.1 million of benefit payments for our residents in the year which was provided by a team of dedicated welfare benefit advisors; and
- External funding contributed £0.5 million towards installing solid wall insulation to 80 properties in Bromley.

At £3,970, this is a 10.4% increase on last year, but still considerably lower than the peer group average of £4,517 and lower than the national average of £4,077. If we adjust for one-off items identified in the Surplus analysis on page 27 this reduces to £3,702, an underlying increase of 2.9% which is only marginally higher than the 2.3% inflation rate we had assumed when setting our budget for the year.
We remain a top quartile performer at £729, despite staff costs increasing as a result of additional employer contributions being agreed to tackle the Social Housing Pension Scheme's deficit.
At £383, these have increased by 8.5% and reflect expenditure on utilities, caretaking and cleaning costs. They remain significantly below the peer group average of £624 and the national average of £513.
Our cost of £2,192 is an increase of 3.8% from last year, which in part reflects the mobilisation costs and legacy works required to bring in-house the remainder of our day-to-day maintenance services. Our investment in our homes (several hundred of which are over 100 years old) remains higher than the national and peer group averages of £1,945 and £1,963 respectively. Steady investment in our housing assets remains a priority for the business.
At £84, we have experienced difficulties letting a number of properties which became empty. This is due to pockets of stock in the North and North East which remain challenging to let and are adversely affected by welfare reform changes. The Group remains a bottom quartile performer but we are working hard to address performance and are actively letting as many empty properties as possible, utilising tenant incentives and new marketing campaigns to generate increased demand.
At 43.1% we remain a top quartile performer which demonstrates our continued commitment to deliver operational and financial efficiencies. This sustained focus on efficiency and surplus generation allows us to provide resources for investment in our social activities.
Board pay per home is mid-ranked; the Group's Remuneration Committee agrees Executive pay and for Non Executives it makes recommendations to the Board.
As for Board and Executive pay, Chief Executive pay per home is mid-ranked. Our performance at £5.50 is marginally up on last year but below the weighted peer group average of £5.80.
At 9.2:1, the ratio of Chief Executive pay as compared to average staff pay is slightly higher than last year. This year's figure is based on average staff pay at Affinity Sutton of £35,570 per annum.
Our arrears performance of 3.80% is marginally higher than last year's 3.71%, but well-within our internal target of 4.50%. Although a number of residents are impacted by welfare reform changes, arrears performance remains steady and better than the peer group average of 3.98%. However, we remain behind the 3.37% average for housing associations with more than 10,000 units.
At 2.00%, void rent loss has increased compared to last year and we are ranked in the bottom quartile. This has been a challenging year and reducing the level of voids remains an operational performance priority for the following year.
The year-end satisfaction rating of 83.4%, 3.1% up on last year is based on an independent survey by the Leadership Factor. It exceeds our internal target of 80.0% and is better than the peer group average of 80.3%.
Our residents' satisfaction with repairs at 89.6% has increased almost 2% on last year and remains above our 85.0% internal target. It compares well with the peer group average of 85.4%.

BENCHMARKING: HOW WE COMPARE

We believe that comparing our performance with that of our peers can provide an important benchmark across a range of outputs. For a number of years we have therefore compared both our financial and operating performance with our peer group[2].

The table opposite shows Affinity Sutton's performance for 2015/16 (with 2014/15 comparatives) and ranks this with our peer group's 2014/15 published data (where available). Where available and relevant, we have also included national averages (as per the HCA's 2015 Global Accounts of Housing Providers) and HouseMark data for housing organisations with 10,000 units or greater.

"By comparing our performance with that of our peers we create an important benchmark."

[2] Previously, the peer group comprised of large London housing associations (the G15 group) and five of the largest national housing associations. This year, we have revised our peer group to comprise the 27 housing association groups in England with 20,000 units or greater under management. This means that we now benchmark ourselves against all of the largest housing associations, regardless of where in the country they are based.

[3] The resident satisfaction measures for the Group are based on surveys by the Leadership Factor whereas the peer group satisfaction scores are in general based on the Status triennial survey.

REPORT OF THE BOARD INCLUDING STRATEGIC REPORT

PROPERTY DEVELOPMENT AND SALES

During the year we finished constructing 1,041 new homes, including 588 for rent, 282 for low cost home ownership and 171 for sale on the open market (including 139 for our share of homes constructed through joint ventures).

In order to continue this success in future years, we started construction on nearly 700 new homes, of which 394 were for social or Affordable rent and 253 for shared ownership, as well as 29 for sale on the open market. Plus, on 1 April 2016, the Group entered into the Linden (York Rd) LLP joint venture with Galliford Try plc on a site in Battersea, central London. The scheme has a gross development value of £108 million and will see over 170 new homes built.

Our sales performance in 2015/16 has once again been exceptional with 492 units sold in total. Of these, 355 were completed directly by the Group - 309 shared ownership first tranches, 43 homes sold outright on the open market and three commercial units sold on long leases - leading to revenues of £64 million.

Sales performance continues to be strong for both shared ownership and private sales, with homes selling in an average of five weeks and receipts continuing to exceed independent valuations based on the RICS "Red Book". Additionally, our joint ventures sold 274 homes on the open market for £235 million in total, and our share of the surplus was £33 million.

We also completed £17 million of shared ownership staircasings and resales, and £9 million of Right to Buy, Right to Acquire and other property disposals.

The total surplus from all of this sales and disposal activity was £66 million, a surplus which has been fully reinvested in new and existing social housing.

"We completed 1,041 new homes last year, with over half of these for social or Affordable rent."

REPORT OF THE BOARD INCLUDING STRATEGIC REPORT

TREASURY MANAGEMENT

As at 31 March, the Group had £1.74 billion of committed debt funding, with drawn funding totalling £1.23 billion, down on £1.31 billion in 2015 as repayments were made using part of the surplus for the year.

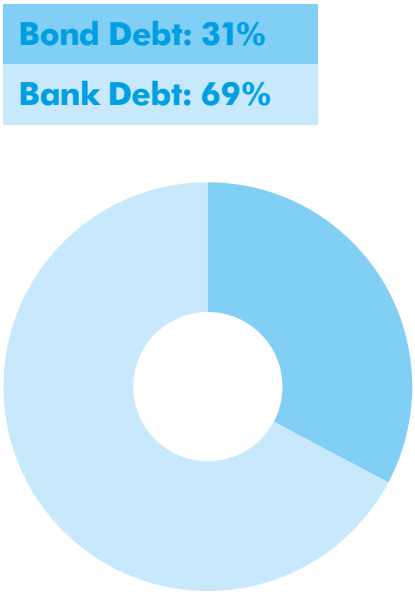
The Group seeks to maintain diversification in its funding sources, with 31% of committed funding coming from the capital markets and 69% bi-lateral loans from six banks and building societies. (See Fig.5)

The Group has limited re-financing risk in the next five years with nearly three-fifths of the Group's debt maturing after ten years. (See Fig.6)

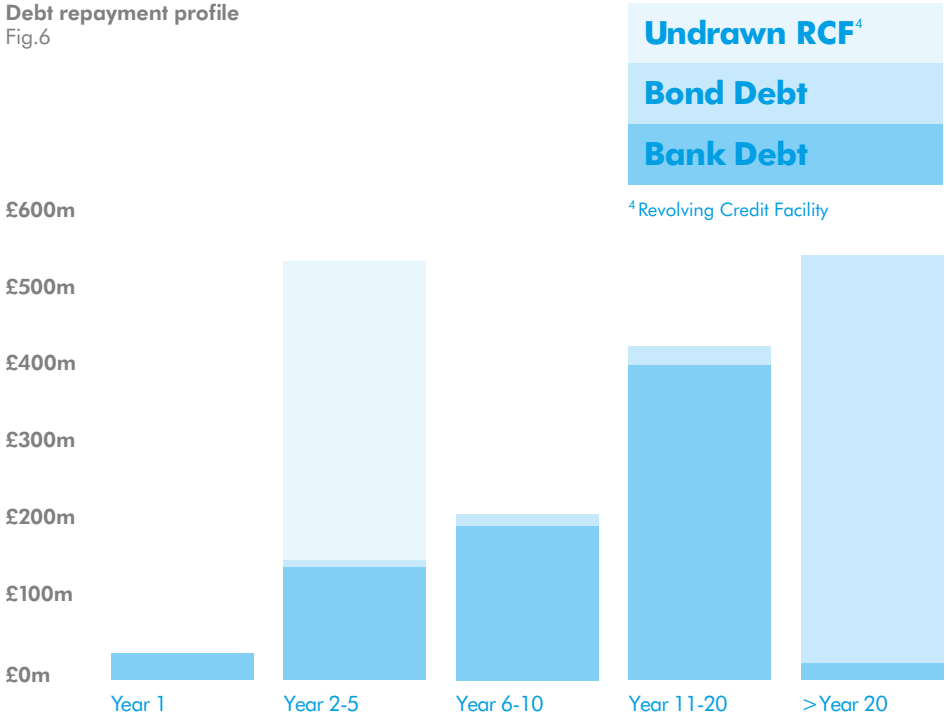
As at 31 March, the Group maintained £517 million of committed undrawn facilities and £85 million of cash, representing total liquidity of £602 million, in line with the Group's prudent polices on liquidity management. These resources are more than sufficient to meet all of the Group's contractual commitments to developers and housebuilders. (See Fig.7)

The Group continues to be risk averse in its approach to interest rate management. Borrowing related to cash in hand is held at floating rates of interest, which is consistent with the interest profile of the Group's cash investments. The Group targets a flexible policy of hedging 65% to 85% of its net debt with predominantly fixed rate instruments, with flexibility to depart from these parameters if circumstances make this more appropriate. At the year-end, this policy resulted in a portfolio that was 82% fixed-rate and 18% floating-rate. The Group does not have any non-Sterling interest rate or exchange rate exposures. (See Fig.9)

Bank vs Bond debt
Fig.5



Debt repayment profile
Fig.6



> **"Affinity Sutton seeks to maintain diversification in its committed funding through both the capital markets and banks/building societies."**

The Group maintains its desired interest rate profile through a mixture of embedded instruments (including fixed rate bank loans and bonds) and stand alone interest rate swaps. As at year-end, 69% of the Group's hedging activities were undertaken through embedded instruments and 31% through stand alone swaps. All of the Group's swap transactions allow social housing assets to be used as collateral to cover mark-to-market positions.

The Group maintains a formal counterparty policy in respect of those organisations from which it will borrow, or with which it will enter into other finance arrangements and derivative transactions. Similarly, on investments, the Group regards the prime objective of its treasury management activity to be the security of the principal sums invested. Accordingly, it ensures that its counterparty lists and limits reflect a prudent attitude towards organisations with which funds may be deposited.

REPORT OF THE BOARD INCLUDING STRATEGIC REPORT

GOVERNANCE

The Group Board is responsible for the effective governance of the Group, while day-to-day management is delegated to the Group Executive Team.

The Group Board currently comprises seven Non Executive Directors and three Executive Directors who bring a broad range of skills, experience and knowledge to their roles from fields ranging from legal services, finance and regulation, to the governance and management of housing associations[5]. The Group has adopted and complies with the requirements of the National Housing Federation Code of Governance.

[5] For more information about each of the Group's Board members please visit *www.affinitysutton.com/groupboard*.

"The Group continues to encourage and foster resident involvement in its decision making."

The Group has continued to encourage and foster resident involvement in its decision-making structures. It has set up structures which allow residents to be active in scrutinising the performance of the Group in delivering local services and creating opportunities for involvement in local neighbourhoods. This is achieved at local level by working closely with resident area panels, at regional level through regional scrutiny boards, and at national level through the National Residents' Council. The involvement structures were developed with the help of residents' representatives and have created the opportunity for many more residents to become active in the Group's work.

The key responsibilities of the Group Board are to lead, control and monitor the overall performance of the Group. Landlord services are delivered by Affinity Sutton Homes. The Group Board approves the budgets and business plans of its subsidiaries and retains control through the ability to appoint and remove subsidiary board members. The Group delegates specific responsibilities to Group Committees under approved terms of reference.

The Group Board has five Committees, and their responsibilities include:

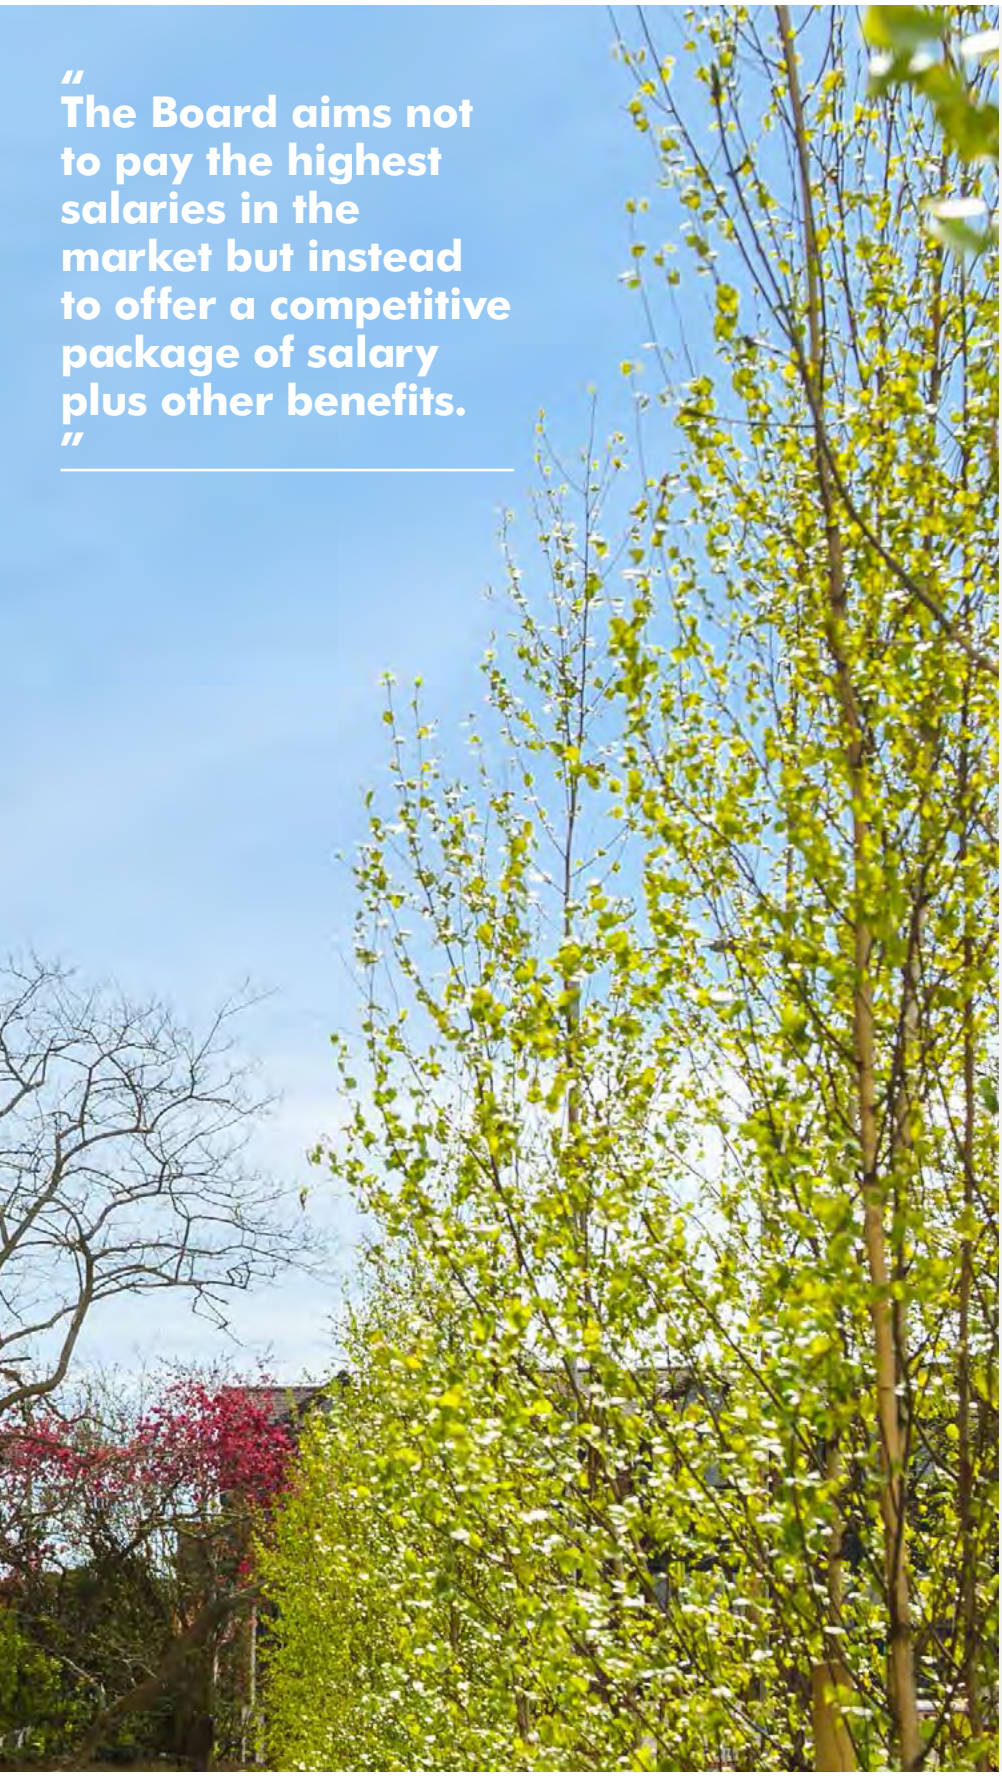
- Audit: advises the Group and subsidiary Boards on whether effective controls and an adequate risk management framework are in place across the business;
- Remuneration: agrees Executive and staff pay levels, changes to employment terms and conditions, and overseeing the annual appraisals of the Executive Directors;
- Nominations: recommends to the Group Board the appointment of the Chief Executive, succession planning for Executive Directors and the recruitment and appraisal of non executive directors;
- Treasury: with delegated authority from the Group and Affinity Sutton Homes Boards to arrange or approve financing (including the related charging of the Group's assets); and
- Project Approval: ensures that proposed major capital investment is rigorously examined prior to approval with delegated authority within certain limits, and to subsequently report on progress to the Group and Affinity Sutton Homes Boards.

As part of being regulated by the HCA we are given a rating for our governance, as assessed against their Governance and Financial Viability standard. Our G1 rating – "the provider meets the requirements", the strongest rating on the scale – was last reaffirmed in January 2016.

GOVERNANCE AND FINANCIAL VIABILITY STANDARD

For the first time registered providers are required by their regulator, the Housing and Communities Agency, to certify their compliance with the Governance and Financial Viability Standard. The Board confirms that Affinity Sutton Group complies in all material respects with the standard.

REPORT OF THE BOARD INCLUDING STRATEGIC REPORT



"The Board aims not to pay the highest salaries in the market but instead to offer a competitive package of salary plus other benefits."

PAY AND REWARD

The Remuneration Committee sets the pay of the Executive Directors at a level to attract and retain the talent required to lead the Group. In doing this it takes into account comparable evidence and benchmarking data from a range of sources both within and outside the sector. The Board aims not to pay the highest salaries in the market but instead to offer a competitive package of salary plus other pay and non-pay benefits. From 1 April 2015 pay rates increased by 2.0% for all Executive Directors and staff, reflecting prevailing conditions in the wider market.

The pension schemes available to the Executive Directors are offered on the same terms as to all other staff. All Executive Directors and staff participate in a non-consolidated bonus scheme. As part of this package the Group offers bonuses at all levels, with payment dependent on performance against customer satisfaction and financial criteria along with team-based targets. In the case of Group Executive Directors, this is designed to reward personal performance against objectives and business targets.

We remain committed to transparency in our arrangements for senior executive pay, and the Committee has already adopted many of the principles included in the Fair Pay Code proposed by the Hutton Report on Fair Pay in the Public Sector. We have reported the ratio of the Chief Executive's earnings to average staff earnings on page 36.

The emoluments of the Non Executive and Executive directors (excluding pension contributions, or pay in lieu thereof) of Affinity Sutton Group Limited, who served during the year, were as follows:

REPORT OF THE BOARD INCLUDING STRATEGIC REPORT

THE GROUP'S SYSTEM OF INTERNAL CONTROLS

RESPONSIBILITY

The Board of Affinity Sutton Group Limited is the ultimate governing body for the Group and is committed to the highest standards of business ethics and conduct, and seeks to maintain these standards across all of its operations.

The Board is responsible for ensuring that sound systems of internal control exist across the Group which focus on the significant risks that threaten the Group's ability to meet its objectives, and provide reasonable - but not absolute - assurance against material misstatement or loss.

The key means of identifying, evaluating and managing the systems of internal control are:

- Corporate governance arrangements;
- Written Group-wide financial regulations and delegated authorities, which were subject to review during the year;
- Policies and procedures for all key areas of the business. These are reviewed periodically to ensure their continued appropriateness;
- A Group-wide Internal Audit function, structured to deliver the Audit Committee's three-year risk-based strategic audit plan, quality assurance and value for money. As well as having an in-house team, the Group uses the services of professional firms of auditors and other specialists as necessary. All audit reports are reviewed by the Audit Committee, which also receives updates on the implementation of agreed external and internal audit recommendations. Detailed reports on the Group's and subsidiaries' activities are also presented to senior managers so that recommendations for strengthened controls and improvement can be implemented promptly;
- A Group-wide Health and Safety function. The Group retained the Royal Society for the Prevention of Accidents (RoSPA) Gold Awards for the management of Health and Safety;
- Management structures providing balance and focus within the Group;
- A Group-wide risk management process, which enables management to manage risk so that residual risk, after appropriate mitigation, can be absorbed without serious permanent damage to the Group or its subsidiaries. This includes a formal risk management approach to new business and major development initiatives and action plans to mitigate the worst effects of the risks. Risk management is considered at each Audit Committee meeting, through reviews of individual risk areas and/or risk maps, as well as considered regularly by the Board;
- The Group and its subsidiaries have annual budgets and long-term business plans. Throughout the year, Boards and managers regularly monitored performance against budgets and other indicators. An important tool in this process is the Group's Balanced Scorecard which identifies performance against key performance indicators, underpinned by supporting performance indicators and management information;
- Regulatory requirements and service objectives with managers ensuring that variances are investigated and acted upon;
- An anti-fraud and anti-bribery culture which is supported by a policy and procedure for dealing with suspected fraud, bribery and whistleblowing. The Group participated in the 2014/15 National Fraud Initiative, sponsored by the Audit Commission;

> **"The Group Board is committed to the highest standards of business ethics and conduct across all of Affinity Sutton's operations."**

- All housing investment decisions and major commitments were subject to appraisal and approval by the Group Project Approval Committee and, when appropriate Group Executive Team and the relevant Board, in accordance with the Group's financial regulations; and
- A Group-wide treasury management function reporting at least three times a year to the Group Treasury Committee.

The Group Chief Executive and senior subsidiary managers have reviewed the internal control and assurance arrangements by reference to checks on the above and a report has been made to the respective Boards on the effectiveness of the control systems for the year ended 31 March 2016 and up to the date of approval of the Annual Report and the Financial Statements. The Group Audit Committee and the Group Board have expressed their satisfaction with these arrangements.

STATUS

No weaknesses were found in internal controls which resulted in material losses, contingencies or uncertainties that require disclosure in the financial statements, for the year ended 31 March 2016 and up to the date of approval of the financial statements.

GOING CONCERN

After reviewing the Group's budget for 2016/17 and those of its subsidiaries, the 30-year business plan, and based on normal strategic business planning and control procedures, the Board has a reasonable expectation that Affinity Sutton Group Limited has adequate resources to continue in operational existence for at least twelve months from the date of approval of the financial statements.

DISCLOSURE OF INFORMATION TO AUDITOR

The Board members who held office at the date of approval of this Board report confirm that, so far as they are each aware, there is no relevant audit information of which the Group's auditor is unaware; and each Board member has taken all the steps that they ought to have taken as a Board member to make themselves aware of any relevant audit information and to establish that the Group's auditor is aware of that information.

AUDITOR

KPMG LLP have expressed their willingness to continue in office as the Group's auditor. In accordance with the Rules of the Association, the Board has resolved to reappoint them as auditor. Shareholders will note this at the forthcoming Annual General Meeting.

STATEMENT OF THE BOARD'S RESPONSIBILITIES IN RESPECT OF THE REPORT OF THE BOARD AND THE FINANCIAL STATEMENTS

The Board is responsible for preparing the Report of the Board and the financial statements in accordance with applicable law and regulations.

Co-operative and Community Benefit Society law requires the Board to prepare financial statements for each financial year. Under those regulations the Board has elected to prepare the financial statements in accordance with UK Accounting Standards, including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*.

The financial statements are required by law to give a true and fair view of the state of affairs of the Group and Association and of the income and expenditure of the Group and the Association for that period.

In preparing these financial statements, the Board is required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable UK Accounting Standards and the Statement of Recommended Practice have been followed, subject to any material departures disclosed and explained in the financial statements; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group and the Association will continue in business.

The Board is responsible for keeping proper books of account that disclose with reasonable accuracy at any time the financial position of the Group and the Association and enable the Board to ensure that its financial statements comply with the Co-operative and Community Benefit Societies Act 2014, the Housing and Regeneration Act 2008, and the Accounting Direction for Private Registered Providers of Social Housing 2015. The Board has general responsibility for taking such steps as are reasonably open to it to safeguard the assets of the Group and the Association and to prevent and detect fraud and other irregularities.

The Board is responsible for the maintenance and integrity of the corporate and financial information included on the Group's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

INDEPENDENT AUDITOR'S REPORT TO AFFINITY SUTTON GROUP LIMITED

We have audited the financial statements of Affinity Sutton Group Limited for the year ended 31 March 2016 set out on pages 53 to 95. The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice), including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*.

This report is made solely to the Association in accordance with section 87 of the Co-operative and Community Benefit Societies Act 2014 and section 128 of the Housing and Regeneration Act 2008. Our audit work has been undertaken so that we might state to the Association those matters we are required to state to it in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Association, as a body, for our audit work, for this report, or for the opinions we have formed.

RESPECTIVE RESPONSIBILITIES OF THE BOARD AND AUDITOR

As more fully explained in the Statement of Board's Responsibilities set out on page 48, the Association's Board is responsible for the preparation of financial statements which give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

SCOPE OF THE AUDIT OF THE FINANCIAL STATEMENTS

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at *www.frc.org.uk/auditscopeukprivate*.

OPINION ON FINANCIAL STATEMENTS

In our opinion the financial statements:

- Give a true and fair view, in accordance with UK Generally Accepted Accounting Practice, of the state of affairs of the Group and the Association as at 31 March 2016 and of the income and expenditure of the Group and the Association for the year then ended;
- Comply with the requirements of the Co-operative and Community Benefit Societies Act 2014; and
- Have been properly prepared in accordance with the Housing and Regeneration Act 2008 and the Accounting Direction for Private Registered Providers of Social Housing 2015.

MATTERS ON WHICH WE ARE REQUIRED TO REPORT BY EXCEPTION

We have nothing to report in respect of the following matters where the Co-operative and Community Benefit Societies Act 2014 require us to report to you if, in our opinion:

- The Association has not kept proper books of account; or
- The Association has not maintained a satisfactory system of control over transactions; or
- The financial statements are not in agreement with the Association's books of account; or
- We have not received all the information and explanations we need for our audit.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2016

1. Accounting policies

The financial statements have been prepared in accordance with *FRS 102 The Financial Reporting Standard Applicable in the UK and Republic of Ireland (September 2015)* ("FRS 102"), the *Housing SORP 2014: Statement of Recommended Practice for Social Housing Providers* ("the SORP"), the Accounting Direction for Private Registered Providers of Social Housing 2015 ("the Accounting Direction") and the Co-operative and Community Benefit Societies Act 2014.

Affinity Sutton Group Limited, and its subsidiaries Affinity Sutton Homes Limited and Affinity Sutton Community Foundation, are public benefit entities.

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to Affinity Sutton Group Limited's consolidated ("the Group") and individual ("the Association") financial statements.

Basis of preparation

The financial statements are prepared on the historical cost basis of accounting, with the exception of investment properties and derivative financial instruments which are held at their fair value.

Going concern

On the basis of their assessment of the Group's financial position and resources, the Board believe that the Group is well placed to manage its business risks. Therefore the Group's Board have a reasonable expectation that the Group has adequate resources to continue in operational existence for at least twelve months from the date of approval of the financial statements. Thus they continue to adopt the going concern basis in preparing the annual financial statements.

The Group (through Downland Regeneration Limited, the LLP partner) has provided confirmation of support to one of its joint ventures, Linden/Downland Graylingwell LLP, for at least twelve months after their financial statements for the year ended 31 March 2016 are signed.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of all members of the Group as at the reporting date, using merger and acquisition accounting where appropriate. The Group's share of jointly controlled entities is included using the equity method.

Intra-group balances and transactions, including unrealised profits arising from intra-group transactions, are eliminated in full on consolidation.

Adoption of FRS 102

This is the first year in which the Group has prepared its financial statements in accordance with FRS 102; it previously reported in accordance with UK GAAP ("Generally Accepted Accounting Practice"), the *Statement of Recommended Practice (SORP): Accounting by Registered Social Housing Providers (Update 2010)* and *The Accounting Direction for Social Housing in England from April 2012.*

An explanation of how the transition to FRS 102 has affected the financial position and financial performance of both the Group and the Association is provided in note 31.

As part of this, the Group has taken the exemption not to restate business combinations that took place prior to 1 April 2014.

Comparatives have been restated where necessary for the resulting changes in accounting policy.

Turnover

Rental and service charge income from residential and commercial properties is recognised when it falls due. Grants receivable in respect of revenue are recognised in the same period as the expenditure to which they relate.

Two percent of Social Housing Grant is recognised in revenue in the year of receipt, in order to offset development costs which the Group is not permitted to capitalise. The remaining grant, including other property grants, is amortised over 100 years from when the property is completed, in line with the Group's depreciation policy for the structure of housing properties. This 100-year period also applies to grants relating to shared ownership properties, even though these properties are not depreciated.

Sales of properties are recognised on legal completion. Turnover includes receipts from the sale of properties developed for outright sale as well as the sale of the first tranches of shared ownership properties; the sales of subsequent tranches (i.e. "staircasing") are shown as disposals.

Housing properties, stock and cost of sales

Housing properties and stock are stated at cost which includes the cost of land, construction works and professional fees, as well as directly attributable development staff costs and interest capitalised during the construction period (calculated by reference to the Group's average cost of borrowing).

The cost of completed housing properties is split into components (see 'Depreciation and amortisation' policy). Major repairs are capitalised on a component level, to the extent that they are either a full replacement of the previous component, or an enhancement to the existing component which will reduce future repair costs, extend the life of the property or result in increased rental income. Major repairs are expensed as incurred in other circumstances.

No provision is recognised for future planned and routine maintenance of housing properties.

The Group has a land banking policy which may involve the purchase of land or sites without planning consent or grant allocation. Land bank expenditure is stated at the lower of cost and net realisable value, and classified as 'Housing Properties in the course of construction'. No staff or interest costs are capitalised on land banking.

The expected first tranche proportion of shared ownership properties is shown as stock with the remainder included in housing properties. Properties developed for outright sale are only shown as stock. Cost of sales comprises the cost of stock sold as well as marketing costs incurred in the year.

1. Accounting policies (continued)

Depreciation and amortisation

All depreciation and amortisation is accounted for on a straight-line basis over the assets' useful economic lives, from the date the asset is available for use.

Intangible assets:

ERP System	10 years
Other computer software	3-4 years

The cost of housing properties is composed of the following components:

Structure	100 years
Bathrooms	30-35 years
Boilers	15 years
Other heating	30 years
Electrics	30-35 years
Kitchens	20-25 years
Lifts	20-35 years
Roofs – flat	15-20 years
Roofs – pitched	50-55 years
Windows and doors	30-35 years
Other	10 years

Shared ownership housing properties are not broken down into components as their tenants are liable for any repairs, and they are not depreciated due to their high residual value.

Non-housing fixed assets:

Freehold offices	40-50 years
Leasehold office properties	Over the period of the lease
Office furniture & equipment	4-20 years
Computer equipment	3-4 years
Motor vehicles	3-4 years

In accordance with FRS 102, no depreciation is provided in respect of land or investment properties.

Impairment

Properties held in stock are assessed for impairment at each reporting date by comparing their carrying amount to their estimated market value less costs to complete and sell.

Tenant and other debtors are assessed for recoverability at each reporting date, with any impairment loss recognised in income or expenditure.

For other assets an impairment review is undertaken when there is an indication that the asset may be impaired. An impairment charge is recognised when it is assessed that the carrying amount of the asset (or the cash generating unit it belongs to) is higher than both its fair value less costs to sell and its value in use, in which case the higher of these two values is taken to be its new book value.

Investment properties

Non-social rented properties i.e. those which are held to earn a commercial rental income and/or for capital appreciation are treated as investment properties. These properties are initially recognised at cost and then revalued at each reporting date.

Investment properties under construction are initially included in 'Housing Properties in the course of construction' and are reclassified as investment properties when they are substantially complete and their fair value can be reliably measured.

Housing property grants

These grants are treated as deferred income, but the original balance may become repayable if the conditions of the grant are not complied with; for example, if the related properties cease to be used for the provision of affordable rental accommodation.

Recycled Capital Grant Fund and Disposal Proceeds Fund

The Group has the option to recycle housing property grants, which would otherwise be repayable, for use on new developments. If unused within a three-year period, the grant will be repayable to either the Homes and Communities Agency or the Greater London Authority, with interest.

Any grant held within the funds, which it is anticipated will not be used within one year, is included under 'creditors due after one year'. The remainder is included under 'creditors due within one year'.

Fixed asset investments

Fixed asset investments are recognised at the lower of the investment made and the net realisable amount. Where investments attract interest, the interest receivable in a period is only recognised to the extent that there is a reasonable expectation that it will be recoverable when due. Dividends are accounted for on a receivable basis.

This treatment also applies to the Group's equity loans. These have been made to homeowners as part of the Group's social housing objectives, at below-market rates of interest and are not repayable on demand, and so qualify for treatment as public benefit entity concessionary loans under FRS 102.

Leased assets

Where the Group enters into a lease which entails taking substantially all the risks and rewards of ownership of an asset, the lease is treated as a "finance lease". The asset is recognised as a tangible fixed asset and is depreciated over its estimated useful life. Future instalments under such leases, net of finance charges, are included within creditors. Rentals payable are apportioned between the finance element, which is included in interest payable, and the capital element which reduces the outstanding obligation for future instalments.

All other leases are accounted for as "operating leases" and the rental charges are expensed on a straight line basis over the life of the lease.

Taxation

Affinity Sutton Community Foundation, Affinity Sutton Group Limited and Affinity Sutton Homes Limited almost wholly undertake charitable activities which are exempt from corporation tax. The remaining members of the Group, and, effectively, the jointly controlled entities in which the Group has a share, are liable to corporation tax at the prevailing rate of taxation.

Deferred tax

Full provision is made for timing differences which have arisen at the reporting date where material. Amounts recognised in respect of deferred tax are not discounted, in accordance with FRS 102.

1. Accounting policies (continued)

Value Added Tax

For the majority of the Group's members, VAT affairs are dealt with under a Group registration in the name of Affinity Sutton Group Limited. The Group recovers only a small proportion of the input VAT it incurs. Expenditure is therefore shown inclusive of VAT with non-attributable tax recovered being credited against operating costs.

Basic financial instruments

Loans and other borrowings are stated at the amount of net proceeds. Where a premium or discount has been incurred on a bond issue, this is released over the term of the debt using the effective interest rate method.

Likewise, eligible finance set-up costs are deducted from the Group's borrowings and amortised over the remaining term, or a shorter period if more appropriate, using the effective interest rate method.

Tenant and other debtors and creditors are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, in which case the present value of the future receipts discounted at a market rate of interest is used.

Cash at bank and in hand includes cash balances and call deposits. Overdrafts are repayable on demand and so are included in creditors due within one year.

Derivative financial instruments and hedging

As part of managing its interest cost on variable-rate loans, the Group has entered into a number of fixed-rate interest rate swaps. These swaps are shown at fair value and, by default, the gain (or loss) on remeasurement is recognised as financing income (or costs). However the Group has, as far as possible, applied cash flow hedge accounting between its loans and swaps and so the portion of the fair value movement that is effectively hedged is shown in other comprehensive income.

As part of this, a cash flow hedge reserve has been recognised for the cumulative effectively-hedged fair value movement.

Pension costs

The Group participates in six defined benefit and two defined contribution pension schemes; however, the defined benefit section of the Social Housing Pension Scheme ("SHPS"), is accounted for as a defined contribution scheme as a result of being a multi-employer scheme.

Contributions to schemes accounted for as defined contribution are recognised as an expense as they fall due, with a provision recognised for any agreed "deficit-funding" contributions to be made in the future.

For schemes accounted for as defined benefit schemes, the net liability (or asset) is calculated by estimating the amount of future benefit that employees have earned to date, discounted to present value, and deducting the fair value of the scheme's assets.

Changes in this net defined benefit liability arising from employee service, introductions, benefit changes, curtailments and settlements during the period are recognised in operating costs. The net interest expense (or income) on the net liability (or asset) for the period is recognised as other finance cost (or income). Remeasurement of the net liability (or asset) is recognised as actuarial gains/losses in other comprehensive income.

The assets of these pension schemes are held separately to those of the Group.

2. Significant judgements and accounting estimates

Significant judgements

In applying the Group's accounting policies, the following significant judgements have been made:

1 Identifying cash-generating units for the purposes of impairment testing (see note 10).

2 Determining which housing properties and non-housing fixed assets meet the definition of investment properties (see note 12).

Accounting estimates

The following accounting estimates have been made, which have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year:

1 The useful economic lives of intangible assets, housing properties and non-housing fixed assets.

The Group believes that the lives used are reasonable based on their experience. The most material assumption is the lives of housing property components: these were determined in 2011 when component accounting was first adopted, with the input of the Group's repairs and maintenance staff, and were benchmarked against the lives chosen by other housing associations.

2 The allocation of property development costs between tenures, between housing properties and stock for shared ownership, and between components for rented properties.

Allocation is generally carried out on a floor area basis, with 30% of shared ownership properties classified as stock as this is close to the average first tranche sales percentage. The non-land cost of rented properties is allocated to components on the basis of an internal review of a sample of development scheme costs carried out in 2011.

3 The calculation of the recoverable amount for impairment testing, including the depreciated replacement cost of housing properties held for social benefit.

See note 10.

4 The valuation of investment properties.

See note 12. These have been professionally valued, with the exception of a small number of immaterial properties which have been valued internally using the professional valuations as a guide.

5 The recoverable amount of the investment in Linden/Downland Graylingwell LLP.

See note 13.

6 The recoverable amount of stock.

Costs (including costs to complete for properties in the course of construction) have been compared to valuations (although in general this should not be a significant risk due to the Group's high average sales margins).

7 The recoverable amount of tenant and other debtors.

Current tenant debtors are provided for at around 40%, based on reviews of individual balances, while former tenants are provided for in full. Other debtors are reviewed on a case-by-case basis.

8 The fair value of derivatives.

See note 23.

9 The valuation of defined benefit pension schemes

See note 21 for the valuation of the SHPS deficit funding contributions and note 27 for valuations of defined benefit assets/liabilities. The valuation of the latter has been carried out by qualified actuaries, and the discount rate used for the SHPS provision is in line with their assumptions.

10 The tax rate used for deferred tax liabilities.

See note 21.

11 The amount of the Thames Water provision.

See note 21.

The remaining members of the Group, and, effectively, the jointly controlled entities in which the Group has a share, are liable to corporation tax at the prevailing rate of taxation.

Factors that may affect future tax charges:

The rate of UK corporation tax that was substantively enacted at the balance sheet date was 20%. The UK government's latest plans, as announced in the 2016 Budget, are that from 1 April 2017 the rate will fall to 19%, and from 1 April 2020 it will reduce further to 17%.

Under FRS 102, grants relating to the Group's housing properties are no longer offset against their cost but presented as a creditor. Depreciation is now charged on the gross cost and so the charge is higher.

Long leaseholds	**84,290**	81,264

Development and major works additions and improvements to housing properties during the year include capitalised interest of £5.8 million (2015: £8.5 million) and capitalised administration costs of £4.3 million (2015: £3.8 million).

Total expenditure in 2016 on works to existing properties was £53.7 million (2015 restated: £51.6 million) of which £36.7 million (2015 restated: £36.7 million) has been capitalised.

Under the SORP, the 1% rent cut which was announced in the July 2015 Budget was an indicator of impairment, and so the Group's affected housing properties – all but those classed as shared ownership, leasehold or market rent – were assessed for impairment. This affected the 46,952 properties as per note 26, as well as 913 properties under construction. Cash-generating units ("CGUs") were defined on a scheme level where available (generally those properties acquired since 1 April 2006) or otherwise on a block level.

Recoverable amount was determined to be the higher of EUV-SH ("Existing Use Value – Social Housing", representing fair value less costs to sell) and depreciated replacement cost ("DRC", representing the social value of these housing properties, as they are not primarily held in order to generate a return and so a conventional value in use calculation, for example discounted cash flow, would not be appropriate). In turn, DRC was determined to be lower of i) the actual land cost plus an estimated construction cost, reduced for depreciation based on the age of the properties ("LDCC"), and ii) the cost of acquiring an equivalent CGU on the open market ("MV-VP"). The EUV-SH and MV-VP values used were as provided by an external professional valuer for the Group's 2015 charging exercise; due to the significant increases in build costs over the last few years, LDCC was taken to be the actual (or forecast) depreciated cost of the CGU, adjusted as necessary to remove additional development costs which were known to have been incurred as a result of issues or problems.

As a result of this exercise, five schemes – three of which are still under construction – were found to be impaired by £5,114,000 in total.

All residential properties and the majority of the commercial properties were valued as at 31 March 2016 by Jones Lang LaSalle, Chartered Surveyors, on the basis of Market Value, as defined in "RICS Valuation – Professional Standards" (January 2014).

The significant assumptions applied in the valuation of commercial properties are the estimated rental value and yield, both of which are based on recent local transactions. For residential properties, the significant assumptions are the movement in market rents, changes in house prices (as it is assumed that some properties will be disposed over time, for example as they become void) and the discount rate. For the freeholds, the significant assumptions is the 6% investment yield which has been applied to the annual ground rent income, based on the valuers knowledge of the investment market for ground rents.

Of the properties not valued by Jones Lang LaSalle, three commercial units were valued at £830,000 by Savills, and the remaining £1,568,000 of commercial properties were valued internally, using the Jones Lang LaSalle's valuation results as a guide.

13. Interest in Joint Ventures – Group

The undertakings in which the Group's interest at year-end is more than 20% are as follows:

Joint venture	Country of incorporation	Class and % of shares held
72 Farm Lane Developments LLP ("Farm Lane")	United Kingdom	Ordinary, 50%
261 City Road Developments LLP ("City Road")	United Kingdom	Ordinary, 50%

Ramsden Regeneration LLP ("Ramsden")	United Kingdom	Ordinary, 50%
Wilmington Regeneration LLP ("Wilmington")	United Kingdom	Ordinary, 50%

Additionally, on 1 April 2016, the Group entered into the Linden (York Road) LLP joint venture. Ahead of this, £52,000 of investment costs were capitalised and are included in the Other column below.

The amounts included in respect of the Group's share of joint ventures comprise the following:

In accordance with FRS 102, the results for the year have been adjusted to eliminate any amounts in relation to sales of properties to members of the Affinity Sutton group. Likewise, the amounts above are also adjusted as necessary to be in line with Group accounting policies: in the case of Farm Lane and City Road, sales are only recognised on legal completion; in the case of Graylingwell, Ramsden and Wilmington, eligible interest costs are capitalised; and in all cases, prepaid marketing costs are expensed as incurred.

Funds had been advanced by the Group to City Road, a joint venture between William Sutton Developments Limited and City Road Developments Holdco Limited (a subsidiary of Mount Anvil Group Limited). City Road undertakes the development of a site in Islington; as this is nearing completion the loan was fully repaid during the year.

Interest was charged at LIBOR plus 5.5% and rolled-up monthly. The loan balance as at 31 March 2014 and 31 March 2015 has been restated to include the interest rolled-up to date; this was previously erroneously included in other debtors and prepayments due within one year.

In addition to the loan, the Group charged commitment fees to City Road: the charge for the year was £246,000 (2015: £254,000) and £17,000 is included in debtors at the year-end (2015: £68,000).

Funds have been advanced by the Group to Graylingwell, a joint venture between Downland Regeneration Limited and Linden Limited (a subsidiary of Galliford Try plc). Graylingwell undertakes the development of a former Homes and Communities Agency site in Chichester, West Sussex.

The investment is made by way of a subordinated loan attracting interest at 9%. Payment of the interest is deferred until completion of the project. Interest receivable is accrued to the extent that there is a reasonable expectation that it can be received in line with the terms of the loan, which dictate that loan principal is payable before loan interest.

Since 1 April 2012, no interest has been recognised based on the Group's assessment of the recoverability of the capital and interest. Furthermore, no change in the £10,583,000 impairment provision has been deemed necessary during this time. (Amounts above are shown net of impairment.)

Loans bear fixed rates of interest ranging from 5.14% to 11.64% (2015: 5.10% to 11.64%) or variable rates based on a margin above LIBOR. Total drawn loan funding bears interest, after taking into account hedging activity, as follows:

In five years or more	**572,086**	649,363
	693,841	775,985

The final instalments by tranche of borrowing fall to be repaid between 2020 and 2042 (2015: between 2017 and 2042).

The Group also has two bonds of £250 million and £247.4 million (nominal value £250 million, issued below par). As interest is payable at a fixed rate only, the Group has no exposure to floating interest rates and therefore undertakes no hedging activity in relation to these bonds.

The fair value of the Group's long term borrowing is £1.42 billion (2015: £1.55 billion).

At 31 March 2016, the Affinity Sutton Group has £1.74 billion of debt facilities available (2015: £1.65 billion), of which £517 million is undrawn (2015: £344 million).

The Association has a £50 million facility with Affinity Sutton Homes Limited, its immediate subsidiary. Loans are repayable in 2025. Interest is charged at LIBOR plus 1%.

Loans are secured by a floating charge over all of the Association's assets.

Deferred tax has been provided for on the difference between the fair value and the historic cost of those investment properties owned by Grange Management (Southern) Limited, calculated using the 20% rate substantively enacted at the balance sheet date. The amount of deferred tax which will reverse in the following year depends on the future movement in the valuation and the investment properties disposed, neither for which a reliable estimate can be made.

The Group is a member of the defined benefit section of the Social Housing Pension Scheme and has made a provision for the deficit funding payments it has agreed to make in the future (see note 27). The additional £4,721,000 provision is a result of the Tier 4 contributions having been agreed in the year, following the certification of the September 2014 valuation. The payments have been discounted at 3.7% (2015: 3.2%) and the interest cost on unwinding was £406,000 (2015: £590,000).

The Group has an agreement with Thames Water to pay the water and sewerage charges for some 10,500 of its housing properties, as part of which the Group then bills those properties' tenants. As part of this agreement, the Group receives a credit from Thames Water as an admin fee as well as to account for credit risk and some properties being void. A High Court judgement in March 2016 against Southwark Council – who have a similar arrangement with Thames Water – decided that the council should have passed on this credit to its residents. As a result, the Group has made a provision for the £3,500,000 it expects to credit its tenants, going back to 2010. This refund is expected to be credited to tenants' rent accounts by 31 March 2017.

The Group has negotiated a £800,000 settlement for a contractual dispute arising from the construction of commercial premises at one of its development schemes.

22. Share capital

	2016 £	2015 £
Shares of £1 allotted, issued and fully paid		
At the beginning and the end of the year	**17**	17

Each member of the Group holds one £1 share. These shares carry no dividend rights and are cancelled on cessation of membership of the Group. Each member has the right to vote at members' meetings.

23. Hedging – Group

The Group hedges floating-rate debt through stand-alone interest rate swaps.

The fair value measurement of these swaps has been categorised as Level 2 and the valuation techniques include discounted cash flow pricing models with observable inputs. The most significant inputs into those models are interest rate yield curves, developed from publicly quoted rates and market available information.

	2016 £'000	2015 £'000
Fair value of derivatives		
At the beginning of the year	**132,894**	75,055
Change in fair value of cash flow hedges – ineffective	**44**	402

At the end of the year	**139,013**	132,894
Cash flow hedge reserve	**129,521**	123,446

The reset dates of the swaps are all fully matched against the reset dates of the floating-rate debt. Therefore the cash flows associated with cash flow hedging instruments are the fixed amounts payable on the swaps over the course of their lives, and these are expected to occur as follows:

	2016 £'000	2015 £'000
Within one year	**14,191**	14,238
Between one and two years	**14,143**	14,191

In five years or more	**165,617**	178,359
	232,322	246,560

All amounts relate to interest rate swap liabilities.

24. Capital commitments

Capital commitments contracted for but not provided for in the financial statements include the Group's share of the capital commitments of 261 City Road Developments LLP (£2,728,000; 2015: £15,000,000) and 72 Farm Lane Developments LLP (£605,000; 2015: £3,000,000).

Capital commitments authorised by the Board but not contracted for includes £41,414,000 (2015: £24,500,000) for the Group's share of the future gross capital expenditure committed through the development agreement relating to Linden/Downland Graylingwell LLP. This development agreement allows construction programme timings to be varied, with sales receipts from earlier phases used to fund the construction of further units. Additionally, this figure includes £46,511,000 for the Group's share of the future gross capital expenditure of Linden (York Road) LLP, which the Group entered into in April 2016.

At the year-end the Group had £85 million of cash and £517 million of undrawn funding.

27. Pensions – Group

From 1 January 2014, the Group offers new joiners participation in the defined contribution section of the Social Housing Pension Scheme, having previously offered entry into the defined benefit section, which was fully closed to new entrants on the same date. The exception is Affinity Sutton Repairs Limited, which instead still offers entry into a defined contribution scheme with Friends Provident.

Previously, it had offered entry to the following defined benefit schemes, all closed to new entrants from 31 August 2002:

Downland Housing Group Pension & Assurance Scheme
Hertfordshire County Council Pension Fund
London Borough of Bromley Pension Fund
London Pensions Fund Authority Pension Fund
William Sutton Housing Association Final Salary Scheme

The Group Chief Executive is an ordinary member of the Social Housing Pension Scheme and does not have any enhanced or special terms.

The details of the schemes are set out below:

Social Housing Pension Scheme (Defined Contribution)

This scheme is administered by The Pensions Trust and is a defined contribution scheme. The employer contribution rate payable by the company per annum is dependent on the contribution by the employee as follows:

Employee Contributes	Affinity Sutton Group Limited and Grange Management (Southern) Limited contribute	Community Building Services (CBS) Limited contributes
Up to 7.5%	Up to 7.5%	
Greater than 7.5%	7.5%	
Up to 6%		Up to 6%
Greater than 6%		6%

Social Housing Pension Scheme (Defined Benefit)

The Group participates in the scheme, a multi-employer scheme which provides benefits to some 500 non-associated employers. The scheme is a defined benefit scheme in the UK. It is not possible for the Group to obtain sufficient information to enable it to account for the scheme as a defined benefit scheme. Therefore it accounts for the scheme as a defined contribution scheme.

The scheme is subject to the funding legislation outlined in the Pensions Act 2004 which came into force on 30 December 2005. This, together with documents issued by the Pensions Regulator and Technical Actuarial Standards issued by the Financial Reporting Council, set out the framework for funding defined benefit occupational pension schemes in the UK.

The scheme is classified as a 'last-man standing arrangement'. Therefore the Group is potentially liable for other participating employers' obligations if those employers are unable to meet their share of the scheme deficit following withdrawal from the scheme. Participating employers are legally required to meet their share of the scheme deficit on an annuity purchase basis on withdrawal from the scheme.

27. Pensions – Group (continued)

Social Housing Pension Scheme (Defined Benefit) (continued)

A full actuarial valuation for the scheme was carried out with an effective date of 30 September 2014. This actuarial valuation was certified on 23 November 2015 and showed assets of £3,123 million, liabilities of £4,446 million and a deficit of £1,323 million. To eliminate this funding shortfall, the trustees and the participating employers have agreed that additional contributions will be paid, in combination from all employers, to the scheme as follows:

Tier	Period	Total contribution per annum
1	From 1 April 2016 to 30 September 2020	£40.6 million (increasing by 4.7% each 1st of April)
2	From 1 April 2016 to 30 September 2023	£28.6 million (increasing by 4.7% each 1st of April)
3	From 1 April 2016 to 30 September 2026	£32.7 million (increasing by 3.0% each 1st of April)
4	From 1 April 2016 to 30 September 2026	£31.7 million (increasing by 3.0% each 1st of April)

The share of these deficit funding payments payable by the Group will be £2,255,000 in 2016/17, rising to a maximum of £2,541,000 in 2019/20, before falling to £2,154,000 in 2020/21 and reducing further until completion in 2026/27.

Downland Housing Group Pension & Assurance Scheme ("Downland")

The scheme is administered on behalf of the trustees by Scottish Life and is funded to cover future pension liabilities. The most recent comprehensive actuarial valuation was carried out as at 31 March 2015.

Hertfordshire County Council Pension Fund ("Herts Council")

Staff who transferred from Hertsmere Borough Council to the former Ridgehill group are members of the fund, which reflects the terms of the Local Government Pension Scheme ("LGPS"). The most recent comprehensive actuarial valuation was carried out as at 31 March 2013.

London Borough of Bromley Pension Fund ("LB Bromley")

The Group also participates in the Superannuation Fund operated by the London Borough of Bromley as an "Admitted Body". The fund is subject to the regulations of the Local Government Superannuation Scheme. The most recent comprehensive actuarial valuation was carried out as at 31 March 2013.

London Pensions Fund Authority Pension Fund ("London Pensions")

The fund is a defined benefit statutory scheme administered in accordance with the Local Government Pension Scheme Regulations 2007 and 2008 and the Local Government Pension Scheme (Transitional Provisions) Regulations 2008. The most recent comprehensive actuarial valuation was carried out as at 31 March 2013.

The William Sutton Housing Association Final Salary Scheme ("William Sutton")

The scheme is a defined benefit funded pension scheme. The most recent comprehensive actuarial valuation was carried out as at 30 September 2012. The Group closed the scheme to future accrual as at 30 June 2013, but continues to make ongoing deficit payments as agreed with the scheme trustee.

The Scheme assets do not include investments issued by the Group or any property occupied by the Group.

27. Pensions – Group (continued)

Friends Provident

This scheme is administered by Friends Provident and is a defined contribution scheme, currently open only to employees of Affinity Sutton Repairs Limited. The employer contribution rate per annum payable by members of the Group is dependent on the contribution by the employee as follows:

28. Legislative provisions

Affinity Sutton Group Limited is a registered society under the Co-operative and Community Benefit Societies Act 2014 and is regulated by the Homes and Communities Agency.

29. Related Party Disclosures and Intra-Group Transparency

Debtor and creditor balances between members of the Affinity Sutton group are either trading balances which are non-interest bearing and are due to be settled within one year of their recognition, or are loans subject to a market rate of interest.

As the Group parent, the Association incurs certain staff costs and overheads centrally on behalf of the whole Group. These are then recharged to other members of the Group, allocated on the basis of use.

The main element of the recharge is staff costs, which are allocated by department based on their activity in the year. Other material allocations are: IT costs, which are allocated by the number of PCs; mobile phone costs, by number of devices; staff training and recruitment, by FTEs; and offices, by usage of specific premises.

The recharges were as follows:

	2016	Restated 2015

[a] Transferred its engagements to Affinity Sutton Homes Limited on 30 September 2014.

Keith Exford is also a Non-Executive Director of The Housing Finance Corporation Limited, with whom the Group has a facility. At the reporting date, the amount borrowed is £1,948,000 (2015: £2,095,000) and the interest charge for the year was £113,000 (2015: £117,000).

Transactions between Affinity Sutton Homes Limited and non-regulated entities are disclosed in its own financial statements.

No other related party transactions require disclosure.

30. Ultimate Parent Undertaking

At the year-end, Affinity Sutton Group Limited was the ultimate parent undertaking for the following entities:

Name	Legislative provisions	Nature of business
Affinity Sutton Capital Markets PLC	Companies Act 2006	Funding vehicle
Affinity Sutton Community Foundation	Companies Act 2006, Charities Act 2011	Charitable services

2 All properties held by the Group for commercial returns are now treated as Investment Properties and held at fair value, with valuation changes included in the surplus for the year.

3 Housing properties are now depreciated gross of related grants, and all housing grants are now amortised over 100 years, not just those allocated against the Structure component of rented properties.

4 Previously no accrual was made for employees' annual leave which was earnt but not taken by the year-end.

5 An office leased in by the Group is subject to rent-free periods and an up-front cash receipt. These are now spread over the full ten-year lease term, having previously been spread over the five years to the first rent review date.

6 One of the Group's estates is held under a finance lease, and the outstanding liability has been recalculated under FRS 102 to expense the contingent rent element.

7 The Group's interest rate swaps are now held on the balance sheet at fair value. These are used by the Group to hedge against its floating-rate loans with only a small amount deemed to be ineffective.

8 The Group has now provided for the net present value of SHPS deficit funding contributions it is required to make in future years.

9 Under FRS 102, the finance cost/income recognised in respect of defined benefit pension schemes is calculated using only the net asset/liability and the discount rate, and expected returns on scheme assets are disregarded. There is an equal and opposite adjustment to actuarial gains/losses for the year and so there is no net effect on the scheme liability and therefore the Group's equity.

10 Costs incurred in marketing properties for sale, for example brochures, are no longer included in the cost of properties under construction but are expensed as incurred.

The transformation programme we had already begun has been accelerated

The proposed merger... will enable the new organisation to deliver even more ambitious plans to address the country's housing crisis.

I am pleased to report that the Group remains financially robust and secure. Despite challenging conditions, we continue to improve the quality of our services while bringing even greater efficiencies into the business. The changes being introduced by the Government, including the annual 1% cut in social rents, have persuaded us to accelerate the transformation programme we had already begun. We are doing this so that we can continue to offer greater opportunities for independent, affordable and secure living to people in housing need.

The proposed introduction of the Right to Buy scheme, which would allow our tenants to buy their homes at discounted prices, makes providing new homes even more important. We are now looking to replace homes as well as increase the overall supply of affordable homes. We currently have 2,856 homes in our development pipeline of which 1,356 are under grant funded programmes.

I am pleased to report significant improvements in our responsive repairs service in London, which is now consistently performing above the sector benchmark. The measures that we put in place have significantly improved the service and are beginning to restore the high customer satisfaction levels for which Circle Housing has been known for years. This remains a priority, and has persuaded our regulator to resore our compliant governance rating.

We commissioned Campbell Tickell to review our governance structure. They found that while our federated Group structure, with nine single asset-owning entities working under the parent organisation, had delivered growth historically, it was no longer adequate for the current environment. Accordingly we are proposing to simplify the structure and move to a single housing association model. Together, we will have more flexibility to invest in areas where it is most needed, have faster decision making and a stronger local focus which will allow us to provide better services.

We are now consulting with our residents and Partner Boards about these proposals. We remain committed to local delivery and our proposals are designed to retain and enhance local engagement by giving residents and communities real ownership of their local plans. Our proposals will enhance local scrutiny and accountability through the creation of local panels, which will include residents, community figures and stakeholders with the remit to review delivery and performance, including repairs and maintenance.

I am proud that this year we have won accrediation as a Living Wage employer. This means that we not only pay the full Living Wage to our own employees but also insist that all our contractors do the same.

The proposed merger of Circle Housing and Affinity Sutton will enable the new organisation to deliver even more ambitious plans to address the country's housing crisis and increase investment in local communities. Together we will be stronger, provide better value for money and have greater financial capacity. This means that we will become one of the largest house builders in the country and double the amount of homes built annually. We will build 50.000 new homes over the next ten years from 2019. We will also invest more in transforming lives by becoming one of the largest providers of employment services in the country.

Having approved the business case for the merger, we have consulted Partner Boards and residents to gather feedback for our Board to consider before making a final decision. Should the merger progress, and the Homes and Communities Agency (HCA) give approval, the proposed new Group will become the largest housing association in Europe, with 120,000 properties. More importantly than this, our size would mean greater capacity to deliver new homes, invest more in communities and provide more customer-focused services. As shadow Chairman of the new merged organisation I look forward to helping make a reality of these high aspirations.

I would like to thank all our Circle Housing colleagues, partners and Board members for their tireless work and commitment in the last year.

Our business has gone through a period of enormous change and this will continue as we rise to the challenges set to all housing associations by the Government to make the best use of our resources and deliver more for less.

Sir Robin Young
Chairman

A year of monumental change has required we adapt and that's exactly what we did

I would like to thank all my colleagues and partners for their continued dedication to enhancing the life chances of our customers.

We have made great strides in making our organisation more efficient so that we can deliver greater value for money and ensure that we continue to provide our customers with more opportunities for independent, affordable and secure living.

Our core business is being a trusted landlord to our residents and providing homes for those in housing need, which is strengthened by supporting our customers towards financial resilience and independence.

One of our top priorities for the year was to improve the performance of our repairs and maintenance (R&M) service, particularly in London – which we have achieved. Our investment and focus on this during the year has resulted in improved performance across the board, including delivering 96% of urgent and emergency repairs on time. We are now consistently achieving higher levels of jobs completed on time than ever before. Many lessons have been learnt in the past 18 months and we have strengthened our internal processes, systems, contract management and lines of communication. This has resulted in the HCA awarding us a compliant G2 governance rating.

We take our responsibility as a landlord extremely seriously. We are now procuring long-term R&M contracts for parts of London and the West Midlands to replace the current temporary arrangements. Despite the improvements we have made, continuing to manage our contractors to deliver a consistently good service in every home remains our top priority.

At the start of the year we committed to delivering a number of organisational changes to transform our operating model to provide better services to our customers by investing in new technology that includes a new customer relationship management system, new contact centre and a 24/7 digital service, all of which freed up more resources on the ground to support those customers who need help directly in their home. These transformational changes are also designed to reduce costs. After the Government's announcement of a 1% reduction in social rents we had to make up a £46 million annual shortfall to our income over the next four years. We therefore accelerated our three-year transformation programme, making efficiencies more quickly with a greater level of change.

These were difficult decisions and ones we did not make lightly but restructuring our organisation and successfully implementing a single set of staff terms and conditions has put us in an excellent position to deliver these savings. We also identified other areas where further efficiencies could be made, such as completing our implementation of an 'agile' working environment across the organisation and reducing our office footprint.

This year we ensured that we maintained our commitment to invest into social value activities spanning employment and skills, financial inclusion, community development projects, and energy and green programmes. A total investment of £3.3 million provided a social return of £33.9 million, which translates into almost 15,000 interventions that led to positive outcomes for our customers.

Welfare reform and the introduction of Universal Credit continue to make it challenging for many of our customers to live independently. Supporting our customers will be even more important

Welfare reform and the introduction of Universal Credit continue to make it challenging for many of our customers to live independently.

2.7%

Rent arrears levels maintained in 2015/16

1,000

Working towards building an average of 1,000 homes each year

as Universal Credit is introduced to people already receiving benefits as opposed to just new claimants. This was evidenced by our pilot scheme Housing Benefit to You (HB2U), which found that customers that received early support are more likely to pay their rent and be able to manage their money.

Each intervention requires considerable time and resources and we found the best results were achieved through face-to-face meetings. By providing this level of support we were able to minimise rent arrears in the pilot to 4.1%, lower than the predicted level.

This tailored approach to supporting customers through welfare reforms has led to us maintaining our leading position on low rent arrears amongst peers of just 2.7%, compared with a sector average of 3.9%. As a prudent measure in light of the future challenges we are expecting, we have increased this year's rent arrears provision although we continue to do all we can to support customers through this transition and keep arrears as low as possible.

To increase the supply of homes we are growing our house building activities and using the proceeds of sales from development homes to help build new affordable homes. Last year we completed 703 new homes of which 645 were affordable. The plan includes a further 2,445 affordable homes in the next three years as we work towards building an average 1,000 homes each year.

The telecare, care and support business posted a solid performance. This was made possible mostly to the benefits of a restructuring the previous year, greater demand for our technology enabled care and support, and growth in our private paying customer base.

Having approved the business case for the proposed merger between Circle Housing and Affinity Sutton, we consulted with our residents and stakeholders ahead of making a final decision. If approved, together we would create a stronger, more efficient organisation with increased financial capacity. This will ensure that we are well placed to adapt to the changes in our sector and respond positively to the demand for investment in new homes. The merger would increase our ability to improve lives and communities and support the long-term viability of our business and social purpose.

I would like to thank all my colleagues and partners for their continued dedication to enhancing the life chances of our customers. Our workforce has embraced a flexible and agile way of working and as a result we can spend more time directly with out customers than ever before.

We remain financially robust and have a clear strategy in place that is flexible to the challenges we and our industry face. I look forward to reporting on our progress in the coming year.

Mark Rogers
Group Chief Executive Officer

OUR BUSINESS MODEL

A strong stakeholder-focused business model is the foundation that helps us manage change

Our business model works for our customers, investors and stakeholders because we are both commercial and caring in our outlook.

We have two main areas of income:

Affordable housing

We provide a range of affordable housing to people in housing need. This includes social housing, affordable rent, sheltered housing and shared ownership.

Diversified activities

We provide commercial services that help our customers live independently and stay in their homes for longer.

Our surplus is used in two ways:

Investing in properties

We continually invest in our existing homes. The more surplus we make, the more new affordable homes we are able to build, helping more people in housing need.

Social value

We forgo a portion of our surplus towards social activities. This is our social investment.

Our changing markets

We are working in markets that are seeing enormous change as a result of government policy, reform, growing demand and increased costs. The vote to leave the European Union (EU) has only increased this level of change, as well as added further uncertainty to our sector.

This creates both challenges and opportunities as we look to make our resources go further without compromising the quality of services we deliver.

We have already seen a huge transformation at Circle Housing and we will need to continue to adapt so that we can keep working towards our mission of enhancing life chances.

Homes

What is changing?

From April 2016 housing associations are having to cut social housing rents by 1% each year for the next four years.

Reduced government grants continue to impact the development of new affordable homes. While the Housing and Planning Act 2016 will boost house building it favours starter homes over traditional affordable housing.

Extending Right to Buy to housing associations could further reduce the number of social homes in higher-value areas, such as London.

Demand for all types of homes and tenures – social, affordable and private homes – continues to grow.

The cost of homes and living, particularly in the areas we operate in, is rising; many of our customers tell us they are struggling to stay in the communities they were born into.

With the Government looking to save £12 billion over the next five years through welfare reforms, this could have a significant impact on our customers' budgets.

London's new Mayor Sadiq Khan's key housing policy is to make 50% of all new homes affordable.

The HCA is making £4.7 billion of capital grant available between 2016 and 2021 for shared ownership and affordable homes.

The Government has introduced a 40% Help to Buy Equity Loan Scheme in London and a Starter Home Initiative to help first time buyers get on the property ladder.

The decision to leave the EU is likely to impact house prices across the country.

Care and Support

How we are responding	What is changing?
We are making significant cost reductions through our operational transformation programme to offset the rent reductions and grow our financial capacity in order to build more new homes.	National standards for assessing individual care and who should pay for it have been introduced with the Better Care Fund and the Care Act 2014.
We liaise with industry bodies, government ministers, civil servants and other policy makers so that we can prepare for any change.	
We are acquiring larger sites in conjunction with house builders and developers in order to access land for affordable housing as well as generate cross-subsidy from open market sales.	Changes to housing benefit, such as the Local Housing Allowance Cap, are adding uncertainty to the way we will provide supported housing in the future. Cuts to supported housing rents have been postponed for a year to review the impact of these policies.
By becoming larger through a proposed merger with Affinity Sutton, we would potentially have access to more funding and be financially stronger.	
In growing our commercial activities we are able to invest into building more homes and give support to customers in need.	Our ageing population is putting more pressure on the health services and more people into full-time care.
Without losing sight of local needs, we are looking to streamline our governance structure and bring in major efficiencies so we can offer our services at lower cost. This is also making the delivery of our services more consistent.	
From 2018 we are aiming to build an average of 1,000 new homes each year and we are buying land so that we can achieve this.	The cost of providing care and support is increasing. The introduction of a cap on people paying for their own care was introduced from April 2016, which will provide some relief.
All our housing developments and regeneration programmes offer a mix of accommodation to fit our customers' budgets and needs.	
We provide a range of services and advice to our customers that helps them to gain independence, learn new skills and secure qualifications that makes work pay.	With less public money available for care we are seeing more demand for private services.
We are looking to offer services through a range of channels. By embracing new technologies we can provide this at lower cost and more efficiently.	

In light of the Government's Budget announcements we have reviewed our strategic priorities

Our mission

Our mission is to enhance the life chances of our customers.

Our vision

Our vision is to offer greater opportunities for independent, affordable and secure living to people in housing need.

Our long-term goals remain the same:

- **to provide high-quality, safe and secure homes that are affordable to people on different budgets**
- **to increase the supply of homes, ensuring we maintain or increase our portfolio of affordable homes**
- **to support customers to become financially resilient and independent and fulfil their aspirations around social mobility through a variety of services**
- **to ensure we offer Value for Money through every area of our operations by being more efficient**
- **to maintain our financial strength.**

In light of the Government's Budget announcements in June 2015 and the associated reduction of our rental income, we have reviewed our strategic priorities so that we can continue to support our vision.

BEING A TRUSTED LANDLORD

Delivering a high-quality and consistent service directly impacts our customers, our ability to win new business and our reputation with our stakeholders and governing bodies.

What have we done?

- Made significant improvements across all areas of our R&M service, and succeeded in increasing urgent and emergency repairs completed on time from 57% to 96%, resulting in successfully restoring our compliant governance rating.
- Restoring customer satisfaction will take time, but we have moved in the right direction this year with our Net Promoter Score increasing from +4 to +9.
- Established a stronger governance structure to closely monitor our performance as a Trusted Provider; specifically putting in place an Operations Committee to focus on our core landlord services.

Next year we will:

- Implement a new property service model to ensure we provide a consistent and reliable R&M service that delivers good Value for Money.
- Launch a new landlord service model to enhance our local presence and improve customer service and access. This will include quality, consistent services for customers via a new contact centre and 24/7 digital channels as well as visiting customers in their own homes.
- Review our rent policy and develop an affordability strategy in order to continue to provide homes to a broad range of customers with differing budgets, in response to changes in government policy.

BEING EFFICIENT

Our work to become more efficient and streamline our operating model which started over two years ago is nearly complete.

What have we done?

- Streamlined our central office functions and dramatically reduced our office footprint.
- Created an agile workforce and increased the number of frontline staff.
- Strengthened our leadership team. Fewer layers of management have improved communication between teams and departments.
- Prepared for a new Customer Relationship Management (CRM) system and Enterprise Resource Planning (ERP) system to improve our customers' experience and streamline the way our people work.

Next year we will:

- Ensure that we attract and retain the very best talent within the business by providing clear career paths, training and secondment opportunities.
- Complete the implementation of the CRM and ERP systems.
- Having commissioned a review of our governance structure we are in consultation with our nine Group partners to become a single housing provider, which will make us more efficient and more responsive to local needs.
- In addition to this we have approved the business case to merge with Affinity Sutton which, if it goes ahead, will enable the new Group to deliver ambitious plans to help combat the country's housing crisis and increase investment in local communities.

INVESTING IN OUR HOMES

We need to ensure we are making the best use of our assets, developing new homes and growing in areas that support our business.

What have we done?

- Built 703 new homes, including 645 affordable homes.
- Our current financial plan includes approximately 2,500 affordable homes between 2015 and 2018.
- We continually review our assets to ensure they are performing to their best potential and look to transfer or sell properties that are underperforming or sit outside our core operating areas.

Next year we will:

- Deliver our development strategy which includes forming more partnerships to acquire land in order to work towards building an average of 1,000 new homes each year from 2018.
- To fund the development of new affordable homes, increase the proportion of private market and shared ownership homes we build for sale.
- Implement our Asset Management Strategy, optimising the value of our assets and ensuring we provide quality, safe and secure homes to our customers.
- Should the merger with Affinity Sutton go ahead, together we could build 50,000 homes, get 4,000 people into work, and invest £100 million in our communities – double what each organisation can achieve on their own.

PROVIDING SUPPORT TO OUR CUSTOMERS

The support we provide to enable our customers to become more financially resilient and independent is an important part of our business model and helps us secure our future.

What have we done?

- Carried out a pilot scheme called Housing Benefit to You (HB2U) to understand how customers will cope with receiving benefits directly under Universal Credit.
- Provided a range of services to over 14,000 customers, either directly or with our partners, to help them manage their money and increase their opportunities for employment through apprenticeship schemes and training and learning opportunities.
- We started to implement a digital inclusion strategy which will empower our customers to embrace technology and access products and services, such as Circle Housing Money, that will help them make savings and develop essential work skills.

Next year we will:

- Put in place the additional support our customers will need in the transition to Universal Credit.
- Ensure that we spend more time with our customers and supporting those who are vulnerable by investing in digital services.
- Introduce a new commissioning model for social value activities to ensure that we achieve the best outcomes and services are based on local needs.

We assess and review risk regularly and mitigating action plans are prepared

The nature of what we do means we face a wide array of risks. Our risk management approach is reviewed and agreed annually by our Group Board to ensure it is appropriate and aligns with our strategic goals. We take into account the risks inherent in our areas of operation and our appetite for risk, both in financial and non-financial terms. Our customers and our assets are vital to the success of Circle Housing, and we operate within a risk range which we consider to be appropriate for our business. Our lowest risk appetite relates to compliance issues which include health and safety. We wish to grow our business and are willing to accept some risk within acceptable financial parameters. All areas of the business assess and review risk on a regular basis. Residual risks are assessed for the effectiveness of existing controls and mitigating action plans are prepared where appropriate. Consolidated risk assessments are scrutinised by the Executive Team in the first instance, and the Group Audit and Risk Committee where relevant, and form the basis of detailed Board reporting.

Risk	Mitigating action	Risk level as at June 2016
Future government policy, impacted by potential recession, increases the risk of rent reductions being extended resulting in reduced income Responsibility: Executive Director of Resources	We regularly review and stress test our long-term financial plan and model the impact of government announcements. Our finance strategy has been revised to deliver higher income, cost reductions and margin improvements. For Right to Buy, we have set up a working group with g15 members to develop counter proposals. We closely monitor all government policy in order to prepare for potential change. The proposed merger with Affinity Sutton will improve our financial resilience.	Risk and impact will remain high due to the decision to leave the EU, while the proposed reclassification of housing associations to public bodies is unresolved and the Government has not secured its agenda around the Right to Buy and welfare benefit reductions.
The housing market experiences price falls and/or lower sales volumes, which could happen as a result of the UK leading the EU Responsibility: Executive Director of Resources	We have robust development scheme appraisal criteria and governance arrangements. We keep our total exposure to the housing market within levels that would not cause a covenant breach or pose a threat to our social housing assets. Any open market sale activity is undertaken off the Group balance sheet. We have a dedicated property sales team with a good track record of delivering shared ownership first tranche sales and open market sales. This is supported by continuous monitoring of the housing market, sales forecasting, reporting and periodic revaluation of housing assets being developed or held for market sales.	As the UK has decided to leave the EU, there is a greater risk of negative movements in house prices, so we continue to closely monitor the market and make changes accordingly. The likelihood of this risk arising is higher in London where our key exposure is the former London Chest Hospital scheme. The development plan is not yet agreed for the site and securing this will be key to managing the risk position.
We fail to deliver a health and safety compliant service Responsibility: Executive Director of Property	We have a dedicated Compliance Team in place with experts recruited for each compliance area. A Compliance Reporting Framework has been developed with reports being produced on an ongoing basis. We track corrective actions and we have a single point of management for all regional contract managers. A compliance group has been established to drive continuous improvement which reports to Group Audit and Risk Committee and the Operations Committee on an ongoing basis.	As the UK has decided to leave the EU, changes to house prices are more likely, so we continue to closely monitor the market and make changes accordingly. The potential risk will fall as we continue to update our technology to improve reporting and all relevant staff are trained in our new suite of health and safety policies and procedures.

Risk	Mitigating action	Risk level as at June 2016
Failure to deliver our target operating model will potentially reduce the Group's future investment power to deliver more homes and services and make it more vulnerable to unforeseen financial risks Responsibility: Chief Operating Officer	Our transformation programme is now it its third year and is well resourced and supported by experts. Our business plan sets out the efficiency targets we are aiming for. These are supported by a detailed and strategic change management process that we monitor closely. Our priority of nurturing and developing the talent and leadership we have in the Group is making an important contribution to streamlining the organisation.	Our proposed merger with Affinity Sutton would reduce risk by creating an organisation with increased financial capacity so that we are well placed to adapt to the changing political and operational environment.
Failure to deliver effective governance arrangements resulting in legal challenge, the non-delivery of corporate objectives and increased regulatory oversight Responsibility: Chief Operating Officer	Our governance structure has undergone an internal and external audit providing assurance over our control environment. Following an independent review of our governance structure we are proposing to move from a federal structure towards a single housing association.	A timetable has been approved by the Group Board and eight of our nine Partner Boards have approved or agreed in principle to these proposals. Our risk exposure will reduce as we move Registered Providers into a single housing association.
We fail to discharge the Voluntary Undertaking with the HCA, resulting in further regulatory intervention Responsibility: Group Chief Executive	We have carried out an internal audit review of issues identified as part of the Voluntary Undertaking and have responded to feedback from the HCA.	Our risk exposure has reduced as the HCA restored our compliant governance rating.
Shortfall in leadership capacity and capability to effectively lead operational services and major change initiatives concurrently Responsibility: Executive Director of Resources	We have a planned approached across all project work areas to assess resourcing requirements and identify gaps. We have brought in additional interim support to ensure that we have the right resources to deliver our transformation programme and have introduced personal development plans for newly appointed leaders.	The likelihood of there being a leadership capacity and capability shortfall has reduced following the appointment of some additional members to the Executive Team.
Failure to realise full economies of scale, additional housing and enhanced services to residents Responsibility: Group Chief Executive	We have consulted with our residents and feedback from this will be reviewed by both Boards before considering a final decision to merge later this year. If agreed, formal consent will be sought from our lenders and the HCA. We have established a Shadow Board and Designate Executive to oversee the work of the merger in order to manage the risks and deliver economies of scale.	A joint Project Board and Project Team are overseeing the work of the proposed mergers and we have established a Shadow Board and Designate Executive.
Poor services in our telecare, care and support businesses lead to service user harm, regulatory intervention, negative financial impact and reputational damage Responsibility: Executive Officer of Diversified Operations	We have a framework in place to monitor our service performance and customer complaints on an ongoing basis and ensure we deliver a consistent and quality service in these businesses. All our services are inspected by and adhere to policies set out by their relevant governing body, where we aim to meet or exceed expectations.	There will always be risk in this area and there are no significant further actions which we can take to reduce the risk further.

IMPROVING C
& MAINTENA

Q

Repairs and maintenance (R&M) is the single most important service that we offer our residents. In 2014/15 we experienced a number of challenges after introducing six new regional R&M contracts which led to our performance in parts of London areas falling well short of our own and our customers' expectations. We took extensive and immediate action to remedy the situation, and now ask Jon Dowell, who is responsible for responsive repairs at Circle Housing Circle 33, what has changed in the last year.

OUR REPAIRS NCE SERVICE

96%

On average Circle Housing completed 96% of all urgent and emergency repairs on time during the year

For a more in depth look at our R&M statistics see page 33

The most important thing to say is that we have successfully restored our responsive repairs service and our performance across Circle Housing is now consistently well above the sector benchmark. On average, we completed 96% of urgent and emergency repairs on time during the year. The HCA has recognised this and restored our compliant Governance rating in June 2016.

So how did we achieve this? Our immediate priority was to put in place a new responsive repairs contractor with whom we could work very closely and who could mobilise in record time. We appointed Wates Living Space and invited its team to co-locate to our offices so that they could work alongside our customer and property services teams. This created a real spirit of partnership and trust from the outset and has been pivotal in restoring our service.

So that Wates Living Space could focus on new customer demand we procured additional resources so that any outstanding repairs could be cleared as quickly as possible.

One of the biggest areas of work has been on improving our reporting during the lifecycle of repair jobs. This meant ensuring that our process and systems interfaced seamlessly with Wates'. We now carry out more post inspections and spot checks to ensure that all works have been done to our customers' satisfaction. Our partnership and focus on delivery and customer service has meant that customer satisfaction levels have significantly increased and complaints have fallen to an all-time low.

We are now in the process of putting in place new, long-term R&M contracts for London and the West Midlands, as agreed with the HCA. A lot of lessons have been learnt in the last two years and we are confident we will have the right structure and flexibility in the new contracts so that we can continue to maintain a consistent and reliable R&M service fit for the future.

BEING EFFICIENT

STREAMLINI
GOVERNANC

Q

In the last two years we have been making changes to Circle Housing so that we are more accountable and efficient and can offer customers a better quality service. As part of this, over the last year we carried out a review of our governance structure. We spoke with Austen Reid, Chief Operating Officer, to find out why these changes are being proposed and asked him what plans there are for the future.

NG OUR
E

We are proposing to move from nine Registered Providers to one single asset-owning housing association, which would be called Circle Housing.

I am often asked whether all the changes we are making are necessary. Absolutely. As an organisation that puts its customers at its heart, we need to be able to deliver local services that improve life chances and reach more people in housing need by building more homes. However, the only way we can deliver on our promises at a time when we have to find £46 million worth of savings following the Government's announcement to decrease social rents by 1%, is by being more efficient. This needs to come from streamlining and reducing duplication across the organisation. We also need to do more to ensure faster local decision making, scrutiny and oversight.

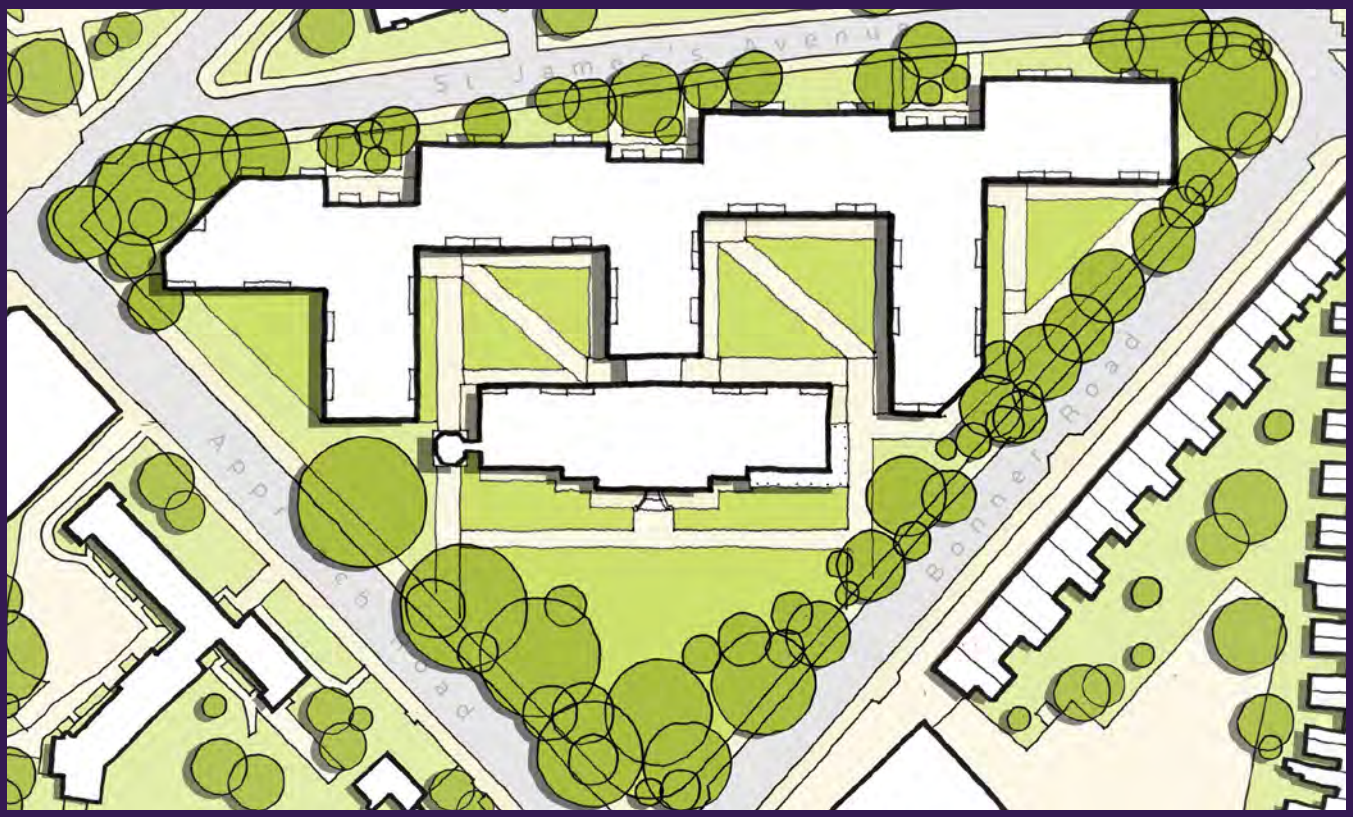
Last year we commissioned an independent review of our governance structure. It found that our current federated model, with nine Registered Providers, stands in the way of more efficient decision making, and that the communication between the Group centre and local delivery needs to be improved. Alongside this, we feel our governance structure needs to be more efficient and offer flexibility so that we can focus resources where they are most needed. This includes finding opportunities to share services which fit well with new neighbourhood plans and locally focused delivery arrangements.

So how are we putting these recommendations into action? We feel it is time to change and simplify our governance structure to deliver consistent services to customers, have a stronger local focus, faster decision making and to ensure that we are accountable to our residents locally. We are working with our Partner Boards on what exactly this new structure will look like and are proposing to move from nine Registered Proviers to one single asset-owning housing association, which would be called Circle Housing.

INVESTING IN OUR HOMES

BUYING MORE LAND

Philip Browne, Director of Development, led the team that bought the former London Chest Hospital site in Bethnal Green, Tower Hamlets to build new homes, in a joint venture partnership with Crest Nicholson. We asked him why Circle Housing needs to buy land, what made the site attractive and what the plans are for it.



A

There is a critical need for housing throughout London and a waiting list with 22,000 families in need of affordable housing in Tower Hamlets alone. The Mayor of London has identified that a minimum of 3,932 homes need to be delivered each year in the borough until 2024. However, there is a limited supply of sites which we can use, so we need to make the best use of existing land and purchase it when it becomes available.

The iconic London Chest Hospital was built in 1855 to serve the large number of people suffering from lung and heart related diseases. Two wings and ancillary buildings were added before suffering extensive bombing in WW2, after which piecemeal and utilitarian additions were made to the building which compromised the original setting. The first discussions to relocate started in the 1990s and in April 2015 the site finally closed and was put up for sale by the NHS, with services relocated to a new Barts Heart Centre.

With this strong heritage we are very sensitive to developing a proposal that makes the best possible use of the site. Empty and unused, we have a wonderful opportunity to reinvigorate this four acre site and its iconic tower so that it benefits the community. Our pre-planning application proposes to build around 400 homes in a collection of well-designed buildings in an attractive landscaped setting. The development will include a mixture of types and sizes of homes, including affordable and shared ownership properties, and homes for sale, enabling us to invest the sales proceeds into building other new developments.

Together with Crest Nicholson we have brought together a team of architects, landscape architects, arboriculturalists and heritage and transport specialists to ensure that the proposals enhance the conservation area. We also believe that understanding the views of the community is critical to the future success of the development.

PROVIDING SUPPORT TO OUR CUSTOMERS

INCREASING FINANCIAL RESILIENCE

Q

The Government is replacing a number of working age benefits, including Housing Benefit, with Universal Credit, to make the benefit system simpler. A single monthly payment will be made to households of working age who claim in, or out of, work benefits. One of the biggest changes for most people will be that customers will need to pay rent directly to their landlord. We spoke to Sue Stavers, Head of Housing Services at Circle Housing Wherry and Roddons, to find out what Circle Housing is doing to reduce the impact these changes might have on the organisation and its customers' financial stability.

In July 2015 we began a pilot with the Department for Work and Pensions (DWP) and Broadland District Council to understand how direct payments to customers can work in practice – we called this scheme Housing Benefit to You (HB2U). We have continually shared our findings with DWP officers and ministers, so we can work together to ensure the successful rollout of Universal Credit and direct payments.

The findings stressed how important it is to individually assess each tenant on their suitability to receive direct payments. Of the customers we assessed, we found that that 21% would not be suitable in the short term and 3% in the long term. Because of this, we have asked the DWP to give social landlords adequate notice of a customer moving onto Universal Credit so that, if necessary, they can be given additional support or placed on an alternative payment arrangement.

Around 350 customers went onto HB2U during the year-long pilot. Direct payments led to reduced levels of rent collection and increased arrears; rent receipts were 4.1% lower than from similar tenants not on direct payments, and, on average, the value of arrears increased from £162.66 to £344.40 per household. We have already made financial provision for reduced rental income and believe that rent collection results will improve for customers in the second and subsequent years as they get used to paying their rent straight to us.

We found that the most effective way to protect rental income is by conducting a face-to-face meeting ahead of a transition – there was no magic desk top formula we could use to determine the risk of someone not being able to pay their rent. Each 'triage' process took just over an hour and a half. The first few months on direct payments are also critical; three quarters of the value of arrears at the end of the project had been accrued in customers' first three payment periods on HB2U. Customers who set up a Direct Debit achieved better collection and lower arrears rates; this was the most important factor in predicting a successful transition, although we found that Direct Debit is not the best payment method for everyone.

This remains a hugely complex area and highlights the considerable resources that will be needed to implement Universal Credit and direct payments successfully. We remain committed to ensuring the successful rollout and will continue to work with the Government, our peers, partners and customers to achieve this.

Why we are 'stronger together'

We work in partnerships and joint ventures with a wide range of organisations, charities and businesses to provide more and better services to our customers.

Our relationships help us to:

- increase the supply of affordable homes
- provide more and better services
- build strong communities and places where people want to live
- deliver greater social value
- meet specific health and social needs in our communities
- support our goals on financial and social inclusion
- ensure our customers and colleagues reach their best potential
- influence policy and prepare for change
- shape our strategy and the direction of our organisation
- benchmark our activities
- be representative of the communities we serve
- be a great place to work.

Key development partners

With decreasing government grants for development we are increasingly forging innovative partnerships with a range of organisations in order to deliver more much needed homes. Over the last year we have partnered with Crest Nicholson on a joint venture to develop the former London Chest Hospital site, are working with Land Securities to build new homes at Castle Hill, Ebbsfleet and working with Hill in a partnership to redevelop the former Nescot College site in Epsom.

Housing industry peers

We are members of regional, national and European housing networks. We share our research and often create joint initiatives so that we can reach more people in housing need and create sustainable neighbourhoods. Our involvement with the European Federation for Living and the International Housing Partnership ensures our knowledge is shared globally.

Some of our relationships that help us achieve our goals

Workplace
Our internal programmes are shaped through close collaboration and benchmarking activities with a number of organisations. We run a wide range of training and awareness sessions, workshops, forums and informal learning initiatives, where staff can exchange ideas and feedback face to face.

Policy makers
We liaise with industry bodies, government ministers, civil servants and other policy makers, including the Mayor of London, the CBI, the National Housing Federation and the DWP. Maintaining a leading position in our industry enables us to understand and influence public policy for the benefit of our customers.

Key social value partners
We work with many local, regional and national partners to help deliver our services and social value. Working together, we can provide more services to customers, enabling them to achieve their full potential and be more independent. We also partner with a wide range of charitable and third sector organisations to support our goals on financial and social inclusion.

Investors
We have a strong track record with the Greater London Authority, the HCA and financial investors. We have valuable commercial relationships with banks and institutional investors so that we remain financially stable and secure in order to deliver our social purpose of building homes and investing in communities.

Suppliers
Our many suppliers are central to delivering a range of services to us and our customers. We also ensure that all significant tenders include reference to the Social Value Act 2012 and clearly set out what additional social value suppliers can offer our customers. Together we can provide high-quality homes and increase the number of affordable homes.

We have over 2,600 colleagues putting people and customers at the heart of everything we do

All the changes we have been making to our operating model in order to deliver an improved service to our customers have been coming together in last year. We have a talented, diverse and agile workforce that is highly attuned to the needs of our customers and changes in our sector.

Accredited by the Living Wage Foundation

Diverse
Diversity & Inclusion is integrated in all our business practices and forms a key part of our employer brand strategy. Our approach enables us to recruit and retain talent and ensures that we have a workforce that reflects the communities we serve.

Agile
Our agile workforce can work from any location which has allowed us to significantly reduce our office space. This has led to a more responsive service to our customers, greater productivity, better communication and improved job satisfaction.

Accountable
Our management and leadership teams have been streamlined and strengthened to ensure that they are accountable and have ownership of their responsibilities.

Our core values

We live and breathe our values in order to offer the best service to our customers.

EFFICIENT
We know how to get things done and deliver value every day.

STRONGER TOGETHER
We're a joined-up team working together for the same purpose.

HUMAN FOCUSED
We put our customers and our people at the heart of everything we do.

MOVING FORWARD
We're innovative and forward-looking – if there's a better way to do something we'll find it.

Our transformation programme is achieving better value and better services

Our transformation programme has been accelerated this year so that we achieve better value for money and provide better services to our customers.

Group revenue for the year increased by 3.4% to £439.2 million (2015: £424.6 million) of which 15% resulted from activities other than our landlord services. Overall our operating margin rose to 29% (2015: 27%) as a result of greater efficiencies achieved across our business and favourable sale prices in our shared ownership and private homes sales.

More social value

We have maintained our investment in social value activities this year and achieve consistent levels of return on that investment. To improve the efficiency, consistency and effectiveness of our community investment we are developing a Group-wide action plan. The plan will detail services that can be accessed. We will continue to have local staff who will work with local boards and panels, as well as housing management colleagues to establish what activities are needed to meet specific local needs.

CIRCLE HOUSING PERFORMANCE

An improved repairs and maintenance service helped to drive performance

Housing turnover was £413.6 million (2015: £393.5 million). The improvement in our R&M service helped to improve performance in a number of our key performance indicators. The additional resource costs to improve our R&M service totalled £9.1 million and an additional maintenance spend of £62.5 million. The loss of income from void properties was £4.0 million.

Together with the continued investment in our transformation programme of £5.7 million this led to an operating surplus of £125.7 million (2015: £113.3 million).

Housing management

Current rent arrears

The percentage of rent owed by current tenants compared with the annual rent charge was 2.7% (2015: 2.6%). This result reflects the effect of some tenants having their benefits paid directly as more customers transition onto Universal Credit and as more homes are offered at affordable rents. Keeping rent arrears as low as possible is extremely important to our business and to make sure that we can continue investing in homes.

This year's increase is well within tolerance levels in our financial plan. We have provided for rent arrears to increase to 5.3% and we maintain a £10 million provision to cover the non-collection of rents, as more of our customers move onto Universal Credit.

Average re-let time

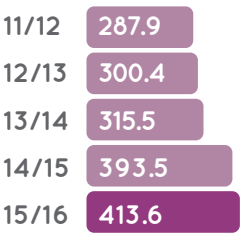
The average time it takes us to re-let void properties improved during the course of the year, with a Group average of 35 days and an average of just 25 days across our general needs properties, in parallel with the restoration of our R&M service. We also refined our internal processes to improve our operational performance overall. Together, the two factors led to a quicker turnaround in preparing homes for new tenants by bringing contractors in earlier, making it possible to advertise available homes when notice is given.

Repairs and maintenance

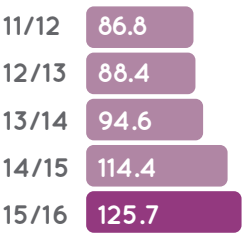
As the single most important service that we offer our residents, improving our R&M service customer satisfaction to previously high levels was our biggest priority this year.

We achieved monthly improvements in our service after a number actions were taken at the beginning of the year. These included strengthening senior oversight and scrutiny, recruiting additional resources, increasing capacity and improving reporting.

Circle Housing turnover (£m)



Circle Housing operating surplus (£m)



At the year end 96% of emergency and urgent repairs were completed in the required time compared with 57% at the end of 2014/15. This resulted in the HCA restoring our compliant G2 governance rating in June 2016.

Having put in place an Operations Committee specifically to focus on our core landlord services, we have seen an improvement in customer satisfaction with their last repair, increasing to 87.3% this year across the Group with stronger improvements in London. Our Net Promoter Score, which measures overall customer satisfaction, increased from +4 to +9 this year.

With the new procurement for long-term contracts in parts of London and the West Midlands now in process, we remain committed to maintaining or improving customer satisfaction in our service and achieving greater Value for Money.

Meeting the Decent Homes Standard

All of our social housing complies with the Decent Homes Standard apart from a few homes at Circle Housing Merton Priory, which will be addressed as part of the Merton Regeneration Project.

House Exchange

Our not for profit property swapping service www.houseexchange.org.uk, which is available to all social housing and local authority tenants, has continued to grow. In the last year we secured contracts with four large Northern providers, acquiring an even greater geographical presence. We relaunched the website, giving it its first major refresh in four years, and included full mobile optimisation. This has given residents increased flexibility over where, when and how they search for their move. With 230 partner landlords across the UK and 50% of social housing coverage in London there are now even more matches available.

Energy efficiency

Our programme to improve the energy efficiency Standard Assessment Procedure (SAP) rating of our homes continues. Over the year we provided 4,800 energy efficiency interventions to our customers, consisting of boiler and insulation upgrades and energy advice. These interventions have provided customers with the opportunity to reduce their energy bills by a combined total of £825,000.

Asset management

We are mid-way through a survey of all our assets which will be completed by September 2016. The objective of this review is to ensure we provide a consistent service to all customers and set our priorities for long-term investment so that we optimise the value of our assets. At the end of this review our investment priorities will be considered together with local needs, resident aspirations and neighbourhood plans.

During the year 0.5% ex-council general needs housing tenants took advantage of their right to buy (up from 0.4% last year) and 3.8% of shared owners increased the equity in their property (compared with 4.15% last year).

In addition, we regularly review our assets to make sure we optimise their value and that they are efficient to run. During the year 38 homes were transferred to other landlords as they fell outside our core areas, and 33 underperforming homes were sold on a void basis. Together, sales from existing properties, including the sale of our former head office in Islington, generated a total value of £54.0 million and added £22.9 million to the Group surplus.

Building more homes

As more homes are taken into private ownership as part of tenants' right to buy, we need to replace these as well as increase the supply of homes overall. We are doing this by forming partnerships so that we can undertake mixed tenure developments. This provides the much needed funding to build more homes as well as creating sustainable communities with residents on varying incomes and with different needs.

Of the larger developments, we launched 174 homes for private sale and 76 for shared ownership at Banbury Park, Walthamstow in a £70 million development which has transformed a run-down industrial site. In Warwick we are gearing up to launch the first tranche shared ownership sales of a 160 home development at Portobello Riverside.

In partnership with Crest Nicholson, we secured the iconic former London Chest Hospital in Bethnal Green which will deliver around 400 new homes of a mixture of types and sizes. We also secured an eight acre site in Havering for £17 million on a former supermarket depot which already has planning permission for around 500 homes.

We had a record year for new starts and currently have 1,070 homes under development and due for completion in the next three years. In total, we have 2,856 homes in our development pipeline of which 2,043 are affordable homes, as we work towards completing 1,000 new homes each year from 2018.

Regeneration

Over the past three years we have been exploring regeneration options with residents in three neighbourhoods in the London Borough of Merton. The plans include the rebuilding of 1,200 existing homes and adding 1,300 at a time of unprecedented housing need in London. Central to our plans is an innovative Residents Offer. This means every affordable home would be replaced; existing homeowners living in the three neighbourhoods would be offered a new home of comparable size at no cost to them; and every new home would be more energy efficient with its own private outdoor space (a garden, balcony or roof terrace).

The planning applications for the first homes will be submitted in summer 2016 and if they are approved construction would begin in late 2016. In addition to new homes, we will be building new community facilities, parks and green spaces, shops and employment space as part of the regeneration. A comprehensive programme of community engagement, training and local employment opportunities will be delivered alongside all of this, reflecting Circle Housing's commitment to social and economic development and placemaking.

In Bookham, Surrey, we also commenced a £17.5 million regeneration which will replace 46 post-war limited lifespan properties which had fallen below acceptable standards. The regeneration will deliver 47 affordable and social rent homes, 22 for shared ownership and 10 for private sale.

Centra offers a wide range of telecare and care and support services to our customers

Combining a safe place to stay along with the right support – whether that be to overcome domestic, alcohol or drug abuse, supporting those with learning disabilities or mental health issues, helping to rehabilitate and support offenders back into society or helping older people to maintain their independence by knowing there is a caring voice and vital life line at the end of the phone – Centra staff are there to help people turn their lives around.

During 2015/16 we have continued to drive efficiencies to allow us to compete more effectively and focused on growing the areas where we already work to further develop our customer base. This has resulted in Centra increasing its net contribution to the Group by £1.1 million on a turnover of £25.6 million.

Over the year our focus on geographical areas that align with the Group's stock profile and tenant base resulted in the sale of our domiciliary care providers, Prime Care, to Apex, a well-respected care specialist based in the South and South West.

New contracts

Across each of our business areas we have successfully renewed contracts, increased the scope and value of contracts, and won new contracts.

Highlights include:

- A five-year contract with Kent County Council for the installation of in-home telecare equipment such as personal alarms and fall detector sensors. The win is affirmation of the trusted relationship we have developed with the council as it builds on an existing telecare support partnership already in place. As a result Centra Pulse now provides monitoring and reassurance to 7,500 older and vulnerable residents installing telecare equipment into 60 homes a week.
- A four-year contract to provide specialist mental health services commissioned by Haringey Council for people living in supported accommodation. Using an innovative co-production model, our support is designed to empower residents to make decisions for themselves so that they regain control of their lives and sustain living independently.
- Wherry sheltered service contributed to a very successful 'Get Health, Get Active' pilot which was used to secure over £300k funding for Active Norfolk to roll out the pilot across the whole country.
- Last autumn we launched a brand new, purpose-built 44 apartment extra care scheme with an on-site 24/7 Centra Support Service in Waltham Forest. Windmill Court has state of the art facilities and offers around the clock care to vulnerable older adults with care and support needs.

Volunteer Service

Our Volunteer Service continues to grow and go from strength to strength. What started with one lunch club some years ago is now 18 clubs across London, providing nutrition and companionship over a good hearty meal. Our digital inclusion service has helped older people keep in contact with friends and family no matter where they are in the country – or the world. Gaining experience and training as a volunteer has also helped many get back into paid work.

Private customers

Our private paying client base has continued to grow during the year with 15% being new clients within the last 12 months. This is an area we are looking to increase further as support and care services provided by the council and local health services are reduced, along with thresholds for eligibility and financial support.

We launched our 'Life for Living' campaign aimed at the private market. This highlighted how older people's lives can be liberated by telecare services such as personal alarms, fall detector sensors and GPS watches which instantly connect to trained professionals. The campaign aimed to encourage people to think positively about care in later life by demonstrating its role in maintaining independence and increasing wellbeing. All our staff are now 'Dementia Friends'.

The future of care

Over the year we saw a 9% increase in the number of people using our telecare monitoring services to 103,357 connections. This growth is indicative of the changes that are happening in the health and social care markets. Increasing pressure on the NHS and local care and support services means they are looking to technology to help people stay well and independent for as long as possible, and as part of an integrated care solution.

Centra Pulse, the UK's largest independent provider of telecare, has been awarded the Telecare Services Association's Code of Practice.

CENTRA LIVING PERFORMANCE

Our Centra Living surplus is used to build more affordable homes

Centra Living brings together our commercial business: private rental sector (PRS) homes in the UK and Germany and properties developed for market sale and shared ownership. The surplus we make from these activities is used to build more affordable homes.

Private sale homes

Sales of new homes performed well, reflecting the market value increases in the underlying properties. We sold 255 homes during the year of which 192 were the first tranche of planned shared ownership homes and 63 were open market sales. Together the sales generated proceeds of £42 million and a surplus of £14 million, a 34% return in line with the previous year.

The number of private sale homes will continue to increase as new home development plays a growing role in our business model and strategy. We recently launched 174 homes for private sale at Banbury Park in Walthamstow as part of a 350 home mixed use development which includes landscaped spaces, shops, offices, a community centre and a public square. A further 90 will be launched in autumn 2016 as part of the latest phases of our Portobello Riverside scheme in Warwick.

We are entering into more partnerships to acquire and develop land into mixed use schemes so that we build communities and create local employment opportunities. We are currently working with Hill in a partnership to redevelop the former Nescot College site in Epsom. Here we are building 91 homes of which 25 will be affordable rent, 55 will be made available for private sale and 11 for shared ownership.

In Bethnal Green we have recently secured the redevelopment of the iconic former London Chest Hospital in partnership with Crest Nicholson where we have the opportunity to develop around 400 homes.

Private rental sector homes

We currently own and manage 786 market rent homes and a small number of commercial properties in the UK. We refreshed our PRS strategy and made changes to our operating model which have brought significant improvements in income yeild and overall performance of the portfolio, with the following highlights over the last 12 months:

- The portfolio returned a net income yield of 5.3%, up by 0.8% from the previous year.
- Operating profit increased by 12% to £6.6 million from £5.9 million the previous year.
- The annual rent-roll grew by 11% over the same period, whilst total operating cost fell by 7%.
- Customer satisfaction also improved by 18% from 50% at the turn of the financial year to 68% at yearend.

Over the year ahead, the team will focus on delivering further improvements in performance and growing our PRS business, to improve the contribution PRS makes to our surpluses, so that we can develop more affordable homes.

Our property fund, Landericus, owns and manages 1,023 private rented properties across Germany. Turnover from these operations was EUR 5.1 million with an operating surplus of EUR 2.0 million. Our investment in the property fund is periodically reviewed to ensure we maximise value for money.

Management services

We also provide management services to 13,000 leaseholders and shared ownership properties. Turnover from these services was £23.6 million, delivering an operating surplus of £8.6 million.

Delivering social value is central to our culture and business model

Circle Housing achieves social value by providing homes and community investment programmes that deliver a positive social impact in the form of both financial and non-financial returns. This means we are increasing peoples' chances of living independently, becoming more financially resilient and benefiting from being part of a strong local community.

All of our activities are aimed to support our customers towards increased independence and financial resilience. By investing in these areas we are able to protect and grow our business income so that we can reach more people in housing need.

This year we were fortunate to be able to invest £3.3 million into our social value programmes.

Achieving Independence

Independence for our customers is achieved by supporting them into employment, by ensuring they can access services that provide opportunities for developing skills, securing a job or starting their own businesses. We also recognise the importance of community development, making sure our neighbourhoods and homes are places that customers are proud to live in and that they know will provide for their health and wellbeing. We deliver programmes of work that focus on young people and older people to make sure they are socially included and access opportunities that benefit them.

2015/16 achievements:

Employment and skills interventions	3,972
Community development projects	49

Our Employment and Skills programme is aimed at helping our customers into long-term and sustainable work. Supporting people in this way generates wellbeing and a sense of belonging, and leads to independence. We provide support every step of the way, including advice and guidance sessions, training, work experience, job and apprenticeship opportunities and ongoing support once in work.

We work closely with many local and national partners including The Prince's Trust, The Girls' Network, The National Skills Academy and Business in the Community to name just a few. More customers than ever have the opportunity to access apprenticeships or job opportunities with us, our suppliers or partners. Through our core business we have strong links with the construction industry and extensive knowledge and experience of creating apprenticeships.

We continue to work with local communities, to help them be more independent. Over the past year, for example, we have delivered youth engagement projects providing positive activities for younger people to participate in and opportunities to build their confidence and gain new skills. Additionally, we have programmes of activity in local community centres that have helped older people to improve their health and wellbeing and feel less socially isolated.

Achieving financial resilience

Financial resilience for our customers is about making sure they are less stressed about money issues, better able to deal with financial shocks, can confidently manage their money and outgoings, and be in a position to achieve their aspirations. Helping our customers to be financially resilient is also supported by enhancing customers' online digital skills and providing energy efficient homes and advice on energy saving.

2015/16 achievements:

Financial inclusion interventions	6,150
Circle Housing Money customers	1,000
Customers saving money on their energy bills	4,800

Our financial inclusion services help residents manage their finances, deal with their debt and put money back in their pockets.

We offer a wide range of support to our customers through our Money Matters services. Customers can access information online or receive further support by phone or in person. Trained advisors help customers navigate ongoing welfare reforms, understand what they are entitled to and what additional help is available. Circle Housing Money, our national partnership with Leeds City Credit Union, provides a range of affordable financial services, including savings, loans and alternative banking products to help manage finances.

Our energy advice service is delivered by three energy advisors who provide residents with advice on how to heat their home efficiently and assess whether they are eligible for specific fuel poverty support. This is supported by our Do1Thing campaign which encourages residents to take small actions in the home that will save money and benefit the environment. We also run a resident Energy Champions programme, through which we have trained 50 residents to champion energy saving amongst other residents and pass on top tips to save money.

We continually work towards improving the energy efficiency of our homes and buildings through the installation of loft and wall insulation, and delivering upgrades to windows and heating systems.

Next year we will be rolling out further digital inclusion services in addition to our core social value activities. We believe that having the skills and confidence to access and use online services and navigate the digital world is vital for social connectivity and employment. Working with partners, our new approach will offer customers support to access computers and the internet. Together, we will look to improve IT skills so that our customers and colleagues can make the most of their smartphones, tablets and computers. We will focus on connecting customers to services and social networks that will help them make savings, access information, develop essential work skills and open up a whole new digital world.

Improving our social value programmes

Historically our core social value strategies have been delivered through our nine Registered Providers. To improve the efficiency and effectiveness of community investment we are developing Group-wide action plans. The action plans will detail services that can be accessed by all Circle Housing customers and what will be delivered in each local area. This will ensure that all community investment programmes and activities are consistent and we have improved systems for recording and reporting outcomes.

Local staff will continue to work with local boards and panels, as well as housing management colleagues, to establish what activities are needed to meet specific local needs. Once in place we will continuously monitor all activities to ensure that the desired outcomes are being achieved, as well as determine when a service needs to be improved or is no longer required.

Every year we put aside a portion of our surplus towards social activities – this is our social investment

From this we look to achieve £10 of value for every £1 invested. This is our social return on investment.

Organisations such as Circle Housing have to show the value of their services in terms of the benefits they bring to the organisation and the communities they operate in, and savings they make for the taxpayer. Our model reflects up to one year of benefit that shows real and measurable impact. As a result, Circle Housing is able to use the results to focus investment in activities which generate a real social return based on local needs. We can measure this consistently and learn from positive or negative results.

This year our initial investment of £3.3 million in social value activities generated over £33.9 million in social impact and valuable interventions.

What we measure	What we achieved	The outcome
Financial inclusion The number of customers that have access to advice, guidance and Credit Union products	**6,150** financial inclusion interventions **1,000** Circle Housing Money customers	**£33.9m** Total social return on investment

Employment and skills The number of customers in direct employment, apprenticeships, gaining advice or learning new skills	**49** community development projects	Strengthens local economies and job markets

The Group has delivered another year of robust financial performance

The Group has delivered another year of robust financial performance with its strongest surplus yet of £85.8 million (2015: £67.4 million) on a turnover of £439.2 million (2015: £424.6 million) and an operating margin of 29% (2015: 27%).

The number one priority for Circle Housing in 2015/16 was to improve its R&M services and over the course of the year we have maintained investment in this area with £9.1 million revenue spend invested in the financial year. We have also incurred one-off costs of £5.7 million in relation to the actions taken to lower our operating cost base by an initial £25 million per year in 2016/17 as part of manageing the impact of the Chancellor's July 2015 Budget. Through robust financial management we have been able to make this investment whilst improving our operating margin by 2%.

A proactive Asset Management Strategy and an increase in sale of properties developed for sale has increased surplus by a further £37.1 million (2015: £21.9 million). As shown in Table 7, we used our annual surplus of £85.8 million to invest £116.6 million for the long-term benefit of existing and new customers by improving our existing homes and the development of new homes. This has allowed us to maintain our development of new homes at 1.2% of existing stock in a more difficult operating environment.

Over the following pages we present the Group's results for the last five years under our previous accounting framework of UK Generally Accepted Accounting Practice (UK GAAP). The results for 2015/16 and 2014/15 are also presented under our new accounting standard, Financial Reporting Standard (FRS) 102. Adoption of FRS 102 has resulted in a £30.6 million increase in surplus for 2015/16 (£21.9 million in 2014/15). £21.6 million of this increase relates to the revaluation gain on our investment properties and £10.7 million to the changes in accounting for grant. Further details on the iumpact of adopting FRS 102 can be found in note 36 to the financial statements.

£10.7 million of the increase in turnover relates to the change in accounting for grant under FRS 102. Underlying turnover from our business streams has also increased by £13.4 million. Investment in the Group's R&M service and future operating model saw operating margins dip in 2014/15, although maintained in the high 20s. Whilst this investment has continued during 2015/16, alongside investment in creating a more efficient operating model, the Group has increased its operating margin by 2%. The investment in a more efficient operating model is part of the actions taken to reduce operating costs by an initial £25 million in 2016/17 as part of managing the impact of government policy changes announced in the 2015 Budget. These changes will increase planned operating margins to 31% over the period of the rent reductions.

Over the last five years, the Group has also more than doubled in net surplus (2016: £55.2 million (UK GAAP); 2012: £21.4 million (UK GAAP). A review of the Group's net surplus by core business stream demonstrates that property sales are the main driver, as shown in Table 3.

Over the last five years, net surplus generated from property sales has increased from £4.6 million in 2011/12 to £36.7 million in 2015/16 (UK GAAP) as the Group has created subsidy for building new affordable homes to replace reducing levels of government grant. Of the £36.7 million UK GAAP net surplus generated from property sales, £14.2 million of this related to first tranche shared ownership and outright sales, as shown in Table 4.

The impact of our £9.1 million investment in improving repairs services has kept the surplus from landlord services in line with 2014/15 at £25.2 million.

Tighter cost control within our commercial division, Centra, has resulted in a further £0.6 million improvement in net surplus which is set to continue in 2016/17 following the sale of its loss making domicilary arm, Prime Care on 1 April 2016.

Other Comprehensive Income

Under FRS 102 we are now required to present a Statement of Other Comprehensive Income. Together with the Income Statement this makes up the Group's Statement of Comprehensive Income (refer to page 78).

Other Comprehensive Income includes items of income and expenditure (including reclassification adjustments) that are not permitted to be recognised in the Income Statement under FRS 102. For the Group this includes actuarial gains and losses on our defined benefit pensions schemes. Had the Group not introduced hedge accounting as part of its transition to FRS 102, the loss seen on its financial instruments (Table 5) would impact net surplus.

Statement of Financial Position

The table below summarises the Group's Statement of Financial Position (Balance Sheet) for the last two years, presented under our new accounting standard, FRS 102. Further details on the impact of adopting FRS 102 can be found in note 36 to the financial statements.

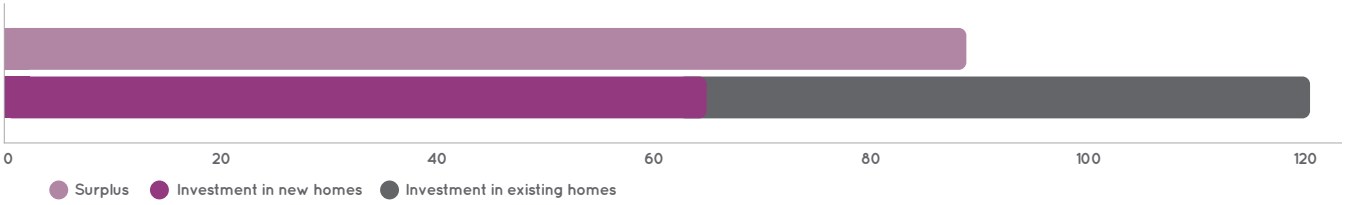
Over the course of the year, UK GAAP total assets less current liabilities have increased by £288.8 million. A significant proportion of this increase (£116.6 million) relates to the Group investing its surplus in existing and new homes, as illustrated in Table 7. Looking forward, the number of new home starts in 2016/17 will remain high as we continue with delivery of the current Affordable Homes Programme, and increase our development ambitions, working towards delivering an average of 1,000 homes each year, including 2,445 affordable homes in the next three years.

At the end of the financial year we had committed funds of £282.3 million to new developments compared with £155.1 million in the previous year, reflecting our plans for delivery of the Affordable Homes Programme by 31 March 2018.

Table 7

Investment of surplus in new and existing homes (£m)



As a result of its significant available security and increasing reserves position, the Group has been able to raise a further £150 million through the private placement market. This has been used to refinance exisiting revolving facilities and improve the Group's overall liquidity position.

Adoption of FRS 102 further increases total assets less current liabilities as grant funding is predominantly presented under creditors due in over one year (2016: £1,221.9 million; 2015: £1,390.1 million). Creditors are further increased by bringing our derivative portfolio onto the Statement of Financial Position (2016: £250.9 million; 2015: £241.3 million). Our derivatives are held at fair value with movements in the year recognised in a cash flow hedge reserve where the hedging relationship is deemed effective.

Statement of Cash Flows

Our centralised treasury function supports all of Circle Housing's partners

We have a detailed treasury strategy and our Management Board reviews our treasury policies each year to make certain that we always apply best practice and are effectively managing our treasury risks. To further ensure good governance and effective treasury management, we also operate a Group treasury vehicle, Circle Anglia Treasury Limited, which is responsible for all our funding and liability management activity.

Our Treasury team's main roles are to manage treasury risk and make our treasury operations as efficient as possible while successfully managing the various risks we face. Each member of the Funding Group (all nine Registered Provider subsidiaries of Circle Anglia Limited) delegates authority for its treasury strategy, decisions and implementation to the Management Board. The Management Board is responsible for the oversight of the Group's financial risks; these include those pertaining to interest rates, inflation, liquidity and foreign exchange. Using the best available treasury management systems also helps us to apply an efficient and integrated overall approach, while ensuring that our data is accurate and consistent.

In addition, we constantly monitor our performance and undertake quarterly risk reviews to make sure that we remain financially sound in all treasury matters and to indicate if any additional risk mitigation actions need be taken, including raising new funding and hedging activity.

Managing debt

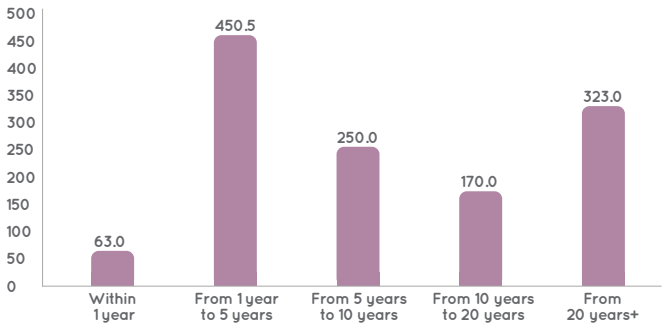
All Group debt is managed centrally.

As at 31 March 2016, 98% (2015: 98%) of the Group's external funding was on-lent through Circle Anglia Treasury Limited, with these facilities guaranteed by the members of the Funding Group as well as secured on their property assets through the use of a Security Trustee (Prudential Trustee Company Limited). Circle Anglia Treasury Limited obtains financing for the Group from bank lenders, and from Circle Anglia Social Housing Plc and Circle Anglia Social Housing 2 Plc. Circle Anglia Social Housing Plc obtains its funding from the international capital markets and currently has two bond issues outstanding. Circle Anglia Social Housing 2 Plc obtains its funding from private placements and has notes outstanding. The only exceptions to the above are some cases of legacy debt of individual Funding Group members and the Euro denominated debt in the Landericus group of companies of £49 million or 2%% (2015: £45 million or 2%) of the Group debt.

Historically, long-term bank loans have been the largest source of funding to the sector and we are no different in this respect with 61% (2015: 66%) of current drawn funding being from this source at year end. All our funding is fully secured and available to be drawn.

Table 1

Derivative portfolio notional maturity (£m)



Since the financial crisis in 2008 we have rebalanced our long-term funding sources, with the Group now having issued £635 million (2015: £635 million) of bonds in the capital markets and £150 million (2015: £nil) in private placements. Our liquidity levels are strong with available facilities of £2,438 million (2015: £2,294 million) and cash and liquid financial assets of £84 million (2015: £159 million) as at year end, ensuring that our committed financial plan, including contingencies, is fully funded in line with our Treasury Policy which requires us to always have sufficient secured facilities to cover an 18-month period.

During the year we took advantage of favourable market conditions to raise a further £150 million through the private placement market; this enabled us to refinance existing revolving facilities for redrawing later, whilst improving our overall liquidity position. £100 million of the private placement was in the form of a 15-year fixed rate note, with the balance of £50 million being in the form of a 10-year floating rate note linked to 6-monthly LIBOR.

The average life of our fixed debt is 16 years (2015: 17 years) and we continue to have very low refinancing risk with only £5 million of facilities repayable in 2016/17 and £157 million of facilities maturing in the next five years. The first significant refinancing need is in 2025/26 when the new 10-year private placement note matures.

Liquid resources

Cash was £4 million at year end (2015: £24 million). Short-term investments were £80 million at year end (2015: £135 million). This relates to the cash held within money market funds and bank deposits and has reduced during the year due to the varying working capital requirements. The movement within the year is within the envelope of the liquidity management policy. In the current environment a level of liquid holdings provides a critical buffer against volatility and unforeseen shocks that may give rise to temporary restrictions on access to working capital.

Liability management – derivatives activity

As a result of the Group's active risk management activities, the majority of the Group's debt interest profile is fixed, using a mix of interest rate derivatives and fixed-rate debt to minimise exposure to fluctuating interest rates. Our average cost of drawn debt in the year 2016 was 4.51% (2015: 4.61%).

As at 31 March 2016, the Group had interest rate derivative contracts (interest rate swaps and caps) of £1,369 million (2015: £983 million), with a risk-free mark to market valuation of £(271) million (2015: £(251) million). All but one of these contracts are subject to International Swaps and Derivatives Association (ISDA) agreements between Circle Anglia Treasury Limited and the bank counterparties, with the exception being a contract held by Landericus Delta S.a.r.l.

With effect from 31 March 2016 the Group is required to report its financial instruments in line with FRS 102. In line with the choices available the Group has adopted IFRS 9 for the purposes of measuring and recognising its financial instruments. The Group strategy is to adopt hedge accounting treatment for the majority of its cash flow hedges where this is permissible; further details are provided in Note 24 to the financial statements.

Security

All our loans and all derivative contracts are secured using property as collateral. As at 31 March 2016, we had over £1,181 million (2015: £1,198 million) in available property security. The Group operates a series of risk buffers for its collateral requirements with facilities having a minimum of 3% excess security (£82 million as at 31 March 2016) to cover operational purposes, a £116 million risk pot against a negative 1% movement in interest rates and a further £200 million risk pot to protect against a negative 10% fall in market value property valuations. This still leaves the Group with £783 million of security available to secure new facilities or to cover market shocks. The movement in the year has been as a result of £158 million of revaluation increases, £73 million on uncharged security being put into charge, and £105 million of security being re-allocated to support the private placement and increased coverage under the Group's ISDA agreements.

Table 2

Facility and debt repayment profile (£m)

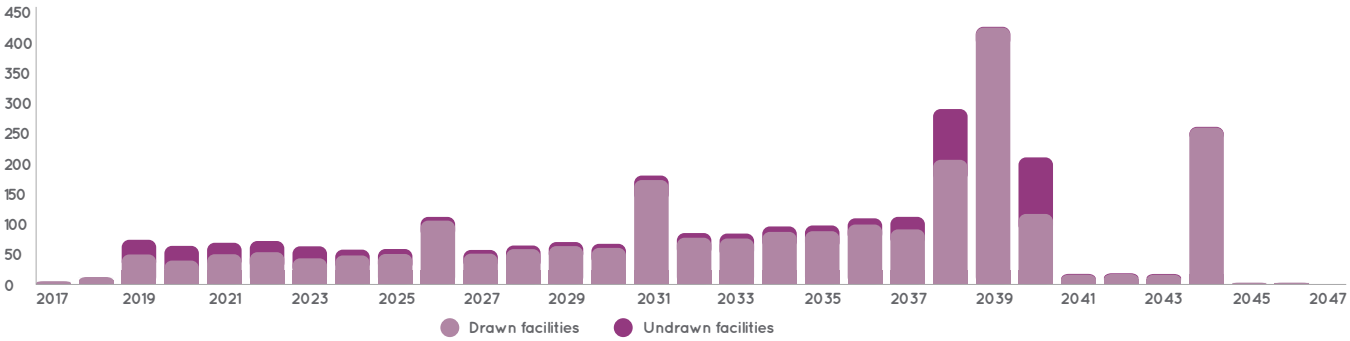


Table 3

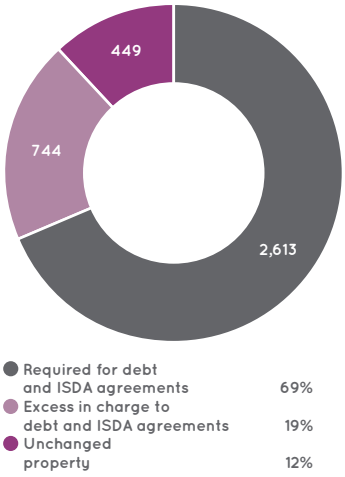
Property security allocations based on cash value at last valuations (£m)



Under the ISDA agreements the Group is required to provide collateral to secure out of the money positions in excess of an aggregate threshold of £34 million (2015: £34 million). The current collateral calls amount to £239 million (2015: £221 million) and are secured using property security of £218 million (2015: £212 million) and cash of £49 million (2015: £16 million) from the Funding Group, by way of the Security Trustee. The Group chooses to use cash to manage short-term volatility in the mark to market position of its derivatives. It does not consider that disposal of property by means of a fixed charge to secure the market to market position represents good value for money in the short term.

The collateralised positions have increased by £21 million from 2015 predominately due to the movement in interest rates during the year. As at year end the Group had a total of £449 million uncharged and £732 million excess security charged on facilities; this provides the Group a total available security of £1,181 million. The Group actively monitors its exposures to collateral calls on a weekly basis. This includes a range of interest rate stress tests.

As at 31 March 2016, the impact of a 1% shift in both short and long-term interest rates would have increased the collateral calls by £116 million, of which £nil is covered by existing property collateral with £116 million of the Group's current liquidity being allocated towards this risk. The Group is currently in the process of re-allocating £81 million from existing excess property security to the ISDA positions to reduce the pressure on the liquidity position to £35 million. This is deemed to present the Group with better value for money than charging additional properties as collateral.

Table 5

Forecast fixed debt (%)

Complying with our covenants

We monitor all our financial covenants on a monthly basis based on the financial results of the Funding Group. Almost all of these are standardised across our debt portfolio (loans and bonds) to facilitate the greatest possible efficiency in our approach to risk management. Interest cover, which shows how much of our net interest charge is covered by our pre-interest surplus, is one of our core key performance indicators. As is typical in the social housing sector, we test and report this on a one-year and three-year basis. The historical debt held within the Funding Group predominantly contains net rental or income tests, which are also monitored on a monthly basis.

In addition, we continue to scenario test and stress test our financial position and forecasts, including multiple-event 'perfect storm' conditions to ensure that even in the most unlikely combination of adverse market conditions or shocks our business, factoring in our development plans, is not put at risk and adequate covenant headroom is maintained.

We have agreed uniform terms with our lenders across the vast majority of our loan facilities, which provides significant risk management benefits. On 31 March 2016, our one and three-year interest cover stood at 204% and 196% respectively (2015: 218% and 198%), against lender covenants of 95% and 105%.

Our gearing covenant restricts the amount of debt we can hold as a percentage of our housing assets as measured on a historical cost basis. Gearing was 53% (2015: 51%) at year end, compared with a covenant ceiling of 70%. This gives us substantial headroom, but the position is actually even more positive.

Around two thirds of our portfolio has come through the transfer of properties from local authorities, the historical cost of which often understates their current value. This means that the net value of our assets will increase and gearing will improve as transfer promises are fulfilled and our works are capitalised.

This gives us substantial financial capacity to focus on attractive opportunities we identify. Most importantly, it enables us to consider each opportunity on its own merits rather than concentrate on how we are going to fund it. It also gives us a very strong platform, stabilising our income in a fast-changing world while optimising financial returns right across our organisation.

Our credit ratings

The impact of the UK Budget and regulatory changes, along with the continuing delivery of welfare reform changes and the introduction of Universal Credit, made last year a difficult one in terms of credit rating for the housing association sector. As a result of the Budget measures in 2015 and after the UK's decision to leave the EU in June 2016, Moody's changed the outlook of the sector to negative.

We have significantly improved our R&M service that experienced severe service delivery issues last year and are pleased to see that 96% of repairs are now resolved on time. This led to the HCA upgrading our governance rating to a compliant G2. Beyond these two areas the Group did not experience any material events during the course of the financial year and Circle Housing's management continued to engage regularly with Moody's credit rating team, updating them on changes within the sector and how we are poised to take advantage of opportunities and respond to challenges.

After the decision to leave the EU on 23 June 2016, Circle Housing, along with the 40 other housing associations which Moody's rates, had its outlook changed from stable to negative. Our Moody's rating is currently A2 with a negative outlook.

Group debt – key indicators

The Group's financial covenants are reported under the UK GAAP framework; the Group is currently in negotiations to update the covenant definitions to be FRS 102 compliant whilst maintaining neutrality for both parties. The figures in Table 6 are adjusted from FRS 102 to the previous standard as this is how the Treasury and the Group's senior management review the positions.

Despite challenging conditions, we continue to improve the quality and cost of our services

Executive summary

Circle Housing's Value for Money Strategy is to continue improving the quality and cost of its services, increase the affordability of its 62,647 homes and at least maintain its output of new homes during challenging operating conditions. The Board considers that it has achieved better value when measures of input (cost and resource efficiency), output (quality and effectiveness) and charitable outcomes improve simultaneously. Improving Value for Money (VfM) enables Circle Housing to deliver its vision (illustrated below) to offer greater opportunities for independent, affordable and secure living to people in housing need.

The Board, together with Circle Housing's Executive Team and Subsidiary Boards, monitors the delivery of inputs, output and outcome measures every month through a 'Vision Scorecard'. The scorecard was developed by the Board and Executive Team in 2014 as a key tool to measure and drive better VfM, and has been considered at every Board meeting since. This self-assessment is broken down into each area of our vision and supported by the relevant VfM metrics from our Vision Scorecard.

Value for Money performance in 2015/16

- The Board stated within its 2014/15 VfM self-assessment that its number one priority for 2015/16 was improving Circle Housing's R&M service. Our investment and focus on this priority has succeeded in increasing urgent and emergency repairs completed on time from 57% at March 2015 to 96% at March 2016, with resultant improvements in lettings times and satisfaction. Response repair costs per priority have also reduced from £863 to £853.
- Re-let times have improved from 43 days to 35 days but were higher than our target of 24 days.
- Customer satisfaction increased from +4 to +9 but remained slightly lower than our target of +10.
- As rent collection has become more challenging, maintaining social investment helped contain the increase in arrears to 0.1%. This continues to position us within the upper quartile, when benchmarked against our peers.

- We did not deliver our savings target for 2015/16 due to a strategic decision taken by the Board to focus on investing in improving our R&M service and simplifying our management, legal and governance structures where we have also made significant progress. This has the impact of maintaining a higher level of operating costs than planned, relative to our peers, and widening the gap between our gross and operating yields from 7.4% to 7.9%.
- We have taken the actions that ensure we will deliver a £25 million reduction in operating costs by 2016/17 in line with the Board's plan to manage the impact of rent reductions announced by the Chancellor in July 2015. This is a higher level of savings than planned prior to the Chancellor's Budget and will reduce our operating cost per property to £4,081 (from £4,310 in 2015/16) and the gap between our gross and operating yield to 7.2%, significantly improving our return on the letting of assets.
- These factors, combined with a more proactive approach to improving our capital return on assets from the sale of existing and new properties of £37.1 million (2014/15: £21.9 million) and increase in the value of our market rented properties of £21.6 million (2014/15: £10.1 million), meant that our surplus* increased by £18.4 million.
- This increase in surplus allowed us to replace reducing government grant and maintain the number of new homes developed at 1% of current stock which had the impact of increasing affordable homes from 62,197 to 62,647. Our plans are to increase this to 2.4% (above the benchmark of 2.1%) over a three-year period, improving the quality and affordability of our properties in a more difficult operating environment.

Customer engagement in improving VfM

During 2015/2016 Circle Housing has engaged 1,695 customers in Service Improvement activities. Customer views and opinions have helped us to drive a continuous improvement and VfM to business areas such as R&M, customer access and customer service, rents and income, care and support services and neighbourhood management.

In addition to this Circle Housing has supported 35 customers in the independent scrutiny of 31 reviews of service, where 83 of the 103 recommendations made to tenant welcome packs, complaints, anti-social behaviour, aids and adaptations, affordable warmth, employment and skills, rents, allocations and recharges, community grant funding, voids, customer services, single equality scheme and many more were agreed and built into local action and service improvement plans to drive improvement and VfM into service delivery. This has also helped us to understand our customers' ongoing expectations of the services they receive.

It is worth noting that during 2014/2015 1,962 customers were involved in service improvement activities online. This has risen to 10,533 this year, as we continue to develop an involvement strategy that enables our customers to give their views and opinions online or by smartphone at any time.

The Board's Value for Money plans for 2016/17

- Continue building trust and confidence in our landlord services so that improvements in services translate into higher levels of customer satisfaction. The Board has approved satisfaction targets of 84% (that would represent upper quartile performance in Circle Housing's peer group) which will be delivered by maintaining the improvements in our R&M service and reducing letting times from 35 to 24 days, implementing a single contact centre in summer 2016 and developing a combination of digital channels and local presence to improve the consistency and accessibility of our customer services.
- Complete the simplification of our legal, governance and management structures, including the creation of a single asset holding entity.
- Capitalise on improvements in technology and simplification of management and legal/governance structures to meet or exceed our three year operating cost reduction target of £46 million to manage the impact of rent reductions.
- Continue to focus our diversified activities on those that generate the greatest subsidy for the development of new affordable homes, disposing of weaker performing activities.
- Complete the proposed merger with Affinity Sutton to create an organisation than can deliver more and better services for existing customers by becoming one of the country's biggest providers of employment services to help 4,000 people a year into work. We will also help 200 young people into apprenticeships and support 15,000 young people to get a better start in life. The merger will also provide a stronger and more resilient financial position and create the capacity to expand development of new homes to 4% of existing stock.

Vision Theme: Being a trusted landlord

Table 1 shows improved performance compared with 2014/15 with the exception of income collection/arrears. Performance compares favourably to our peer group with the exception of lettings and satisfaction measures.

Internal and external benchmarking are actively used to improve performance and show transparency to our stakeholders, and the performance figures presented in Table 1 and Table 2 demonstrate that we have delivered on our number one priority identified for 2015/16 of improving the R&M services that we provide to our customers. The improved performance has been achieved by taking the decision to defer cost reductions to ensure focus on this priority, investing more resource and third party support in this area. During 2015/16 we maintained the level of staff resources from 2014/15 to support our customer service, complaints and repairs teams with recovering our R&M service in Circle Housing Circle 33 and Circle Housing Old Ford.

Following consultation with Partner Boards, we agreed to:

- prioritise an additional £9 million to make short and long-term improvements to our repairs and maintenance services. Of the £9 million:
  - £4 million was for the continuation of additional resources including third party support to manage and administer the repairs process across repairs, customer service and complaints teams
  - £2 million was for additional response repair costs in the Central Region
  - £3 million was to improve the quality of our stock condition information.

The return on this investment can be measured by:

- the proportion of urgent and emergency repairs completed within time band improving from 57% to 96%
- working in an efficient way and getting our repairs right first time has led to a significant improvement in our re-let times, from 38 days to 25 days, as shown in Table 2, which excludes sheltered housing. The higher indicator within Table 1 includes sheltered housing, which is an area we will focus our improvement on in 2016/17
- by increasing the turnaround time of properties, we are providing families with much needed housing quicker.

VfM improvements have been achieved within Circle Housing Property Services, our internal direct labour organisation. In 2015/16 average cost per job has reduced from £225 to £213, whilst the number of jobs has increased from 65,828 to 69,011 – this represents an overall reduction in cost, meaning we have delivered more work for less resource.

We acknowledge that satisfaction levels with the R&M service remain low at our partners within London, and the improvements in service delivered in 2015/16 represent the start of regaining the trust and confidence of our customers. A continued focus on our day to day repairs service and the development of our new operating model will help continue to build this confidence.

Whilst addressing our number one priority to make making VfM improvements in our R&M service, we have maintained the very strong arrears position from 2014/15. Our approach to rent collection is a good example of our business model. Based upon the founding principle of maximising the support, assistance and services provided to enable customers to pay rent, our approach builds financial resilience and independence. In partnership with the DWP and Broadland District Council, Circle Housing Wherry has designed and implemented 'HB2U' in order to test the claim, customer advice and triage processes for Universal Credit – and establish the optimum, best practice approach for providing our tenant customer with the best possible advice and support as they transition to having benefit paid directly to them. This also serves to minimise the risk of non-payment of rent to us as landlord.

By maintaining our level of social investment to provide financial awareness to our customers, together with our approach to income collection, we have contained the increase in arrears by 0.1% to 2.7% for 2015/16 which continues to position us as the strongest performer in our peer group.

Since the 2005 merger, Circle Housing has consistently pursued the benefits of alternative delivery models by embracing mergers, acquisitions, regeneration and other forms of investment. This has delivered 62,860 properties held for social purposes:

- The properties provide housing for 1 in every 100 Londoners and 1 in every 300 people in England.
- Our residents pay a combined annual rent of £338 million (£5,387 per home) compared with the full market rate of £618 million. This discount will increase as we reduce rents by 1% for the next four years on the assumption that market rents continue to rise.
- Our 22,000 affordable homes in London – at 46% of market rent – have an average weekly rent of £142.64. This is in line with peer average affordable rent of £152.54 and lower than the 80% of market rent we are able to charge.
- We have invested £1 billion in our stock since 2005, ensuring our 62,860 homes are (except for a small element of our most recent stock transfer at Merton where we are proposing to regenerate estates and replace homes by 2026) maintained at or above the Government's Decent Homes Standard.
- Undertaken 37,640 local authority stock transfers and brought them up to Decent Homes Standard.

Cost per unit figure in all the tables above based on Registered Provider Group only.

The cost per unit figures in Table 2 are calculated using the same methodology as the HCA's recent benchmarking exercise that we have used to populate the 2014/15 figures. The figures reinforce Circle Housing's relatively high cost base but this does include significant investment in improving our R&M service and our operating model that generates the savings which will reduce our management cost per unit to £1,460 in 2016/17 and £1,299 in 2017/18.

Vision Theme: Increase our profitability from diversified activity
Creating profits from complementary diversified activity is a key part of our VFM Strategy because it provides subsidy for the building of new homes. Table 3 sets out key VfM metrics for Circle Housing's diversified activity across Telecare, Care and Support, renting properties on the open market and the market sale of properties developed for shared ownership or open market sale.

During 2015/16 we restructured our 100,000 customer telecare business which has improved financial returns (without compromising service levels). We have also divested loss making care contracts including the disposal of Prime Care, allowing us to focus on improving profitability. This strategy has turned trading losses of over £1 million per annum for the last two years into a profit of £1.2 million in 2015/16. This has been achieved whilst simultaneously improving satisfaction levels in the service.

We have increased the financial return on our UK private rented portfolio by increasing rents although financial returns on our European private rented portfolio has fallen.

The number of people we have helped to get on the housing ladder through shared ownership first tranche sales has increased from 160 to 192, generating significantly increased profits from £2.9 million to £6.5 million. The improvements in margin on fewer open market sales resulted in increased profits, from £5.2 million to £7.7 million.

Vision Theme: Improve our efficiencies/return on assets
The VfM metrics shown in Table 4 show both improvement against 2014/15 and a positive position within our peer group with the exception of EBITDA MRI % (the cash that Circle Housing generates from day to day operations including its major repairs as a proportion of its annual interest bill), which has improved towards the benchmark position.

The Board understands and has a clear strategy for optimising future return on assets to ensure the delivery of as many new affordable homes as possible and help existing customers to be independent and financially resilient. The strategy is to improve return on housing letting assets by reducing the gap between gross and operating yield, and to improve capital return on assets. The strategy is delivered through:

- risk management and the simplification of management, legal and governance structures
- Fast Forward Circle
- procurement approach
- Asset Management Strategy
- our proposed merger with Affinity Sutton.

Table 5 shows Circle Housing's return on assets broken down by asset class. We have also broken down social housing letting yields by Circle Housing's nine asset holding Registered Providers. The chart shows the following:

- Between 2014/15 and 2015/16 gross and operating yields increased due to the increase in rental income but the gap between them widened due to the strategic decision to focus on and invest in our R&M service and simplification of management, legal and governance structures, a decision which had the known impact of increasing cost and reducing savings within the 2015/16 financial year.
- Between 2015/16 and 2016/17 gross and operating yields will reduce due to the reduction in rental income. However, the actions and measures taken during 2015/16 to ensure our operating cost base reduces by £25 million in 2016/17 has had the impact of reducing the gap to a lower level than in 2014/15.
- A further contributory factor to the reducing gap is Circle Housing's Asset Management Strategy to dispose of properties which are expensive to maintain and occupy to create capacity to invest in developing better quality homes that are less expensive to maintain and occupy.
- This strategy also delivers a capital return on asset at the point the property is sold. This approach, combined with Right to Buy, selling additional equity in shared ownership properties and the sale of office property, increased our surpluses from the sale of assets from £8 million in 2014/15 to £15 million in 2015/16 and a planned £23 million in 2016/17.
- Circle Housing's properties held for market letting increased in value by £22 million during 2015/16.

Return on letting assets explained
The gross yield is the annual rent as a proportion of the value of the property (value being historical cost for all asset classes other than market rent, where market value has been used because this asset class is held for commercial purposes). The operating yield deducts the costs of managing and maintaining the property from the rent. A reduction in the gap between gross and operating yields reflects Circle improving the cost efficiency with which it is managing and maintaining its properties. Because our business is to let social housing properties at rents that are affordable, we do not consider that gross or operating yields in isolation are relevant measures of value.

Capital return on assets explained
Properties for social housing letting are held at historical cost and therefore capital return is realised on the sale of the asset. Sale for social rented property assets relates to the surplus (proceeds from sales less the historical cost) from Right to Buy or a strategic asset management decision to sell a property that is expensive to manage and maintain to create capacity to reinvest in properties that are of better quality and more affordable. Sale of shared ownership properties reflects the surplus on sale of additional equity by the shared owner. Properties held for market letting are held at market value and therefore the capital appreciation (which would be realised at the point of sale) is reflected as a return on the asset.

Risk management and the simplification of management, legal and governance structures

Since its governance downgrade in April 2015, Circle Housing has been working to address the recommendations of a Governance Review undertaken by Campbell Tickell in May 2015. The recommendations were to streamline the governance structure and create a resurgence of the local delivery for which Circle Housing had previously been positively renowned with customers and stakeholders. In June 2016, the HCA published a revised regulatory judgement, confirming that Circle Housing's governance rating has been restored to a compliant G2. This states that we have:

- implemented all recommendations from the review of our R&M service and broader governance
- put in place governance, operational and performance monitoring structures which support risk management, internal control, service delivery and statutory compliance
- set out plans to simplify our federated group structure
- strengthened our Board and Executive team.

Specific benefits that further support improving VfM are:

- a clear corporate structure with a single asset-owning Registered Provider landlord and clear line of sight from the Group Board to the landlord function, supporting robust governance and risk management
- improved planning and performance management, with a single organisation responsible for all social housing
- a single Asset Management Strategy, with the ability to plan and resource investment for the longterm, with resources deployed more flexibly across the Group
- reduced risk of non-compliance with Regulatory Standards, with a shorter escalation route from operational delivery through the single landlord to the Group Board where required
- a structure that supports the efficient operating model and staffing structure, bringing direct cost savings in governance and management
- a more transparent structure, easier to understand and communicate to external stakeholders and to our residents. The new structure will support delivery of our commitments to local areas through the development of regional and community panels that will promote meaningful involvement and engagement by residents and local stakeholders in creating, and monitoring, the long term vision for the delivery of services in each region. Scrutiny will continue to involve residents in the in-depth examination of key services.

The requirement to have an Asset and Liability register was introduced by the HCA on 1 April 2015 as part of an update to its regulatory framework. The primary purpose of the register is to ensure that registered providers understand their housing assets and security position and have swift access to this information in decision making and risk management.

Circle Housing's Property Data Committee has created a full index of all the items that we require on our Asset and Liability register. Accountable owners from each area of the business have been confirmed and the location of all the information is documented in the register. We have undergone a thorough data quality assessment and significant work has been undertaken to ensure the quality of the data is high and there are robust processes in place to maintain the data and documents moving forwards. The Regulatory Officer will carry out regular checks of the state of the register and a quarterly report will be presented to the Company Secretary. A full audit of the Asset and Liability register was carried out by internal auditors, Mazars, in April 2016.

An update report on the Asset and Liability register, at the half year point, will be presented to the Group Audit and Risk Committee in November each year. An annual report (in May each year) will be presented to the Registered Provider Boards and the Management Board on the register as part of the Board's annual regulatory assurance report.

Robust and effective monitoring and maintenance of our long-term financial plan and treasury risk management policy has helped Circle Housing to:

- retain its A2 (stable) credit rating
- retain its V1 HCA rating against the Financial Viability Standard
- provide assurance, through multi-variant stress testing, that it has the capacity to deliver long-term ambitions while maintaining sufficient liquidity and headroom against funding covenants.

Table 6 demonstrates the cost to Circle Housing for the money that it borrows on its loans. This shows that for every £1 we borrow from our loan facilities, we incur an average 4.37p of interest. If average cost of funds increases by 0.1% this represents a £2 million increase in annual funding costs.

Table 6
Average cost of funds

	2013/14	2014/15	**2015/16**	g15 benchmark
Average cost of funds	5.10%	4.10%	**4.37%**	4.80%

For this reason, in excess of 90% of our debt is fixed over the next five years. Mitigating the risk of increases to interest rates provides us with greater certainty over funding costs as we make long-term investments to develop new homes.

Fast Forward Circle
The Fast Forward Circle programme is a major part of our VfM Strategy and enables Circle Housing to build its financial strength during a period where Moody's forecast sector average operating margins tighten. Over the same period Circle Housing is forecasting increases in operating margins from 29% to 31% as we make £46 million savings on its 2015/16 operating cost base over a three-year period to mitigate the financial impact of rent reductions and create VFM gains by being able to sustain letting at a greater discount to market and improving surpluses to fund the development of new homes.

We did not deliver the targeted cost savings of £5.8 million within the 2015/16 financial year due to taking a proactive decision in May 2015 to prioritise improvements in our R&M service and the simplification of our legal and governance structures.
The subsequent actions taken to manage the impact of the rent reductions announced in the Chancellor's July 2015 Budget exceed the level of savings originally planned within the Fast Forward Circle business case.

Table 7 shows the £46 million savings we will make over the next three financial years by cost driver in line with the Board's plan to mitigate the impact of the Budget.

Measuring and monitoring the cost of our back office functions as a percentage of Group turnover is important in identifying how efficiently our resources are being utilised by back office support. The lower the %, the more efficiently the back office functions are being run, whilst simultaneously creating greater resource to use for front-line services and creating capacity to develop new homes.

Through efficient delivery of our back office functions, 2015/16 has seen the percentage of resources spent on providing these services reduce by 0.3% (from 10.9% to 10.6%), positioning Circle within the upper quartile when compared to our g15 peers.

Asset Management Strategy

Improving the knowledge of our stock during 2015/16 has been a key aspect of improving our future VfM. We are in the process of completing stock condition surveys for 100% of our properties that we have repairing responsibility for. So far, we have completed c28,000 surveys, which represents 48% of our stock that we have repair responsibility for. The remaining surveys will be completed in 2016/17. This work so far has allowed us to re-model the net present value of every property we own. This has enabled us to release £11 million from the sale of homes with high costs in use and/or where location meant the home could be managed more effectively and efficiently by disposal to another social landlord.

By releasing £11 million of resources from our stock that is the most expensive to occupy and maintain, we continue to reduce the gap between gross and operating yield, increasing the return on our assets and allowing us to provide more resources to develop new affordable homes and invest in existing stock with lower costs in use. Over time, this will allow us to lower the cost of occupying our stock for our customers as they become increasingly energy efficient.

To help make this assessment, Table 12 shows the financial value of our affordable housing stock. This is calculated by looking at future rental income from each property less the costs of managing and maintaining each property. Reduced future management costs that will be delivered through the Fast Forward Circle programme have been built in to the financial model to calculate the net present value (NPV) figures below. Properties with high future maintenance costs will therefore have a lower NPV.

Table 12

Our Asset Management model has been updated for 2015/16, to reflect future improvements to our operating model and improving knowledge of the condition of our stock. By improving the quality and accuracy of our data, a smaller proportion of our general needs stock is now deemed to have a poor 30 year NPV. There has been a 5% shift from high to marginal due to the impact of the more prudent long-term rental assumptions in the context of current government policy. Properties falling within the poor and marginal category will be monitored during 2016/17 to identify properties with high costs in use and/or where locations mean the home could be managed more effectively and efficiently by disposal to another social landlord. This approach will guide our approach to investment in and divestment of existing assets.

Proposed merger with Affinity Sutton
Togther both Groups will be stronger and have committed to:

- delivering 50,000 new homes over ten years from 2019, making the merged Group one of the largest house builders in Europe
- building homes across all tenures and at a range of price points with a focus on delivering homes for subsidised rent and low-cost home ownership for people in housing need
- leading on major neighbourhood transformation projects, generating support from both local and national government
- becoming one of the country's biggest providers of employment services, supporting 4,000 people into work annually
- helping 200 young people into apprenticeships each year and supporting 15,000 children to make a better start in life, for example through partnerships with local schools.

We are confident that the proposed Group will be able to provide excellent services to both residents and non-residents alike and we will be able to find significant efficiences beyond the integration process by, for example, driving economies that come with scale.

Vision Theme: Invest in our homes
Table 13 shows that we have delivered on our targeted number of affordable homes. The number of people we have helped on to the housing ladder through shared ownership first tranche sales has increased by 22% on the 2014/15 number, but is below the 2015/16 target.

Beyond providing resources for our absolute priority to maintaining the improvement in our R&M service and customer satisfaction in 2015/16, VfM gains we have made and are planning will allow us to deliver a cost saving over time, allowing us to achieve the delivery of affordable homes and maintain our investment in helping our customers to be independent and financially resilient over the period of the rent reductions.

Table 14 illustrates the increase in development of new affordable homes that will be possible by delivering the step change improvement in return on assets set out within section 4.

Social return on investment

Every year we put aside a portion of our surplus towards social activities. This is our social investment. From this we look to achieve £10 of value for every £1 invested. This is our social return on investment.

Organisations such as Circle Housing have to show the value of their services in terms of the benefits they bring to the organisation, communities they operate in and savings they make for the taxpayer. Our model reflects up to one year of benefit that shows real and measurable impact.

As a result, Circle Housing is able to use the results to focus investment in activities which deliver a real social return based on local needs. We can measure this consistently and learn from positive or negative results. This year our initial investment of £3.3 million in social value activities generated over £33 million in social impact and valuable interventions.

All of our activities are aimed to support our customers towards increased independence and financial resilience. By investing in these areas we are able to protect and grow our business income so that we can reach more people in housing need.

Our employment and skills (E&S) programme is aimed at helping our customers into long-term and sustainable work. Supporting people in this way generates wellbeing, and a sense of belonging, and leads to independence. Our programme provides support every step of the way, including advice and guidance sessions, training, work experience, job and apprenticeship opportunities and ongoing support once in work.

We work closely with many local and national partners to deliver our E&S programme including The Prince's Trust, The Girls' Network, The National Skills Academy and Business in the Community to name just a few. More customers than ever now have the opportunity to access apprenticeships or job opportunities with us, our suppliers or partners. Through our core business we have strong links with the construction industry and extensive knowledge and experience of creating apprenticeships. Working in partnership with other key agencies and registered providers, funding has been secured through the European Social Fund to deliver an E&S programme across London. This project will support vulnerable long-term unemployed customers into secure employment and training..

Our financial inclusion services help residents manage their finances, deal with their debt and put money back in their pockets.

We offer support to our customers through our Money Matters services, which we deliver in a number of ways. Customers can access information online or receive further support by phone or in face-to-face meetings. Here, trained advisors can help customers navigate ongoing welfare reforms and understand what they are entitled to and what additional help is available.

Circle Housing Money, our national partnership with Leeds City Credit Union, provides access to a range of affordable financial services, including savings, loans and alternative banking products to help our customers manage their finances.

During 2015/16 we have:

- delivered over 6,000 support interventions to help our customers improve their financial resilience
- continued to improve the energy efficiency of our homes
- improved our energy advice service to customers. Over the year we delivered 4,900 energy efficiency interventions to our customers, consisting of boiler and insulation upgrades and energy advice. These interventions have provided customers with the opportunity to reduce their energy bills by a combined total of £825,000.

Our Energy Advisor Service was introduced at the beginning of 2015 and consists of three Energy Advisors (one in each region) who provide energy advice directly to residents in their homes. The Energy Advisors help customers to access various funding streams and energy grants, to switch energy suppliers and to implement energy saving tips that all help to reduce energy bills. The service has been extremely successful during 2015/16 with 1,150 residents benefiting from energy advice in their homes that has provided them with the potential to achieve combined financial savings of over £300,000.

Our flexible purchasing strategy for our communal electricity and gas supplies to our housing stock and offices, allows us to purchase energy in advance and minimises our exposure to market price volatility that affects wholesale prices. Overall costs under our Group energy contracts during 2015/16 were £642,852 lower than they would otherwise have been under conventional fixed term pricing, reflecting the lower purchase price secured for electricity and gas. In addition, a further £456,000 savings were achieved through moving meters onto Group contracts and managing our energy accounts more effectively to remove incorrect billing. The benefits of these are passed on to our customers, where they are charged on energy use from the communal meters.

Historically our core social value strategies have been delivered through our nine Registered Providers. To improve the efficiency and effectiveness of community investment we are developing Group-wide action plans. The action plans will detail services that can be accessed by all Circle Housing customers and what will be delivered in each local area. This will ensure that all community investment programmes and activities are consistent in their delivery and we have improved systems for recording and reporting outcomes. We will continue to have local staff who will work with local boards and housing management colleagues to establish what activities are needed to meet specific local needs. Once in place we will continuously monitor all activities to ensure that the desired outcomes are being achieved, as well as determine when a service needs to be improved or is no longer required.

Conclusion

Circle Housing has made significant VfM improvements during 2015/16 and has the plans in place to ensure this continues. This is evidenced by the following:

- Our investment and focus on the priority identified in last year's self-assessment has succeeded in increasing urgent and emergency repairs completed on time from 57% at March 2015 to 96% at March 2016.
- The Board accepts that the impact of its strategic decision to focus on investing in improving our R&M service and simplify our management, legal and governance structure had the impact of reducing our return on the letting of assets, widening the gap between our gross and operating yields from 7.4% to 7.9%.
- However, the Board has sufficient assurance that actions have been taken to enable Circle Housing to deliver a £25 million reduction in operating costs in 2016/17 in line with the Board's plan to manage the impact of rent reductions announced by the Chancellor in July 2015. This is a higher level of savings than planned prior to the Chancellor's Budget and will reduce the gap between our gross and operating yield to 7.2%, significantly improving our return on the letting of assets.
- A more proactive approach to improving our capital return on assets meant that our surpluses increased by £18.4 million (from £67.4 million to £85.8 million) and is forecast as £81 million in 2016/17 as a result of the reduction in operating cost base.
- This increase in surplus allowed us to replace reducing government grant and maintain the number of new homes developed at or slightly above 1.1% of current stock.
- Significant progress has been made in simplifying our management, legal and governance structures and with the proposed merger with Affinity Sutton, which creates a significant opportunity to make a further step change in VfM performance.
- By September 2016, we expect to have concluded our merger with Affinity Sutton. We believe that consolidation of our sector has a crucial role to play in generating the capacity to build the affordable homes that are so desperately needed across the country. The Chancellors' Budget in 2015 has made the task of building these homes a great deal harder, as it has significantly cut the income we rely on.
- The new Group will become one of Europe's largest housing associations with 127,000 properties providing homes for nearly 500,000 people. It will also give us the ability to build 50,000 (4% of stock relative to our current 1.1%) much needed new homes over the next decade, making us one of the country's biggest house builders.
- This will be achieved through significant efficiency savings by reducing the combined expenditure for both organisations upon merge, whilst maintaining income levels.
- To complement our social return on investment, the merger will also be able to help 4,000 residents a year to find work.

The sector and wider environment in which we work are characterised by change and risk

This means we owe it to all our stakeholders, from our customers to our investors, to bring as much security and certainty to our operations and activities as we can. In addition, the nature and importance of our work means it is essential that we set an exemplary standard of behaviour, both individually and collectively, and act as a positive role model in our sector and in the communities where we work. Two major factors are designed to support these aims. First is the way we are structured, both in terms of the overall shape of the organisation and of the various Boards and Committees that are responsible for ensuring sound governance across the organisation. Second, and closely related, is the process we have for identifying, addressing and mitigating the various risks we face.

Our governance structure

Circle Housing has a Group structure. Within this structure, Circle Anglia Limited is the parent of subsidiaries, referred to in this section as 'partners'. All partners work together to improve our customers' life chances. They do this by delivering great homes and reliable services which meet local needs.

Our Management Board, made up of nine Non-Executive Directors and our Chief Executive Officer, is responsible for the Group's governance. The Management Board works alongside the Executive Team, which is responsible for the Group's day to day management. Partner Boards have delegated matters to the Management Board, supported by four internal committees. These are:

- **The Strategy Council** – this reviews and assesses the strategic direction of Circle Housing. Membership comprises all Management Board members, together with the Chairs of each Partner Board and the Resident and Service User Panel.
- **The Remuneration and Succession Committee** – this reviews and recommends remuneration policies for Executives and Board members, oversees Circle Housing's HR policies and is responsible for the selection, renewal, appraisal and training of Board and committee members.
- **The Group Audit and Risk Committee** – this reviews the Group's compliance with its statutory duties. It also monitors our internal and external auditors, risk and internal controls. The Committee also challenges and tests the Group's risk framework, strategy and policies to ensure that our internal controls adequately reflect Circle Housing's values, vision, size and strategy.
- During the year an **Operations Committee** was established by the Management Board to monitor key performance indicators to enable greater scrutiny of housing services and focus specifically on regulatory compliance and performance. Partner Boards are able to refer issues to the Operations Committee for review. The Committee also oversees resident scrutiny structures.

Our governance review and 'resurgence'

Over the last year we commissioned an independent review of our governance structure. It found that our current federated model, with nine Registered Providers, stands in the way of more efficient decision making and that the communication between Group centre and local delivery needs to be improved. Alongside this, we feel that our governance structure needs to deliver greater efficiency and offer flexibility so that we can focus resources where they are most needed. This includes finding opportunities to share services which fit well with new neighbourhood plans and locally focused delivery arrangements. Therefore it is time to change and simplify out governance structure to deliver consistent services to customers, have a stronger local focus, faster decision making and to ensure we are accountable to residents locally – this is known as 'resurgence'. We are working with our Partner Boards on exactly what this new structure will look like and consulting with residents about these proposals to move from nine Registered Providers to one single asset-owning housing association, which would be called Circle Housing.

Group Policy Forum

Circle Housing partners also work together in the Group Policy Forum. The Group Policy Forum's key role is to scrutinise and approve all customer policies on behalf of our partners. It is also responsible for ensuring that customer policy fits with Circle Housing's mission, vision and values, and meets statutory and regulatory requirements.

Complying with the National Housing Federation Code

We also aim to work within the standards and requirements of the National Housing Federation Code of Governance. The Group has adopted the latest version of the Code in the last year. This Code is designed to ensure that housing providers such as Circle Housing aim for the highest possible standards. The principle underpinning the Code is that organisations should either confirm that they comply with the requirements of the Code or should explain areas of non-compliance. Thorough Board scrutiny of our operations has concluded that we are compliant in all areas other than as set out below:

- **Scheme of Delegations.** The new Code includes a requirement to formally review the governing instruments, delegations, regulations, standing orders, structures, systems and other formal documentation every three years. The last wholesale review of the Scheme of Delegations was in 2011/12. Since then elements of the scheme have been reviewed and amended as necessary (such as the terms of reference for the Circle Housing Board). A new Scheme of Delegations is being prepared for the merged organisation and therefore it is proposed not to review the existing Scheme of Delegations. If the merger does not go ahead then there will need to be a review of the delegations for the Group.
- **Council nominees.** The 2015 Code requires all new Board members to undergo a due selection and appointment process. The Rules of some Group partners allow the Council to directly nominate members to the Board. The action plan for implementation of the new Code envisaged a review of the Group's approach in relation to Council nominees. This has been superseded by resurgence. During the year a new Council member was appointed at Merton following a direct nomination from the Council. Should a future Council vacancy arise the proposal is to write to Merton Council to ask that they nominate a member who meets the skills required by the Board and to assess their nominee against this. This approach has been successful in other Group partners and would mean that Merton would be able to demonstrate compliance with the Code of Governance.

Compliance with HCA Governance and Financial Viability Standard

It is a regulatory requirement that Registered Providers shall assess their compliance with the Governance and Financial Viability Standard at least once a year. Registered Provider Boards will certify in their annual accounts their compliance with the Governance and Financial Viability Standard.

In the light of the governance downgrade applying to Circle Housing Group a number of steps have been taken during the year in connection with the Voluntary Undertaking given to the HCA to ensure compliance with the Governance and Financial Viability Standard. An extensive self-assessment of compliance has taken place which concluded that the Group was compliant with the Standard. This work has been reported to the Executive Team and has been independently reviewed and the outcome reported to the Management Board and the HCA.

Now in his 20th year at Circle Housing Group, Mike leads the New Business Directorate. He has led on the proposed merger with Affinity Sutton, and in addition to housing development and growth, his remit covers our strategic asset portfolio work (known as 'Optimising Value Through Assets'), housing transfers and new partnerships, regeneration, place-making and innovation. The latter focuses on empowering people across the business to develop and hot-house great ideas. Mike is Vice-Chair and first UK Board member of the European Federation for Living: an action-focused network of housing, construction and academic organisations across Western Europe. Previous roles with the Group have included property sales, housing stock transfer and delivery of supported housing for vulnerable people.

Steve Woodcock

Executive Director (Diversified Operations)

Steve joined Circle Housing Group in August 2010 as Managing Director at Circle Housing Russet, and then took a number of other roles within the Group before being appointed as Executive Director in February 2015. In his current role he takes responsibility for Centra Care and Support, our home ownership portfolio, our direct labour organisation, our market rent portfolio, property sales and our social value work. He has had a varied career to date in housing, having previously worked for a number of other high-profile Registered Providers in various different roles.

Board Statement

on the effectiveness of the System of Internal Control for the period ending 31 March 2016

The Group Management Board acknowledges its ultimate responsibility for ensuring that the Group and its partners have in place a system of controls that is appropriate to the various business environments in which they operate and for the review of the effectiveness of that system during the year. These internal controls are designed to identify and manage rather than eliminate risks which may prevent the organisation from achieving its objectives.

The system is designed to give reasonable rather than absolute assurance with respect to:

- the reliability of information used within the organisation or for publication;
- the maintenance of proper accounting and management records; and
- the safeguarding of assets against unauthorised use or disposition.

The process followed to identify, evaluate and manage significant risks faced by the organisation is ongoing, has been in place during the past financial year and is reported regularly to the Group Management Board. The risk management and control processes are not a separate annual exercise but are a continuous function and embedded across the Group by documenting and collating evidence to support good practice and compliance.

Internal assurance activities

Staff and line managers review their own risks in line with the Circle Risk Management Policy. The system is designed to instil a greater understanding of risk and assurance to all employees. A range of assurance activities take place across the business including performance monitoring and compliance checks. Members of the Executive Team and Senior Leaders make a statement to evidence that this has happened. The Board of each legal entity writes to the Group Audit and Risk Committee to confirm the assurance activities that have taken place in that partner.

Internal audits

Circle Housing Group's internal auditors are used to provide independent and objective assurance on our control framework and management of risks. Internal audit are not responsible for the design and construction of control systems but undertake an objective role in order to assess their effectiveness. The internal auditors undertake this responsibility on behalf of Circle Housing Group which ensures an objective review, audit and follow up process takes place. Audit activities have clear risk based terms of reference which are regularly reviewed and updated with relevant business and regulatory requirements. The Group Audit and Risk Committee is responsible for monitoring that actions idenitified as a result of audits are implemented in a timely fashion.

External audit assurance

Circle Housing's objectives and strategies as well as the related business risks are made clear to external auditors so they can gain an understanding of the overall structure and governance of the Association.

Risk management and governance

Circle Housing has introduced an enterprise risk management framework across the entire organisation. Key to the framework is the real time view of all strategic and operational risks. Circle Housing also revised its risk management strategy and risk appetite and tolerance statement.

Clear lines of responsibility are established throughout the Group for coordinating risk management activities and for reporting key risks to the Board. Risk is managed at strategic, operational and project levels.

As has been previously reported, during the year ending 31 March 2015, a number of risks materialised in the R&M functions of some Registered Providers in the Group. This led to a number of service and control failures and ultimately led to intervention from the HCA, and a review of our compliance with the Governance Standards. Ultimately the review led to a downgrade to a G3 rating, indicating that we were not meeting all of the requirements on governance set out in the Governance Standard.

A number of steps have been taken during the year to improve the control environment including the creation of the Operations Committee and the two way flow of information with Partner Boards. The HCA has now concluded, through an independent review, that Circle Housing has discharged its promises set out within its Voluntary Undertaking and as a result the regulator's assessment of Circle Housing's governance rating has been upgraded to G2.

Our Viability rating has remained at V1 demonstrating that we continued to meet the requirements on viability set out in the Financial Viability Standard and we have the capacity to mitigate our exposures effectively.

Conclusion

The Board acknowledges that their responsibility applies to the complete range of risks and controls within the organisation's activities and to ensuring that necessary remedial action is put into operation.

The Board has considered the effectiveness of the system of internal control in existence in the organisation for the year ended 31 March 2016. While the control framework and risk management processes were not working adequately across the entire entity in the previous year, steps to address the matters set out in the agreed recovery plan and the improvement plan to enhance our governance arrangements have been undertaken. We are satisfied that these steps address the need for improvements that were identified by the regulator and improve the adequacy and effectiveness of our system of internal control and risk management framework.

Statement of Board's responsibilities

in respect of the Board's report and the financial statements

The Board is responsible for preparing the Board's report and the financial statements in accordance with applicable law and regulations.

Co-operative and Community Benefit Society law requires the Board to prepare financial statements for each financial year. Under those regulations the Board has elected to prepare the financial statements in accordance with UK Accounting Standards, including FRS 102 – T*he Financial Reporting Standard applicable in the UK and Republic of Ireland.*

The financial statements are required by law to give a true and fair view of the state of affairs of the Group and Association and of its income and expenditure for that period.

In preparing these financial statements, the Board is required to:

- select suitable accounting policies and then apply them consistently
- make judgements and estimates that are reasonable and prudent
- state whether applicable UK Accounting Standards and the Statement of Recommended Practice have been followed, subject to any material departures disclosed and explained in the financial statements
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group or Association will continue in business.

The Board is responsible for keeping proper books of account that disclose with reasonable accuracy at any time the financial position of the Association and enable them to ensure that its financial statements comply with the Co-operative and Community Benefit Societies Act 2014, the Housing and Regeneration Act 2008 and the Accounting Direction for Private Registered Providers of Social Housing 2015. The Board has general responsibility for taking such steps as are reasonably open to it to safeguard the assets of the Group or Association and to prevent and detect fraud and other irregularities.

The Board is responsible for the maintenance and integrity of the corporate and financial information included on the Group's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Disclosure of information to auditors

The Board members who held office at the date of approval of this Board's report confirm that so far they are each aware, there is no relevant audit information of which the Group's auditors are unaware; and each Board member has taken all the steps that they ought to have taken as a Board member to make themselves aware of any relevant audit information and to establish that the Group's auditors are aware of that information.

Auditors

Pursuant to section 83 of the Co-operative and Community Benefit Societies Act 2014, the auditors will be deemed to be reappointed and KPMG LLP will therefore continue in office.

Independent auditor's report

to the members of Circle Anglia Limited

We have audited the financial statements of Circle Anglia Limited for the year ended 31 March 2016 set out on pages 78 to 132. The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice), including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*.

This report is made solely to the Association in accordance with section 87 of the Co-operative and Community Benefit Societies Act 2014 and section 128 of the Housing and Regeneration Act 2008. Our audit work has been undertaken so that we might state to the Association those matters we are required to state to it in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Association as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of the Board and auditor

As more fully explained in the Statement of Board's Responsibilities set out on page 76, the Association's Board is responsible for the preparation of financial statements which give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at www.frc.org.uk/auditscopeukprivate.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view, in accordance with UK Generally Accepted Accounting Practice, of the state of affairs of the Association as at 31 March 2016 and of its income and expenditure for the year then ended;
- comply with the requirements of the Co-operative and Community Benefit Societies Act 2014; and
- have been properly prepared in accordance with the Housing and Regeneration Act 2008 and the Accounting Direction for Private Registered Providers of Social Housing 2015.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Co-operative and Community Benefit Societies Act 2014 requires us to report to you if, in our opinion:

- the Association has not kept proper books of account; or
- the Association has not maintained a satisfactory system of control over transactions; or
- the financial statements are not in agreement with the Association's books of account; or
- we have not received all the information and explanations we need for our audit.

Notes to the financial statements

for the year ended 31 March 2016

1. Legal status

The Association is incorporated under the Co-operative and Community Benefit Societies Act 2014 and is registered with the HCA as a registered provider of social housing. It is a public benefit entity.

2. Principal accounting policies

The principal accounting policies adopted in the preparation of these financial statements are set out in the relevant notes to these financial statements. Accounting policies not specifically attributed to a note are set out below:

a) Basis of accounting

The financial statements of the Association have been prepared in accordance with applicable United Kingdom accounting standards, including Financial Reporting Standard 102 – The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102), and with the Statement of Recommended Practice for Registered Social Housing Providers (Housing SORP 2014). The financial statements comply with the Accounting Direction for Private Registered Providers of Social Housing 2015.

The financial statements are presented in Sterling to the nearest million pounds (unless otherwise stated) on an accruals basis and under the historical cost convention, except for the modification to a fair value basis for certain financial instruments as specified in the accounting policies below.

This is the first year in which the financial statements have been prepared under FRS 102.

First time adoption of FRS 102

On transition to FRS 102, the Group has chosen to apply the following:

- As permitted by paragraphs 11.2(c) and 12.2(c) of FRS 102, the Group has chosen to apply the recognition and measurement provisions of IFRS 9 Financial Instruments, the disclosure requirements of Sections 11 and 12 and the presentation requirements, as appropriate, of 11.38A or 12.25B to account for all of its financial instruments.

An explanation of how the transition to FRS 102 has affected financial position and financial performance of the Group is provided in note 36.

b) Basis of consolidation

The Group financial statements incorporate the financial statements of Circle Anglia Limited, its subsidiary undertakings and joint ventures (together 'the Group'). Subsidiary financial statements are prepared for the same reporting periods as Circle Anglia Ltd, using consistent accounting policies. Intra-group balances and transactions, including unrealised profits arising from intra-group transactions, are eliminated in full on consolidation.

c) Going concern

After having reviewed the Group's forecasts and projections, the Board has a reasonable expectation that the Group and Parent, Circle Anglia Limited, have adequate resources to continue in operational existence for the foreseeable future. The Group and Parent continue to adopt the going concern basis in preparing its financial statements.

2. Principal accounting policies (continued)

d) Significant judgements and estimates

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the Statement of Financial Position date and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates. It also requires management to exercise judgement in applying the Group's accounting policies. The significant areas of management judgement and estimation are outlined below and explained more fully within the accounting policies:

- Useful lives of depreciable assets and residual values (note 11)
- Impairments (note 11)
- Defined benefit obligations (note 30)
- Fair value measurement of financial instruments (note 24)
- Effective interest rates (note 8)
- Provisions (note 17)
- Work in progress (note 16)

e) Foreign currencies

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the contracted rate or the rate of exchange ruling at the Statement of Financial Position date and the gains or losses on translation are included in the Statement of Comprehensive Income.

Where foreign currency borrowings have been used to finance, or provide a hedge against, Group equity investments in foreign enterprises, exchange gains or losses on the borrowings, which would otherwise have been taken to the Income Statement, are offset as reserve movements against exchange differences arising on the re-translation of the net investments. This policy is applied to the extent that:

a. in any accounting period, the exchange gains and losses arising on foreign currency borrowings are offset only to the extent of the exchange differences arising on the net investments in foreign enterprises; and

b. the foreign currency borrowings, whose exchange gains or losses are used in the offset process, do not exceed, in aggregate, the total amount of cash that the net investments are expected to be able to generate.

f) Cash and cash equivalents

Cash and cash equivalents in the Group's Consolidated Statement of Financial Position consist of cash at bank, in hand, deposits and short-term investments with an original maturity of three months or less.

3. Turnover, other costs, operating costs and operating surplus

Policy

Turnover comprises rental and service charge income receivable (net of void losses), first tranche sales of shared ownership, sales of properties built for sale, Supporting People income, fees, and other services included at the invoiced value (excluding VAT where recoverable) of goods and services supplied in the year and other revenue grants receivable. It also includes, in accordance with FRS 102, amortisation of Social Housing Grant (SHG) by applying the accrual model such that deferred grant income is released as an income over the life of the asset structure.

Rental income is recognised from the point when properties under development reach practical completion or otherwise become available for letting, net of any voids. Income from first tranche sales and sales of properties built for sale is recognised at the point of legal completion of the sale. Charges for support services funded under Supporting People are recognised as they fall due under the contractual arrangements with administering authorities. Other income is recognised as receivable on the delivery of services provided.

Cost of sales includes expenditure incurred during the course of development of properties and other assets developed for sale including capitalised interest, direct overheads, marketing and other incidental costs.

3. Turnover, other costs, operating costs and operating surplus (continued)
Income and expenditure from social housing lettings (continued)

The following ratios have been calculated to assist with clarity:

Group	2016 £	2015 £
Operating cost per social housing unit (general needs only)	**4,536**	4,509
Maintenance spend per average number of social housing units owned	**2,522**	2,093
Management spend per average number of social housing units owned	**1,705**	1,630
Services spend per average number of social housing units owned	**477**	404

Maintenance spend per average number of social housing units owned includes capital maintenance spend of £1,528 (2015: £1,079).

In addition to amortised government grant associated with social housing lettings of £13.1 million (2015: £12.8 million), £0.2 million (2015: £nil) is associated with intermediate rent units (included in turnover in other social housing activities), giving a total credit for the year of £13.3 million (2015: £12.8 million).

£47.9 million (2015: £44.1 million) of routine maintenance is associated with social housing lettings, £0.3 million (2015: £0.2 million) is associated with intermediate rent units (included in operating costs in other social housing activities) and £1.4 million (2015: £0.8 million) is associated with non-social units (included in operating costs in non-social housing activities), giving a total charge for the year of £49.6 million (2015: £45.1 million).

Similarly, £14.6 million (2015: £18.7 million) of planned maintenance is associated with social housing lettings and £0.1 million (2015: £nil) is associated with non-social units (included in operating costs in non-social housing activities), giving a total charge for the year of £14.7 million (2015: £18.7 million).

In addition to housing depreciation associated with social housing lettings of £47.3 million (2015: £48.0 million), £0.5 million (2015: £nil) is associated with intermediate rent units (included in operating costs in other social housing activities), giving a total charge for the year of £47.8 million (2015: £48.0 million).

8. Interest and financing costs

Policy

Interest is charged to the Statement of Comprehensive Income over the term of the debt using the effective interest rate method so that the amount charged is at a constant rate on the carrying amount.

Issue costs are recognised as a reduction in the proceeds of the associated capital instrument and are charged over the term of the debt using the effective interest rate method. Issue costs in respect of the refinancing of existing debt where terms are materially changed or extinguished are written off directly to the Statement of Comprehensive Income.

Where the Group has incurred a premium or discount on its bond issues, the balance is shown net against the associated bond liability and is charged over the term of the debt using the effective interest rate method.

Interest accruing on funds borrowed to finance developments is capitalised up to the date of completion of each scheme. The interest capitalised is either on borrowings specifically financing a scheme or on net borrowings to the extent that they are deemed to be financing a scheme. This treatment applies irrespective of the original purpose for which the loan was raised.

10. Tax on surplus on ordinary activities

Policy

The charge for taxation is based on the result for the period and takes into account deferred taxation. No provision has been made for any taxation that would arise if the fixed assets were disposed of at the values included in the financial statements, since it is not intended to reduce significantly the size of housing stock and hence cause a material taxation liability to crystallise.

Deferred tax is provided for on differences between the treatment of certain items for taxation and accounting purposes, unless the Group is able to control the reversal of the timing difference and it is probable that the timing difference will not reverse in the foreseeable future. Deferred tax is calculated using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

Deferred tax assets are only recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

With the exception of changes arising on the initial recognition of a business combination, the tax expense (income) is presented either in the Income Statement, Other Comprehensive Income or equity depending on the transaction that resulted in the tax expense (income).

Deferred tax liabilities are presented within provisions for liabilities and deferred tax assets within debtors. Deferred tax assets and deferred tax liabilities are offset only if the Group has a legally enforceable right.

The deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously.

The tax assessed for the Group for the year is lower (2015: lower) than the result shown in the Statement of Comprehensive Income multiplied by the standard rate of corporation tax in the UK – 20% (2015: 21%). Differences are explained below:

A reduction in the UK corporation tax rate from 23% to 21% (effective from 1 April 2014), and to 20% (effective from 1 April 2015) were substantively enacted on 2 July 2013. This reduction in rates will reduce the Group's future current tax charge accordingly.

In November 2015 the Government enacted the Finance (No. 2) Act 2015 which reduces the standard rate of corporation tax from its current level of 20% to 19% from 1 April 2017 and 18% from 1 April 2020. As these changes had been substantively enacted at the Statement of Financial Position date, the deferred tax assets and liabilities included within these financial statements have been calculated using these rates based on when the deferred tax timing differences are expected to materially reverse.

11. Tangible fixed assets – housing properties

Policies

Housing properties completed and under construction

Housing properties constructed or acquired (including land) on the open market are stated at cost less depreciation and impairment (where applicable). Housing properties under construction are transferred to completed schemes once they available for letting.

The cost of housing land and property represents their purchase price and any direct costs involved with administering development activities which are capitalised to the extent that they are directly attributable to the development process and to bringing the properties into their intended use.

The Group operates a component accounting policy in relation to the capitalisation and depreciation of its completed housing property stock. All housing properties are split between their land and structure costs and specific set of major components which require periodic replacement.

Where land has been acquired with the intention to develop as mixed tenure schemes but the precise mix is yet to be finalised, the land is treated as a fixed asset until certainty of tenure mix is established at which point the portion of land that relates to properties held for sale is transferred to stock and work in progress.

11. Tangible fixed assets – housing properties (continued)

Policies (continued)

Shared ownership

Under low-cost home ownership arrangements, long leases on low-cost home ownership housing units are disposed of through sales to their occupiers. The occupier has the right to purchase shares up to 100% of the then current valuation.

Low-cost home ownership properties are split between current and fixed assets on initial recognition. The proceeds from the sale of the current asset element ('first tranche') are included in turnover and the related asset expensed through the Income Statement as a cost of sale. The remaining element of the property ('staircasing element') is accounted for as a fixed asset and any subsequent tranche sale treated as a part disposal of a fixed asset.

Social housing grant in respect of low-cost home ownership properties is allocated against the retained element of the low-cost home ownership property and is treated as a deferred grant income.

Depreciation

Depreciation is charged so as to write down the value of completed housing properties to their estimated residual value, on a straight line basis, over their estimated useful economic lives in the business. The depreciable amount is assessed on an annual basis.

As land has an indefinite useful life it is not depreciated.

Leasehold properties are depreciated over the length of the lease except where the expected useful economic life of properties is shorter than the lease; when the lease and building elements are depreciated separately over their expected useful economic lives.

Assets in the course of construction are not depreciated until they are completed and ready for use to ensure that they are depreciated only in periods in which economic benefits are expected to be consumed.

Housing properties are split between the structure and the major components which require periodic replacement and are depreciated over the following determined average useful economic lives, along with the capitalised costs of replacement or restoration of these components:

Component	Useful economic life (years)
Structure	100
Pitched roof	60
Flat roof	15
Windows	30
Kitchen	20
Bathroom	30
Central heating (ex boiler)	30
Boiler	15
Electric system	35
Lifts	15

The Group constantly monitors and reviews the useful economic lives of all components and makes revisions where sustained material changes arise. The above lives are conservative assumptions that have been aligned with general practice followed by registered housing providers and rely on industry standard assumptions.

Impairment

Housing properties are assessed annually for impairment indicators. Where indicators are identified an assessment for impairment is undertaken comparing the asset's carrying amount to its recoverable amount. Where the carrying amount of an asset is deemed to exceed its recoverable amount, further analysis is undertaken to assess the cost of replacing the asset which is then written down to its recoverable amount. This is likely to be the value in use of the asset based on its service potential. The resulting impairment loss is recognised as expenditure in income and expenditure. Where an asset is currently deemed not to be providing service potential to the Association, its recoverable amount is its fair value less costs to sell.

11. Tangible fixed assets – housing properties (continued)

Policies (continued)

Improvements

Works to existing properties which result in an increase in the net rental income over the lives of the properties, thereby enhancing the economic benefits of the assets, are capitalised as improvements. Examples would be work that results in an increase in rental income, a reduction in future maintenance costs or a significant extension of the useful economic life of the property.

Investments in HomeBuy

Under the HomeBuy scheme, the Group received HomeBuy grant representing a percentage of the open market purchase price of a property in order to advance interest free loans to a homebuyer. The loans advanced are shown as fixed assets investments on the Statement of Financial Position. All are non-current loans, as they are not redeemable on demand. The HomeBuy grant provided by the Government to fund all or part of a HomeBuy loan has been reclassified as deferred income under FRS 102 as a creditor due in more than one year.

In the event that the property is sold, the Group recovers the equivalent loaned percentage value of the property at the time of the sale. The grant is reclassified to the recyclable capital grant fund when the loans are redeemed up to the amount of the original grant and to the extent the proceeds permit. The Group is able to retain any surplus proceeds less sale costs attributable to the equivalent loaned percentage share of the value of the property. If there is a fall in the value of the property the shortfall of proceeds is offset against the grant.

Sale and leaseback

Properties held under sale and leaseback arrangements, under which the Group retains the risks and rewards of ownership, are included within housing properties at cost and valued on the same basis as all other completed housing properties. The Group recognises the substance of such financing arrangements as long-term loans. The associated finance charge is calculated on the carrying value of the loan outstanding.

Government grant

Grant received for housing properties is accounted for using the accrual model set out in FRS 102 and the Housing SORP 2014. As required by the Housing SORP 2014, grant is carried as deferred income in the Statement of Financial Position and released to the Statement of Comprehensive Income on a systematic basis over the useful economic life of the asset for which it was received. In accordance with Housing SORP 2014 the useful economic life of the housing property structure has been selected (see previous table of useful economic lives).

Where property funded by grant is sold on the open market, it becomes recyclable and is transferred to a Recycled Capital Grant Fund until it is reinvested in a replacement property. If there is no requirement to recycle or repay the grant on disposal of the assets any unamortised grant remaining within deferred income is released and recognised as income within the Statement of Comprehensive Income. An amount equivalent to SHG taken to revenue reserves is disclosed as a contingent liability reflecting the potential future obligation to repay SHG where properties are disposed.

Grants relating to revenue are recognised in the Statement of Comprehensive Income over the same period as the expenditure to which they relate once performance related conditions have been met.

Grants due from government organisations or received in advance are included as current assets or liabilities.

Recycled Capital Grant

The Group has the option to recycle SHG which would otherwise be repayable, for use on new developments. If unused within a three-year period it will be repayable to the HCA or Greater London Authority (GLA) with interest unless approval is obtained for a time extension or a waiver is received. Any unused recycled grant held within the fund, and which is anticipated will not be used within one year, is disclosed in the Statement of Financial Position under Creditors: Amounts falling due after more than one year.

Reversal of past impairments

If, after an impairment loss has been recognised, the recoverable amount of a tangible fixed asset or investment increases because of a change in economic conditions, the circumstances that previously caused the impairment to no longer exist or a change in the expected use of the asset, the resulting reversal of the impairment loss is recognised in the current period to the extent that it increases the carrying amount of the fixed asset up to the amount that it would have been had the original impairment not occurred..

Where assets are financed by leasing arrangements that give rights approximating to ownership, they are classified as finance leases and are treated as if they have been purchased outright. The amount capitalised is the present value of the minimum lease payment due during the term of the lease. The corresponding leasing commitments are shown as obligations to the lessor.

Depreciation for the year on assets held under finance leases was £nil (2015: £nil).

£1,729 million (52,367 units) of completed properties net book value is held as security against debt and derivatives (notes 23 and 24).

* Maintenance spend for 2015 has been reanalysed between routine and planned to ensure consistent categorisation.

The Group's housing properties were valued as at 31 March 2016 by Savills UK Limited ('Savills'), an independent firm of Chartered Surveyors. A desktop revaluation was undertaken, with Savills reviewing:

- all stock numbers
- average social rents and average affordable rents
- expenditure profiles.

In determining these valuations, Savills made use of discounted cash flow methodology and the following assumptions were made:

Future rent increases	In accordance with July 15 Budget, 4 years of 1% rent reduction commencing April 2016 followed by rent increases: Consumer Price Index plus 1% long term
Real discount rates	5.0% – 6.25%
Valuations EUV-SH	£2,526,847,000

This valuation has been made in accordance with the current edition of the RICS Red Book.

In 2014/15 the valuation totalled £3,290,069,000. The reduced valuation in 2015/16 is attributable to a 1% rent reduction following the Chancellor's Budget (£631 million) and the reclassification of market rent portfolio as investment properties (£132 million).

Tangible fixed assets relating to the Group's subsidiary, Landericus, have been reclassified as investment properties in line with FRS 102.

13. Investment properties

Policy

Investment properties are properties not held for social benefit or for use in the business. Investment properties are measured at cost on initial recognition and subsequently at fair value at the Statement of Financial Position date, with changes in fair value recognised in the Statement of Comprehensive Income. Fair value is determined annually by appropriately qualified external valuers and is derived from current market rents and investment property yields for comparable properties, adjusted if necessary for any difference in the nature, location or condition of the specific asset. No depreciation is provided on investment properties.

The Group engaged Savills to determine fair value at 1 April 2016. For investment property Savills used Market Value Subject to Tenancy to determine fair value. A further valuation took place for commercial properties as at 31 March 2016.

On an historical cost basis, the carrying value of investment properties would have been £118.2 million (2015: £118.2 million).

£75.5 million (418 properties) of investment property fair value is held as security against debt and derivatives (notes 23 and 24).

14. Goodwill

Policy

Goodwill arising on the acquisition of subsidiaries is initially measured at cost over the net fair value of the identifiable assets, liabilities and contingent liabilities. Following initial recognition, goodwill is measured at cost less accumulated amortisation and any accumulated impairment losses.

On acquisition, an assessment is made of the useful life of goodwill. Where this is deemed limited, the goodwill is amortised over that life on a systematic basis. Where the useful life cannot be reliably estimated, the life cannot exceed five years.

Goodwill is tested for impairment indicators annually. Where indicators are identified an assessment for impairment is undertaken. Any impairment is recognised immediately in the Statement of Comprehensive Income.

As at 31 March 2016	**6.6**	7.6

In January 2011, Leamington Waterfront LLP became a full subsidiary of the Group (previously a joint venture), generating £9.6 million of goodwill. The goodwill is being amortised over the life of the development scheme as properties are sold.

In July 2013, Prime Care Holdings Limited and its subsidiaries became full subsidiaries of the Group, generating £2.1 million of goodwill. The goodwill is being amortised over a life of 20 years. During 2014/15 the Group impaired the goodwill by £1.1 million. The Care and Support subsidiary Board has further considered the value of the investment and has determined that an additional impairment is necessary on the basis of market evidence. An impairment of £0.9 million has therefore been included in the results for the year.

Collateral deposits relate to security under the UK Rents (No.1) Plc scheme. Through this scheme, the Housing Finance Corporation (THFC) has issued a bond to the external financial markets, the funds from which have been on-lent to six Registered Providers, including Mercian Housing Association. This loan is secured against prepaid rent from each Association and a cash reserve of 2% of the loan value. Mercian receives interest from THFC on these collateral deposits at a variable rate each quarter.

Other investments include a long term loan of £10,000 and a fixed bond valued at £47,000.

Joint ventures

Policy

Joint ventures are classified as contractual arrangement undertakings in which the Group exercises joint control over the operating and financial policies of the entity. Where the joint venture is carried out through an entity, it is treated as a jointly controlled entity. Joint venture investments are held as fixed asset investments, shown at cost, less any amounts written off in the financial statements of subsidiary undertakings.

The Group has entered into two contractual arrangements that are classed as jointly controlled entities. Jointly controlled entities are accounted for using the equity method, which reflects the Group's share of the profit or loss, Other Comprehensive Income and equity of the jointly controlled entity.

Circle Hill LLP was incorporated on 18 December 2014 under the Limited Liability Partnerships Act 2000. Your Lifespace Limited is a 50% member of this partnership which confers joint control of the LLP. In accordance with FRS 102, section 15, this entity has been accounted for as a joint venture.

The principal activity of Circle Hill LLP is property development. The LLP's accounting reference date is 31 December and its first financial statements were for the period ending 31 December 2015.

Your Lifespace Limited has provided additional funding to Circle Hill LLP in the form of a loan; as at the year end the balance outstanding was £11.7 million.

Bonner Road LLP was incorporated on 31 July 2015 under the Limited Liability Partnerships Act 2000. Your Lifespace Limited is again a 50% member of this partnership which confers joint control of the LLP. In accordance with FRS 102, section 15, this entity has also been accounted for as a joint venture.

The principal activity of Bonner Road LLP is the development of freehold land at the London Chest Hospital, Bonner Road, London. The accounting reference date is 31 March. The LLP's first financial statements will be for the period ending 31 March 2016.

Your Lifespace Limited provides 50% of the funding and as at year end the balance outstanding was £26.4 million which is shown in Debtors: Amounts falling due after more than one year.

16. Stock and work in progress

Policy

Stock represents work in progress and completed properties, including housing properties developed for transfer to other registered providers; properties developed for outright sale; and shared ownership properties. For shared ownership properties the value held as stock is the estimated cost to be sold as a first tranche.

Stock is stated at the lower of cost and net realisable value. Only costs directly attributable to the development of the properties are included in stock. Net realisable value is based on estimated sales proceeds after allowing for all further costs to completion and selling costs.

Parts and warehouse stores	**0.3**	–
Completed properties	**62.7**	40.7
Properties under construction	**33.7**	15.2
	96.7	55.9

Stock of housing properties comprises acquisition and development expenditure on first tranche shared ownership properties. Capitalised development interest charged to stock during the year is £1.6 million (2015: £1.4 million).

17. Debtors

Policy

Debtors with no stated interest rate and which are receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in the Statement of Comprehensive Income in Other operating expenses.

Bad and doubtful debts are provided on rent debtors at 100% for former tenant arrears and 25% for current tenant arrears. This policy applies to all Registered Providers in the Group and applies equally to both rental income and service charge income. The Group's provision policy is based on review of the age profile of its debt, historical collection rates and the class of debt.

The Association has made arrangements with individuals and households for payment of arrears of rent and service charges. These arrangements are effectively loans granted at a zero interest rate and as such are deemed concessionary loans. Concessionary loans are initially measured at the amount received or paid and subsequently adjusted to reflect any accrued interest payable or receivable or any provisions for impairment.

During the year, the Group restructured its internal on-lending arrangements with the Registered Providers providing funding to Circle Anglia Limited. The purpose of this was so that Circle Anglia Limited could in turn fund the development for market sale undertaken in Your Lifespace Limited which generates profit to subsidise the development of affordable housing in the Group's Registered Providers.

19. Creditors: Amounts falling due within one year

Policy

Creditors with no stated interest rate and which are receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in the Statement of Comprehensive Income in Other operating expenses.

Provisions are made within the accounts where a present obligation has arisen as a result of a past event for which settlement is probable and can be reliably estimated. The amount recognised is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where the effect of the time value of money is material, the amount expected to be required to settle the obligation is recognised at present value using a pre-tax discount rate. The unwinding of the discount is recognised as a finance cost in the Statement of Comprehensive Income in the period it arises.

The Association recognises a provision for annual leave accrued by employees as a result of services rendered in the current period, and which employees are entitled to carry forward and use within the next 12 months. The provision is measured at the salary cost payable for the period of absence.

Deferred income comprises grant income, premiums on leases which are released over the life of the lease and other income received which is carried forward over the lives of the assets concerned.

The Group introduced a zero balance account (ZBA) cash pooling arrangement during the financial year 2015/16 whereby cash held by each entity is pooled into Group accounts held by the Parent, Circle Anglia Limited. As a result the Group subsidiaries hold very little cash and instead have an intercompany balance with the Parent which attracts interest.

The obligations under finance leases and hire purchase contracts represent outstanding capital on leasing commitments linked to deferred mortgages.

Where assets are financed by leasing arrangements that give rights approximating to ownership, they are classified as finance leases and are treated as if they have been purchased outright. The amount capitalised is the present value of the minimum lease payment due during the term of the lease. The corresponding leasing commitments are shown as obligations to the lessor.

21. Reconciliation of RCGF and DPF balances

Policy

The Group is permitted to set aside repayable capital development grants from staircased shared ownership sales into a Recycled Capital Grant Fund (RCGF). This Fund is to be utilised in the acquisition of new housing within three years or the grants become repayable to the HCA or GLA. The Group is required to set aside a significant proportion of proceeds from sales under the Voluntary Purchase Grant Scheme according to a predetermined formula, under Section 24 of the Housing Act 1996, into a Disposal Proceeds Fund (DPF). This Fund is to be utilised in the acquisition of new housing and must also be used within three years or the grants become repayable to the HCA or GLA.

22. Stock transfers

Policy

Where opportunities for the regeneration of local authority housing stock arise after transfer requests from tenants and residents, the Group may seek to maximise the resources available for regeneration schemes by entering into VAT shelter arrangements. In these circumstances, the underlying substance of the transactions is reflected in the accounts on a gross basis and reflects the Group's legally binding obligation. The obligation to the local authorities is shown as long-term debtors and the obligation to contractors under the refurbishment contracts is shown in long-term creditors. Amounts due within one year under the arrangements are classified within current assets and liabilities.

23. Debt analysis

Policy

An election has been made to apply the recognition and measurement provisions of IFRS 9 Financial Instruments as allowed under FRS 102 sections 11.2 and 12.2.

Loans, investments and short-term deposits

All loans, investments and short-term deposits held by the Group are initially measured at fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs. The best evidence of the fair value of a financial instrument at initial recognition is normally the transaction price.

Where contractual cash flows meet the recognition requirements of IFRS 9, loans, investments and short-term deposits are subsequently measured at amortised cost, unless the difference between the historical cost and amortised cost basis is deemed immaterial. Amortised cost is calculated using the effective interest method which applies a rate of interest that exactly discounts estimated future cash payments or receipts (including any associated premium, discount or loan arrangement costs) through the expected life of the financial instruments to the net carrying amount of the financial asset or liability. The current rate of LIBOR at the reporting date is used and assumed to be constant for the life of the loan. Loans and investments that are payable or receivable in one year are not discounted.

Where contractual cash flows do not meet the recognition requirements of IFRS 9, loans, investments and short-term deposits are subsequently measured at fair value with gains or losses taken to the Statement of Comprehensive Income.

Where loans and other financial instruments are redeemed during the year, a redemption penalty is recognised in the Statement of Comprehensive Income of the year in which the redemption takes place, where applicable.

To manage interest rate risk, the Group manages its proportion of fixed to variable rate borrowings within approved limits and where appropriate, utilises interest rate swap agreements. Amounts payable and receivable in respect of these agreements are recognised as adjustments to interest payable over the period of the agreement.

Debt is repayable as follows:		
Within one year	**9.5**	17.6
Between one and two years	**12.8**	8.2
Between two and five years	**73.6**	59.3
After five years	**1,994.2**	1,903.1
	2,090.1	1,988.2

Included within the debt are fair value amounts of £2.8 million (2015: £9.8 million) relating to the acquisition of Mercian Housing Association and £17.2 million (2015: £17.9 million) relating to the acquisition of Russet Homes Limited, and £8.2 million (2015: nil) relating to the fair value adjustment of the private placement required for the hedging relationship. The fair value adjustments represent the difference between the book value and the fair value at the date of the acquisitions and this is the price the loans are carried at in the financial statements. The fair value is amortised over the life of the loans. £1.2 million of fair value has been released this year.

Also included within debt are net bond premium and amortisation adjustments of £38.1 million (2015: £24.7 million), interest of £0.4 million (2015: £0.5 million) on the finance lease and overdrawn amounts of £3.1 million (2015: £10.3 million).

Of the remaining balance, £1,242.4 million (2015: £1,280.0 million) relates to loans drawn from committed debt facilities of £1,652.7 million (2015: £1,659.3 million). A further £635.0 million (2015: £635.0 million) is represented by the bond issue through Circle Anglia Social Housing Plc and £150.0 million (2015: £nil) is represented by the private placement through Circle Anglia Social Housing 2 Plc.

The Group's treasury vehicle, Circle Anglia Treasury Limited, directly funds the borrowing requirements of the charitable Registered Providers within the Group. However, £10.0 million (2015: £14.7 million) of facilities still reside within the charitable Registered Providers and include a £0.7 million (2015: £0.7 million) finance lease in Wherry Housing Association, £1.3 million (2015: £1.3 million) in historical bonds and loans in Circle 33 Housing Trust and £8.1 million (2015: £12.7 million) in Mercian Housing Association. Furthermore, £33.2 million relates to mortgages within the Landericus Group (2015: £30.9 million) which are secured against its stock.

The Group's facilities are repayable at various dates through to 2046 and are secured by fixed charges over the completed housing properties of the participating Group members and a series of cross-guarantees.

Around 98% (2015: 94%) of the Group's portfolio is fixed either directly or as a result of interest rate swaps which convert the variable rate of interest to a fixed rate. This minimises the Group's exposure to fluctuating variable interest rates.

The following tables show the maturity and margins on the principal borrowings excluding overdraft:

The above tables take account of interest rate swaps, forward rate agreements and embedded fixes, which hedged the variable debt as at 31 March 2016 for an average of 16 years (2014: 17 years).

24. Financial instruments

Policy

Derivative financial instruments and hedge accounting

To manage interest rate risk, the Group manages its proportion of fixed to variable rate borrowings within approved limits and where appropriate, utilises interest rate swap agreements. Amounts payable and receivable in respect of these agreements are recognised as adjustments to interest payable over the period of the agreement.

These derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative.

Where considered appropriate, the Group applies hedge accounting and has designated each of the swaps against either existing drawn debt or against highly probable future debt. Hedges are classified as either:

- fair value hedges when hedging exposure to changes in the fair value of a recognised asset or liability, or
- cash flow hedges when hedging exposure to variability in cash flows that is attributable to either a particular risk associated with a recognised asset or liability or a highly probable forecast transaction.

Hedge relationships are formally designated and documented at inception, together with the risk management objective and strategy for undertaking the hedge. The documentation includes identification of the hedging instrument, the hedged item or transaction, the nature of the risk being hedged, and how the entity will assess the hedging instrument effectiveness in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected at inception to be highly effective in achieving offsetting changes in fair value or cash flows.

Hedges meeting the criteria for hedge accounting are accounted for as follows:

Fair value hedges

The change in fair value of a hedging derivative is recognised in the Income Statement. The change in the fair value of the hedged item attributable to the risk being hedged is recorded as part of the carrying value of the hedged item and is also recognised in the Income Statement. The Group applies fair value hedge accounting when hedging interest rate risk on fixed rate borrowings. If the criteria for hedge accounting are no longer met, or if the Group revokes the designation, the accumulated adjustment to the carrying amount of a hedged item at such time is then amortised to the Income Statement over the remaining period to maturity.

Cash flow hedges

To the extent the hedge is effective, movements in fair value adjustments, other than adjustments for own or counterparty credit risk, are recognised in Other Comprehensive Income and presented in a separate cash flow hedge reserve. Any movements in fair value relating to ineffectiveness and adjustments for our own or counterparty credit risk are recognised in the Income Statement.

Where an entity discontinues hedge accounting for a cash flow hedge and if the hedged future cash flows are still expected to occur, the amount that has been accumulated in the cash flow hedge reserve remains there until those future cash flows occur. If the hedged future cash flows are no longer expected to occur, that amount is immediately reclassified to the Income Statement.

24. Financial instruments (continued)

Valuation

All financial assets or liabilities at fair value are calculated using measurements based on inputs that are observable for the asset either directly or indirectly from prices.

Fair value is determined as the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. To calculate fair value, the Association uses:

- where they exist, quoted market prices in an active market for an identical asset or liability; or
- if a market for a financial instrument is not active, the Association will use a valuation technique that makes maximum use of market inputs and includes recent arm's length market transactions, reference to the current fair value of another instrument that is substantially the same, discounted cash flow analysis, and option pricing models where in each case it is an acceptable valuation technique that incorporates all factors that market participants would consider in setting a price.

Security

All derivatives, except for two (2015: one) interest rate caps in the Landericus group of companies, are traded under Swaps and Derivatives Association (ISDA) agreements. Under the Credit Support Annexes (CSAs) of the ISDA, the Group is required to collaterise any negative fair value positions of the standalone derivatives, in excess of the thresholds. Under the CSAs, the counterparties will accept a mix of property security or cash. The aggregate threshold is £34 million (2015: £34 million) and property security of £218 million (2015: £212 million) and cash collateral of £49 million (2015: £16 million) was in place as at 31 March 2016.

Interest rate caps

These are interest rate derivatives where the Group is compensated if the interest rate exceeds a given interest rate. There are two outstanding caps within the Group at the end of the financial year 2015/16. The outstanding cap is amortising in line with the underlying debt.

Interest rate swaps

These are interest rate swaps to pay or receive fixed rate for a fixed period. Of the total, £53.2 million (2015: £53.5 million) is amortising in line with underlying debt.

Forward starting swaps represent hedging activity entered into in line with the Group's Treasury Risk Management Policy based on the forecast debt profile to protect against future interest rate increases.

24. Financial instruments (continued)

The following table indicates the periods in which cash flows associated with cash flow hedging instruments are expected to occur:

	2016 £m	2015 £m
Due within one year	**(0.1)**	(0.1)
Between one and two years	**–**	(0.4)
Between two and three years	**–**	–
Between three and five years	**(22.4)**	(6.2)
In five years or more	**(221.6)**	(222.8)
	(244.1)	(229.5)

In order to better understand the assumptions behind the nature of measuring the fair values of our swap portfolio, the values have been placed into a fair value hierarchy similar to that under IFRS 13 as described below:

- Level 1 – unadjusted quoted prices for identical assets and liabilities in active markets.
- Level 2 – other observable inputs for the asset or liability such as quoted prices in active markets for similar assets or liabilities or quoted prices for identical assets or liabilities in markets which are not active.
- Level 3 – unobservable inputs developed by an entity using the best information available where there is little or no market activity for the asset or liability at the measurement date.

Fair value hierarchy

	2016 £m	2015 £m

Level 2 fair valuation	**(244.1)**	(229.5)
Level 3 fair valuation	**–**	–
Net fair valuation	**(244.1)**	(229.5)

Fair value measurement

Derivative financial instruments are calculated measured at the present value of future cash flows estimated and discounted based on the applicable yield curves derived from quoted interest rates. As required by IFRS 13, there is also a bilateral credit valuation adjustment made in order to adjust for the credit worthiness of the counterparties involved in the trade.

A summary of the financial instruments held by category is provided below:

25. Deferred tax

Policy

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

A net deferred tax asset is recognised only if there is sufficient evidence that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is expected to be realised or the liability settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the balance sheet date.

Deferred tax assets and liabilities are not discounted.

26. Financial commitments

Policy

Financial commitments are predominantly commitments towards developments which have been contracted and which have started on site, or approved by Board.

Costs will be funded by a combination of grant, loans and cash flows from operating activities.

As a proportion of the historical cost of fixed assets, the capital committed above represents 6.17% (2015: 6.84%).

27.. Operating leases

Policy

Rentals paid under operating leases (including those paid under 'Temporary Market Rent Housing' leases) are charged to the Statement of Comprehensive Income on an accruals basis. The aggregate benefit of lease incentives is recognised as a reduction to the expense recognised over the lease term on a straight line basis. As per FRS 102 35.10 (p), an exemption has been applied such that leases commenced prior to transition to this FRS continue to be measured with lease incentives recognised over the review period as opposed to the full lease period.

As at 31 March 2016 operating lease commitments were as follows:

29. Contingent liabilities/assets

Policy

A contingent liability is either a possible but uncertain obligation as a result of a past event, or a present obligation that arises from past events but is not recognised because:

- it is not probable that an outflow of economic resources will be required; or
- the amount of the obligation cannot be measured with sufficient reliability.

Circle Housing Circle 33 is contracted to two performance bonds, one for £250,000 with Lewisham Borough Council and one for £78,840 with the London Borough of Islington. These have been set up to compensate the relevant council for the cost of finding a new contractor in the event of the Group's non-performance. No events have occurred that would result in the crystallisation of either of these bonds.

Circle Housing Circle 33 is contracted to two performance bonds, one for £250,000 with Lewisham Borough Council and one for £78,840 with the London Borough of Islington. These have been set up to compensate the relevant council for the cost of finding a new contractor in the event of the Group's non-performance. No events have occurred that would result in the crystallisation of either of these bonds.

In 2014/15, Circle Housing Mercian had a separate contingent asset relating to a claim for recovery of a £696,000 deposit and expenses. The claim was made against the insurers and solicitors acting for Zenith Development Partnership Ltd which provides housing and building services to the Association. The matter was closed on 17th September 2015 with a payment of £740,000 (inclusive of costs) made to the Association.

In Circle Housing Mercian there is a claim underway to recover £120,000 of unpaid rent from Birmingham YMCA which is at the pre-claim stage.

Circle Housing Russet has entered into a contract with Land Securities Eastern Quarry Ltd to purchase land at Castle Hill, Eastern Quarry, Ebbsfleet in three phases. There is an Option Agreement in place over phases two and three. Under the terms of the Option Agreement, the Seller (Land Securities Eastern Quarry Ltd) shall be entitled to serve on the Buyer (the Association) up to two Option Notices. The Option Agreement persists for a period of seven years from the date of the agreement after which it will expire without penalty on either party. An Option Fee of £1 will be payable by the Buyer to the Seller on exchange of legally binding contracts. Phase two is to be purchased at a cost of £6.5 million and phase three at a cost of £3.5 million.

The Group receives grant from the HCA and GLA which is used to fund the acquisition and development of housing properties and their components. In line with FRS 102, Section 24, £163 million (2015: £150 million) of such grant has been credited to reserves. The Group has a future obligation to recycle or repay such grant once these properties are discharged of. As at 31 March 2016 the timing of any future disposal is uncertain.

30. Pension obligations

Policy

Defined benefit pension schemes

The Group participates in several defined benefit pension schemes which provide benefits based on final pensionable pay. The assets of the schemes are held separately from those of the Group. being invested in independently managed superannuation funds.

Pension scheme assets are measured using market values. Pension scheme liabilities are measured using a projected unit method and discounted at the current rate of return on a highquality corporate bond of equivalent term and currency to the liability. In accordance with FRS 102 section 28, the pension scheme surplus (to the extent that it is recoverable) or deficit is recognised in full. The movement in the scheme surplus/deficit is split between operating charges, finance items and, in the Statement of Comprehensive Income, actuarial gains and losses. Pension costs are assessed in accordance with the advice of independent qualified actuaries. Costs include the regular cost of providing benefits which, it is intended, should remain a substantially level percentage of the current and expected future earnings of the employees covered. Variations from the regular pension costs are spread evenly through the Statement of Comprehensive Income over the average remaining service lives of the current employees.

There are a number of critical underlying assumptions when measuring our defined benefit schemes, including standard rates of inflation, mortality, discount rates and anticipation of future salaries. Variation in these assumptions may significantly impact the defined benefit obligation and annual expense. These assumptions and calculations are prepared by an independent actuary.

Defined contribution pension schemes

Certain employees have opted to take out separate arrangements under various defined contribution schemes which they have chosen. The assets of such schemes are also separate from those of the Group being invested by independent fund managers. Contributions by the Group are charged to the Statement of Comprehensive Income for the year in which they are payable to the schemes.

The Group also participates in several stakeholder pension schemes to provide retirement benefits for eligible employees of the Group. Contributions to the stakeholder pension schemes are calculated as a percentage of pensionable salary and are charged to the Statement of Comprehensive Income. The schemes are not contracted out of the State Earnings Related Pension Scheme. Monthly contributions from each member are invested in the Standard Life Corporate Plan in accordance with the wishes of each member.

Social Housing Pension Scheme (SHPS)

The Group participates in the Social Housing Pension Scheme (the Scheme). The Scheme is funded and is contracted out of the State Pension scheme. As the Scheme is a multi-employer scheme where the Scheme assets are co-mingled for investment purposes, and benefits are paid for total Scheme assets, it is not possible in the normal course of events to identify on a consistent and reasonable basis the share of underlying assets and liabilities belonging to individual participating employers. Accordingly, due to the nature of the Scheme, the accounting charge for the period under FRS 102 section 28.11 represents the employer contribution payable. Contributions payable from the Association to the Scheme under the terms of its funding agreement for past deficits are recognised as a liability in the Association's financial statements.

Note: Details of all of the funds can be found in the individual entities' financial statements.

'Other' represents four defined benefit pension funds for Circle Care and Support Limited and Old Ford Housing Association each with fewer than 11 members and therefore considered to be below the materiality level for reporting in the consolidated financial statements. It also includes contributions payable to SHPS under the terms of its funding agreement.

The four defined benefit pension funds are Islington Council (Circle Care and Support Limited), Cambridgeshire County Council (Circle Care and Support Limited), Kent County Council (Circle Care and Support Limited) and the London Borough of Tower Hamlets (Old Ford Housing Association).

Circle Care and Support Limited and Circle Anglia Limited both have active members in SHPS but as there are fewer than ten, consolidated amounts have not been disclosed on the grounds of materiality.

Principal actuarial assumptions were as follows:

	2016	2015
Pension increase rate	**2.0%–2.5%**	2.0%–2.6%
Salary increase rate	**3.2%–4.3%**	3.3%–4.4%
Discount rate	**3.5%–3.8%**	3.2%–3.5%

The assumptions relating to longevity underlying the pension liabilities at the balance sheet date are based on standard actuarial mortality tables and include an allowance for future improvements in longevity. The assumptions are equivalent to expecting a 65 year old to live for a number of years as follows:

	Male (years)	Female (years)
Current pensioner aged 65	**21.1–22.9**	**24.2–25.8**
Future retiree upon reaching 65	**24.3–25.2**	**26.4–28.1**

Circle Anglia Limited

The Norfolk County Council Superannuation Fund

The Association operates a defined benefit scheme for employees, the assets of which are held in a separate trustee administered fund, the Norfolk County Council Superannuation Fund. The actuarial liabilities in relation to the scheme are subject to triennial valuation by independent actuaries. The last triennial valuation was carried out in 2013 and an actuarial valuation was carried out for 31 March 2016 using the projected unit method.

The overall expected rate of return is calculated by weighting the individual rates in accordance with the anticipated balance in the plan's investment portfolio:

Principal actuarial assumptions at the year end were as follows:

	2016	2015
Pension increase rate	**2.2%**	2.4%
Salary increase rate	**3.2%**	3.3%
Discount rate	**3.5%**	3.2%

The assumptions relating to longevity underlying the pension liabilities at the balance sheet date are based on standard actuarial mortality tables and include an allowance for future improvements in longevity. The assumptions are equivalent to expecting a 65 year old to live for a number of years as follows:

	Male (years)	Female (years)
Current pensioner aged 65	**22.1**	**24.3**
Future retiree upon reaching 65	**24.5**	**26.9**

The net pension deficit at the year end comprised the following	2016 £m	2015 £m

Social Housing Pension Scheme (SHPS)

The Association participates in the SHPS, a multi-employer scheme which provides benefits to some 500 non-associated employers. The Scheme is a defined benefit scheme in the UK. It is not possible for the Association to obtain sufficient information to enable it to account for the Scheme as a defined benefit scheme. Therefore it accounts for the Scheme as a defined contribution scheme.

30. Pension obligations (continued)

Circle Anglia Limited (continued)

Social Housing Pension Scheme (continued)

The Scheme is subject to the funding legislation outlined in the Pensions Act 2004 which came into force on 30 December 2005. This, together with documents issued by the Pensions Regulator and Technical Actuarial Standards issued by the Financial Reporting Council, set out the framework for funding defined benefit occupational pension schemes in the UK.

The Scheme is classified as a 'last-man standing arrangement'. Therefore the Association is potentially liable for other participating employers' obligations if those employers are unable to meet their share of the Scheme deficit following withdrawal from the Scheme. Participating employers are legally required to meet their share of the Scheme deficit on an annuity purchase basis on withdrawal from the Scheme.

A full actuarial valuation for the Scheme was carried out with an effective date of 30 September 2014. This actuarial valuation was certified on 23 November 2015 and showed assets of £3,123 million, liabilities of £4,446 million and a deficit of £1,323 million. To eliminate this funding shortfall, the trustees and the participating employers have agreed that additional contributions will be paid, in combination from all employers, to the Scheme as follows:

Deficit contributions:	
Tier 1	£40.6 million per annum
From 1 April 2016 to 30 September 2020:	(payable monthly and increasing by 4.7% each year on 1 April)
Tier 2	£28.6 million per annum
From 1 April 2016 to 30 September 2023:	(payable monthly and increasing by 4.7% each year on 1 April)
Tier 3	£32.7 million per annum
From 1 April 2016 to 30 September 2026:	(payable monthly and increasing by 3.0% each year on 1 April)
Tier 4	£31.7 million per annum
From 1 April 2016 to 30 September 2026:	(payable monthly and increasing by 3.0% each year on 1 April)

Note that the Scheme's previous valuation was carried out with an effective date of 30 September 2011; this valuation was certified on 17 December 2012 and showed assets of £2,062 million, liabilities of £3,097 million and a deficit of £1,035 million. To eliminate this funding shortfall, payments consisted of the Tier 1, 2 and 3 deficit contributions.

Where the Scheme is in deficit and where the Association has agreed to a deficit funding arrangement, the Association recognises a liability for this obligation. The amount recognised is the net present value of the deficit reduction contributions payable under the agreement that relates to the deficit. The present value is calculated using the discount rate detailed in these disclosures. Then unwinding of the discount rate is recognised as a finance cost.

The discount rates shown above are the equivalent single discount rates which, when used to discount the future recovery plan contributions due, would give the same results as using a full AA corporate bond yield curve to discount the same recovery plan contributions.

Defined contribution pension schemes

The Group participates in several stakeholder pension schemes to provide retirement benefits for eligible employees of the Group. Contributions to the stakeholder pension scheme are calculated as a percentage of pensionable salary and are charged to the Income and Expenditure account. The schemes are not contracted out of the State Earnings Related Pension Scheme. Monthly contributions from each member are invested in the Standard Life Corporate Plan in accordance with the wishes of each member.

Certain employees have opted to take out separate arrangements under various defined contribution schemes which they have chosen. The assets of such schemes are also separate from those of the Group, being invested by independent fund managers. Contributions by the Group are charged to the Income and Expenditure account for the year in which they are payable to the schemes.

31. Related party transactions

As at 31 March 2016, there were no Board or Committee members who were Circle Anglia Limited tenants or shared owners (2015: nil).

With the exception of the Chief Executive Officer, each member of the Board of Management holds a non-equity share of £1 in the Association. The shares carry the right to vote at meetings of members on the basis of one share, one vote. They do not carry any right to a dividend, to any redemption value or to any distribution on winding up.

33. Reserves

Policy

Where the Group is required to do so due to external restrictions, a number of restricted reserves have been established for these specific purposes.

The income and expenditure reserve is used towards funding the day to day operations of the Group.

33. Reserves (continued)

The cash flow hedge reserve comprises the portion of the net cumulative gains and losses in the fair value of the cash flow hedging instruments calculated to be effectively hedged (detailed in note 24 Financial instruments) that are being held to maturity in designated cash flow hedging relationships. It also contains (as prescribed in IFRS 9 6.5.12) the amortised value of any cancelled cash flow hedging instruments that had been in hedging relationships where the hedged item continues to be held by the Group.

36. Explanation of transition to FRS 102 from old UK GAAP

As stated in note 2, these are the Company's first financial statements prepared in accordance with FRS 102.

The accounting policies set out in note 2 have been applied in preparing the financial statements for the year ended 31 March 2016 and the comparative information presented in these financial statements for the year ended 31 March 2015.

In preparing its FRS 102 balance sheet, the Company has adjusted amounts reported previously in financial statements prepared in accordance with its old basis of accounting (UK GAAP). An explanation of how the transition from UK GAAP to FRS 102 has affected the Company's financial position and financial performance is set out in the following tables and the notes that accompany the tables.

36. Explanation of transition to FRS 102 from old UK GAAP (continued)

Transition to FRS 102

Circle Anglia Limited has adopted FRS 102 for the year ended 2016 and has restated the comparative prior year amounts. Due to the updated requirements for presentation under FRS 102, the form of the Balance Sheet and Income and Expenditure Account has changed from the previous UK GAAP interpretations. In order to show the quantitative changes clearly, the transition note is largely aligned to the previous published statutory accounts and the updated form can be seen in the Statement of Financial Position and the Statement of Comprehensive Income.

a. Social Housing Grant

As required by the Housing SORP 2014, Social Housing Grant is carried as deferred income in the Statement of Financial Position and released to the Statement of Comprehensive Income on a systematic basis over the useful economic lives of the component asset class of structure. The amortisation of this grant is reported as turnover of £12.8 million in the 2014/15 financial year.

The change in allocation of grant from land and structure to just structure also results in an increase in depreciation of £5.5 million and a reduction made to the surplus on any properties sold of £0.1 million which results in a net charge to the Income Statement of £7.3 million in the 2014/15 financial year.

The adjustment made to the revenue reserve for previous, cumulative adjustment totals £136.7 million for grant amortisation and the depreciation adjustments total £53.6 million.

There is also a presentational change with Social Housing Grant reclassified from Housing properties to Creditors: Amounts falling due after more than one year. The element to be amortised within the next year is shown as short term.

b. Investment properties

Under FRS 102, market rent properties are classified as Investment properties and are held at fair value. Fair value movements are recognised on the face of the Statement of Comprehensive Income. At the transition date, a total of £181.5 million of Housing properties and Other tangible fixed assets were reclassified as Investment properties. A revaluation gain of £0.2 million has been recognised at this date and a write-back of depreciation totalling £9.7 million. During the financial year 2014/15, a further revaluation gain of £10.1 million and a further transfer of £0.1 million from Housing properties has also been recognised and a further write-back of depreciation totalling £1.3 million. There was also a foreign exchange loss of £6.7 million recognised within the financial year 2014/15 within the Investment properties. As at 31 March 2015, Investment properties were valued at £185.0 million.

c. Holiday pay accrual

An accrual is now made for entitlement to holiday at the year end which has not been taken by employees. This has been calculated based on payroll records and totalled £1.0 million as a liability in opening reserves. This accrual, within Creditors: Amounts falling due within one year, increased to £1.3 million in the 2014/15 financial year resulting in a £0.3 million charge to the Statement of Comprehensive Income within Operating costs.

d. Lease incentives

Under our previous accounting framework, lease incentives were accounted for over the period to a rent review. This incentive is now accrued over the period of the full lease and has resulted in an increased charge in the 2014/15 financial year of £0.7 million within Operating costs.

e. Finance leases

Finance leases are valued using the effective interest rate methodology. The carrying value and interest payable are adjusted to account for this change. In the 2014/15 financial year an extra £24,000 (2014: reduction of £200,000) is added to the interest payable with the total obligation reduced by £200,000 in the Statement of Financial Position within Creditors: Amounts falling due after more than one year.

36. Explanation of transition to FRS 102 from old UK GAAP (continued)

f. Pensions

Under FRS 102 section 28 the Group is now required to recognise the interest on the net scheme liabilities at a single combined rate. This results in a presentational adjustment showing a reduction of interest income of £1.6 million, which is instead reflected as Other Comprehensive Income.

The Group is also required to recognise the net present value of any contractual agreements under the Social Housing Pension Scheme to make additional payments for a past deficit which has resulted in a liability of £0.2 million, reflected in opening reserves. There is a further charge in the 2014/15 financial year of £21,000.

g. Bond and loan balances

There are two bonds in issuance from Circle Housing Group from 2008 and 2012 of which portions have been retained by the Group to issue at later times when appropriate. These later issuances are treated as separate external issuances of that bond under FRS 102. These issuances are now accounted for using the effective interest rate methodology, resulting in an adjustment to their carrying value and therefore a transition date adjustment of £0.4 million to increase the liability in Creditors and a reduction in the interest charge in the 2014/15 financial year of £0.8 million.

h. Goodwill

Under FRS 102, goodwill is considered to have a useful life of ten years which results in an increased amortisation charge of £0.3 million and a resultant reduced goodwill balance of £7.6 million.

Derivatives

Circle Anglia Limited was not previously required to recognise derivative financial instruments on the Balance Sheet. Instead the effects of the derivative financial instruments were recognised in Income or Expenditure on settlement.

Under FRS 102, derivative financial instruments are now required to be recognised on our Statement of Financial Position at fair value when an entity becomes party to the contractual obligation. These are either recognised as a financial asset or a financial liability.

On the adoption of the requirements of FRS 102, financial assets of £5.8 million and financial liabilities of £113.2 million have been recognised on the Statement of Financial Position at the date of transition.

At 31 March 2015, the fair values of the financial assets and financial liabilities were £11.9 million and £241.3 million, respectively. This has resulted in a movement in fair value of these instruments of £2.3 million that has been charged to the Income Statement and a charge to Other Comprehensive Income of £127.4 million.

Hedge accounting

Circle Anglia Limited has elected to apply hedge accounting under IFRS 9 which will affect the nature of the movement in valuations of the derivatives held under cash flow hedges and whether that movement will be charged/credited through the Income Statement or the cash flow hedge reserve.

i. Ineffective portion of hedged derivatives

The ineffective portion of the hedged derivatives is charged through the Income Statement and was £0.1 million in 2014 and £2.3 million in 2015. These are shown as a Movement in fair value of financial instruments on the face of the Statement of Comprehensive Income. The resultant effect on the revenue reserve is, therefore, £2.4 million.

j. Movement in fair value of financial instruments not in hedging relationship

The fair value movements of the derivative associated with the fair value movement of the 2038 bond has resulted in gains of £7.5 million in the year ended 31 March 2015 and £4.4 million at the transition date with a total effect on Revenue reserves of £11.9 million.

k. Effective portion of hedged derivatives

The Hedge accounting was initialised at the transition date and the effective portion of the hedged derivatives is charged to Other Comprehensive Income. This totalled £127.4 million in 2015 and £111.5 million in 2014 to give a total cash flow hedge reserve of £238.9 million.

36. Explanation of transition to FRS 102 from old UK GAAP (continued)

Presentation

l. Share of net assets

There is a presentational change in line with FRS 102 section 15 to show the share of gross assets and share of gross liabilities as a single line for a jointly controlled entity. There is also a revaluation of £5.1 million (2014: £nil) of a loan within the Circle Hill joint venture which adjusted in Debtors: Amounts falling due after more than one year.

m. Designated reserves

In line with the Housing SORP 2014, designated reserves are no longer separately identified on the face of the Statement of Financial Position. The majority of the Group's designated reserves relate to unutilised contributions to service charge sinking funds and have therefore been reclassified to Other creditors: Amounts falling due after more than one year.

n. Other financial income

In line with the Housing SORP 2014, 'Other financial income/other finance (cost)' is now shown within Interest receivable as a combined sum due to the different treatment of FRS 102 section 28.

o. Cash and cash equivalents

Money market funds which are deposited for periods of less than three months are reclassified from Investments to Cash and cash equivalents in line with FRS 102 section 7 which has clarified the distinction for highly liquid investments.

p. Deferred tax liability

In line with FRS 102 section 29, the deferred tax element of net pension liability is now shown gross of the pension and so an adjustment is made to Debtors: Amounts falling due after more than one year for £3.5 million.

37 Events at the end of the reporting period

We are working in markets that are experiencing change as a result of government policy and growing demand. The vote on 23 June 2016 to leave the EU has created further uncertainty in our sector. We have created an active register detailing risks relating to leaving the EU and our approach to managing them, which is integrated with existing risks facing the organisation.

Providing good services to our current residents is our top priority – and we know there are areas, especially in parts of London where we can and will do better.

But building 50,000 homes over a decade and delivering the most extensive and influential community investment programme in the sector are bold ambitions. By attracting additional external funding, our investment into our communities will be around £150 million over the next 10 years, making this the largest programme of its kind in the country.

Building futures
Clarion provides more than housing. We support more than 4,000 people into work and training each year as well as supporting 15,000 young people a year to make a better start in life, for example through partnerships with the education sector and the provision of apprenticeships.

Experience
Our experience of delivering large scale regeneration projects is sector-leading. We adopt innovative approaches to secure successful delivery, which means we can deliver new homes and communities without the need to rely on government grant.

Increased capacity
We can increase our home building programme to 50,000 over 10 years, while maintaining a strong credit profile.

In an uncertain economic environment a strong financial performance is more important than ever

Uncertainties relating to Brexit and government stability can create problems. Our financial performance will ensure the Group remains stable through difficult times.

STRONG FINANCIAL PERFORMANCE

Resilience to risk
Our financial strength means we will be able to manage adverse trading conditions, absorb market shocks and ride out economic uncertainty.

Greater efficiency
A change programme on a scale unprecedented in the sector will modernise customer services and create a platform for growth.

Increased influence
As the largest affordable housing provider in the country we have the scope to influence public policy for the benefit of our customers and the sector as a whole.

Partnership
At Clarion we know that unlocking the biggest opportunities is driven by our partnerships. From policy makers and local authorities, to architects, developers and the whole supply chain – we drive partnerships, working together to realise our ambitions.

The formation of Clarion represents the largest merger the sector has ever seen

We are well on track to deliver our ambition to consolidate all of our housing association subsidiaries to create a single housing association.

I am pleased to present this, the first Annual Report and Financial Accounts for what is the now the largest affordable housing provider in the country – Clarion Housing Group, with responsibility for nearly 125,000 homes in 176 local authorities across England.

Clarion, was created by the the largest merger the sector has ever seen, between Affinity Sutton and Circle Housing groups. The merger, however, was not an end in itself. The creation of the new organisation puts us in a very strong position in terms of delivering for our customers, across all tenures, and making us a major national force in delivering new homes and helping to tackle the housing crisis.

We are well on track to deliver our ambition to consolidate all of our housing association subsidiaries to create a single housing association. This will enable us to deliver better local services to our residents as well as the biggest social investment programme in the sector, thereby underlining our ongoing commitment to place social purpose at the heart of everything we do.

We launched Clarion at a time when we are confronted by a very particular set of headwinds. Although it is too early to say what the impact of Brexit or the uncertain general election result might be, I am confident that our financial strength and Clarion's clear sense of strategic direction will ensure we are able to drive future success.

We ended 2016/2017 having made a surplus of £173 million on a turnover of £796 million and generating an Operating Margin of 36%. Although marginally below forecast due to a number of exceptional merger related costs, our financial strength is recognised by Moody's rating agency through our A2 rating, a strong investment grade rating. Most importantly these results provide us with a solid foundation to deliver on our key merger drivers: to build more homes, deliver efficiencies, provide consistent customer-focused services through a multi channel approach and increase the numbers of people we can support into work and training.

I am acutely aware that our scale and reach brings substantially increased responsibilities, particularly at a time of housing shortage. We aim to play a major role in developing new homes. By merging we have been able to unlock greater capacity and our target is to more than double the number of new homes we can build to 50,000 over 10 years. Our key priority, and social purpose, is to build affordable homes for rent and low cost home ownership and this will form two thirds of our programme. Our strategy and business plan places minimal reliance on public subsidy but we will continue to lobby government on the value and cost effectiveness of providing subsidy for affordable housing. We could do so much more if we had certainty about future rent levels, the availability of public funding, access to public land and more efficient planning decisions.

Despite the inevitable challenges associated with bringing two large and complex organisations together – albeit organisations with a shared a set of values, ethos and culture – plus the need to bring about significant improvements to service delivery, our board and staff have risen to meet the challenges head on. I am very proud of what we have achieved in such a short space of time and I would like to thank all our people for their commitment and dedication. I would particularly like to record my thanks to two key individuals who left Clarion after the year end. Sir Robin Young, the former chair of Circle Housing and inaugural Clarion Chair and Mark Rogers, the former Circle Chief Executive. Robin and Mark had the foresight and determination to steer through what was a complex transaction in sometimes difficult circumstances. The formation of Clarion Housing Group would not have been possible without them.

Clarion is new and ambitious. I am confident we are in the best possible position to overcome the challenges we will face as we deliver our programme to build homes and develop futures.

Chairman

Ensuring our future success

Our top priority is to ensure that our residents live in good quality homes and receive consistently good service.

At Clarion we have brought together two organisations with over one hundred years of history of investing in communities and improving the life chances of the people who live in them.

This shared sense of social purpose was a recurring theme in our merger discussions and has shaped our ambitions to support 4,000 people into work and training every year; to provide 250 apprenticeships; to help 5,000 people take full control of their finances; and to assist 15,000 young people make a better start in life every year. This programme, one of the largest social investment programmes in the country, sets us apart and will have a profound impact on the quality of life of our residents and those living in our communities.

We must not, of course, forget that first and foremost we are a social landlord, and a high volume customer service business; and therefore our top priority is to ensure that our residents live in good quality homes and receive consistently good services from us, wherever they live. It was deeply disappointing that very soon after the merger, the Homes and Communities Agency issued a Regulatory Notice as a result of shortcomings in the services Circle provided to residents in parts of London. The service received by some Circle residents has not been good enough and the new Clarion Board and Executive Team take full responsibility for putting things right just as quickly as we can.

The new Group immediately put in place an action plan to transform the way services are provided for Circle's residents. Some of the improvements will take time but progress is already significant and we are confident that we will address and improve

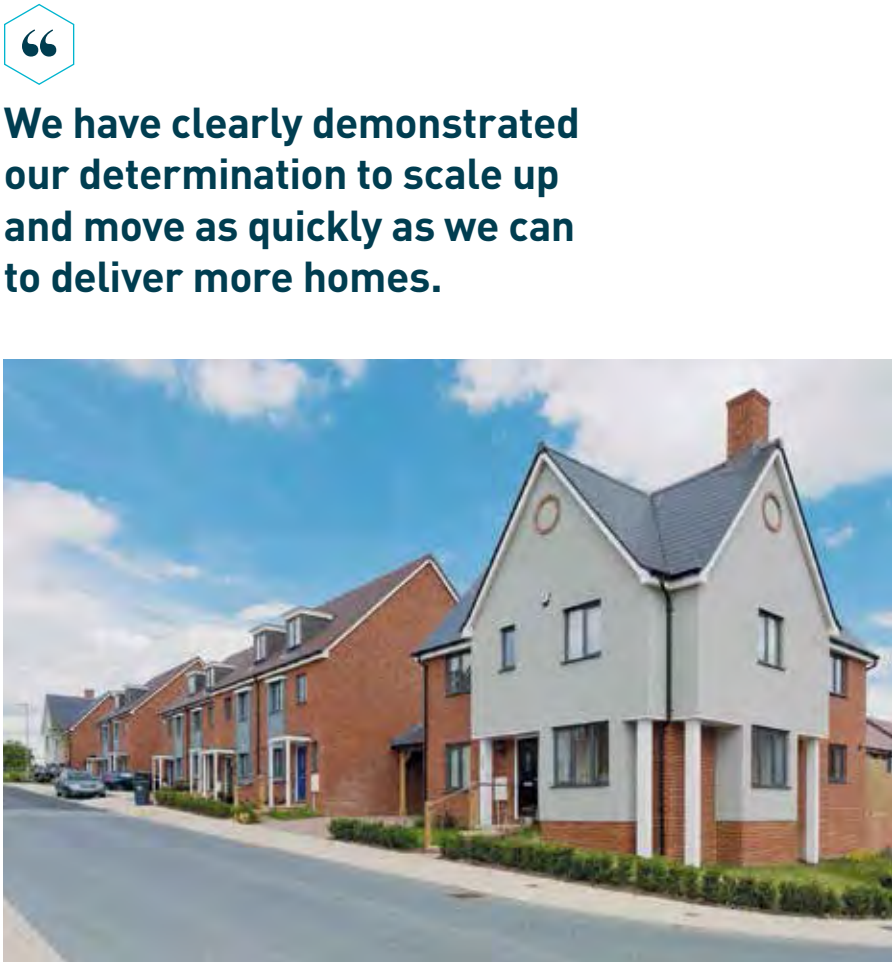
the service shortcomings identified. Significant improvements have already been made in completing repairs on time and we ended the year up on our 2016 performance with 95.6% of repairs completed on time. Changes implemented at our Circle customer contact centre increased the percentage of calls answered within target from 77.7% in April 2016 to 86% in March 2017.

While customer satisfaction at Affinity Sutton Homes remained broadly unchanged at 83%, overall customer satisfaction across the Group at year end was slightly below our long term target of 80%. However, at 76.7% it compares reasonably within the sector and we are confident the steps we have put in place will ensure we meet our target in the future.

In 2016/2017 we completed 1,340 new homes across a range of tenures with public subsidy of just 4% of costs. Importantly, we started construction on 1,863 new homes as we gear up to deliver our ambitious plans. Increasingly our programme is moving towards partnership working with both the public and private sectors, complemented by our own growing land bank. This shift in approach has seen us end the year with a pipeline of about 8,000 homes, placing us in a strong position to deliver on our housebuilding target. In just four months since merger, we have clearly demonstrated our determination to scale up and move as quickly as we can to deliver more homes.

In addition our asset management programme has delivered £110 million worth of improvements to our residents' homes. This is combined with our estate regeneration proposals through which we will invest £1 billion to redevelop three estates in Merton, south London. Proposals are also at an early stage on the future of our Barne Barton Estate in Plymouth and we will continue to look for ways to regenerate our 105 year old Sutton Estate in Chelsea with The Royal Borough of Kensington and Chelsea.

At the time of writing the country is reeling from the tragedy at Grenfell Tower in North Kensington. We do not yet know the cause of the fire, but it will undoubtedly have an impact on the provision of housing and the wider construction sector. We will always put the safety of our residents, of all tenures, as our top priority and any reasonable improvements needed to enhance the fire safety and resilience of our tall buildings will be tackled urgently and without budgetary constraint. We have an excellent track record of working in partnership with the fire service and other agencies and we will continue to prioritise this in the years ahead.



We have clearly demonstrated our determination to scale up and move as quickly as we can to deliver more homes.

Photo: Our homes at Ebbsfleet Garden City, see page 19.

To deliver our strategy of simplifying our Group, by creating a single asset owning parent housing association, we have now brought together seven of the nine individual housing associations that historically made up Circle Housing. The initial preparatory work is now underway to consolidate Circle Housing and Affinity Sutton Homes to establish a single housing association landlord under Clarion Housing Group. We anticipate this new landlord will be in place and serving residents by the end of 2017.

In addition we are implementing a major change programme, underpinned by new Enterprise Resource Planning Systems delivered by Hitachi and utilising Microsoft Dynamics. This programme, which is on a scale never before seen in the sector, will be delivered over a number of phases. It will offer the opportunity to modernise our customer services, replace outdated systems and introduce new ways of working, simplifying processes and, ultimately, creating a platform for growth. Our residents will benefit from multi channel service access with a strong self-service offer if that is their preference but we remain committed to delivering the most local service possible – when needed, in the tenant's home.

By simplifying, updating and integrating all aspects of our organisation we can ensure our future success and be more capable of providing our residents with first class services at the best value for money. Of course, with an organisation as large as Clarion, this is easier said than done but in the short time since merger, we are on the right track. There is no absence of determination to deliver.

Clarion is a social landlord

Our primary role is as a social landlord. We build and manage affordable homes, primarily for people who cannot meet their housing needs in the market.

Clarion is the largest housing group in the country, formed through the merger of Affinity Sutton Group and Circle Anglia Limited on 29 November 2016. Our scale and financial strength means we can more than double our annual supply of new homes that the two former organisations built in 2016/2017, without relying on government subsidy. As a national organisation our regional structure will ensure the Group plays an important role in local decision making and we will maintain close working relationships with communities.

Clarion is made up of a number of commercial and charitable subsidiaries. We do not distribute profits to shareholders but invest everything back into our social purpose. Our structure provides separate governance and oversight of all of these into three key areas:

1 Affordable Housing activities

We strive to be a housing provider of choice, offering high standards of customer service and maintaining our 125,000 homes to a good standard. We manage the majority of our repairs inhouse for greater control over customer satisfaction and service quality.

2 Commercial activities

This includes Latimer, our private sale and market rent company which provides well designed homes for a range of customers at varying price points. Latimer also serves to isolate the risks associated with new developments from core housing association activities. Included in our commercial activities is Centra, which provides a range of support and care services, including telecare and homecare, to around 1,000 customers.

3 Charitable foundation activities

Through our charitable foundation we deliver one of the largest social investment programmes in the country. We support people into work, provide high-quality apprenticeships, help residents to become more financially resilient and independent and assist young people to make a better start in life.

Development highlights 2016/2017

Harmony House

London

Clarion launched Harmony House, part of the City Island development in London's Docklands, with more than 100 apartments for social rent.

East City Point

London

East City Point in Canning Town has over 40 contemporary homes available through shared ownership. The properties are a mix of one and two bedroom apartments and two bedroom duplexes.

Merton regeneration

London

In Merton we have plans to invest £1 billion in the borough which will deliver 2,800 new homes and rehouse existing tenants and homeowners who wish to remain there.

The Blossom

Cambridge

The Blossom is a collection of 21 new shared ownership homes built on the site of the former Cambridge City Football ground in the Chesterton area of Cambridge.

Banbury Park

London

A 350-home mixed development in Walthamstow. The scheme, which replaces disused warehouses, industrial works and an electronics factory, includes a public square and retail space.

Ebbsfleet

Kent

Clarion is developing a total of 167 homes within Ebbsfleet Garden City, which are a mix of affordable rented and shared ownership accommodation.

We are a business for social purpose

How we create value

We are faithful to our charitable origins that extend back over a 100 years. We are fair, ethical, transparent and try to minimise our impact on the environment. We aim to be a good employer and to be a good business partner.

Our charitable foundation delivers our community investment programme, funded in part from the commercial returns it earns from investing its endowment. Clarion and Latimer provide additional funding for priority projects and programmes which the foundation is unable to support alone.

We provide affordable homes

We create sustainable communities

We reinvest our commercial returns to deliver our purpose

Clarion is a charitable, regulated housing association that deploys responsible, commercial disciplines in the way we conduct our business but all of our profits are re-invested in our social mission.

- We charge fair, affordable rents appropriate to the size and amenities found in the property. Social and affordable rent levels and rent increases are in line with our regulator's guidelines.
- We are a good landlord. Providing good, customer service matters to us. We provide support for vulnerable residents but we provide personal care only in limited circumstances.
- We manage and maintain our homes to a good standard and we invest in improving and renewing them when required. Equally, developing new affordable housing is a high priority.

- We invest in our communities to improve their wellbeing and resilience but also to help to preserve the attractiveness and value of our properties.
- Our key community priorities are helping our residents into work and training; combatting financial exclusion; delivering digital services, helping young people fulfil their potential; and improving neighbourhoods.
- We seek external funding for community investment where this can be primarily for the benefit of our residents and their communities. We aim to mix internal and external funding at a ratio of 80:20.
- We are unable to sustain the same level of community investment in every place we work and so we focus our efforts where we can bring the most benefit to the largest number of our residents.

- We build some homes for outright sale and market rent at a variety of price points.
- We expect a commercial return from commercial activity and we invest the profits into our core affordable housing work.

WE REINVEST OUR COMMERCIAL RETURNS

Tackling the country's housing shortage

As one of the largest housebuilders in the country Clarion will have a leading role to play in tackling the country's housing shortage, across the full range of tenures. Our strength in the market is reflected in our ambition to build 50,000 homes over a decade.

In developing our strategy we recognised there are significant uncertainties facing our sector and the housing market. Among these are the UK's planned departure from the EU and concerns about the resilience of the wider construction sector. Although nobody can say for certain what might happen in the years ahead, we have in place a set of Financial Golden Rules that will isolate Clarion from these uncertainties. For example, we will never invest more than 20% of the housing associations' revenue reserves into our commercial development, meaning our business is protected from any fall in house prices.

There has been concern in the sector about the reductions in grant funding that have resulted from the government's austerity agenda. Our financial strength, access to a wide funding base and unprecedented scale mean that these changes in government policy will have limited impact on our core activities. Given this, we are less reliant on public funding than many others in the sector.

Our focus on partnerships with councils, housebuilders and across the supply chain demonstrates the importance we place on a collaborative approach and our determination to deliver our ambitions. Clarion is in the process of acquiring larger development sites, in conjunction with our partners, in order to access land for affordable housing as well as generate cross-subsidy from open market sales.

Our senior management team has extensive experience operating across our markets. We are experienced in developing homes, delivering major regeneration projects and adopting innovative approaches to secure successful delivery.

We are using our experience, scale and financial strength to enable Clarion to deliver new homes and communities in a highly uncertain environment.

We are using our experience, scale and financial strength to enable Clarion to deliver new homes and communities in a highly uncertain environment.

A clear strategy for growth

In order to achieve our overall vision and aims, everything we do stems from five strategic objectives:

Strategic priorities

Being the housing and service provider of choice

We will provide effective, efficient, accessible services which are increasingly delivered through digital and self-service options.

The challenge

Changing demographics and customer expectations are key challenges. It is essential we provide a consistent standard of service for all our customers, across the country, including a responsive repairs service. New ways of getting feedback from residents are important and we must respond effectively to the 2016 Regulatory Notice issued against the former Circle Housing Group.

What we did during the year

We achieved good progress in service improvement with a dedicated plan to address the Circle Regulatory Notice. We also started the process of integrating three in-house repairs contractors.

Building new homes and successful communities

Our ambition is to build 50,000 new homes over 10 years. In addition, we will deliver one of the country's largest social investment programmes, supporting people into work and training; improving neighbourhoods and helping young people to get a better start in life.

Accessing land at the right price, which is then subject to regulations and planning consents, as well as maintaining build quality when the construction industry is short of skilled labour and materials. Managing construction costs and other supply chain pressures is also a continuing challenge.

We completed 1,340 new homes, including 812 for rent, 394 for low cost home ownership and 134 for sale on the open market (including our share of homes constructed through joint ventures).

We are focused on ensuring that our strategic improvements continue over the coming year.

Maintaining long-term financial resilience

Our priority is maintaining long-term financial resilience so we can continue to provide homes to those in housing need for another 100 years. This means maintaining and protecting our financial strength and delivering efficiencies while providing customers with the best possible service.

Operating in a challenging economic environment, impacted by Brexit, and without clarity of future rent setting.

Successfully achieving our goal of merging Circle Housing and Affinity Sutton was a huge achievement and a means by which we are maintaining our long-term financial resilience and financial strength in order to isolate us from economic headwinds.

Being a great place to work

Our priority is to be a great place to work – recruiting, retaining and developing the best staff to provide the highest possible service to our customers.

The sector is undergoing a huge amount of change which is only set to continue. This means we need staff to have an increasing range and depth of skills and experience.

The merger has been the key achievement this year. Integrating teams across the business so that we can maintain high standards of operational efficiency from day one of the merger has been a formidable, but successful, undertaking. We delivered events for all staff where the senior team and board members explained the strategic direction of the Group and we gained valuable feedback from staff on the type of culture they would like to see in the new organisation.

Building a successful, respected and influential national business

Our priority is to promote the contribution we make to the communities in which we operate. We will work with government, partners and organisations who share our view, to promote a professional, customer-focused housing sector.

It is important that our independence is not compromised. We need to explore new approaches and models to address the housing crisis and wider trends such as an ageing population. As the largest housing association we must demonstrate our thought leadership.

Clarion continues to influence in terms of research and policy across the sector and we are represented at key sector bodies such as the g15. For example this year Clarion led the g15 on the regeneration research *(Meeting the challenge of urban renewal)* which has influenced government policy.

Being the housing and service provider of choice

Our priority

To be the housing and service provider of choice. This means providing effective, efficient, accessible services which are increasingly delivered through digital and self-service options.

The challenge

A national shortage of good quality housing across all tenure, increased demand and an aging population means that the range, variety and service needs of our customers is constantly growing and evolving.

2016/2017 performance

Despite the far-reaching change across the Group following the merger, and the widely publicised failings within the Circle Group during 2016, overall operational performance has remained steady and saw a positive increase in some areas. Circle Housing's poor performance, particularly in parts of London, is being tackled with a dedicated improvement plan and although change will not happen overnight, we have already begun to see service improvements.

Rent arrears, occupancy rates and voids

Tenant rent arrears rose only fractionally over the year to 3.5% of rent debit, which reflect the strong performance of our customer-facing teams despite the challenge of some tenants having their benefits paid directly as they transition onto Universal Credit.

Occupancy rates also remained high at 98.4% for the year. These were boosted by a sustained marketing campaign to re-let properties in Hull and parts of the north east, which have become more challenging to let since welfare reform changes have started to take effect. Our efforts saw the number of void properties in these areas dropping by over 42% since the start of 2017. In addition, a dedicated tenancy sustainment service helped prevent evictions, particularly among residents under 25 or those in their first residency, by resolving barriers such as illiteracy.

Rent loss due to voids has slightly increased on the previous year. A pilot project in the East Region resulted in a noticeable reduction in void turnaround times locally. This was achieved by completing all non-essential repairs when there is a tenant in-situ as well as offering incentives to tenants to influence their behaviours. This pilot is being extended to other areas over the coming year.

Delivering a quality repairs and maintenance service is one of the most important service we provide to our customers.

Customer satisfaction

Customer satisfaction was 76.7%, a reduction of 1.6% during the year. The Group as a whole did not achieve our target of 80% mainly because of issues in the former Circle Central region which covers homes in north and east London. However satisfaction results in other areas were significantly higher than target. Our key priority since merger has been to ensure that all our residents receive a good basic service irrespective of where they live. We are working hard to maintain a good service to our customers during a time of significant internal change.

A large part of our customer satisfaction rating relates to how quickly and easily customers are able to reach us. This has been a particular focus for us since the merger, as well as resolving customers' issues first time or directly referring them to a person who can help. While the 2016/2017 average calls answered on time at 74.5% narrowly missed the Group's target of 75%, we ended the year with a March performance of 86%, an increase of 8.3% on the April 2016 equivalent. This was due in part to a number of changes implemented at Circle Housing's regional customer contact centres. We also launched a new self-service web portal, meaning that customers can get in touch with us via their preferred digital channel at their own convenience.

Satisfaction with repairs

Delivering quality repairs and maintenance is one of the most important services we provide to our customers. During the year the repairs service in the former Circle business was affected by the switch to a single contact centre. Since merger it has been a priority to improve the customer experience and we are confident that satisfaction rates are now improving to the levels we would expect.

Following the merger, these statistics highlight the huge amount of change that is required over the coming year to consolidate the historic Affinity Sutton and Circle Housing repair contracts and service offerings into one for Clarion Housing Group. This work is already underway, and we have developed new staffing structures to realign the two Property Services functions into one Directorate. In order to improve our service for customers, Property Services will now be split into three areas – Strategic Repairs focusing on how we provide services; Mechanical and Electrical Services, focusing on delivery; and Operational Compliance, to ensure we meet our statutory obligations. All these new teams will be in post by summer 2017. We have already produced single key policy and procedures for a number of areas and these will be complete by autumn 2017.

We are focused on ensuring that these improvements continue over the coming year. Our priority is to procure new service contracts across a number of areas that are fit for purpose and meet both the demands of our customers and the regulatory expectations. We will also continue to engage with our staff to embed improved ways of working to maximise customer satisfaction and deliver sustained efficiencies.

Meeting the Decent Homes Standard

All of our social housing complies with the Decent Homes Standard apart from a few homes at Circle Housing Merton Priory, which will be addressed as part of the Merton Regeneration Project.

In 2016/2017 we spent over £102 million with our key partner contractors, carrying out major works. With an average resident satisfaction score of 87% we replaced 2,240 kitchens, 1,530 bathrooms, 3,866 heating boilers/systems, 1,505 roofs, 4,022 doors and windows. In 2017/2018 we are spending £110 million on cyclical and major capital works improving the standard of residents' homes, creating warm, affordable and safe environments. We will be updating heating systems and upgrading insulation to increase the energy efficiency of our properties and ensure residents can afford to heat their homes.

Centra

This has been a very successful year for Centra both in face to face care, support activities and in telecare. Our Care and Support Division won new contracts including its largest ever worth £9 million over five years with Kent County Council. A combination of the new contracts and efficiencies has generated an increase in income and surplus significantly above budget.

Centra's Telecare Service increased its income during the year with revenue up 20%. A key focus was to ensure stability and consolidate ongoing improvements. We passed our Telecare Services Association (TSA) audit with no recommended improvements or observations. We also maintained our TSA standard with 97.5% or better response within 60 seconds in every month of the last eight months of the year. Customer satisfaction results were 100% satisfaction with our installation service and 99% satisfaction with our telecare service.

We are focused on ensuring that these improvements continue over the coming year.

Building new homes and successful communities

Our priority

To build new homes and successful communities. Our ambition is to build 50,000 new homes over 10 years, two thirds of which will be for affordable rent and home ownership. In addition, we will deliver one of the country's largest social investment programmes, supporting residents into work and training; improving their neighbourhoods and helping young people to get a better start in life.

The challenge

Accessing land at the right price, which is then subject to regulations and planning consents as well as maintaining build quality when the construction industry is short of skilled labour and materials. Managing construction costs and other supply chain pressures is also a continuing challenge.

Key performance indicators

	2016/17 Actual	2016/17 Target	2015/16 Actual	Target met
New home starts	**1,863**	N/A	1,414	N/A
Home completions	**1,340**	1,351	1,744	No
Sales income	**£108.7m**	£135.7m	£223.8m	No
Total sales volumes	**516**	640	747	No

2016/2017 Performance

During the year we completed construction on 1,340 new homes, including 812 for rent, 394 for low cost home ownership and 134 for sale on the open market (including 23 for our share of homes constructed through joint ventures). We also had 1,863 starts and in the last quarter of the year we received Investment Committee approval for 1,720 homes, 20% of which are for private sale. This brought our development pipeline at year end to about 8,000 homes with an average size of the scheme up significantly over the year. Our developments are spread across 68 local authorities, with significant development activity in around 30. The majority of our programme continues to be for letting affordable or low cost home ownership.

Development and land

To achieve our target of developing 50,000 new homes over 10 years we have increased the volume and scale of our development programme and are putting in place the supporting resource and governance structures to enable delivery.

Increasingly our programme is moving towards partnership working with both the private and public sectors. This is complemented by our growing land bank, through which we feed our programme and which comprises land both with and without planning permission.

Regeneration

In 2016/2017 we secured almost £2 million of external funding from the Department for Communities and Local Government's £32 million Estate Regeneration Fund to progress regeneration proposals for Barne Barton in Plymouth and across three estates in the London Borough of Merton.

Work started on site on two local authority partnership regeneration schemes. Sherwood Close in Ealing will provide 305 homes in total with the affordable homes transferred to Clarion on completion. Tollgate Gardens in Westminster will provide 195 new homes and improvements to a further 53, with the affordable homes being retained by Westminster City Council.

During the year we celebrated the completion of the 500th home through the regeneration of Durand Close in Sutton. The final phase of this project is now on site with completion scheduled for Q3 of 2017/2018.

Sales

We generated year end sales income of £109 million (including returns from joint ventures) which compares to £224 million last year. Sales volumes, particularly shared ownership, remain buoyant and we have ended the year with total sales of 516, of which 419 were shared ownership. Sales margins of 39% (excluding joint ventures) show an increase of 4% on 2015/2016 and are an indication of the continued strength of the UK property market.

Investing in our communities

We aspire to have the best and most influential community investment programme in the sector. Our focus is on reducing poverty and exclusion among our communities, giving everyone the tools and support they need to tackle the problems they face in order to change their lives for the better.

We will invest £10 million each year to improve the lives of our residents and improve our communities. With additional external funding our investment will be £150 million over the next 10 years.

Our approach focuses on the areas of most benefit to the business and our residents:

- Supporting residents into work and training
- Tackling financial exclusion, including energy saving advice
- Improving digital skills and online access
- Supporting our young people with the transition to adulthood
- Building stronger communities and supporting place-making activities.

Social value

While we make extensive use of quantitative data to help us track performance we seek to demonstrate our wider social impact. Both Circle and Affinity Sutton had previouly developed innovative ways of calculating social value, for instance by calculating the uplift in wellbeing from working or volunteering, or by using Social Return on Investment (SROI) methodologies to, for instance, calculate the savings to the Exchequer of getting people off benefits and into work. For 2016/2017 the social value of our community investment activity was £85 million (2016: £104 million).

House Exchange

Clarion provides a programme, House Exchange, which is the largest not-for-profit provider of online mutual house exchange services in the UK. 2016/2017 was a strong year in which we helped over 11,000 people move to a home better suited to their needs – whether it's larger, smaller or closer to family or a new workplace. Over 1.3 million social housing residents can access our new website free-of-charge, resulting in web visits increasing by 74% over the year. We also launched a House Exchange mobile app this year, which resulted in a 10% increase in mobile usage to access the website.

Love London Working

In October 2015, our charitable foundation secured £6.64 million from the European Social Fund (managed by the Greater London Authority) to deliver a £13.3 million project to support 21,000 of London's most vulnerable and excluded residents into employment and training. Clarion is leading Love London Working on behalf of 15 housing associations in London. By the end of March 2017, 4,207 people had been enrolled onto the programme and 960 helped into work.

Transforming lives and communities

- 4,000 plus people supported into work and training each year – we are one of the biggest providers of employment services in the country
- 250 high quality apprenticeships provided each year
- 3,000 residents supported with free debt advice and over 2,000 affordable loans provided to help residents take control of their finances
- 15,000 young people a year supported to make a better start in life through targeted interventions.

Maintaining long-term financial resilience

Our priority

Maintaining long-term financial resilience so we can continue to provide homes to those in housing need for another 100 years. This means maintaining and protecting our financial strength and delivering efficiencies while providing customers with the best possible service.

The challenge

Operating in a challenging economic environment, increasing our development output against the backdrop of Brexit, and without the clarity of future rent setting or capital grant on anything like the scale it was in the past.

Financial Golden Rules

We continue to maintain a very robust set of Financial Golden Rules. These provide a framework for both assessing our historic performance and planning our future strategy. As well as ensuring solid long-term financial performance, they aim to protect our social housing assets from the risks associated with commercial activity.

Under the Golden Rules investment into development activity will not exceed 20% of Housing Association revenue reserves. The Golden Rules will also ensure development activities are able to withstand significant market shocks, for example reductions in house prices or land values.

Our Financial Golden Rules are all being met across our long term financial plan. More information on how the Group performed against some of its key financial performance indicators, including the Financial Golden Rules, is on page 40.

Corporate Structure
In creating the new Group we separated our core social work from our more commercially focussed activity which is designed to make a profit. In setting up Latimer we have sought to isolate the housing associations from some of the riskier aspects of our build for sale programme in a range of ways. This includes placing a prudential cap on the amount of the associations' revenue that we will invest in Latimer and aiming to ensure that Latimer's Balance Sheet can withstand market downturns and shocks on its own account.

2016/2017 Performance:
As reported in the financial review section on page 41, this year we met all of our internal Golden Rules across the Group. Achieving this while also absorbing the significant merger costs is an indication of our financial strength.

Our financial longevity is key. Just as we can look back on our heritage – providing affordable homes and improving communities for the last century, our financial stability gives us the capacity to deliver our housebuilding and community improvement ambitions for the next 100 years.

Now that the merger is complete, we are looking to reduce our operating costs per unit by 2020/21 to Affinity Sutton's previous level of below £4,000. Savings of £4 million have already been realised, and further savings will be realised through office and staff rationalisation, procurement and streamlining processes and customer services over the coming year. Our financial strength and Financial Golden Rules mean that we are not reliant on government subsidy in order to meet our growth ambitions.

Programme for change

Clarion is in the process of developing a new Enterprise Resource Programme (ERP), in partnership with Hitachi, which will be rolled out across the entire Group. The development and implementation of ERP represents a major investment in new systems and is a game-changer for the housing sector. ERP will transform ways of working, provide our staff with major improvements to the tools they need and improve customer services. In addition our investment in new Microsoft systems provides us with a platform for future growth.

Consolidating Circle Housing's Registered Providers

One of the benefits of merger will be enabling us to use our financial resources more efficiently. Central to this is simplifying the Group's structure. Consolidation of the separate housing associations in the former Circle Housing Group is a priority in achieving this and has continued to progress. Out of the nine individual Registered Providers that made up Circle Housing, seven have come together. Circle Housing Mercian, Circle Housing Wherry, Circle Housing South Anglia, Circle Housing Roddons, Circle Housing Mole Valley and Circle Housing Merton Priory have all come together under Circle 33 – now simply known as Circle Housing.

Creating a single housing association

In anticipation of completing consolidation, preparation is underway to bring together Circle 33 and Affinity Sutton Homes to establish a single housing association landlord under Clarion Housing Group, thereby ensuring consistent customer services and driving economies of scale. In addition to legal and regulatory approvals, we will consult residents. Exact timescales are dependent on the consolidation of Circle Housing Group, but we expect the single landlord will be in place by the end of 2017.

Asset management

Following a comprehensive review, we have developed a new asset management strategy to ensure all decisions about our housing stock and assets best serve our customers' needs over the long-term, deliver value for money, and result in a sustainable, high-performing portfolio. This strategy covers four key areas: carefully managing and analysing our stock data; using Neighbourhood Planning to take long-term decisions about stock; establishment of a 'Clarion Homes Standard' so all residents know what they can expect from our properties and for us to realise efficiencies through standardisation and; proactively managing our assets – making strategic decisions on which stock to keep and which to dispose of in order to fully optimise the value of our assets.

Our financial strength and Financial Golden Rules mean that we are not reliant on government subsidy in order to meet our growth ambitions.

Being a great place to work

Our priority

To be a great place to work – recruiting, retaining and developing the best staff to provide the best possible service to our customers.

The challenge

Achieving our ambitious goals will require committed and capable staff with a wider range and depth of skills than ever before. We will be looking to attract and retain talented people from all sectors to help us deliver massive change.

Our core values

Our values support us in offering the best service to our customers.

- Passionate about people, both our customers and staff
- Stronger working together
- Trust and integrity
- Ambitious and innovative
- Valuing the past, creating a better future

We have over 3,500 staff based across the country – from Newcastle in the north east to Plymouth in the south west. We invest in learning activities that support the business, help us meet our regulatory requirements, improve overall organisational performance and encourage self-development. Such activities include a wide range of professional development qualifications and apprenticeships to provide people with rewarding long-term career opportunities.

2016/2017 performance

Integrating teams across the new Group so that we can maintain high standards of operational efficiency from day one of the merger has been a formidable, but successful, undertaking. We delivered events for staff where the senior team and board members explained the strategic direction of the Group and gained valuable feedback from staff on the type of culture they would like to see in the new organisation.

Being a great place to work also means having the right tools for the job. Our ERP programme will completely modernise our working environments and help us deliver our strategic objectives.

We also have a Corporate Social Responsibility ("CSR") strategy (page 52) that is focused on staff volunteering, employee networks and diversity and inclusion.

Affinity Sutton and Circle had both worked hard on a new office strategy in recent years with the goal of creating more effective ways of working. It was agreed that Clarion would establish one main office outside London as the base for support functions and transactional work. This opened in Norwich in May 2017 and consolidated all previous Norwich offices enabling us to create a more efficient space which also includes some expansion space for future growth. We have also consolidated our corporate headquaters in one location in London Bridge.

"We invest in learning activities that support the business, help us meet our regulatory requirements, improve overall organisation performance and encourage self development.

Building a successful, respected and influential national business

Our priority

To promote the contribution we make to the communities in which we operate. We will work with government, partners and organisations who share our view, to promote a professional, customer-focused, housing sector.

The challenge

It is important that our independence is not compromised. We will explore new approaches and models to address the housing crisis and wider trends such as an ageing population. As the largest housing association we must demonstrate our thought leadership.

Photo: We have plans to invest £1 billion regenerating three estates in the London Borough of Merton.

2016/2017 performance
Clarion continues to influence in terms of research and policy across the sector and we are represented at key sector bodies such as the g15.

Regeneration report
Clarion led the g15 in developing the *Meeting the challenge of urban renewal* report, highlighting the importance of estate regeneration in solving the capital's housing crisis. The research has been used in meetings with ministers and senior government officials. Many key elements of the report have subsequently been granted through various announcements made by government since publication, including the Autumn Statement, which offered greater flexibility to deploy government funding according to local need.

Economic and Social Research Council (ESRC) conditionality work
Residents and staff members continue to be involved in the ESRC funded five-year study to understand the impacts of welfare conditionality and sanctions. Evidence on the impact to tenants, including that fixed-term tenancies can cause considerable anxiety for some, especially those with a disability or health problems, was used by Lord Kerslake to support proposed amendments to the Housing and Planning Bill.

LGBT Experiences of Housing research
Clarion is leading a coalition of six housing providers in association with the University of Surrey to understand LGBT resident experiences of social housing. The research follows a small scale study by Affinity Sutton in 2015, which illustrates resident fears about possible landlord homophobia and questions around landlord support for LGBT+ residents, particularly their ability to deal effectively with cases of harassment. The findings will inform practical steps that social landlords can take to secure the wellbeing of LGBT+ residents, such as implementing a scheme similar to the Pink Passkey in the Netherlands, which awards certificates to care organisations and social service providers as evidence of LGBT+ friendliness.

The Clarion Index
This is customer insight research published annually for the last five years by Affinity Sutton. A number of others have become interested in the research and, as a result, we have established a working group comprising Clarion, Peabody, Orbit and Optivo to pilot a collaborative approach to setting questions and ensuring consistent methodology. Once the concept has been proven we plan to roll it out to others in the sector in 2018 and have already received requests from other housing associations to be included.

Photo: The Clarion Index provides year on year insight into the views and experience of residents.

Clarion continues to influence in terms of research and policy across the sector.

Strong financial performance

Clarion Housing Group has delivered strong financial performance in its first year reporting as a newly combined entity with a surplus of £173 million (2016: £234 million) on a turnover of £796 million (2016: £825 million), delivering an operating margin of 36% (2016: 37%) against a Financial Golden Rule benchmark of a minimum of 30%. This strong performance has been achieved while absorbing the inevitable one-off exceptional costs related to the successful delivery of the UK's largest housing sector merger and a comparatively smaller sales programme.

2015/2016 was the first year in which the Group prepared its accounts under Financial Reporting Standard 102 (FRS 102), having previously reported under UK Generally Accepted Accounting Policies (UK GAAP). Figures reported for 2014/2015 onwards are presented under FRS 102 but older years are as originally reported (with the exception that operating surplus now includes disposal of properties).

All figures presented are the combined position of the Affinity Sutton and Circle Housing Groups.

During our first year we invested 1.6 times our surplus (£271 million) in new and existing housing stock (Figure 1) while maintaining a Debt to Turnover ratio of 3.7, lower than our Financial Golden Rule maximum benchmark of 4.5. This demonstrates the scale of Clarion Group and its capacity to deliver.

We are in an extremely strong position as we continue to face the challenges of an uncertain political and economic environment. We have the long term capacity to build more homes for those in housing need, invest in communities and provide a quality service for our customers.

Statement of Comprehensive Income (Table 1)

1. Operating surplus

Against a backdrop of merger related costs we have ended the year with a full year operating margin of 36%. As highlighted in Figure 2, this is just a 1% reduction on the combined position for 2015/2016 and a 3% increase on our combined position five years ago in 2013. Operating surplus at £290 million is 36% higher than that achieved in 2013 and £21 million (8%) higher than our five year combined average.

1.1 Turnover (Figure 3)

Turnover overall has fallen by £29 million predominantly due to a reduction in direct sales revenue (£30 million). £25 million of the reduction in direct sales relates to our private market activity, the result of a smaller sales programme for the current year and delays in the handover of homes in two build-for-sale schemes. Whilst a reduction on the prior year, direct sales volumes have remained better than expectation indicating the continued strength of the UK property market and a well executed sales strategy. We ended the year with total sales of 516 properties, of which 419 were shared ownership properties. Average sales margins were strong at 39% (2016: 35%).

The £5 million reduction in other income follows the sale of two subsidiaries. The £20 million reduction in cost of sales correlates to the overall reduction in direct sales.

1.2 Operating costs

Operating costs for the year totalled £495 million representing an increase of £12 million or 2.5% compared with last year's total of £483 million. As anticipated, we incurred a number of exceptional and non-recurring costs in the year relating to merger and restructuring the Group. Addditionaly we faced a number of operational business challenges which led to service charge and maintenance spend exceeding our expectations but were necessary to maintain service delivery.

Excluding one off costs in the current and prior years, underlying operating costs have only increased by £5 million (1.1%), explained by inflationary increases and a small increase in homes under management.

We have an excellent track record of delivering efficiencies from merger. Our approach to securing value for money and great efficiency in our business is to expect and plan for savings to arise from growth. This will be savings from synergies we achieve post merger, and growth in homes we manage by outpacing any increases in our underlying operating costs.

Integration will continue to be a focus over the coming year through our new change programme. This brings together the two historic Affinity Sutton and Circle Housing change programmes and will not only bring efficiencies but will also improve the way we do business, particularly with the introduction of a new Enterprise Resource Planning system.

Our Value for Money statement on page 48 expands further on our efficiency plans.

1.3 Disposal of properties
Through stock rationalisation and a proactive sales strategy we have realised a £32 million surplus on the sale of existing properties. This is an increase of £1 million on 2015/2016 and primarily driven by shared owner residents purchasing further shares in their homes.

A further £4.7 million surplus has been realised through the sale of 120 market rent properties located in Norfolk.

Our sales surplus provides the Group with additional subsidy for building new affordable homes to replace reducing levels of government grant.

2 Gain on revaluation
At £17 million, the Group has seen a significant valuation increase on its market rent and commercial portfolios. The increase is largely driven by our market rent portfolio particularly in the north east and east London where there is good demand for properties for sale and rent.

3 Disposal of other assets
On 30 November 2016 the Group capitalised on the market and disposed of its investment in Landericus Holdings Sarl, a property investment vehicle focused on the German private rented sector. The Group received proceeds of €46.9 million and realised a substantial surplus of £6 million. Funds from this sale will be reinvested in building affordable homes for our core customers in the UK.

The remaining surplus on disposal was realised through the sale of the Group's domiciliary care provider, Prime Care, on 1 April 2016. The sale has allowed the Group to focus on geographical areas that align with the Group's stock profile and tenant base.

4 Share of joint ventures
Our share of joint venture surplus has seen a reduction on the prior year as we come to the end of two joint venture arrangements with Mount Anvil: 261 City Road Developments LLP ("City Road") and 72 Farm Lane Developments LLP ("Farm Lane"). During the year the remaining homes and commercial units at City Road completed with 18 units sold (2016: 131 homes). Nine homes at Farm lane and the freehold also sold in the year (2016: 17 homes).

Statement of Financial Position (Table 2)

5 Tangible fixed assets
The increase in our tangible fixed asset base is predominantly driven by our investment in new and existing homes. Overall, £271 million (2016: £257 million) has been invested this year.

The majority of this increase relates to the construction of new homes with £196 million (2016: £174 million) invested.

At the end of the financial year we had committed funds of £1.1 billion to new developments compared to £714 million in the previous year.

6 Creditors due in over one year
The main source of funding has been our cash generated from operations and we therefore only required a £67 million increase in debt funding. As a result, gearing remains comfortably lower than our financial covenant at 45.6%.

Key Group Financial Indicators (Tables 3 and 4)

Table 3 highlights the Group's performance against its Financial Golden Rules. Our Financial Golden Rules create a framework for maintaining financial resilience and credit strength while allowing the Group to realise its objectives. They recognise the differing parts of the Clarion Group and isolate the risks of our commercial business (in particular a sudden downturn in the housing market)

from our core social housing activity which we seek to protect against adverse shocks and market movements.

Our private sales exposure is managed by ensuring that our work in progress balance does not exceed £600 million; that development sales do not exceed 40% of turnover; that the Housing Associations' investment in Latimer does not exceed 20% of its revenue reserves; and that Latimer has at least £1.5 of equity and revenue reserves for every £1 it could potentially lose if house prices fell by 35% (the 'Value at Risk' ratio). All indicators have comfortably been met in the year.

In terms of the Housing Association, interest costs can be serviced one and a half times over from our core social housing business with Social Housing Interest Cover sitting at 1.5 and twice over from its cash with EBITDA MRI Cash Interest Cover at 2.1. Operating margin at 36.6% is also comfortably above target.

As shown in table 4, our Statement of Financial Position metrics are strong. At 45.6% gearing remains comfortably below our 70% maximum benchmark keeping us well within our financial covenants, and shows an improvement on 2015/2016.

Whilst operating cost per home exceeds target, this does include a number of one-off costs associated with the merger. After adjusting for these in the current and prior year, operating costs per unit are marginally lower than target at £4,266 versus £4,274. Our operating costs are expected to reduce further during 2017/2018 as we deliver our merger synergy plans.

Cash generation from operations is a critically important measure since it provides an indication of our ability to meet underlying obligations of our properties without recourse to debt finance and without reliance on property sales. Positive cash generation provides vital support for our investment in social housing, including the development of new homes, while keeping debt levels lower than they might otherwise be.

As shown in Figure 4, the cash generated from operations has continued its upwards trend over a five year period. Cash generation during the year was strong from both rental and sales activity and in the twelve months to 31 March 2017 we converted 1.3 times our operating surplus into operating cash flow.

Maintaining long term capacity

As at 31 March, the Group had £4.10 billion of committed debt funding (2016: £4.18 billion), with drawn funding totalling £3.28 billion. This was broadly unchanged from £3.26 billion in 2016, because housing capital expenditure was largely covered by cash generated from operations.

The Group continues to maintain a diversified loan portfolio in terms of funding sources. As at 31 March 33% of committed funding was from the capital markets and 67% from bi-lateral loans with nine banks and building societies (see Figure 1 and 2).

The Group has limited re-financing risk in the next five years with over two thirds of the Group's debt maturing after 10 years (see Figure 3).

As at 31 March, the Group maintained £812 million of committed undrawn facilities and £165 million of available cash, representing total liquidity of £977 million (see Figure 4). These resources are more than sufficient to meet all of the Group's contractual commitments to developers and housebuilders.

The Group continues to be risk averse in its approach to interest rate management. Borrowing related to cash in hand is held at floating rates of interest, which is consistent with the interest profile of the Group's cash investments. The Group targets a flexible policy of hedging 80% to 100% of its net debt with predominantly fixed rate instruments, with flexibility to depart from these parameters if circumstances make this more appropriate. At the year-end, this policy resulted in a portfolio that was 94% fixed-rate and 6% floating-rate (see Figure 5).

The Group maintains its desired interest rate profile through a mixture of embedded instruments (including fixed rate bank loans).

Risk management in delivering our strategic ambitions

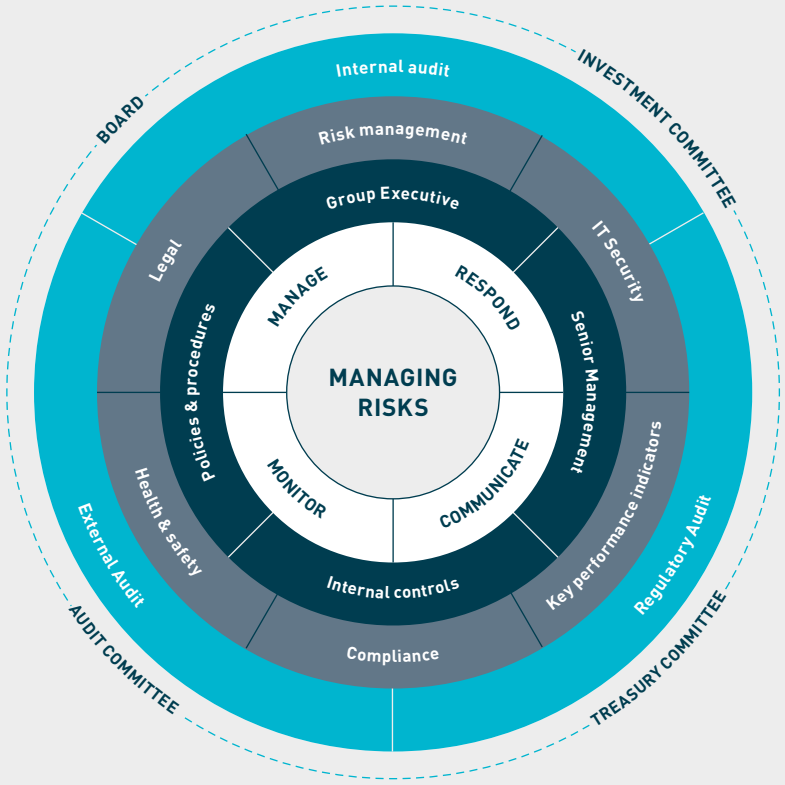
Successful risk management is fundamental to the achievement of our strategic objectives. We are a business that manages long term assets as a landlord performing its own management across the board, and direct repairs services for the majority of the homes we own.

We seek a sustainable long term return to enable us to fulfil our charitable objectives of helping those who cannot meet their housing needs in the market place. We focus on the management of risks facing our business which might otherwise frustrate our strategic goals, and threaten the Group's financial strength to deliver new homes and invest in our existing homes.

Our risk management framework

The Group Board has overall responsibility for risk management with a particular focus on the degree and type of risk it is prepared to take in achieving its overall objectives. This is set within the context of the rapidly changing external environment in which housing associations are operating, subject to policy change and market change which can have a fundamental impact on our business. The Board determines our appetite for, and tolerance of, risk.

Risk management framework



Our risk assessment

The table below shows the risks we are managing:

Risk description	Impact	Mitigation	Change in year
1 **Failure to improve services**	– Negative reputational impact – Customer service fails to meet regulatory requirements – Loss of customer confidence – Negative impact on our regulatory standing	– Dedicated resources devoted to performance improvement plan – Active involvement of Executive and Board in resolution – Suite of reporting metrics focused on rectification – Business continuity arrangements	The service failures have been predominantly in our London homes owned by the former Circle Group. As the integration of the business completes this year we expect the risk to reduce
2 **Failure to comply with health and safety regulations**	– Serious incident involving death or injury – Criminal and or civil proceedings	– Regular board reporting – Dedicated specialist personnel – Routine compliance testing and checking	Increase in risk due to increase in size and scale of business
3 **Failure to deliver 50,000 new homes**	– Adverse operational and financial impact – Negative reputational impact	– Investment strategy agreed – Over 5,000 homes approved since merger – Skilled and competent team recruited	Increase in risk due to scale of programme
4 **Massive financial shock**	– Increased cost of funds – Lack of available debt – Increased counterparty risk – Hedging arrangements ineffective	– Market scanning and stress testing undertaken – Investor relationship management – Specialist Treasury Committee and advice for Board	Stable
5 **Failure to deliver transformational change**	– Increased cost base – Failure to deliver customer expectations – Inability to use customer intelligence	– Specialist team and contractors – Dedicated business involvement – Audit and Risk Committee oversight – Regular gateway checks	Stable
6 **Failure to achieve efficiencies**	– Increased cost base – Costs higher than competitors – Inability to deliver value for money	– Simplification of corporate structures – Team and corporate savings targets – Board ownership and oversight	Stable
7 **Succession**	– Change leads to instability – Loss of skills and knowledge – Capacity of the business to absorb change	– Nominations Committee oversight – Specialist advisors – Long term planning and talent management	Increased level of risk following merger
8 **IT security and cyber attack threat**	– Loss of customer confidence – Loss of stakeholder confidence – Loss of income	– Security review – Routine penetration testing – Staff training – Audit and Risk Committee oversight	Heightened risk generally in the market

↑ Increase in risk — Stable / no change — ↓ Decrease in risk

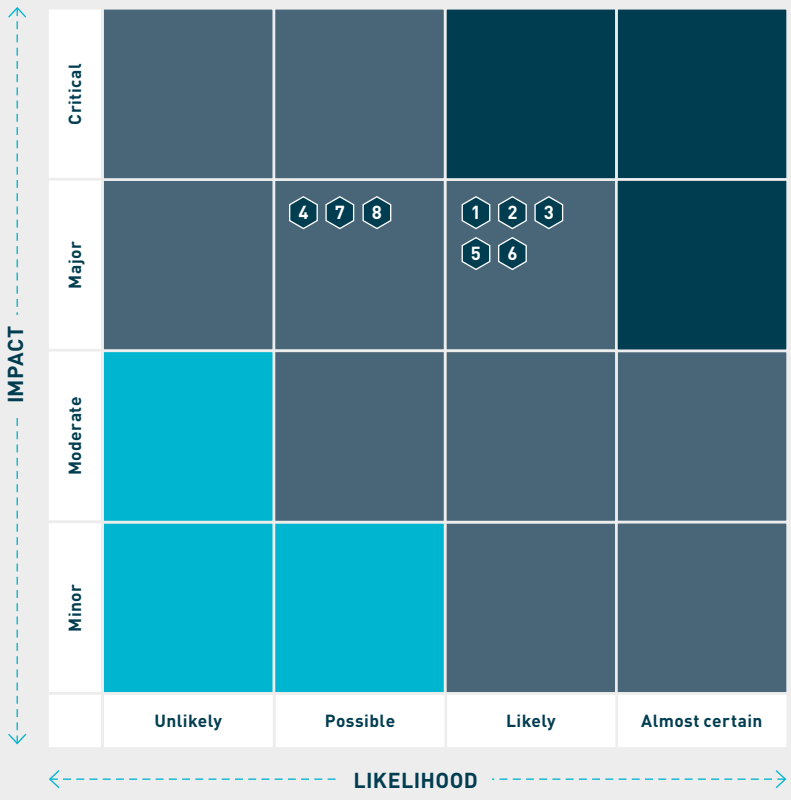
A risk scoring methodology is used to ensure a consistent approach is taken to assessing the potential impact and likelihood to the group.

The Audit and Risk Committee oversees the effectiveness of the assurance arrangements, systems and processes adopted by the Group to manage risk. The Committee also provides specialist advice to the Board on particular risks and whether they would threaten the delivery of our objectives or undermine the financial strength of the business. The Group Executive Team is responsible for the delivery of the Group's strategy and managing risk, having day to day responsibility for operational performance and the management of risk within the business.

Effective risk management relies on the engagement of all parts of the business. This approach is an integral part of the way we work. Teams at all levels know and understand their contribution to risk management and they maintain risk registers which are reviewed regularly allowing for their escalation within the business for consideration as appropriate.

Once risks have been identified their impact and probability are determined and scored before mitigation (gross) and after (net). A risk scoring methodology is used to ensure a consistent approach is taken to assessing any potential impact and likelihood.

Mapping our key risks: Current assessment



1. Failure to improve services
2. Failure to comply with health and safety regulations
3. Failure to deliver 50,000 new homes
4. Massive financial shock
5. Failure to deliver transformational change
6. Failure to achieve efficiencies
7. Succession
8. IT security and cyber attack threat

Our risk appetite

Our risk appetite is determined by the Board and is influenced by the actions we are or are not prepared to take in furthering our strategic goals. The most significant judgements affect our assessment of return for the risk we take in investing in particular property schemes, our asset strategy and reinvestment priorities, our customer offer and our obligations under regulation and legislation and our financial stability. We have a low level of appetite for risk which would impact our record on regulatory compliance, health and safety record, and reputational damage. We have a higher level of appetite for new business and opportunities and growth.

We regularly monitor our effectiveness in managing risk through key indicators to ensure we remain within the appetite levels determined by the Board. This ensures that our exposure to particular risks is informed by changes in the external environment, taking swift and appropriate action to maintain an overall approach which does not adversely affect our ability to deliver our strategic ambitions.

Risk focus this year

The Board considers the business is well placed to manage the risks it faces. This has been a year of significant change, with the merger of Affinity Sutton and Circle Housing. There have been particular operational challenges to deal with, predominantly in north and east London. However the Board is of the view that the business has a solid asset base and operationally is resilient in the longer term. The inherent financial strength of the Group has meant we have been able to resource the recovery of the service. We are in a position to lay the ground for more efficient and effective services based on modern ways of working, supported through new technology which will be rolled out from late 2017.

A central business priority is to continue to provide much needed new homes and we understand the financial strength required to withstand the risk of building at scale. Our investment appraisal methodology means we are careful about the projects we select and we are demanding of the financial return. We firmly believe we are temporary custodians of a charity which will still be delivering homes and services for many years to come. We aim to leave the organisation in at least as strong a position as we inherited it.

As we publish these accounts the business is engaged in assessing the impact of the tragedy at Grenfell Tower. The safety of our residents is paramount and while we do not yet know what steps the government might take to reinforce standards to building regulations following its independent inquiry, we are ready to take all reasonably practical steps to ensure the safest environment for those living in our homes.

Driving significant economies of scale

The completion of the merger process and the formation of Clarion Housing Group marks the beginning of the Clarion journey. Indeed the merger itself will enable us to drive significant efficiencies of scale, thereby providing better value for money.

You can read our Value for Money Statement at: **clarionhg.com/valueformoney**

As a social landlord we are committed to providing the best possible services while ensuring we continue to provide value for money. Given that we reinvest any surplus in our core business activities, it is essential that we are as cost-effective as we can possibly be. In 2016/2017 specific efficiency initiatives across Affinity Sutton Group and Circle Housing resulted in savings of more than £4 million. Additionally we have delivered efficiencies of £8 million which directly help our residents, such as securing additional housing and other state funded benefits through our welfare and income teams.

As Clarion we will maintain a year on year focus to keep operating costs under control and to forecast no growth in underlying costs. The former Circle Group had operating costs of £4,935 per home, compared to Affinity Sutton's £3,970. At the year end the new Group had operating costs of £4,623 per home. Our ambition is to achieve costs which are closer to the operating costs of the former Affinity Sutton within three years. We have made a start in agreeing the budget for 2017/2018 with running costs which are £30 million less than 2016/2017.

We run our business on commercial lines, with a keen eye on both efficiency and delivering value for money. It is because of this that we are able to channel so much of the money we make into delivering social benefits for the communities in which we operate.

The work we have produced with Housing Associations' Charitable Trust (HACT) to develop a set of financial values which can be attributed to particular interventions is increasingly being adopted by other landlords in the sector. In 2016/2017 we achieved a social benefit of £85m, indicating improved performance year on year.

Clarion's investment has a significant direct impact on improving the lives of residents and their communities. Post merger the Board has agreed to prioritise a significant increase in our spending on communities from just under £7 million of our own resources to £10 million. This will enable the Group to offer a comprehensive service for all our residents wherever they live.

An important element of our community investment programme is our employment service. Over the last year we have also

The Group continues to prioritise financial inclusion work and debt advice services which are more in demand than ever.

Photo: Clarion is developing a total of 167 homes within Ebbsfleet Garden City, a mix of affordable rented and shared ownership accommodation.

been the lead agent for a group of housing associations who have rolled out employment services across London with funding from the Greater London Authority and the European Social Fund. This year the service helped a record 1,745 people find work. In addition we also achieved another record by providing 122 apprenticeships, helping those young people learn vital work skills.

Over the next few years we expect to be helping 15,000 young people annually to fulfil their potential through training support and bursaries.

The Group continues to prioritise financial inclusion work and debt advice services which are more in demand than ever. Helping our residents to access affordable loans saved an estimated £16 million in reduced payments and debt write-offs.

We have also continued to invest in Welfare Advice Services for our residents helping them to claim benefits to which they are entitled. This work alone has benefitted our residents by securing an extra £8.3 million in income they would otherwise have foregone.

New homes

Clarion aims to be a developer of homes on a significant scale. Over the last year we have built 1,340 new homes across a range of tenures. Central to our development programme is ensuring we are able to focus on those who are failed by the market. Those homes were developed with just 4% of public subsidy, an average of £14,000 per home. Supporting a programme of this scale has meant we have undertaken commercial activities to generate returns to fill the gap left by shrinking public funds.

This year's financial surplus of £173 million should be seen in the context of the £196 million long-term investment we made in social housing over the last 12 months. We invested £179 million into the construction of new social housing properties and 1.6 times our annual surplus was applied to our core social housing activity through a programme of planned improvements, as well as the development of new social housing.

Procurement

The Group maintains a savings register which is independently verified and lists all savings achieved through procurement. We strive to consistently realise savings in procurement on a year by year basis delivering value through both tender processes and contract management.

Procurement aims to ensure value for money is achieved at the awarding of contracts and extends to strategic delivery. We expect to deliver additional value from the tender process as well as ongoing contract management.

Since the year end we have commenced a programme of retendering services as part of the integration of the two merged businesses. This has realised projected savings for future years of £4 million from service contracts for lifts and domestic gas.

We believe that comparing our performance with that of our peers can provide an important benchmark across a range of outputs. Therefore for a number of years we have compared both our financial and operating performance with our peer group.

This table shows Clarion Housing Group's performance for 2016/2017 (with 2015/2016 comparatives) and ranks this with our peer group's 2015/2016 published data. We have also included national averages where available.

Peer group weighted average 2015/16 (26 members)	Clarion peer group ranking	National average	
£5,075	13	£3,970	We have faced a number of cost pressures in the year which has led to a year on year increase in our cost base. The overall operating cost per unit has increased 2.1% but at £4,623 is lower than the peer group average. We are currently ranked in the second quartile on operating cost per unit.
£1,051	7	£1,080	At £764 per home, management costs have increased 6.7% but remain comfortably within the national and peer group averages.
£687	16	£530	Higher utility bills and increased spend on communal repairs, mostly compliance works has led to a 12.4% annual increase in service charge expenditure. This means our costs are lower than peer group average but above the national average.
£2,094	19	£1,950	Our cost of £2,599 is marginally lower than last year. Our investment in existing homes (several hundred are over 100 years old) remains higher than the national and peer group averages. Steady investment in our core housing assets remains a priority for the organisation.
£56	20	N/A	At £68 per home we are a quartile 4 performer compared to our peers. We are working hard to address performance and utilising tenant incentives and new marketing campaigns to generate increased demand.
33.8%	16	27.6%	At 34.5% social housing operating margin is slightly above the peer group average but better than the national average. We are committed to delivering efficiency savings over the next three years and are targeting an improvement in operating financial performance.
£32.8	12	N/A	Board and Executive pay per home is mid ranked and lower than the peer group average. There are a number of duplicate senior roles in 2016/2017 which will reduce next financial year and we can expect to see this ratio improve. The Remuneration and Nominations Committee agrees Executive pay and for Non Executives it makes recommendations to the Board.
6.8	1	N/A	At 3.07:1, the ratio of Chief Executive pay per home is top quartile and significantly lower than peer group average which reflects that we are the largest housing association in England.
8.51	24	N/A	This ratio is 8.5% higher than last year and reflects the change in senior pay to reflect increased responsibility from heading up the largest social housing group in England.
3.97%	7/24		Arrears performance is good and remains within target but marginally outside top quartile when compared to our peers.
1.37%	14/19		Void rent loss performance is stable but remains an area of performance we continue to monitor
81.93%	9/24		There have been a number of operational performance challenges in many north and east London boroughs and this has led to a fall in the overall satisfaction rating.
85.52%	11/18		At almost 80% repairs satisfaction has dropped compared to last year but largely reflects poor repairs performance on a number of north and east London estates.

Clarion as a responsible business

One of the benefits of the merger has been bringing together two organisations that share similar values, not least in our approach to CSR. Our focus is on adding value for our people, our communities and on environmental sustainability. We aim to achieve this in a pioneering and innovative way.

Homes that are warm, comfortable and affordable

Addressing fuel poverty among our residents continues to be one of our major priorities and 4,500 of our homes received nearly 5,000 energy efficiency improvements in 2016/2017. These included installing high efficiency boilers, loft, cavity and solid wall insulation. In addition our Energy Advisor Service provided in-home support and energy packs to our residents, with estimated bill savings of £244 per visit.

A baseline assessment of the energy performance and retrofit potential of our entire stock was undertaken which will feed into the new Asset Management Strategy and the five year asset investment programme.

Our staff raised over £50,000 for the Charity WellChild over the last two-and-a half years, through a number of volunteering initiatives.

Breaking out of the cycle of disadvantage

We are continuing support of the Albert Kennedy Trust's Purple Door London project, designed to take LGBT young people out of danger and off the streets. They stay in a safe house for up to three months while supported with mentoring, advocacy, access to life skills training and longer-term accommodation support. The house, which is provided and managed by Clarion, provides a safe and positive space for more than 30 young people a year to regain their self-esteem and autonomy.

Supplier diversity forum

In 2016 we launched a supplier diversity Forum to bring together contractors and suppliers including: Breyer, Keepmoat, Mears, Robert Heath Heating and Swale Heating, as well as our inhouse contractors. The aim was to think about increasing the diversity of the supply chain, as well as celebrating the diversity of our combined workforces.

Immediate benefits from this collaboration included the development of a new guide to Supplier Diversity, *Spreading the Wealth*. The Forum will continue with a wider CSR remit going forward.

Staff charity

Our staff raised over £50,000 for the Charity WellChild over the last two and a half years, through a number of volunteering initiatives. WellChild, whose Patron is Prince Harry, was able to help 1,200 severely ill children and their families, by providing nursing staff, support for bringing children home and making homes safer.

A celebration of our heritage to build a brighter future

A 'Who do we think we are?' project, supported by the Heritage Lottery Fund, was launched on one of our 100-year old estates in Alum Rock in Birmingham in July 2016. This year-long project has collected oral histories from residents, hundreds of photos and involved more than 50 volunteers. The oral histories will be archived in the Library of Birmingham, featured in a touring exhibition, and stored in a time capsule.

Simplifying structures inherited at merger

The Group Board is responsible for the effective governance of the Group while day to day management is delegated to the Group Executive Team.

The Group Board has 10 non executive directors and two executive directors who bring a broad range of skills, experience and knowledge to their roles, including expertise in finance, business and public administration. The Board has the collective skills to fulfil their responsibilities under the NHF Code of Governance, which they have adopted. The code is based on clear requirements and commitments which enable the Board to demonstrate compliance with best practice in the housing sector.

The Group routinely self examines performance against the main requirements of the Code and undertakes an externally led review of effectiveness every three years. The next such review will take place following the current round of recruitment to the Board. Following the merger of Affinity Sutton and Circle the Board has adopted clear terms of reference and has delegated appropriate responsibilities to a series of specialist committees. Recruitment to all positions is competitive and we use external assistance as necessary.

The Group Executive has day to day oversight of the management of the business. The Group Executive has eight members, all of whom have extensive experience within the UK housing association sector. They have operational responsibilty for the management of risk across the business and provide the first line of defence in the management of corporate risk.

The Group is simplifying the structures it inherited at merger. Specifically the Group aims to have a single asset owning landlord which manages its homes. At merger there were 10 individual housing associations in the Group. The Board considers that simple structures provide better and more effective decision making and it aims to consolidate where possible into three key business streams: the landlord, the development company and the charitable foundation.

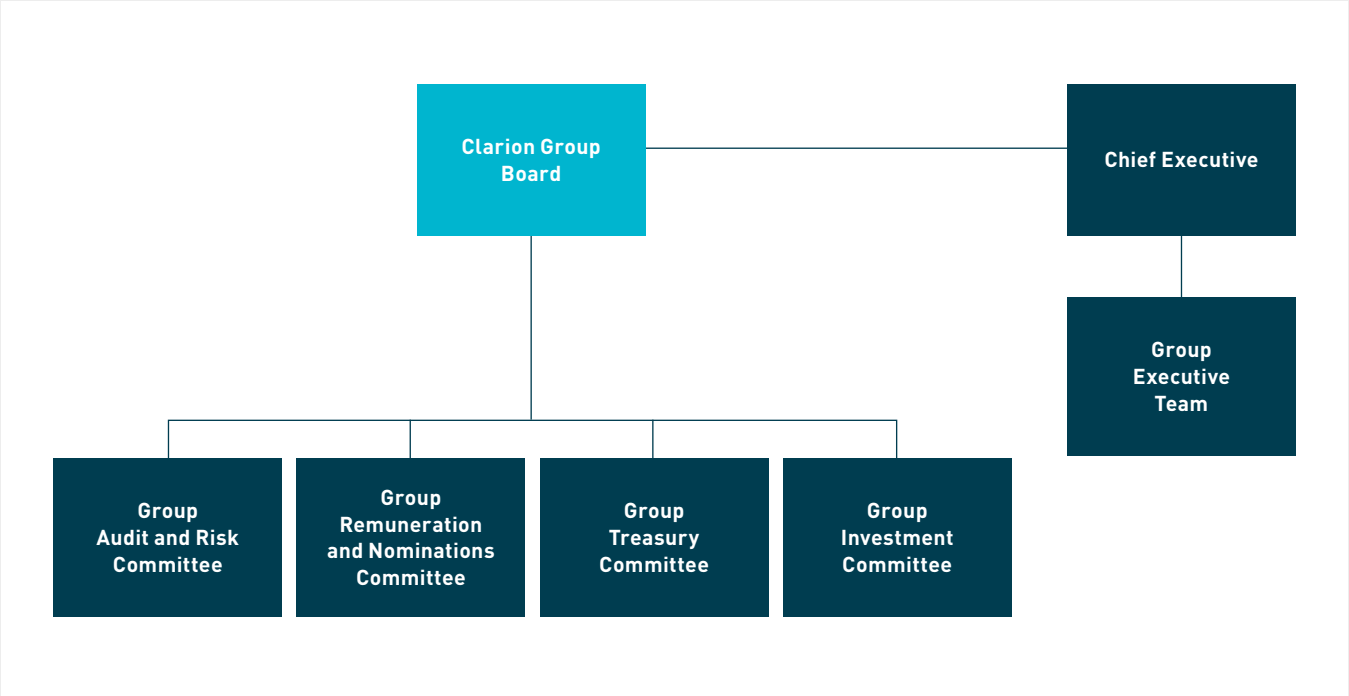
The Board continues to facilitate resident involvement in the decision making structures of the Group. It allows residents to engage at different levels, from the very local, through to regional and national decision making forums. The Board values resident input and has actively encouraged resident scrutiny and accountability measures which have added value to the business. Over the next year resident structures will be reviewed to ensure all residents have the opportunity to be involved in ways that are accessible and which meet their needs.

The key responsibilities of the Group Board are to lead, control and monitor the overall performance of the Group. The Group Board approves the budgets and business plans of its subsidiary companies and retains control through the ability to appoint and remove subsidiary board members. The Group delegates specific responsibilities to Group Committees under approved terms of reference.

Governance and Financial Viability Standard
The Group received a G2 and V1 rating from the HCA in November at the conclusion of merger. The ratings represent the lower of the ratings applied to the two predecessor organisations. The Board has considered its obligations under regulation and is satisfied that it complies in all material respects with the standards.

The key responsibilities of the Group Board are to lead, control and monitor the overall performance of the Group.

Simple structures provide better and more effective decision making



Clarion Group Board
The board directs the affairs of the association in accordance with its objects and rules and ensures that its functions are properly performed. The board is responsible for delivering the aims and objectives of the Group as well as ensuring compliance with the values and objectives of the association and the Group as a whole. It approves each year's accounts prior to publication and approves each year's budget. It appoints (and if necessary removes) the Group Chief Executive.

Audit and Risk Committee
Advises the Group and subsidiary boards on the effectiveness of assurance arrangements across the group. Has oversight of the risk framework, advising the Group on the effectiveness of arrangements.

Remuneration and Nominations Committee
Responsible for Board member and chief executive appointments. Agrees the remuneration strategy for all employees and remuneration for the Group Chief Executive and executive directors.

Treasury Committee
Advises on funding strategy for the Group and provides expert opinion to the borrowers within the group.

Investment Committee
Responsible for scrutiny of all proposed projects involving major investment, by way of acquisition, development, regeneration or major repairs. Approves within delegated limits and recommends to the Group Board any projects outside agreed delegations.

Chief Executive
Responsible for managing the overall performance of the business and ensuring an effective and motivated leadership team is in place. Also leads on developing and implementing strategy.

Group Executive Team
Responsible for assisting the Group Chief Executive in the development and implementation of strategy, budget and operational performance.

Report from the Remuneration and Nominations Committee

Membership of the Committee – Helen Bailey (Chair), Neil Goulden, Brian Stewart, Sue Killen

Since the merger in November the Group has operated a combined Remuneration and Nominations Committee. Our role is to ensure that the Board has the skills and members to operate effectively, and to agree remuneration policies which are appropriate for the organisation's needs, balancing our absolute requirement to have the right staff with our social purpose.

To determine the Board membership the chairs of the two predecessor organisations agreed that it was essential to have a Board with the right skills to lead the largest social housing organisation in the country. All members of the Board were independently assessed by a third party specialist recruitment agency and appointed to the Shadow Board initially, and then to the Group Board at the date of merger. We are a business which manages assets for the long term and we value the experience and knowledge of our Board members. We appoint for a maximum nine year term and we think that the experience gained over that time is invaluable. Our Board understands the property market and the cycles it displays, which helps to manage and mitigate the risks of the business.

Board members are appraised annually. Last year (because the Board was recruited and assessed at appointment) individual appraisals were deferred until completion of the merger. Appraisals are carried out by the Chairman.

The Committee approves the annual pay remit for staff, and sanctions the bonus payments for all staff and senior executives. This takes into account the performance of the Group and whether the performance metrics for bonus have been met such as the financial performance of the Group and customer satisfaction with service delivery. The Committee maintains a watching brief on the market for recruitment and this influences its thinking in agreeing the annual pay remit. We aim to pay staff in line with market conditions, recognising that for some roles and in some locations we create the market.

The Committee is aware of its responsibility to create conditions which encourage and promote a diverse workforce.

The Committee adopts the Group Code of Conduct.

Report of the Audit and Risk Committee

Membership of the Committee – Simon Braid (Chair until 19 July 2017), John Coghlan (Chair from 19 July 2017), David Avery, Tania Brisby, Aruna Mehta and Kirstin Baker (appointed 6 July 2017).

The Committee has met regularly during the year. Our focus is to ensure that there are sound and effective systems of internal control and risk management.

We scrutinise the financial statements and propose them to the Group Board for approval. We examine in detail the work of internal audit, and the risk framework, advising the Board of any new and emerging risks of which we consider the Board should be aware.

Internal audit

Clarion has its own internal audit and risk function, which is supplemented by PWC who carry out specific internal audit reviews and test key controls. We believe this model gives us a suitably skilled and flexible resource which we can deploy to best effect. The Committee looked at the model in detail at the point of merger and decided that the arrangements were effective in reviewing internal controls, monitoring compliance and testing business continuity. The Committee has agreed that it will use external expertise where necessary, and particularly so in specialist areas where QS skills may be required or in testing the resilience of IT systems to cyber attack. The focus of the audit programme after the merger has been the areas of concern in the Regulatory Notice such as repairs, complaints, safety check compliance and underlying asset records as well as routine work in key controls, IT and service charges.

External audit

KPMG has been appointed as auditors of the Group, having previously audited both predecessor organisations. Our intention is to tender for external audit on completion of the 2016/2017 financial statement when the current contracted arrangements expire.

Committee effectiveness

The Committee plays an important role ensuring that the appropriate controls and assurance process is embedded in the business, contributing to a governance environment which is robust and rigorous.

The year ahead

The future prospects for Clarion Group are good. We are ambitious to grow and to use our enhanced capacity to further our charitable mission. The policy environment is one of constant change and the Committee's role remains vital in advising the Board and working closely with management to secure the best outcomes for those who benefit from our services.

Board statement on the effectiveness of the system of internal control for the period ending 31 March 2017

The Board of Clarion Housing Group Limited is the ultimate governing body for the Group and is committed to the highest standards of business ethics and conduct and seeks to maintain these standards across all of its operations.

The Board is responsible for ensuring that sound systems of internal control exist across the Group which focus on the significant risks that threaten the Group's ability to meet its objectives, and provide reasonable – but not absolute – assurance against material misstatement or loss.

The key means of identifying, evaluating and managing the systems of internal control are:

- Corporate governance arrangements.
- Written Group-wide financial regulations and delegated authorities, which were subject to review during the year.
- Policies and procedures for all key areas of the business. These are reviewed periodically to ensure their continued appropriateness.
- A Group-wide Internal Audit function, structured to deliver the Audit and Risk Committee's risk-based audit plan. As well as having an inhouse team, the Group uses the services of professional firms of auditors and other specialists as necessary. All audit reports are reviewed by the Audit and Risk Committee, which also receives updates on the implementation of agreed external and internal audit recommendations. Detailed reports on the Group's and subsidiaries' activities are also presented to senior managers so that recommendations for strengthened controls and improvement can be implemented promptly.
- A Group-wide Health and Safety function.
- Management structures providing balance and focus within the Group.
- A Group-wide risk management process, which enables management to manage risk so that residual risk, after appropriate mitigation, can be absorbed without serious permanent damage to the Group or its subsidiaries. This includes a formal risk management approach to new business and major development initiatives and action plans to mitigate the worst effects of the risks. Risk management is considered at each Audit and Risk Committee meeting, through reviews of individual risk areas and/or risk maps, as well as considered regularly by the Board.
- The Group and its subsidiaries have annual budgets and long-term business plans. Throughout the year, Boards and managers regularly monitored performance against budgets, value for money and other quality indicators. An important tool in this process is the Group's Balanced Scorecard which identifies performance against key performance indicators, underpinned by supporting performance indicators and management information.
- Regulatory requirements and service objectives with managers ensuring that variances are investigated and acted upon.
- An anti-fraud and anti-bribery culture which is supported by a policy and procedure for dealing with suspected fraud, bribery and whistleblowing. The Group participated in the 2016/2017 National Fraud Initiative, sponsored by the Audit Commission.
- All housing investment decisions and major commitments were subjectto appraisal and approval by the Group Investment Committee (or its predecessor committees) and, when appropriate, the Group Executive Team and the relevant Board, in accordance with the Group's financial regulations; and
- A Group-wide treasury management function reporting at least three times a year to the Group Treasury Committee.

The Group Chief Executive and senior subsidiary managers have reviewed the internal control and assurance arrangements by reference to checks on the above and a report has been made to the respective Boards on the effectiveness of the control systems for the year ended 31 March 2017 and up to the date of approval of the Annual Report and the Financial Statements. The Group Audit and Risk Committee and the Group Board have expressed their satisfaction with these arrangements.

Status

No weaknesses were found in internal controls which resulted in material losses, contingencies or uncertainties that require disclosure in the financial statements, for the year ended 31 March 2017 and up to the date of approval of the financial statements.

Statement of the Board's responsibilities in respect of the Board's report and the financial statements

The Board is responsible for preparing the Report of the Board and the financial statements in accordance with applicable law and regulations. Co-operative and Community Benefit Society law requires the Board to prepare financial statements for each financial year. Under those regulations the Board has elected to prepare the Financial Statements in accordance with UK Generally Accepted Accounting Practice including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

The Financial Statements are required by law to give a true and fair view of the state of affairs of the Group and Parent and of the income and expenditure of the Group and the Parent for that period.

In preparing these financial statements, the Board is required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards and the Statement of Recommended Practice have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the Financial Statements on the going concern basis unless it is inappropriate to presume that the Group and the Parent will continue in business.

The Board is responsible for keeping proper books of account that disclose with reasonable accuracy at any time the financial position of the Group and the Parent and enable the Board to ensure that its financial statements comply with the Co-operative and Community Benefit Societies Act 2014, the Housing and Regeneration Act 2008, and the Accounting Direction for Private Registered Providers of Social Housing 2015. The Board has general responsibility for taking such steps as are reasonably open to it to safeguard the assets of the Group and the Parent and to prevent and detect fraud and other irregularities.

The Board is responsible for the maintenance and integrity of the corporate and financial information included on the Group's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Going Concern

After reviewing the Group's budget for 2017/2018 and those of its subsidiaries, the 30-year business plan, and based on normal strategic business planning and control procedures, the Board has a reasonable expectation that Clarion Housing Group Limited has adequate resources to continue in operational existence for at least twelve months from the date of approval of the financial statements.

Disclosure of information to auditor

The Board members who held office at the date of approval of this Board report confirm that, so far as they are each aware, there is no relevant audit information of which the Group's auditor is unaware; and each Board member has taken all the steps that they ought to have taken as a Board member to make themselves aware of any relevant audit information and to establish that the Group's auditor is aware of that information.

Auditors

Due to EU procurement rules, the Group's statutory audit contract for the next five years will be put out for tender in 2017, with the new auditor appointed in time to audit the annual report and financial statements for the year ended 31 March 2018. KPMG LLP, the Group's current auditors, have expressed their interest in tendering.

Independent auditor's report to Clarion Housing Group Limited

We have audited the financial statements of Clarion Housing Group Limited for the year ended 31 March 2017 set out on pages 68 to 119.

The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice) including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

This report is made solely to the Association in accordance with section 87 of the Co-operative and Community Benefit Societies Act 2014 and section 128 of the Housing and Regeneration Act 2008. Our audit work has been undertaken so that we might state to the Association those matters we are required to state to it in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Association, as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of the Board and auditor

As more fully explained in the Statement of Board's Responsibilities set out on page 64, the Association's Board is responsible for the preparation of financial statements which give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at **www.frc.org.uk/auditscopeukprivate.**

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view, in accordance with UK Generally Accepted Accounting Practice, of the state of affairs of the Association as at 31 March 2017 and of its income and expenditure for the year then ended;
- comply with the requirements of the Co-operative and Community Benefit Societies Act 2014; and
- have been properly prepared in accordance with the Housing and Regeneration Act 2008 and the Accounting Direction for Private Registered Providers of Social Housing 2015.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Co-operative and Community Benefit Societies Act 2014 requires us to report to you if, in our opinion:

- the Association has not kept proper books of account; or
- the Association has not maintained a satisfactory system of control over transactions; or
- the financial statements are not in agreement with the Association's books of account; or
- we have not received all the information and explanations we need for our audit.

1. Accounting policies

The financial statements have been prepared in accordance with applicable United Kingdom accounting standards, including *FRS 102 The Financial Reporting Standard Applicable in the UK and Republic of Ireland (September 2015)* ("FRS 102"), the Housing SORP 2014: Statement of Recommended Practice for Social Housing Providers ("the SORP"), the Accounting Direction for Private Registered Providers of Social Housing 2015 ("the Accounting Direction") and the Co-operative and Community Benefit Societies Act 2014.

Clarion Housing Group Limited, and a number of its subsidiaries (see note 34), are public benefit entities.

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to Clarion Housing Group Limited's consolidated ("Group") and individual ("Parent") financial statements.

Basis of preparation

The financial statements are prepared on an accruals basis and under the historical cost convention, with the exception of investment properties and certain financial instruments (as specified elsewhere) which are held at their fair value.

Going concern

On the basis of their assessment of the Group's financial position and resources, the Board believes that the Group is well placed to manage its business risks. Therefore the Group's Board has a reasonable expectation that the Group has adequate resources to continue in operational existence for at least 12 months from the date of approval of the financial statements. Thus they continue to adopt the going concern basis in preparing the annual financial statements.

The Group, through its subsidiaries, has provided confirmation of support to Leamington Waterfront LLP, Anglia Maintenance Services Limited, Affinity Sutton Professional Services Limited, Broomleigh Regeneration Limited, Affinity Sutton Investments Limited and one of its joint ventures, Linden/Downland Graylingwell LLP. This confirmation of support is for at least twelve months after their financial statements for the year ended 31 March 2017 are signed.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of all entities controlled by Clarion Housing Group Limited as at the reporting date, using aligned reporting periods and accounting policies, and using merger or acquisition accounting where appropriate.

Jointly controlled entities ("JCEs") and associates are separate legal entities. For JCEs, the Group shares control with other parties and strategic financial and operating decisions require unanimous consent. For associates, the Group has the right to participate in these decisions, but its consent is ultimately not required. Both are accounted for using the equity method, which reflects the Group's share of their profit or loss, other comprehensive income and equity.

Intra-group balances and transactions, including unrealised profits arising from intra-group transactions, are eliminated in full on consolidation.

Merger

On 29 November 2016, Circle Anglia Limited, the ultimate parent of the Circle Housing Group, transferred its engagements (that is, its assets and liabilities) to Affinity Sutton Group Limited, the ultimate parent of the Affinity Sutton Group, as permitted by the Co-operative and Community Benefit Societies Act 2014. Concurrently, Affinity Sutton Group Limited changed its name to Clarion Housing Group Limited.

In accordance with FRS 102, this transaction has been accounted for as a merger, and so these financial statements are presented as if Clarion Housing Group Limited had existed in its current form since the start of the previous reporting period. Further details are provided in note 36.

Foreign currencies

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the contracted rate or the rate of exchange ruling at the reporting date and the gains or losses on translation are included in the Income Statement.

Where foreign currency borrowings have been used to finance, or provide a hedge against, Group equity investments in foreign enterprises, exchange gains or losses on the borrowings, which would otherwise have been taken to the Income Statement, are offset as reserve movements against exchange differences arising on the re-translation of the net investments. This policy is applied to the extent that:

a. in any accounting period, the exchange gains and losses arising on foreign currency borrowings are offset only to the extent of the exchange differences arising on the net investments in foreign enterprises; and

b. the foreign currency borrowings, whose exchange gains or losses are used in the offset process, do not exceed, in aggregate, the total amount of cash that the net investments are expected to be able to generate.

On disposal of the foreign operation, the cumulative gain or loss on the hedging instrument relating to the effective portion of the hedge that has been accumulated in equity shall not be reclassified from equity to profit or loss.

Value Added Tax

For the majority of the Group's members, VAT affairs are dealt with under a Group registration in the name of Clarion Housing Group Limited. Turnover and other income are shown net of any VAT charged. As most of the Group's income comes from renting out residential property, which is exempt from VAT, the Group only recovers a small proportion of the input VAT it incurs, and expenditure is shown inclusive of irrecoverable VAT.

Leased assets
Where the Group enters into a lease which entails taking substantially all the risks and rewards of ownership of an asset, the lease is treated as a "finance lease". A fixed asset is recognised while the future instalments due under the lease, net of interest payable, are included within creditors. Rentals payable are apportioned between the finance element, which is included in interest payable, and the capital element which reduces the outstanding creditor. This treatment likewise applies to sale and leaseback transactions where the Group sells an asset but then enters into a lease under which it retains substantially all the risks and rewards of ownership of said asset.

All other leases (including 'Temporary Market Rent Housing' leases) are accounted for as operating leases. The total rental payable is recognised on a straight-line basis over the lease term, with the exception that for some leases which commenced prior to transition to FRS 102, the lease incentives are recognised over the period ending on the first review date.

Turnover
Rent and service charge income is recognised on an accruals basis. Charges for support services funded under Supporting People are recognised as they fall due under the contractual arrangements with administering authorities. Other income is recognised as receivable on the delivery of services provided.

Social housing property grant is amortised over 100 years, starting from when the property is completed, in line with the Group's depreciation policy for the structure of rental-only social housing properties. This 100 year period also applies to grants relating to shared ownership properties, even though these properties are not depreciated. Grants receivable in respect of revenue are recognised in the same period(s) as the expenditure to which they relate.

Sales of properties are recognised on legal completion. Turnover includes receipts from the sale of properties developed for outright sale as well as the first tranches of shared ownership properties (see the 'Social housing properties, investment properties and stock' policy); subsequent staircasing receipts are included in disposals. Both the first tranche and staircasing receipts are calculated as the proportion of the property sold, multiplied by the market value determined at the time.

Cost of sales
Cost of sales comprises the cost of stock sold, as well as all marketing costs incurred in the year. The cost of further staircasing is included in disposals.

Depreciation and amortisation
With the exception of goodwill, all depreciation and amortisation is accounted for on a straight-line basis, reducing the cost of each asset to its residual value over its useful economic life, from the date the asset is available for use.

No depreciation is provided in respect of land or investment properties.

Goodwill
Goodwill is amortised on a systematic basis over its useful life, with both the basis and life depending on the business combination which gave rise to the goodwill.

Other intangible assets

ERP system	10 years
Other computer software	4 years

Social housing properties
The cost of rental-only social housing properties (net of land) is split between the structure and the following other components which require periodic replacement. The cost of the existing components is depreciated over the following useful economic lives:

Structure	100 years
Bathrooms	30-35 years
Boilers	15 years
Other heating	30 years
Electrics	30-35 years
Kitchens	20-25 years
Lifts	15-25 years
Roofs – flat	15-20 years
Roofs – pitched	50-60 years
Windows and doors	30-35 years
Other	5-25 years

"Other" components include paving, fences, playgrounds, door entry systems, CCTV, insulation and solar panels.

For social housing properties held under leases, the remaining lease term is used as the useful life if this is shorter.

When components are replaced, the remaining net book value is expensed as depreciation, and the asset is disposed of.

Shared ownership social housing properties are not broken down into components as their tenants are liable for any repairs, and they are not depreciated due to their high residual value.

Non-housing fixed assets

Freehold offices	100 years
Leasehold office properties	Over the period of the lease
Office furniture, fixtures and fittings	4-10 years
Computer equipment	4 years

Impairment
Stock is stated at the lower of cost and estimated sales proceeds less selling costs and remaining construction costs.

Tenant and other debtors are assessed for recoverability at each reporting date.

For other assets, an impairment review is undertaken when there is an indication that an asset may be impaired. Impairment is recognised when it is assessed that the carrying amount of that asset (or the cash generating unit, including goodwill, it belongs to) is higher than the recoverable amount, which is the higher of fair value less costs to sell and value in use. Where this is the case the higher of these two values is taken to be the new book value, and the difference is the impairment loss.

The Group's social housing properties are held for their social benefit rather than solely for the cash inflows they generate, therefore value in use is likely to be based on service potential rather than cash flows. However, those properties which are deemed to not be providing the Group with service potential, for example due to being in a poor condition or in an area of low demand, are not valued based on service potential.

1. Accounting policies continued

Impairment continued
After an impairment loss has been recognised, the recoverable amount of an asset or cash-generating unit may increase because of changes in: economic conditions; the circumstances that previously caused the impairment; or, the expected use of the asset(s). As a result, the carrying amount is adjusted to the lower of the new recoverable amount and the carrying amount that would have been determined had the original impairment not occurred, with the exception that the impairment of goodwill is not reversed.

Impairment relating to stock is included in cost of sales. Impairment relating to other assets is included in operating costs.

Interest receivable, interest payable and financing costs
Interest receivable is only recognised to the extent that it is probable that it will be recoverable when due.

Interest payable is recognised over the term of the debt using the effective interest rate method so that the amount charged is at a constant rate on the carrying amount.

Transaction costs relating to the refinancing of existing debt are expensed as incurred unless there is a substantial modification of the terms. Transaction costs relating to financial instruments held at fair value are also expensed as incurred.

When social housing properties and stock are under active construction, interest payable is capitalised using the interest rate of the funds specifically used to finance the development, such as in the case of the properties developed by the Group's JCEs; otherwise, the weighted average interest rate of the Group's general borrowings is used.

Corporation tax
Many members of the Group almost wholly undertake charitable activities which are exempt from corporation tax. The remaining members, and the JCEs and associates in which the Group has a share, are liable to corporation tax at the prevailing rate of taxation.

Deferred tax is provided for in full on differences between the treatment of certain items for taxation and accounting purposes, unless the Group is able to control the reversal of the timing difference and it is probable that the timing difference will not reverse in the foreseeable future. Deferred tax is calculated using the tax rates and laws which have been enacted (given Royal Assent) or substantively enacted (passed by the House of Commons) by the reporting date and are expected to apply to the reversal of the timing difference.

With the exception of changes arising on the initial recognition of a business combination, the tax charge(/credit) is presented either in the Income Statement, Other Comprehensive Income or equity depending on the transaction that resulted in the tax charge/(credit).

Deferred tax assets are only recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax assets and liabilities are offset only where allowed by FRS 102, and likewise they are not discounted.

Goodwill
Goodwill arising on business combinations is initially measured as the acquisition cost less the share of the net amount of the acquiree's identifiable assets, liabilities and contingent liabilities, with fair values used where required and reliable. Following initial recognition, goodwill is measured at cost less accumulated amortisation and impairment losses.

Social housing properties, investment properties and stock
The Group generates revenue from properties in a number of ways, and the accounting treatment of the costs incurred varies accordingly:

a. Most of the Group's housing properties are held for social benefit and the rent charged to the tenants is below or even significantly below market rates. These properties are shown as *rental-only social housing properties* .

b. However, some housing properties are held to earn income at market rates and/or for capital appreciation, and these are treated as *investment properties* .

c. The Group also develops housing properties for open market sale and these are shown as *non-social stock* .

d. Housing properties developed for sale to another registered provider are shown as *social stock* .

e. Shared ownership (also known as "low cost home ownership", or LCHO) is where, initially, a long lease on a property is granted through a sale to the occupier, in return for an initial payment (the "first tranche"). The occupier then has the right, but not the obligation, to purchase further shares ("staircase") until they own 100% of the property; they pay a subsidised rent on the portion of the property they don't own. The cost of the expected first tranche proportion of shared ownership properties is shown as social stock with the remainder included in *shared ownership social housing properties* .

f. Non-residential properties such as retail units or offices, which are sometimes built as part of a residential development, are treated as *investment properties* if they are held for rental, or as non-social stock if they are developed for sale on a long lease (i.e. a premium is paid on completion, followed by a nominal rent).

g. Mixed tenure schemes where the precise mix is yet to be finalised; investment properties under construction; and land without planning consent or grant allocation ("land bank") are included in *social housing properties under construction* .

In all cases, properties are initially stated at their directly attributable cost: this includes the cost of land, construction works and professional fees, as well as capitalised staff costs for those employees attributable to the development activity and interest. No staff or interest costs are capitalised on land banks.

The cost of completed rental-only social housing properties is split into components (see 'Depreciation and amortisation' policy). Major repairs are capitalised on a component level, to the extent that they are either a full replacement of the previous component, or an enhancement to the existing component which will reduce future repair costs, extend the life of the component or result in increased rental income. Major repairs are expensed as incurred in other circumstances. No provision is recognised for future planned and routine maintenance of these properties.

Investment properties are adjusted to fair value at each reporting date. Further expenditure relating to these properties, even if capital in nature, is expensed.

Interests in jointly controlled entities and associates
These are initially recognised at the amount of the investment made, including transaction costs, and subsequently adjusted to reflect the Group's share of the investee's net assets.

Public benefit concessionary loans
As a "public benefit entity group" (as defined by FRS 102), loans which are made as part of the Group's social housing objectives, at below-market rates of interest, and are not repayable on demand, qualify for treatment as public benefit entity concessionary loans. They are initially recorded at the amount lent and subsequently adjusted for accrued interest receivable less any impairment loss.

This treatment applies to the Group's equity loans (including those under the HomeBuy scheme), where the amount to be repaid by the homeowner scales with the subsequent movement in the value of their property. It also applies to the arrangements which the Group has made with some tenants for payment of rent and service charge arrears, which are effectively loans granted at a zero interest rate.

Stock transfers
Where an opportunity for the regeneration of local authority ("LA") housing stock arises after a transfer request from tenants, the Group may seek to maximise the resources available for the regeneration by entering into a VAT shelter arrangement with the LA. In this circumstance, the transactions are accounted for on a gross basis: the Group's remaining obligation to refurbish the properties is shown as a creditor while the LA's remaining obligation to have the properties refurbished is included in debtors. The split between amounts due within one year and amounts due after more than one year reflects the expected timing of the remaining refurbishment works.

Social housing property grants
These grants - which have been provided by central and local government to part-fund the construction of the Group's social housing properties - are treated as deferred income, and amortised as per the 'Turnover' policy; the amount due to be amortised in the following year is included in creditors due within one year. The original amount granted may become repayable if the conditions of the grant are not complied with: for example, if the related properties cease to be used for the provision of affordable rental accommodation, or are sold on the open market. If there is no obligation to repay the grant on disposal of the assets, the remaining unamortised grant is credited against the cost of the disposal.

Grant in respect of shared ownership properties is allocated against the amount retained after the first tranche is sold.

Social housing property grants which the Group is entitled to and is reasonably certain of receiving are included in debtors while those received but not yet allocated to a development project are included in creditors.

HomeBuy grants
Under the HomeBuy scheme, the Group received grants in order to advance interest-free loans to homebuyers. In the event that the homeowner sells the property, or otherwise wishes to repay the loan, the related grant is transferred to the Recycled Capital Grant Fund. However, if there is a fall in the value of the property and the Group receives back less than it lent, the difference is offset against the amount of grant transferred, so that the Group does not incur a loss.

Recycled Capital Grant Fund ("RCGF") and Disposal Proceeds Fund ("DPF")
The Group has the option to recycle social housing property grants, which would otherwise be repayable to either the Homes and Communities Agency or the Greater London Authority (depending on the location of the disposed property), to the RCGF. Likewise, it has the opportunity to recycle proceeds from sales under the Voluntary Purchase Grant Scheme, a substantial amount of which would otherwise be repayable, to the DPF. If the amounts set aside in this manner are not used to fund the development of new social housing within a three-year period, they again become repayable, with interest, unless a time extension or a waiver is received.

The amounts held within the funds which are not anticipated to be recycled, or become repayable, within one year are included under 'creditors due after more than one year'. The remainder is included under 'creditors due within one year'.

As a result of changes made by the Housing and Planning Act 2016, from 6 April 2017 the Group will not be required to recycle any further proceeds to the DPF.

Non-derivative financial instruments
The Group applies the recognition and measurement provisions of IFRS 9 Financial Instruments, as allowed by FRS 102.

All investments, short-term deposits and loans held by the Group are initially measured at fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs. The best evidence of the fair value of a financial instrument at initial recognition is normally the transaction price.

Where contractual cash flows meet the recognition requirements of IFRS 9, investments, short-term deposits and loans are subsequently measured at amortised cost, unless the difference between the historical cost and amortised cost basis is deemed immaterial. Amortised cost is calculated using the effective interest method which applies a rate of interest that exactly discounts estimated future cash payments or receipts (including any associated premium, discount or transaction costs) through the expected life of the financial instruments to the net carrying amount of the financial asset or liability. The current rate of LIBOR at the reporting date is used and assumed to be constant for the life of the loan. Loans and investments that are payable or receivable in one year are not discounted.

Where contractual cash flows do not meet the recognition requirements of IFRS 9, loans, investments and short-term deposits are subsequently measured at fair value with gains or losses taken to the Income Statement.

Where loans and other financial instruments are redeemed during the year, a redemption penalty is recognised in the Income Statement of the year in which the redemption takes place, where applicable.

1. Accounting policies continued

Non-derivative financial instruments continued
Tenant and other debtors and creditors are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction and does not qualify for treatment as a concessionary loan, in which case the present value of the future receipts discounted at a market rate of interest is used.

Cash and cash equivalents include cash balances and call deposits, as well as short-term investments with an original maturity of three months or shorter. It also includes those overdrafts which are repayable on demand and form an integral part of the Group's cash management strategy.

Derivative financial instruments and hedge accounting
To manage interest rate risk, the Group manages its proportion of fixed to variable rate borrowings within approved limits and, where appropriate, utilises interest rate swap agreements. Amounts payable and receivable in respect of these agreements are recognised as adjustments to interest payable over the period of the agreement.

These derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative.

Where considered appropriate, the Group applies hedge accounting and has designated each of the swaps against either existing drawn debt or against highly probable future debt. Hedges are classified as either:

a. fair value hedges when hedging exposure to changes in the fair value of a recognised asset or liability; or

b. cash flow hedges when hedging exposure to variability in cash flows that is attributable to either a particular risk associated with a recognised asset or liability or a highly probable forecast transaction.

Hedge relationships are formally designated and documented at inception, together with the risk management objective and strategy for undertaking the hedge. The documentation includes identification of the hedging instrument, the hedged item or transaction, the nature of the risk being hedged, and how the Group will assess the hedging instrument effectiveness in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk.

Accounting for fair value hedges
The change in fair value of a hedging derivative is recognised in the Income Statement. The change in the fair value of the hedged item attributable to the risk being hedged is recorded as part of the carrying value of the hedged item and is also recognised in the Income Statement. The Group applies fair value hedge accounting when hedging interest rate risk on fixed rate borrowings. If the criteria for hedge accounting are no longer met, the accumulated adjustment to the carrying amount of a hedged item at such time is then amortised to the Income Statement over the remaining period to maturity.

Accounting for cash flow hedges
To the extent the hedge is effective, movements in fair value adjustments, other than adjustments for own or counterparty credit risk, are recognised in Other Comprehensive Income and presented in a separate Cash Flow Hedge Reserve. Any movements in fair value relating to ineffectiveness and adjustments for own or counterparty credit risk are recognised in the Income Statement.

Where hedge accounting for a cash flow hedge is discontinued and the hedged future cash flows are still expected to occur, the amount that has been accumulated in the cash flow hedge reserve remains there until those future cash flows occur. If the hedged future cash flows are no longer expected to occur, that amount is immediately reclassified to the Income Statement.

Fair value
All financial assets or liabilities at fair value are calculated using measurements based on inputs that are observable for the asset either directly or indirectly from prices.

Fair value is determined as the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. To calculate fair value, the Group uses:

a. where they exist, quoted market prices in an active market for an identical asset or liability; or

b. if a market for a financial instrument is not active, the Group will use a valuation technique that makes maximum use of market inputs and includes recent arm's length market transactions, reference to the current fair value of another instrument that is substantially the same, discounted cash flow analysis, and option pricing models where in each case it is an acceptable valuation technique that incorporates all factors that market participants would consider in setting a price.

Derivative financial instruments are measured at the present value of future cash flows estimated and discounted based on the applicable yield curves derived from quoted interest rates. As required by IFRS 13, there is also a bilateral credit valuation adjustment made in order to adjust for the credit worthiness of the counterparties involved in the trade.

Provisions and contingent liabilities

A provision is recognised where a present obligation has arisen as a result of a past event for which settlement is probable and can be reliably estimated. The amount recognised is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where the effect of the time value of money is material, the amount expected to be required to settle the obligation is recognised at present value using a pre-tax discount rate, and the subsequent unwinding of the discount is recognised as a finance cost.

A contingent liability, where settlement is not probable and/or cannot be reliably estimated, is not recognised unless it is identified as part of a business combination.

Pensions

The Group participates in a number of defined benefit and defined contribution pension schemes. The assets of these schemes are held separately to those of the Group.

For defined benefit schemes accounted for as defined benefit schemes, the net liability (or asset, to the extent it is recoverable) is calculated by estimating the amount of future benefit that employees have earned to date, discounted to present value, and deducting the fair value of the scheme's assets. Changes in this net defined benefit liability arising from employee service, introductions, benefit changes, curtailments and settlements during the period are recognised in operating costs. The net interest expense (or income) on the net liability (or asset) for the period is recognised as other finance cost (or income). Remeasurement of the net liability (or asset) is recognised as actuarial gains/losses in Other Comprehensive Income.

For multi-employer defined benefit plans where sufficient information is not available to use defined benefit accounting, defined contribution accounting is instead followed i.e. contributions are recognised as an expense as they fall due. Where such a scheme is in deficit and the Group has agreed to a deficit-funding arrangement, the Group recognises a liability for the net present value of the agreed deficit-funding contributions. The unwinding of this liability is recognised as a finance cost.

Other employee benefits

The Group recognises an accrual for unused annual leave which employees are entitled to carry forward and use within the next 12 months. This is measured at the salary cost payable for the period of absence.

Reserves

Where funds received by the Group are subject to external restrictions which specify how the funds must be used, a separate restricted reserve is recognised.

2. Significant judgements and accounting estimates

Significant judgements

With the exception of those relating to accounting estimates and uncertainty, the following significant judgements have been made in applying the Group's accounting policies:

1 Accounting for the transfer of engagements of Circle Anglia Limited to Affinity Sutton Group Limited (now Clarion Housing Group Limited) as a merger, both on a consolidated and unconsolidated basis.

2 Determining which properties, which would otherwise be shown as social housing properties or non-housing fixed assets, meet the definition of investment properties (see note 15).

3 Deeming the disposal of the Group's holding in Landericus Holding Limited S.à.r.l. and Prime Care Holdings Limited to be immaterial for the purposes of disclosure of discontinued operations (see note 34).

Accounting estimates

The nature of estimation means that actual outcomes could differ from the estimates made. The following accounting estimates have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities - and therefore the income and expenses recognised - within the next financial year:

1 The useful economic lives ("UELs"), and residual values, of intangible assets, social housing properties and non-housing fixed assets.

The Group believes that the UELs used are reasonable based on their experience. The most material assumptions are the UELs of rental-only social housing property components: these were reviewed in early 2017 as a result of the merger, with the input of the Group's repairs and maintenance staff, and were benchmarked against the UELs disclosed by other English registered providers.

2 The allocation of property development costs between tenures, and between components for rental-only social housing properties, and the expected first tranche proportion.

Allocation of costs between tenures is carried out on a scheme-by-scheme basis, and the non-land cost of rented properties is allocated to components on the basis of an internal review of component costs. The Group uses 35% as the default expected first tranche proportion as this is close to its average first tranche sales percentage.

3 The valuation of investment properties.

See note 15. These have been professionally valued, with the exception of a small number of immaterial properties which have been valued internally using the professional valuations as a guide.

4 The recoverable amount of the investment in Linden/Downland Graylingwell LLP.

See note 17.

2. Significant judgements and accounting estimates continued

Accounting estimates continued

5 The recoverable amount of stock.

Construction costs, including costs to complete for properties in the course of construction, have been compared to property valuations. In general, this should not be a significant risk due to the Group's regularly high sales margins.

6 The recoverable amount of tenant and other debtors.

Balances owed by former tenants are provided for in full; for current tenants, the provision is 40% for tenants of Affinity Sutton Homes Limited, and 25% for tenants of the five other (ex-Circle) registered providers. These percentages have been derived from separate reviews of two different groups of debtors, which were until recently managed by two separate organisations, and so would not necessarily agree. Other debtors are reviewed on a case-by-case basis and provided for as deemed to be necessary.

7 The fair value of derivative financial instruments. See note 26.

8 The valuation of defined benefit pension scheme obligations.

See note 27 for the valuation of the Social Housing Pension Scheme (SHPS) deficit funding contributions and note 28 for valuations of defined benefit assets/liabilities.

A number of critical underlying assumptions are made when measuring a defined benefit scheme, including standard rates of inflation, mortality, discount rates and anticipation of future salaries. Variation in these assumptions may significantly impact the net asset/liability and the annual expense. These assumptions and calculations are prepared by independent actuaries.

Void losses represent rental income lost as a result of an available-for-letting property not being let.

5. Employees

The average monthly number of full-time equivalents ("FTEs") employed during the year, including members of the Executive Team, was as follows:

	Group		Parent	
	2017 Number	Combined 2016 Number	**2017 Number**	Combined 2016 Number
	3,544	3,897	**1,209**	2,814

FTEs are based on a standard working week, which varies between 35 and 42 hours, but is 36 hours for most employees, including most of the Parent's. The Parent's reduction in FTEs from 2016 to 2017 is explained by an intragroup transfer of employees to Affinity Sutton Homes Limted. This transfer took place on the date of merger.

A number of subsidiaries employ some of their staff directly; the remaining employees are employed by the Parent and their costs recharged (see note 35). As stated above, most of the staff previously employed by the Parent are now employed by Affinity Sutton Homes Limited.

The number of employees, including Executive Directors, whose total remuneration (excluding employer pension contributions, or pay in lieu thereof, but including compensation for loss of office) exceeds £60,000 per annum is as follows:

Deferred tax assets have been recognised against the pension liabilities of non-charitable Group members. The reversal of these assets is contingent on the reversal of the underlying pension liabilities, for which a reliable estimate cannot be made. Deferred tax assets have also been recognised in respect of unused tax losses and, based on current profit forecasts, £0.1 million of these are expected to reverse in the following year.

Deferred tax liabilities have been recognised for the difference between the fair value and the historic cost of the investment properties owned by Grange Management (Southern) Limited, as it does not have charitable status and so the disposal of these properties will give rise to a tax charge based on the historic cost. The amount of deferred tax which will reverse in the following year depends on the future movement in the valuation and the properties disposed, for neither of which a reliable estimate can be made.

As separate organisations, Affinity Sutton Group and Circle Housing Group had both commenced the implementation of enterprise resource planning ("ERP") systems. As the merger became more certain, the decision was taken to focus solely on the implementation being undertaken by Affinity Sutton Group, as it was the further progressed of the two. The costs incurred in relation to the Circle ERP have been impaired and written off.

Three adjustments to the numbers previously reported by the Circle Housing Group have been made:

1 A number of commercial properties included in social housing properties (or stock) have been reclassified as investment properties. The impact of this change is to increase net assets at 31 March 2016 by £5.6 million and increase the surplus for the prior year by £0.7 million.

2 £12.2 million cost of completed shared ownership properties were incorrectly reported as rental-only. Correcting this has had no impact on net assets or the surplus recognised in the prior year.

3 When adopting FRS102 in the prior year, £10.9 million of accumulated depreciation had been incorrectly transferred to reserves when reclassifying market rent properties as investment properties.

Completed properties with a combined net book value of £3,780.2 million (2016: £3,540.0 million) are held as security against debt and derivatives (see notes 24 and 26).

£12.1 million (2016: £12.1 million) of the net book value above relates to assets held under finance leases.

All residential properties and the majority of the commercial properties were valued as at 31 March 2017 by Jones Lang LaSalle, or Savills, Chartered Surveyors, on the basis of Market Value, as defined in "RICS Valuation - Professional Standards" (January 2014).

The significant assumptions applied in the valuation of commercial properties are the estimated rental value and yield, both of which are based on recent local transactions. For residential properties, the significant assumptions are the movement in market rents, changes in house prices (as it is assumed that some properties will be disposed of over time, for example as they become void) and the discount rate. For the freeholds, the significant assumption is the 4.5% investment yield which has been applied to the annual ground rent income, based on the valuer's knowledge of the investment market for ground rents.

The value of the remaining commercial properties has been estimated internally, using the Jones Lang LaSalle valuation results as a guide, as £2,217,000.

Investment properties with a combined fair value of £146.1 million (2016: £94.9 million) are held as security against debt and derivatives (notes 24 and 26).

17. Interests in JCEs and associates

Group

As detailed in note 34, the Group is a member of a number of jointly controlled entities ("JCEs") and has also invested in one associate.

The amounts included in respect of the Group's share of JCEs and associates comprise the following:

	2017 £m	Combined 2016 £m
Turnover	**32.4**	117.5
Cost of sales	**(26.9)**	(84.6)
Operating surplus	**5.5**	32.9
Interest payable	**(0.6)**	(1.0)
Surplus for the year	**4.9**	31.9
Current assets	**131.2**	105.8
Creditors: amounts falling due within one year	**(69.7)**	(34.1)
Creditors: amounts falling due after more than one year	**(59.3)**	(65.3)
Net assets	**2.2**	6.4
Investment in JCEs and associates	**89.8**	63.1
Interest in JCEs and associates	**92.0**	69.5

In accordance with FRS 102, the results for the year have been adjusted to eliminate any amounts in relation to sales of properties to other members of the Group. Likewise, the amounts above are also adjusted as necessary to be in line with Group accounting policies: in the case of Farm Lane and City Road, sales are only recognised on legal completion; in the case of Graylingwell, Ramsden and Wilmington, eligible interest costs are capitalised; and in all cases, prepaid marketing costs are expensed as incurred.

Included in 'Investments in JCEs and associates' are loans from the Group totalling £89.6 million (2016: £63.1 million).

These loans include £35.4 million (2016: £24.9 million) for amounts lent to Linden/Downland Graylingwell LLP, on which interest is currently charged at the Bank of England base rate plus 3.5%. However, since 1 April 2012 no interest has been recognised by the Group based on its assessment of the recoverability of the capital and interest. Additionally, the amounts lent to this LLP are stated net of a £6.2 million impairment which was recognised in previous years (2016: £10.6 million); £4.4 million of impairment was reversed this year as a result of reviewing the LLP's profit forecasts.

Development agreements for the construction of residential property are in place between the Group and most of its JCEs and associates. The amount of construction works provided in the year was £3.0 million (2016: £4.3 million) and £0.3 million is included in creditors at the reporting date (2016: £0.3 million).

During the year, the Group received profit distributions of £17.2 million from its JCEs and associates (2016: £28.8 million).

Collateral deposits represent cash that the Group has had to place with derivative counterparties, as a result of the derivative fair values being sufficiently "out of the money" that the Group's liability exceeds an agreed amount.

Funds held by Igloo, the Group's insurance vehicle, have been invested on a short-term basis. At the reporting date, £2.7 million is invested in various Certificates of Deposit; these mature over the course of 2017 (but it is expected that these can be liquidated at short notice, if necessary).

Debt is repayable as follows:		
Due within one year	**79.3**	35.6
Due between one and two years	**52.5**	41.6
Due between two and five years	**394.7**	166.3
Due after more than five years	**2,811.5**	3,062.5
	3,338.0	3,306.0

Included in the above are fair value adjustments of £2.3 million (2016: £2.8 million) relating to the acquisition of Mercian Housing Association Limited, £16.4 million (2016: £17.2 million) relating to the acquisition of Russet Homes Limited and £12.9 million (2016: £8.2 million) relating to the private placement, as required for the hedging relationship. These fair value adjustments represent the difference between the book value and the fair value of the loans at the date of acquisition and this is the price the loans are carried at in the financial statements. The fair value is amortised over the life of the loans. £1.2m of fair value has been released this year.

Also included in the above are net bond premium and amortisation adjustments of £38.1 million (2016: £35.6 million), finance leases of £5.8 million (2016: £5.8 million) and overdrawn amounts of £nil (2016: £3.1 million).

Of the remaining balance, £1,939.9 million (2016: £1,910.7 million) relates to loans drawn from committed debt facilities of £2,771.9 million (2016: £2,849.5 million). A further £635.0 million (2016: £635.0 million) relates to bond issues through Circle Anglia Social Housing Plc, £500.0m (2016: £500.0 million) relates to bond issues through Affinity Sutton Capital Markets Plc, £37.6 million (2016: £37.6 million) is represented by the bond issue through Affinity Sutton Homes Limited and £150.0 million (2016: £150.0 million) relates to the private placement through Circle Anglia Social Housing 2 Plc.

The Group's main treasury vehicle, Circle Anglia Treasury Limited, directly funds the borrowing requirements of the charitable Registered Providers ("RPs") within the Group. However, £58.6 million (2016: £57.8 million) of facilities still reside within the charitable RPs: this includes a £0.7 million (2016: £0.7 million) finance lease in Circle Thirty Three Housing Trust Limited, £9.0 million (2016: £9.4 million) of historic bonds and loans in Circle Thirty Three Housing Trust Limited, and £48.9 million (2016: £47.8 million) in historic bonds and loans in Affinity Sutton Homes Limited.

The Group's facilities are repayable at various dates through to 2046 and are secured by fixed charges over the completed housing properties of the participating Group members and a series of cross guarantees.

Around 94% (2016: 92%) of the Group's portfolio is fixed, either directly or as a result of interest-rate swaps which convert variable interest rates to fixed rates. This minimises the Group's exposure to variable interest rates.

The following tables show the maturity and margins on the Group's principal borrowings:

Forward starting swaps represent hedging activity entered into in line with the Group's Treasury Risk Management Policy based on the forecast debt profile to protect against future interest rate increases.

The following table indicates the periods in which cash flows associated with hedging instruments are expected to occur.

	2017 £m	Combined 2016 £m

In order to better understand the assumptions behind the nature of measuring the fair values of our swap portfolio, the values have been placed into a fair value hierarchy similar to that under IFRS 13 as described below:

Level 1 Unadjusted quoted prices for identical assets and liabilities in active markets.

Level 2 Other observable inputs for the asset or liability such as quoted prices in active markets for similar assets or liabilities or quoted prices for identical assets or liabilities in markets which are not active.

Level 3 Unobservable inputs developed by an entity using the best information available where there is little or no market activity for the asset or liability at the measurement date.

Level 2	**(374.4)**	(367.6)
Level 3	**-**	-

Fair value measurement
Derivative financial instruments are measured at the present value of future cash flows estimated and discounted based on the applicable yield curves derived from quoted interest rates. As required by IFRS 13, there is also a bilateral credit valuation adjustment made in order to adjust for the credit worthiness of the counterparties involved in the trade.

The Group is a member of the defined benefit section of the Social Housing Pension Scheme and has made a provision for the deficit funding payments it has agreed to make in the future (see note 28). The payments have been discounted at 2.5% (2016: 3.7%) and the interest cost on unwinding was £0.6 million (2016: £0.4 million).

Up until 31 March 2017, the Group had an agreement with Thames Water to pay the water and sewage charges for some 17,000 of its housing properties, as part of which the Group billed those properties' tenants. As part of this agreement, the Group received a credit from Thames Water as an administration fee as well as to account for credit risk and some properties being void. A High Court judgement in March 2016 against Southwark Council – which has a similar arrangement with Thames Water - decided that the Council should have passed on this credit to its residents. The Group was not party to this case, and whatever course of action Southwark Council has chosen to take subsequent to the ruling, applies only to its own tenants. The Group along with other housing associations and local authorities is considering its position with regard to its own tenants, as part of which it has recognised a provision for £6.5 million (2016: £6.4 million).

Other provisions also includes, amongst other amounts, £5.4 million (2016: £1.1 million) for remedial structural works required at Queen Mary Gate, South Woodford; £1.7 million (2016: £1.1 million) for dilapidations at leased offices that the Group has decided to vacate; and £nil (2016: £0.8 million) in relation to a contractual dispute arising from the construction of commercial premises.

The Parent is a member of the defined benefit section of the Social Housing Pension Scheme and has made a provision for the deficit funding payments it has agreed to make in the future (see note 28). The payments have been discounted at 2.5% (2016: 3.7%) and the interest cost on unwinding was £nil (2016: £nil).

Other provisions also includes, amongst other amounts, £1.7 million (2016: £1.1 million) for dilapidations at leased offices that the Parent has decided to vacate.

28. Pensions

Social Housing Pension Scheme (defined benefit section)

The Group participates in the scheme, a multi-employer scheme which provides benefits to some 500 non-associated employers. The scheme is a defined benefit scheme in the UK. It is not possible for the Group to obtain sufficient information to enable it to account for the scheme as a defined benefit scheme; therefore, it accounts for the scheme as a defined contribution scheme.

The scheme is subject to the funding legislation outlined in the Pensions Act 2004 which came into force on 30 December 2005. This, together with documents issued by the Pensions Regulator and Technical Actuarial Standards issued by the Financial Reporting Council, sets out the framework for funding defined benefit occupational pension schemes in the UK.

The scheme is classified as a 'last-man standing arrangement'. Therefore the Group is potentially liable for other participating employers' obligations if those employers are unable to meet their share of the scheme deficit following withdrawal from the scheme. Participating employers are legally required to meet their share of the scheme deficit on an annuity purchase basis on withdrawal from the scheme.

A full actuarial valuation for the scheme was carried out with an effective date of 30 September 2014. This actuarial valuation was certified on 23 November 2015 and showed assets of £3,123 million, liabilities of £4,446 million and a deficit of £1,323 million. To eliminate this funding shortfall, the trustees and the participating employers have agreed that additional contributions will be paid, in combination from all employers, to the scheme as follows:

Tier	Period	Total contribution per annum
1	From 1 April 2016 to 30 September 2020	£40.6 million (increasing by 4.7% each 1st of April)
2	From 1 April 2016 to 30 September 2023	£28.6 million (increasing by 4.7% each 1st of April)
3	From 1 April 2016 to 30 September 2026	£32.7 million (increasing by 3.0% each 1st of April)
4	From 1 April 2016 to 30 September 2026	£31.7 million (increasing by 3.0% each 1st of April)

The share of these deficit funding payments payable by the Group will be £2.4 million in 2017/18, rising to a maximum of £2.6 million in 2019/20, before falling to £2.2 million in 2020/21 and reducing further until completion in 2026/27. The total share payable by the Parent between 2017/18 and 2026/27 is £0.1 million.

Other defined benefit schemes

The Group also participates in the following defined benefit schemes, and which it accounts for as defined benefit schemes:

Scheme	Date of the most recent comprehensive actuarial valuation
Cambridgeshire County Council Pension Fund	31 March 2016
Downland Housing Group Pension & Assurance Scheme	31 March 2015
Hertfordshire County Council Pension Fund	31 March 2016

Norfolk County Council Superannuation Fund	31 March 2016
Surrey County Council Pension Fund	31 March 2016
William Sutton Housing Association Final Salary Scheme	30 September 2015

On the date of the merger, Affinity Sutton Homes Limited replaced the Parent as the Group's admitted body for the Norfolk County Council Superannuation Fund, taking on its £14.2 million net liability. This has been accounted for as a distribution-in-kind. Prior in the year to this, the Parent replaced Anglia Maintenance Services Limited as the admitted body for its share, and received a £1.4 million net asset.

These most recent comprehensive actuarial valuations have been used by the scheme actuaries to estimate the amounts recognised by the Group/Parent. These amounts are, in aggregate, as follows:

29.Contingent assets/liabilities

Group

As per note 1, the original amount of social housing property grants may become repayable. In addition to the amounts disclosed in creditors, £292.1 million of grant has been credited to reserves to date through amortisation (2016: £270.4 million). The timing of any future repayment is uncertain.

Under the admission agreement for the Norfolk County Council Superannuation Fund, all parties - including the Group - are jointly and severally liable for the fund's liabilities.

The Group has received a letter before action from solicitors acting on behalf of various residents at Orchard Village in respect of disrepair, misrepresentation and other various claims. No formal liability assessment has been undertaken.

The Group has a contingent liability in relation to defects found at 63 other properties. For five of these cases, a formal liability assessment has been made, totalling £0.1 million.

Parent

The Parent has no contingent assets/liabilities.

30. Capital commitments

Authorised by the Board but not contracted for	**490.5**	507.8
	1,186.1	724.7

These commitments to future capital expenditure predominantly relate to the construction of housing properties.

Amounts contracted for but not provided for in the financial statements include £72.0 million (2016: £3.3 million) for the Group's share of the capital commitments of its JCEs and associates (excluding Linden/Downland Graylingwell LLP).

Amounts authorised by the Board but not contracted for includes £34.7 million (2016: £41.4 million) for the Group's share of the future gross capital expenditure committed through the development agreement relating to Linden/Downland Graylingwell LLP. This development agreement allows construction programme timings to be varied, with sales receipts from earlier phases used to fund the construction of further units.

At the reporting date the Group had £168.5 million of cash and cash equivalents and £812 million of undrawn funding. The remaining £151.9 million is expected to be funded by future surpluses and debt funding, sourced from banks and debt capital markets.

The Group considers this to be a reasonable expectation given its previous success in these markets and its strong investment grade credit rating.

After the reporting date, the Group acquired 100% of LJ Green Lanes Limited (now Latimer Green Lanes Limited), a property development company registered on the Isle of Man.

During the year, the Group disposed of Landericus Holding Limited S.à.r.l. (including its subsidiaries) and Prime Care Holdings Limited (including its subsidiaries). Neither of these operations was a major line of business for the Group and so this has not been presented as a discontinued operation. The total surplus on disposal was £6.6 million.

After the reporting date, Mole Valley Housing Association Limited and Merton Priory Homes transferred their engagements (i.e. their assets and liabilities) to Circle Thirty Three Housing Trust Limited.

On 8 May 2017, as a result of the merger, Affinity Sutton Community Foundation changed its name to Clarion Futures.

On 18 July 2017, Circle Grimaldi LLP was dissolved.

35. Related party disclosures and intra-group transparency

Debtor and creditor balances between members of the Clarion Housing Group are either trading balances which are non-interest bearing and are due to be settled within one year of their recognition, or are loans subject to a market rate of interest.

As the Group parent, Clarion Housing Group Limited incurs certain staff costs and overheads centrally on behalf of the whole Group. These costs are then recharged to other members of the Group.

Prior to the merger, Affinity Sutton Group Limited was the group parent of the Affinity Sutton Group and Circle Anglia Limited was the group parent of the Circle Housing Group. Each incurred their own costs and these were recharged to other members of the respective group according to the methodologies in place.

For former members of the Affinity Sutton Group, the main element of the recharge is staff costs, which are allocated by department based on their activity in the year. Other material allocations are: IT costs, which are allocated by the number of PCs; mobile phone costs, by number of devices; staff training and recruitment, by FTEs; and offices, by usage of specific premises.

For former members of the Circle Housing Group, a marginal approach was taken to commercial entities with any remaining costs recharged to the Registered Providers on the basis of turnover, with the exception that maintenance provided by Circle Housing Property Services (a division of Circle Anglia Limited) is recharged to the Registered Provider who owns the property.

A new, aligned methodology for the Clarion Housing Group has been developed and this will apply from 1 April 2017; the potential impact of using the new methodology for the four months post-merger was found to be immaterial, and so the old methodologies continued to be used until 31 March 2017.

[b] Transferred engagements to Circle Thirty Three Housing Trust Limited during the current year.

Other regulated members of the Clarion Housing Group have disclosed transactions with non-regulated members in their own financial statements.

No other related party transactions require disclosure.

36. Merger

As stated in note 1, Clarion Housing Group Limited ("Clarion Housing Group") was formed when Circle Anglia Limited ("Circle") transferred its engagements to Affinity Sutton Group Limited ("Affinity Sutton") on 29 November 2016, and this has been accounted for as a merger as allowed by FRS 102. Therefore, these financial statements are presented as if the Clarion Housing Group had existed in its current form since the start of the previous reporting period.

As part of this, the accounting policies of the two merging parties have been aligned and any costs relating to the merger have been expensed. Additionally, any transactions between the two parties prior to the merger are now required to be eliminated as part of consolidation, but no material amounts were identified.

The following disclosures provide an analysis of the numbers reported in these financial statements between the two parties prior to the merger, and of the combined party post-merger. The amounts shown below already take into account the adjustments for Affinity Sutton adopting IFRS 9 prior to the merger (see note 37) and the correction of errors in the amounts previously reported by Circle (see note 14).

Total comprehensive income for the year	0.6	3.2	-	3.8

The net liabilities of Affinity Sutton and Circle at the date of merger were £1.4 million and £17.2 million, respectively.

36. Merger continued

The following material changes in accounting policy have been made as a result of the merger (all numbers quoted are for the respective group):

1 Circle: surpluses on disposal of properties are now reported within operating surplus, to match the treatment applied by Affinity Sutton. In the current year up to the date of the merger, Circle made a £15.3 million surplus on disposal of properties and a £22.6 million surplus in the whole of the prior year.

2 Affinity Sutton: the amount of social housing property grants expected to be amortised within the next year is now included in creditors due within one year, to match the treatment applied by Circle. This increases Affinity Sutton's creditors due within one year by £9.9 million at both the start of the year and at the date of the merger.

3 Circle: ERP and other software costs have been reclassified from non-housing fixed assets to other intangible assets, to match the treatment applied by Affinity Sutton. See note 13 for details of the £12.6m reclassification of brought forward fixed assets.

All three changes are strictly presentational, and do not affect the surplus for the year or reserves,

Additionally, the following immaterial changes in accounting policy have been made as a result of the merger, and are being applied prospectively from the date of the merger:

4 The useful economic lives of fixed assets - which determine the amortisation/depreciation charged - used by both Affinity and Circle have been reviewed and aligned to form the Clarion policy. In some cases, this has resulted in new lives which differ from both the previous Affinity Sutton and Circle policies.

5 Whereas Circle depreciated shared ownership social housing properties, Affinity Sutton did not on the basis of the high residual value of these properties; the latter is the policy followed by Clarion.

6 For other intangible assets and non-housing fixed assets, Circle charged a full year's amortisation/depreciation in the year of acquisition, whereas Affinity Sutton commenced amortisation/depreciation in the month of acquisition; the latter is the Clarion policy.

7 For marketing costs relating to property sales, Circle's policy was to defer these until the sale completes, whereas Affinity Sutton expensed them as incurred; the latter is the Clarion policy.

8 For weekly rent charged in advance, Circle did not defer at the reporting date the amount relating to the first few days of April, whereas Affinity Sutton did defer; the latter is the Clarion policy.

9 For ongoing maintenance works to existing properties, Circle accrued costs in full where more than 50% of the work had been carried out, with no accrual otherwise. Affinity Sutton's policy was to accrue on the basis of work done and this is the Clarion policy.

10 For costs incurred in the construction of new properties, Circle's policy was to only accrue for unpaid contractor invoices dated on or before the reporting date. Affinity Sutton's policy was to also make an estimate of the uninvoiced work completed up to the reporting date and this is the Clarion policy.

37. Change in accounting policy: IFRS 9

As part of adopting FRS 102, Circle had adopted the recognition and measurement provisions of IFRS 9, as allowed by FRS 102, whereas Affinity Sutton had adopted the recognition and measurement provisions of IAS 39, as allowed by FRS 102. Prior to the merger, Affinity Sutton decided to adopt the recognition and measurement provisions of IFRS 9 and amounts reported in the previous financial statements of Affinity Sutton have been adjusted as follows:

	Reserves as at 31 March 2015 £m	Surplus for the year ended 31 March 2016 £m	Reserves as at 31 March 2016 £m
As previously reported using IAS 39	568.5	144.8	713.4
Fair value of derivatives and related hedging*	11.6	2.5	15.6
Restated using IFRS 9	**580.1**	**147.3**	**729.0**

*The fair value of Affinity Sutton's interest rate swaps was different under IFRS 9, when compared to IAS 39. Additionally, the effectiveness of the hedging was different and therefore there has also been a change to the level of ineffectiveness recognised.

38. Event after the end of the reporting period

On 8 May 2017 and 1 June 2017, the Financial Conduct Authority respectively registered the transfer of engagements of Mole Valley Housing Association Limited and Merton Priory Homes to Circle Thirty Three Housing Trust Limited.

ALTERNATIVE PERFORMANCE MEASURES

The Clarion Housing Group believes that certain financial measures that are not recognised by UK GAAP, including FRS 102, the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland (the **Accounting Standards**), but are derived from the information provided in the Clarion Housing Group's financial statements, provide additional useful information regarding its ongoing operating and financial performance.

These measures are not recognised measures under the Accounting Standards, do not have standardised meanings prescribed by the Accounting Standards and should not be considered in isolation or construed to be alternatives to measures pursuant to the Accounting Standards including revenues, net income (loss) and comprehensive income (loss) for the period determined in accordance with the Accounting Standards. The Clarion Housing Group's method of calculating these measures may differ from the method used by other entities. Accordingly, certain of the financial performance measures presented in this Offering Circular may not be comparable to similarly titled measures used by other entities or in other jurisdictions. Consequently, these measures should not be considered substitutes for the information contained in the financial statements set out in the section entitled "*Financial Statements*" below and should be read in conjunction therewith.

In particular, the Clarion Housing Group uses the financial measures (as defined below) set out in the table below to evaluate the business performance of the Clarion Housing Group.

For the purposes of the table below:

HA Financial Statements means the financial statements for each of the Original Borrowers, Merton Priory Homes and Mole Valley Housing Association Limited in respect of the financial year ended 31st March, 2017; and

HAs means the Original Borrowers, Merton Priory Homes and Mole Valley Housing Association Limited.

VALUATION REPORTS

Numerical Apportionment Basis

Where the applicable Final Terms and the Loan Facility Agreement state that the security in respect of the Deed of Guarantee is allocated on a Numerical Apportionment Basis, the Notes will be secured by, *inter alia*, an allocation of charged properties from a shared security pool. On an ongoing basis, the Security Trustee apportions such number of parts of the Charged Properties between all the Beneficiaries (including the Issuer) as is appropriate. The following valuation reports (the **Valuation Reports**) prepared by the Valuers therefore relate to the total shared security pool, an appropriate part of which will be allocated to secure the Notes, such part as is required to enable the Group Borrower to satisfy the Asset Cover Test (see the section entitled "*Description of the Loan Facility Agreement*" above).

The Valuation Reports were prepared by Jones Lang LaSalle Limited, Registered Chartered Surveyors of 30 Warwick Street, London W1B 5NH and Savills Advisory Services Limited, Registered Chartered Surveyors of 33 Margaret Street, London W1G 0JD (together, the **Valuers**). Each Valuation Report is included in this Offering Circular, in the form and context in which it is included, with the consent of the relevant Valuer and the relevant Valuer has authorised the contents of this section entitled "*Valuation Reports*" relating to the Valuation Report prepared by it.

Each Valuer has no material interest in the Issuer, the Group Borrower or the Original Borrowers.

Summary of valuations

A summary of the values of the Charged Properties in the total shared security pool set out in the Valuation Reports is set out below:

Dear Sirs

Clarion Funding plc – Valuation of 33,715 Properties for the Establishment of a Secured Euro Medium Term Note Programme (the "Programme")

We are pleased to attach our report (the "Report") in connection with the above.

This Report is issued for the benefit and use of the Addressees and for inclusion in the Offering Circular for the Programme issued by the Issuer (the "Offering Circular") and may only be used in connection with the transactions referred to in this Report and for the purposes of the Offering Circular.

To the best of our knowledge (having taken all reasonable care to ensure that such is the case) the information given in this Report is in accordance with the facts and does not omit anything likely to affect the import of such information.

Before this Report or any part of it is reproduced or referred to in any document, circular or statement (other than the Offering Circular in respect of the Programme), our written approval as to the form and context of such publication must be obtained.

If you have any questions about this Report, or require further information, please contact Fiona Hollingworth (fiona.hollingworth@eu.jll.com) or James Massey (james.massey@eu.jll.com).

Executive Summary

This summary should be read in conjunction with the main body of our Report. Section numbers are supplied where relevant.

Introduction

The date of this Report is 29 September 2017.

Jones Lang LaSalle Limited has been instructed to value a portfolio of 33,715 properties for loan security purposes (the "Portfolio") in connection with each series of Notes to be issued by the Issuer under the Programme where the underlying security is apportioned on a "Numerical Apportionment Basis" pursuant to the Security Trust Deed. The Portfolio is broken down as follows (section 3):

- 76 rented units formerly owned by Aashyana Housing Association Limited ("AHA");
- 8,369 rented units formerly owned by Broomleigh Housing Association Limited ("BHA");
- 7,039 rented units formerly owned by Downland Housing Association Limited ("DHA");
- 14,554 rented units formerly owned by William Sutton Housing Association Limited ("WSHA");
- 1,120 shared ownership units; and
- 2,557 units which are managed by third party agents or have been sold on long leases and included at nil value.

Each of the properties in the Portfolio is now owned by Affinity Sutton Homes Limited ("ASHL").

This Report addresses those units which carry a value for the purpose of this exercise and consequently refers to the valuation of 31,158 units only.

In accordance with our instructions we have inspected approximately 20% of the Portfolio this year (Section 2).

Valuations

Our opinions of value are as at the date of this Report.

Our valuation of all 26,215 properties being valued on the basis of EUV-SH, in aggregate (Section 6), is:

£1,819,670,000
(one billion, eight hundred and nineteen million, six hundred and seventy thousand pounds)

Our valuation of all 4,943 properties being valued on the basis of MV-T, in aggregate, (Section 6) is:

£354,170,000
(three hundred and fifty four million, one hundred and seventy thousand pounds)

Our indicative valuation of the 25,890 freehold properties that have been valued on the basis of EUV-SH, in aggregate, is:

£1,796,390,000
(one billion, seven hundred and ninety six million, three hundred and ninety thousand pounds)

Our valuation of the 4,943 freehold properties that have been valued on the basis of MV-T, in aggregate, is:

£354,170,000
(three hundred and fifty four million, one hundred and seventy thousand pounds)

Our indicative valuation of the 325 leasehold properties that have been valued on the basis of EUV-SH, in aggregate, is:

£23,280,000
(twenty three million, two hundred and eighty thousand pounds)

The following tables summarise our valuations:

Freehold Properties

Total	**31,158**	**2,033,640,000**	**£354,170,000**

We confirm that, in our opinion, should the Security Trustee become a mortgagee in possession of the Portfolio, then it would be possible to achieve a sale of the residential properties either to another Registered Provider of Social Housing ("RP") that would be at a price at least equivalent to our valuation on the basis of EUV-SH, or, in principle, to a private purchaser at a price equivalent to our valuation on the basis of MV-T.

1 Introduction

1.1 Background

1.1.1 Clarion Housing Group (hereafter "Clarion") has instructed Jones Lang LaSalle ("JLL") to prepare a valuation of 33,715 properties owned by ASHL ("the Portfolio").

1.1.2 We understand that this Report will be used in order to assist with the establishment of a new Secured Euro Medium Term Note Programme (the "Programme"). This valuation is required to assess the level of security for each series of Notes to be issued by the Issuer under the Programme where the underlying security is apportioned on a "Numerical Apportioned Basis" in accordance with the Security Trust Deed.

1.1.3 This Report has been prepared by James Massey MRICS (Valuer Number: #5036140) under the supervision of Fiona Hollingworth MRICS (#0099707) and Richard Petty FRICS (#0089005). Both Richard and Fiona are Directors in the Affordable Housing team of JLL.

1.1.4 Our valuations have been prepared in accordance with the current RICS Valuation – Global Standards 2017 published by the Royal Institution of Chartered Surveyors and the RICS Valuation - Professional Standards UK, January 2014 (revised April 2015) (commonly known as the "Red Book").

1.1.5 The date of valuation is 29 September 2017.

1.1.6 We can confirm that no conflict of interest has occurred as a result of our production of this Report.

1.1.7 For the avoidance of doubt, we confirm that it would not be appropriate or possible to compare this valuation with any values appearing in ASHL's accounts. This Report has been prepared in accordance with the Red Book. The valuations are prepared on this basis so that we can determine the value recoverable if the charges over the properties were enforced at the date of this Report. We understand that values given in ASHL's accounts are prepared on a historic cost basis which considers how much the properties have cost and will continue to cost ASHL. This is an entirely different basis of valuation from that used for loan security purposes.

1.2 Instructions

1.2.1 Our Report is prepared in accordance with Clarion's formal instructions.

1.2.2 We have been instructed to prepare our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH"); and
- Market Value subject to existing Tenancies ("MV-T") – where applicable.

1.2.3 Please note that the properties that have been valued on the basis of MV-T have also been valued on the basis of EUV-SH, for information purposes only.

1.2.4 We have valued the Portfolio on these bases, unless otherwise stated in this Report. In addition, and for guidance only (and specifically not to be relied on or represented for any purpose connected with loan security or similar purposes), we are instructed to provide our indicative opinion of value on the basis of Market Value assuming Vacant Possession ("MV-VP").

1.2.5 For reference only, and in accordance with our instructions, we have also provided our opinion of the value of the Portfolio assuming that the properties that are currently let at Affordable Rent, stay at Affordable Rent levels, rather than revert to social rent. Additionally we have also provided our opinion of the value of the Portfolio which allows for a degree of prudent lotting where we feel this is appropriate, and which also reflects the possibilities of the recently deregulated environment and builds in some sales of properties, where we believe that would be appropriate and justifiable. These additional valuations are included in the valuation summaries and property schedules at Appendices 2 and 3 respectively but are not otherwise referred to in this Report.

1.3 Compliance

1.3.1 This valuation qualifies as a Regulated Purpose Valuation ("RPV") as defined by the Red Book. A RPV is a valuation which is intended for the information of third parties in addition to the Addressees. It is a requirement of UKVS 4.3 of the Red Book in relation to disclosures that we declare our prior involvement with Clarion, or the properties being valued, to ensure that there is no conflict of interest.

1.3.2 We confirm that the total fee income earned from Clarion is substantially less than 5% of the fee income earned by JLL in our last financial year (ending 31 December 2016) and that we do not anticipate this situation changing in the foreseeable future.

1.4 Status of Valuer

1.4.1 In preparing this Report, we confirm that JLL is acting as an external valuer as defined in the Red Book. We can also confirm that we consider ourselves to be independent for the purposes of this instruction.

1.4.2 We confirm that we valued the properties in March 2017 for Clarion's annual requirements under its loan covenants. After the appropriate due diligence, we consider that we do not have any conflict of interest in providing the advice that you have requested.

1.4.3 In accordance with RICS guidance, and our own rotation policy, we recommend that a rotation of overall responsibility is considered no later than the end of 2023.

1.5 Property Documents

1.5.1 We have reviewed the original certificate of title dated 12 April 2012, the Reliance and Top Up Letters dated 29 November 2016 and the Reliance and Top Up Letter to be dated on or about the date of this Report and to be issued by Winckworth Sherwood LLP (together "the Property Documents") and can confirm that our valuations fully reflect the disclosures contained therein. In particular, in respect of each unit which we have valued on the basis of MV-T, we can confirm that (based on our review of the Property Documents) such units may be disposed of by or on behalf of the Security Trustee on an unfettered basis (meaning subject to existing tenancies disclosed

in the Property Documents but not subject to any security of interest, option or other encumbrance or to any restriction preventing or restricting its sale to, or use by, any person for residential use).

1.6 Portfolio

1.6.1 The Portfolio comprises the following properties as described in section 3, schedules of which form Appendix 3:

- 26,215 units which have been valued on the basis of EUV-SH; and
- 4,943 units which have been valued on the basis of MV-T.

1.6.2 In addition there are 2,557 units in the Portfolio which are either managed by third parties, or have been sold on long leases. Clarion's interest in these properties is considered to be de minimis for the purpose of this exercise (or treated as being such) and so they are included at nil value. Please note that these units are not included in any unit counts or other statistics in this Report (with exception of the front cover of the Report), but are listed in Appendix 3.

1.6.3 Consequently, the valuation and summaries included hereafter refer to the 31,158 units being valued.

1.7 Changes to Social Housing Rental Growth from March 2016

1.7.1 The Welfare Reform and Work Act 2016 ("the Act") has now passed through the House of Lords and been given Royal Assent. Under the Act, all RPs are to be required to reduce their rents charged on social housing (as defined in the Housing and Regeneration Act 2008) by 1% each year, up to and including 1st April 2019. This period was originally for four years from 2016 and is set out in Section 23 of the Act.

1.7.2 Social housing as defined in the 2008 Act includes all forms of housing let at below market rents, however Shared Ownership and Low Cost Home Ownership is expressly excluded from the Act, together with other property in the ownership of RPs which is listed as exceptions in The Social Housing Rents (Exceptions and Miscellaneous Provisions) Regulations 2016 ("the Regulations"). These include, but are not limited to:

- intermediate rent accommodation (defined in the Regulations to include inter alia properties let on sub-market rents, let on Assured Shorthold Tenancies which have not previously been let at social rents and are not let at Affordable Rent);
- specialised supported housing (defined in the Regulations to include inter alia supported housing of bespoke design in which a high level of support is offered to tenants);
- temporary social housing (meaning low cost rental accommodation made available to a person who is homeless, within the meaning of the Housing Act 1996;
- student accommodation;
- accommodation where the rent registered under the Rent Act 1977 is lower than the social rent rate;
- care homes; and
- accommodation where the rent payable by the tenant was temporarily reduced or waived for any period during the previous relevant year.

COPYRIGHT © JONES LANG LASALLE IP, INC. 2017. All Rights Reserved

1.7.3 Supported Housing was exempt from the first year of cuts but rents will be reduced by 1% for the years up to and including 2019.

1.7.4 Once the period of cuts has ended, in April 2020, we expect that RPs will be allowed to continue to increase their rents by CPI plus 1%, in line with the rent regime introduced by the government in April 2015. This is based on informal indications from government. However, as will be evident from the recent shift in government policy, there can be no certainty as to what the government will decide to do in April 2020 and there is therefore a degree of risk around this assumption.

1.7.5 This heightened risk is reflected in the discount rate applied to this valuation. However, this component of risk is not new – there has always been an element of legislative or regulatory risk in social housing valuations, where gross and net rental incomes are assessed over a long period; and this risk has always been reflected in the discount rates applied to valuations.

1.7.6 However, the Act includes provisions for either a mortgagee in possession, or a receiver, and its successor in title (which could be either an RP or a non-regulated purchaser) to be exempt from the need to make future cuts after the date of acquisition. These exceptions are contained in Section 24 of the Act.

1.7.7 In our opinion, neither a mortgagee in possession (or receiver), nor any purchaser acquiring stock from the same, would choose to implement rent cuts over the period 2016-2019; and would actively use a legal right to avoid reducing the gross rental income from a housing portfolio. We have therefore prepared our valuation on the basis of EUV-SH on the express assumption that no further reductions in rent would be made after the hypothetical sale at the valuation date. This is consistent with our reading of the Act and with the interpretation of the Act by the Homes and Communities Agency ("HCA") which would, in effect, be powerless to prevent even an RP from choosing not to reduce rents over this period.

1.7.8 It follows that, for a valuation given for loan security purposes only, with a date of valuation prior to 1 April 2017, no reductions in rent would need to be made; and there is therefore no adverse effect on value other than any effect attributable to the increased discount rate referred to above.

1.8 Affordable Rent

1.8.1 The Affordable Rent framework has been introduced by the Government and HCA in an effort to improve the delivery of affordable housing whilst reducing grant subsidy. This model provides RPs with more flexibility in the length of tenancies issued, and the level of rent which they charge to tenants. The contracts allow RPs to let properties at a level of up to 80% of Market Rent ("Affordable Rent") inclusive of service charge (although the actual level is different in each contract and there are substantial regional variations).

1.8.2 The investment contracts are individual to each RP and the terms therein will not be bound to the land or title, nor will the details of the contracts be disclosed to the market. This has ramifications for the value of properties which are owned by the RPs because it follows that, in a bidding situation, the value which the vendor could achieve when selling a portfolio will be related to the rent level which the eventual purchaser could charge future tenants, rather than the level set out in the vendor's contract.

1.8.3 This introduces uncertainty in the assumptions which we make about the rental income which could be realised in the future, after a hypothetical transfer of stock (the concept upon which all valuations are based). Funders are

wary about lending money against security with such valuations attributed to them and, in light of this and in accordance with our instructions, we have valued the Portfolio on the assumption that properties are not let at Affordable Rents, as defined above. We have assumed that the Portfolio is rented in line with the Rent Influencing Regime into perpetuity, and have not included additional hope value for Affordable Rent in our valuation on the basis of EUV-SH.

1.9 Market Conditions

1.9.1 On 14 June 2017, a fire at the Grenfell Tower apartment block in London became out of control and destroyed the building, with significant loss of life. A number of inquiries have been commissioned to investigate the event, and it is likely that recommendations will be made as to the construction and management of similar properties.

1.9.2 In the light of this, we are aware that market participants that may also be affected by the same or similar issues are reviewing details of construction, health and safety – and particularly fire prevention, mitigation and means of escape. At this point it is too early to assess the longer-term consequences. In the short-term, however, it is likely that potential investors and occupiers will be more cautious – and the liquidity and pricing of some of the properties in the Portfolio may be impacted. We would therefore draw your attention to the fact that in the case of those properties as at the date of our valuation, there is greater uncertainty concerning the valuation figure than would normally be the case. We would recommend that specialist advice is taken on these issues.

1.9.3 This present period of uncertainty seems likely to persist for some time, perhaps for a number of months, whilst official enquiries and investigations are concluded. These may lead to, for example, revisions of the Building Regulations or Fire Safety Regulations and measures may be introduced which will require material capital expenditure.

1.9.4 It will also, in our view, be some time before investor confidence in such buildings amongst social landlords, or purchasers from a mortgagee to a social landlord, will be restored. Accordingly, whilst this period of uncertainty endures, we recommend that you should interpret any opinions of value of such buildings with considerable caution. We will keep the matter under review as and when further measures are announced or conclusions drawn, and would be happy to revisit our valuation of the high-rise properties in this Portfolio as and when there is more certainty as to any remedial measures that will need to be taken.

1.9.5 We understand from Clarion that there are 18 blocks of six storeys or above in the Portfolio. We understand that these block have all been recently looked at by Clarion and tests have been carried out where necessary. Clarion have provided us with remedial cost estimates where these are felt to be appropriate, and we have included these costs in our valuations. Furthermore, we have factored the additional risk outlined above into the discount rates we have applied when valuing these properties.

1.9.6 Our Report now follows and is divided into five main parts:

- Methodology;
- Commentaries;
- Valuation;
- Bases of Valuation; and

- Sources and Verification of Information.

2 Methodology

2.1 Valuation Model

2.1.1 We have undertaken our valuation of the housing stock using fully explicit discounted cashflow models, over a 50-year period, with the net income in the final year capitalised into perpetuity.

2.1.2 Against the income receivable for the Portfolio, we have made allowances for voids and bad debts; the costs of management and administration; major repairs; cyclical maintenance; day-to-day repairs; and for future staircasing (where applicable). We have assumed an appropriate level of future growth in these costs (expenditure inflation).

2.1.3 We have then discounted the resulting net income stream at an appropriate rate which reflects our judgement of the overall level of risk associated with the long term income. A more detailed explanation of the discount rate is included in section 4.

2.1.4 Summary tables of the assumptions used in our valuation models are included at Appendix 4.

2.2 Information Provided

2.2.1 The principal source of background data for the Portfolio has been the rent roll for each property provided by Clarion. This detailed the number and type of units, the rent payable, and equity retained by the association (where applicable).

2.2.2 This information was supplemented with our market research and other data we have gathered from similar instructions undertaken recently and involving comparable stock. From these sources we have collated information on the following:

- rents;
- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

2.3 Inspections

2.3.1 We understand that, under the terms of the existing loan agreements, Clarion must deliver a full valuation report to the Security Trustee at least once in every period of five calendar years.

2.3.2 The Portfolio comprises over 33,500 properties, which, in line with the loan agreements, are required to be inspected by a valuer every five years. The logistics of inspecting this number of units in one year would be time consuming and costly and therefore it has been agreed with the Security Trustee that we will inspect 20% of the properties, every year so that over a 5 year period all of the properties will have been inspected.

COPYRIGHT © JONES LANG LASALLE IP, INC. 2017. All Rights Reserved

2.3.3 We can confirm that we inspected the exterior of 20% of the properties this year and of these properties, we inspected the interior of 5%. Our inspections were undertaken between 20th February 2017 and 10th March 2017.

2.4 Market Research

2.4.1 In arriving at our valuation, we have undertaken a comprehensive programme of research to supplement our knowledge and understanding of the Portfolio. This has included:

- researching local vacant possession values through conversations with local estate agents together with internet research and using RightmovePlus, a bespoke tool for comparable evidence;
- examining local benchmark affordable rents and comparing these with Clarion's rents; and
- analysing data provided by Clarion.

3 General Commentary

3.1.1 Schedules summarising the following data for each property within the Portfolio form Appendix 3 of this Report:

- address;
- unit type;
- equity retained; and
- gross weekly rent.

3.2 Stock Numbers

3.2.1 Clarion has provided us with a summary of the housing stock as at the Valuation date, upon which we have based our valuations. This data is summarised below. All of the Portfolio is now owned by Affinity Sutton Homes Limited but for the purposes of the valuation we have broken down the stock into its former subsidiaries and these are identified below:

3.4 Condition

3.4.1 We have not carried out a condition survey, this being outside the scope of our instructions.

3.4.2 The properties in the Portfolio are a mixture of ages. Based on our inspections, we are satisfied that the properties we inspected internally, are being maintained to an acceptable social housing standard, in line with regulatory requirements and commensurate with the likely demands of the target tenant group.

3.4.3 Overall we have assumed that each property has a useful economic life of 50 years providing short term compliance with Decent Homes Standards and, beyond that period, that the properties continue to be properly maintained in the future.

3.5 Caveats and Disclaimers

3.5.1 Unless otherwise stated in this Report, in carrying out our valuations we have made assumptions relating to the following factors which are either beyond the remit of our instructions, or for which we have not received information:

- ground condition;
- environmental considerations;
- planning;
- tenure
- titles; and
- nominations agreements.

3.5.2 These factors are discussed in Section 9.

4 General Needs and Sheltered Commentary

4.1.1 There are 30,038 general needs and sheltered properties in the Portfolio, broken down as shown in the table below. At the date of valuation and from previous reviews of the Property Documents for the Portfolio, 25,095 of the units were subject to disclosures that would be binding on a mortgagee in possession and therefore we have valued them on the basis of EUV-SH only.

Bedrooms	Houses/Bungalows	Flats/Rooms	Total	%age
0	-	743	**743**	2.5%
1	1,087	6,355	**7,442**	24.8%
2	5,627	4,617	**10,244**	34.1%
3	9,347	1,278	**10,625**	35.4%
4	890	46	**936**	3.1%
5+	46	2	**48**	0.2%
Total	**16,997**	**13,041**	**30,038**	**100%**
%age	56.6%	43.4%	**100%**	

4.2 Tenancies

4.2.1 The majority of the properties (circa 79.4%) are let on assured tenancies. We have assumed that these are 'standard' assured tenancies although we have not seen example tenancy agreements. The remaining 6,187 units are let on secure tenancies.

4.3 Rental Income

4.3.1 The total gross rent receivable from the properties in the general needs and sheltered Portfolio amounts to £170,040,748 per annum (based on a 52-week year). A breakdown per property is included within the schedule at Appendix 3. The average gross weekly rents are set out in the table overleaf.

4.3.2 We are unable to verify the accuracy of the rent roll provided to us by Clarion.

4.3.3 According to the Valuation Office, the Local Reference Rent (LRR) is the 30th centile point between what in the local Rent Officer's opinion are the highest and lowest non-exceptional rents in a given Broad Rental Market Area. This analysis looks at local properties and differentiates by bedroom number but not by property type (i.e. houses and flats). These statistics are used as a reference for housing benefit and are a good indication of rent levels which are affordable in a given area.

COPYRIGHT © JONES LANG LASALLE IP, INC. 2017. All Rights Reserved

4.3.4 The table below sets out a comparison of Clarion's average rents with the average LRRs in the Portfolio in the same areas (rents are shown on the basis of 52 weeks):

Bedrooms	Clarion's Properties	Average LRRs
1	£94.70	£190.57
2	£108.80	£248.24
3	£117.06	£275.99
4	£138.29	£374.50
5	£145.42	£462.40
Average	**£108.86**	**£246.59**

4.3.5 The prevailing passing rents are approximately 56% lower than the LRRs for properties in the same areas.

4.4 EUV-SH – Rental Growth

4.4.1 In accordance with section 1.6.7 we have assumed that a purchaser of the stock with the benefit of protection from the rent cuts set out in the Welfare Reform and Work Act would increase rents by CPI plus 1% into perpetuity and have modelled rental growth in our EUV-SH valuation models accordingly.

4.5 MV-T – Rental Growth

4.5.1 Passing rents are currently below market levels, resulting in good prospects for future rental growth when considering the market value of the Portfolio.

4.5.2 We have assumed that it will take between 1 and 5 years for assured rents to increase to market levels and thereafter for rents to rise at 1% (real) per annum. The average increase we have modelled per year for houses and flats in each of our MV-T cashflows is shown in the table below:

Valuation Category	Years to Market Rent	Flats	Houses
WSH London – Affordable Rent (MV-T)	4	28.3%	25.9%
WSH London – City Road	4	27.3%	N/A
WSH London – Islington (MV-T)	5	24.3%	30.5%

4.6 Outgoings

4.6.1 In forming our opinion of the net rental income the Portfolio will generate we have considered the following outgoings:

- bad debts and voids;
- management costs; and
- repair and maintenance costs.

4.6.2 We emphasise that, under the definitions of the bases of valuation we have been instructed to adopt, we are not valuing Clarion's stewardship of the stock – rather we are assessing what a hypothetical purchaser in the market would pay for the stock, based on the market's judgement of the capabilities of the Portfolio.

4.6.3 The assumptions we have made in our appraisal reflect our opinion of the view the market would adopt on the future performance of the Portfolio. In forming our opinion, we have had regard to other recent valuations we have undertaken of comparable stock.

4.6.4 A summary of the assumptions adopted in our cashflow models is included at Appendix 4.

4.7 Bad Debts and Voids

4.7.1 We have incorporated into our valuation the potential for future voids and bad debts. The rate applied is similar to allowances used by other RPs providing a management and maintenance service in the areas where the properties are situated.

COPYRIGHT © JONES LANG LASALLE IP, INC. 2017. All Rights Reserved

4.7.2 Any loss of income for void properties is reflected in a deduction made from the gross rental income. Similarly we have also made an allowance for bad debts.

4.7.3 In our EUV-SH valuations we have adopted a rate for bad debts and voids of between 2.5% and 4.0% of gross income for the Portfolio.

4.7.4 In our MV-T valuations, we have adopted rates of between 8% and 10% of gross income for the first 3 years of the cashflow, between 6% and 7% in years 4 and 5 and 4% in all years thereafter.

4.7.5 This is because we are assuming greater increases in rents than a social landlord would impose. In our opinion, these rent increases would inevitably be reflected in a higher level of voids and bad debts than would otherwise be the case. The associated risk has been factored into our MV-T discount rate.

4.8 Management Costs

4.8.1 We have adopted rates for management and administration, based on our experience of other RPs operating in similar areas to Clarion. Our rates are shown below and are subject to an annual inflator of 0.5% over inflation for the duration of the cashflow reflecting long-term earnings, growth predictions and potential management savings.

4.8.2 We have adopted a rates of between £625 and £650 per unit for management and administration in our valuations on the basis of EUV-SH.

4.8.3 We have assumed that a mortgagee in possession would expect to spend 10% of rental income on management and administration in our valuations on the basis of MV-T.

4.9 Repairs and Maintenance

4.9.1 Although the majority of the properties are generally in a reasonable or good condition, renewal, day-to-day and cyclical maintenance will be required to keep the stock in its present condition.

4.9.2 The following table sets out the various assumptions we have made in our cashflows. All of our appraisals assume that these costs will inflate at 1% (real) per annum.

Category of Expenditure	EUV-SH	MV-T
Major repairs and renewals – Year 1	£625-£8,000	£1,750-£2,000
Cyclical repairs – Year 1	£300-£350	£300-£325
Day-to-day repairs	£350-£425	£350-£400
Total	**£1,275-£8,775**	**£2,450-£2,725**

COPYRIGHT © JONES LANG LASALLE IP, INC. 2017. All Rights Reserved

4.9.3 In accordance with section 1.9, we have adopted higher costs in the first 2 years of our High Rise EUV-SH valuation models to reflect the cost of any estimated remedial works required at these properties in the wake of the fire at Grenfell Tower.

4.9.4 We have adopted higher costs for major repairs in the first 2 years of our MV-T models as some of the properties will require refurbishment and redecoration in order to attract buyers or to be let on the open market. After this initial period, our costs settle to a lower level of between £650 and £750 per unit per annum.

4.10 Relet and Sales Rates

4.10.1 Our EUV-SH model allows for a rate at which secure tenancies are relet as assured tenancies. We have adopted rates of 3% (houses), 5% (flats) and 8% (sheltered) and have assumed that those properties will be relet at the prevailing average target rent. In addition, we have included an allowance for incidental voids as outlined in section 4.7.

4.10.2 Following announcements made in the Budget delivered on 8 July 2015 we anticipate that the tenants of some of the properties within the Portfolio may in future have either the Right to Buy ("RTB") or the Right to Acquire ("RTA"). The National Housing Federation ("NHF") put an offer to Government in September 2015 in which it proposed the implementation of an extended RTB on a voluntary basis ("VRTB"). This offer was described as a compromise with a view to securing the independence of housing associations and the best deal on compensation (for discounts) and flexibilities (the ability to refuse the RTB in relation to certain properties). In the Autumn Statement 2016 it was announced that the Government would fund a large-scale regional pilot of the RTB for housing association tenants. It is expected that over 3,000 tenants will be able to buy their own home with RTB discounts under this extended pilot scheme. The pilot scheme, which is expected to run for one year, is aimed at testing two aspects of the voluntary agreement that the original pilots did not cover, namely:

- one-for-one replacement; and
- portability of discounts.

4.10.3 However, the Government is yet to announce the specific terms and locations of this pilot and, more broadly, the wider terms of the overall extension of RTB and therefore any consideration of the impact of RTB or RTA on valuations would be speculative. We consider it imprudent to reflect additional value from capital receipts and we have therefore assumed that neither RTB nor RTA will be available to exercise at the date of valuation.

4.10.4 In our MV-T cashflows we have assumed that some of the units which become void are sold on the open market and have included sales rates of per annum for houses and flats as shown in the table below:

Valuation Category	Flats	Houses
WSH London – Affordable Rent (MV-T)	4.0%	4.0%
WSH London – City Road	5.0%	3.0%
WSH London – Islington (MV-T)	4.0%	16.0%

4.11 Discount Rate

4.11.1 Our cashflow valuations are based on constant prices and therefore explicitly exclude inflation. The chosen discount rate reflects our judgement of the economic conditions at the time of the valuation and the level of risk involved in each cashflow, taking all factors and assumptions into account. To determine the risk involved we have looked at:

- the sustainability of the existing rental income;
- the likely rate of future rental growth;
- the condition of the Portfolio;
- the level of outgoings required to maintain the maximum income stream;
- the likely performance of the Portfolio in relation to its profile and location;
- the real cost of borrowing; and
- the long-term cost of borrowing.

4.11.2 For our EUV-SH valuations we have adopted discount rates of between 5.5% and 8.75% on net rental income.

4.11.3 In our MV-T model we have adopted a higher rate on rental income to reflect additional risk resulting from the significant rental growth that we have assumed during the first 1 to 5 years. In addition, we have adopted a higher

COPYRIGHT © JONES LANG LASALLE IP, INC. 2017. All Rights Reserved

rate on income from sales to reflect the additional premium on the yield which an investor would expect from a sales income stream.

4.11.4 We have adopted discount rates of 7.5% and 8.5% (rental income), and between 9.5% and 10.5% (sales) for our MV-T cashflows.

4.12 Market Value subject to Vacant Possession (MV-VP)

4.12.1 We have undertaken research into MV-VPs in locations covered by the Portfolio. We have assessed the average value of dwellings on a property by property basis. The values adopted are based on comparable research and reflect the diversity of the stock and the different areas.

4.12.2 The average MV-VP of the general needs and sheltered properties in the Portfolio is £232,500.

4.13 House Price Growth

4.13.1 We have assumed house prices will grow in real terms at 0% in the first 3 years of our cashflow models and in the long term at a rate of 1% per annum.

5 Shared Ownership Commentary

5.1.1 There are 1,120 shared ownership properties within the Portfolio. The equity retained by Clarion in each of our shared ownership cashflows and average weekly rent charged against this equity are shown in the table below:

Valuation Category	Units	Retained Equity	Weekly Rent
S.O. Ex-Ridgehill	133	73.32%	£61.79
S.O. North	9	56.67%	£48.39
S.O. South	917	60.08%	£59.28
S.O. South High Rise	61	66.41%	£60.76

5.2 Rental Growth

5.2.1 The HCA's restriction on future rental growth through section 2.4.5 of the Capital Funding Guide allows a maximum of 0.5% real growth per annum only. The imposition of this formula effectively constrains the net present value of the cashflow to the basis of EUV-SH.

5.2.2 It should also be noted that although, in general, rents in the sector will be linked to CPI, the rents for shared ownership properties will grow as set out in the signed leases for each property. We have not had sight of these leases and assume that they have the standard rent review provisions (upwards only, indexed linked at RPI plus 0.5%) set out in the model shared ownership lease, published by the National Housing Federation.

5.2.3 We have grown rents at a rate of RPI plus 0.5% in line with this guidance and the terms of the existing leases.

5.3 Outgoings

5.3.1 In forming an opinion of the net rental income the Portfolio will generate, we have made an allowance of between 5% and 8% of gross rental income for management.

5.4 Voids and Bad Debts

5.4.1 We understand that all of the properties are now let and so we would not expect any voids going forward. We have allowed for the incidence of bad debts in the discount rate.

5.5 Repairs and Maintenance

5.5.1 We have assumed any repair obligations will lie with the leaseholders. We would expect that repair/renewal, day-to-day and cyclical maintenance would be required to keep the stock in its present condition. However, we have assumed that, where appropriate, service charge income fully covers expenditure.

5.6 Discount Rate

5.6.1 For our EUV-SH valuations we have adopted a discount rate of between 5.5% and 6.75% on the rental income and 8.0% on sales.

5.7 Market Value subject to Vacant Possession (MV-VP)

5.7.1 The average MV-VP in the shared ownership Portfolio is £279,700.

5.8 Rate of Sales

5.8.1 We have adopted what we would expect to be a long-term sustainable rate of sales of further tranches over the 50 years of our S.O. North and S.O. South cashflow models. We have assumed that equity is sold in 25% tranches.

5.8.2 The 133 ex-Ridgehill properties and 61 High Rise properties have no allowance for future staircasing included within their valuations.

5.8.3 The rates we have adopted in our S.O. North and S.O. South cashflows are as follows:

S.O. North

Years	Tranche sales p.a.
Years 0-1	0
Years 2-7	1
Years 8-40	0
Years 41-50	0

S.O. South

Years	Tranche sales p.a.
Years 0-1	0
Years 2-11	40
Years 12-26	20
Years 27-50	10

5.8.4 It is difficult to judge when tenants will purchase additional tranches so the income from sales proceeds has been discounted at a higher rate, in line with section 5.7, to reflect the additional risk of realising the value. However, it

COPYRIGHT © JONES LANG LASALLE IP, INC. 2017. All Rights Reserved

should be noted that in our valuation, the majority of the value (between 62.0% and 66.5%) is attributed to the rental income.

6 Valuation

6.1 Background

6.1.1 We have prepared our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH"); and
- Market Value subject to existing Tenancies ("MV-T") where applicable.

6.1.2 Please note that the properties that have been valued on the basis of MV-T have also been valued on the basis of EUV-SH, for information purposes only.

6.1.3 We have also provided an aggregate valuation of the Portfolio on the basis of Market Value assuming Vacant Possession ("MV-VP") for indicative purposes only.

6.1.4 Our valuations have been prepared in accordance with the RICS Red Book.

6.1.5 Apportionments of the valuations have been calculated as arithmetic apportionments and are included in the schedules at Appendix 3. This is a portfolio valuation, and no valuation of individual properties has been performed.

6.1.6 In forming our opinion of the value of the Portfolio as a whole, we have neither applied a discount for quantum nor added a premium to reflect break-up potential.

6.1.7 The definitions of the bases of valuation are set out in full in section 7 of this Report.

6.2 General Needs and Sheltered Units

6.2.1 Our valuation of the 25,095 restricted general needs and sheltered properties, in aggregate, on the basis of EUV-SH at the valuation date is:

£1,739,960,000
(one billion, seven hundred and thirty nine million, nine hundred and sixty thousand pounds)

6.2.2 Our valuation of the 4,943 unrestricted general needs and sheltered properties, in aggregate, on the basis of MV-T at the valuation date is:

£354,170,000
(three hundred and fifty four million, one hundred and seventy thousand pounds)

6.3 Shared Ownership

6.3.1 Our valuation of the 1,120 shared ownership properties, in aggregate, on the basis of EUV-SH at the valuation date is:

£79,710,000
(seventy nine million, seven hundred and ten thousand pounds)

6.4 Freehold Properties

6.4.1 Our valuation of the 25,890 freehold properties that have been valued on the basis of EUV-SH, in aggregate, is:

£1,796,390,000
(one billion, seven hundred and ninety six million, three hundred and ninety thousand pounds)

6.4.2 Our valuation of the 4,943 freehold properties that have been valued on the basis of MV-T, in aggregate, is:

£354,170,000
(three hundred and fifty four million, one hundred and seventy thousand pounds)

6.5 Leasehold Properties

6.5.1 Our indicative valuation of the 325 leasehold properties that have been valued on the basis of EUV-SH, in aggregate, is:

£23,280,000
(twenty three million, two hundred and eighty thousand pounds)

6.6 Market Value Assuming Vacant Possession

6.6.1 Our indicative valuation of the 31,158 properties in the Portfolio, on the basis of MV-VP, in aggregate, is:

£7,300,000,000
(seven billion, three hundred million pounds)

6.8 Suitability as Security

6.8.1 Your instructions require us to comment on whether the properties we have valued continue to provide adequate security for the loan.

6.8.2 It is difficult for any valuer, without being asked to consider a specific credit or risk assessment policy, to make an absolute, unqualified statement that those assets will provide suitable security because our instructions do not explain what criteria the Security Trustee is applying in making this assessment.

6.8.3 However we confirm that, in our opinion, should the Security Trustee become a mortgagee in possession of the Portfolio, then it would be possible to achieve a sale to another RP that would be at a price at least equivalent to

COPYRIGHT © JONES LANG LASALLE IP, INC. 2017. All Rights Reserved

our valuation on the basis of EUV-SH or, in principle, to a private purchaser at a price equivalent to our valuation on the basis of MV-T as set out in our Report. However, the valuation assumes implicitly that a purchaser could obtain debt finance on commercially viable terms to facilitate a purchase of the Portfolio. Furthermore, we have identified the following attributes of the Portfolio which should assist the Security Trustee in its assessment:

- given the divergence between property prices and local average earnings, demand for these properties should be sustainable in the medium to long term;
- the level of rental income for all areas is broadly in line with other RPs in the respective areas;
- the level of rental income is, in aggregate, below the LRRs for each region;
- the EUV-SH and MV-T values per unit and percentage relationships to MV-VP, are at levels appropriate to the current climate, having regard to the Portfolio's location and composition; and
- we have made conservative assumptions with regard to the respective rent and sales contributions to the valuations of the shared ownership units and they are not overly dependent on proceeds from sales.

6.8.4 With the above factors in mind, and with specific regard to the continuing need for well-maintained social housing accommodation, we believe it reasonable to conclude an acceptable demand for a portfolio of this nature from commensurate social housing landlords and private institutional investment firms.

6.8.5 Subject to the information presented within this Report, and at the values formally reported, we are satisfied to recommend to the Security Trustee that this Portfolio is suitable for security purposes.

7 Bases of Valuation

7.1.1 Our valuations have been prepared in accordance with the RICS Red Book.

7.2 Existing Use Value for Social Housing

7.2.1 The basis of Existing Use Value for Social Housing is defined in UKVS 1.12 of the Red Book as follows:

"Existing use value for social housing (EUV-SH) is an opinion of the best price at which the sale of an interest in a property would have been completed unconditionally for a cash consideration on the valuation date, assuming:

- *a willing seller;*
- *that prior to the valuation date there had been a reasonable period (having regard to the nature of the property and the state of the market) for the proper marketing of the interest for the agreement of the price and terms and for the completion of the sale;*
- *that the state of the market, level of values and other circumstances were on any earlier assumed date of exchange of contracts, the same as on the date of valuation;*
- *that no account is taken of any additional bid by a prospective purchaser with a special interest;*
- *that both parties to the transaction had acted knowledgeably, prudently and without compulsion;*
- *that the property will continue to be let by a body pursuant to delivery of a service for the existing use;*
- *that at the valuation date, any regulatory body, in applying its criteria for approval, would not unreasonably fetter the vendor's ability to dispose of the property to organisations intending to manage their housing stock in accordance with that regulatory body's requirements;*
- *that properties temporarily vacant pending re-letting should be valued, if there is a letting demand, on the basis that the prospective purchaser intends to re-let them, rather than with vacant possession; and*
- *that any subsequent sale would be subject to all the same assumptions above."*

7.3 Market Value

7.3.1 The basis of Market Value is defined in VPS 4.1.2 of the Red Book as follows:

"The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion."

7.3.2 Market Value subject to Tenancies is in accordance with the above definition, with the addition of the point below:

"That the properties would be subject to any secure or assured tenancies that may prevail, together with any other conditions or restrictions to which property may be subject."

7.4 Expenses

7.4.1 No allowance is made in our valuations for any expenses of realisation.

7.5 Tax

7.5.1 No allowance is made in our valuations for any liability for payment of Corporation Tax, or for any liability for Capital Gains Tax, whether existing or which may arise in the future.

7.6 VAT

7.6.1 Our valuations are exclusive of VAT on disposal.

8 Market Commentary

8.1 The Effect of Brexit

8.1.1 A Vote Leave result brings an unprecedented new dawn for Britain, with uncertainty over the likely impacts for the short term. This will bring both risks and opportunities.

8.1.2 On the downside, we expect an immediate slowdown in housing market transactions, while discretionary purchasers take stock and vendors delay on decisions to sell.

8.1.3 It is too early to assess the impact on house price growth as a result of Brexit. In terms of positives, there are still compelling reasons for companies to base their European operations in the UK. The significant advantages we enjoy, in terms of language, transparency, a robust legal framework, and access to talent will help protect the UK and London economy through this period of short-term uncertainty.

8.1.4 In addition, the mortgage market has benefitted from a record low Bank of England base rate for the past seven years and this is set to continue following the Monetary Policy Committee's decision to reduce the rate from 0.50% to 0.25%. This support will be welcome for many movers and will aid liquidity in the housing market during the next couple of years.

8.1.5 The London housing market has faced a series of policy and tax challenges over the last two years which has already resulted in falling volumes. The interconnected trading relationship between London and the rest of Europe means the implications of Brexit are more complex. However, paradoxically, investors may well identify opportunities in this market over the short-term, particularly international purchasers who can benefit from the currency arbitrage that has opened up by a weaker pound sterling, and this could give the market a welcome boost once there is more clarity around the economic outlook.

8.1.6 While the focus leading up to the Referendum was on the UK's international trading relationships, we are concerned that domestic politics will now be the primary risk to the housing market. Regardless of the Referendum outcome, addressing the imbalance in the supply of housing in the UK must be a critical priority and concerted attention from politicians to deliver credible, lasting solutions to the supply conundrum is desperately needed. Protracted infighting within the UK's political parties will only harm the UK economy and, with this, any chance of a timely recovery from the expected economic slowdown.

8.1.7 The Referendum has been an unwelcome diversion from vital domestic policy challenges. An expansion of housing supply, particularly for renters, first-time buyers and retirees, needs sustained policy support, alongside a clearer commitment to the delivery of affordable housing.

8.1.8 There is no shortage of critical housing market issues for the Government to turn its attention to; focus on solutions is needed now more than ever.

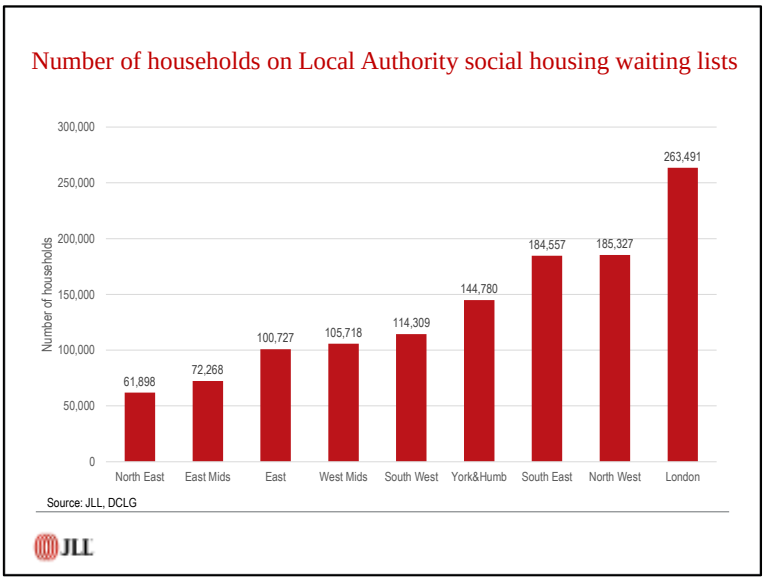
8.2 Housing Demand Levels

8.2.1 In order to ascertain the demand levels for social housing, we have looked at the Local Authority affordable housing waiting lists collated by the Department for Communities and Local Government ("DCLG"). The latest figures state that there are over 1.23 million households in need of sub-market housing. The graph below offers a regional breakdown of this affordable housing demand, highlighting that all regions are in need of more affordable housing.



8.2.2 To put these waiting lists into context and better highlight the depth of demand for social housing units by region, the graph below compares these figures to the number of affordable housing completions. To offer a more accurate reflection of social housing construction rates, and to prevent large-scale regeneration projects skewing figures, a five-year average of the completion rate has been used. For every social housing unit built in the South West, there are currently 29 households in need of housing assistance. In Yorkshire & the Humber, the number of households per unit built climbs to 159. This clearly highlights that there is a significant demand for social housing across all regions in the UK. This is also a static representation of demand levels and not looking at any increase in number of households on the waiting list.

8.2.3 Even if you remove the waiting lists from the equation, there is still a vast need for more social housing development. Using statistics from Oxford Economics and the DCLG, we have been able to estimate the likely need for social housing over the medium term by calculating the proportion of current housing stock that is classified as affordable housing for each region and the likely number of households that will need social housing by looking at the growth in the quantum of households over the next five and ten years.

8.2.4 If construction rates remain constant over the medium term, and there is no significant shift within the economy from a macroeconomic perspective, there will continue to be a substantial demand for social housing across all regions.

8.3 UK Housing Market Overview

8.3.1 On the whole, the underlying fundamentals of the UK economy remain reasonably strong, particularly demonstrated by its enduring resilience during 2016. Several favourable economic indicators such as low inflation, very low interest rates, higher wages and record low unemployment levels continue to provide support to the UK economy despite rising inflation impacting disposable income and consumer spending. GDP forecasts indicate steady growth in the short-to-medium-term.

8.3.2 Inevitably though, the political and economic uncertainty surrounding Brexit will have some adverse impact on the economy, and potentially on the housing market. The short lead-in time to the general election is unlikely to have much economic impact.

8.3.3 In February 2017, the long-awaited housing white paper was released. The proposals aim to deliver a higher number of homes through a co-ordinated approach that tightens up the planning system. This will require local authorities and developers to do more.

8.3.4 Off the back of the housing white paper, housing delivery will undoubtedly be an issue at the forefront of the UK general election. Building the number of homes required to meet the increasing number of households and therefore demand continues to be one the UK's biggest challenges. The Labour party has pledged to build a million new homes over five years and said that half of the homes built would be council and housing association homes. Even this aspirational figure will still fall significantly shy of the 240,000-300,000 additional homes a year the country requires.

8.3.5 The housing market is certainly slowing down of late. Housing transaction volumes are lower than a year ago while annual house price growth has slowed, albeit it is still quite strong at 4.1%. However, this is lower compared with three months earlier and when compared with the 8.0% a year earlier.

8.3.6 According to the RICS survey, results continue to point to a relatively subdued picture for activity across the UK. Housing demand has been falling in the three months to April 2017, although conditions vary across the UK. The flow of properties coming to market has remained in decline in the three months to April 2017. The twelve month outlook for sales continued its downward trajectory. Survey respondents were expecting only a modest improvement during 2017, having lowered their expectations significantly in the previous quarter.

8.3.7 Annual house price growth was positive across all regions except the North East for the year ending March 2017. House price growth was the highest in the East at 6.7%. House price growth across the Midlands and North West also performed strongly in the year to March 2017. House price growth in London at 1.5% was below the average across the UK at 4.1% and significantly below the highest performing region.

8.3.8 Quarterly and annual construction starts and completions in England increased during Q1 2017 when compared with the previous quarter. The number of annual starts now stands at 162,880 and the number of completions at 147,960. These are some of the highest levels recorded since 2008.

9 Sources and Verification of Information

9.1 General

9.1.1 We have relied upon the description, tenancy type and current rental income provided to us by the Borrower and we have been unable to verify the accuracy of that data.

9.2 Tenure

9.2.1 We have assumed that ASHL holds long leasehold or freehold interests in these properties unless otherwise stated in this Report.

9.3 Title

9.3.1 We have not carried out our own investigations of title and our valuations have assumed good title, free from onerous covenants and other encumbrances other than as set out in this Report.

9.3.2 We assume unless informed to the contrary or unless otherwise stated in this Report, that each property has a good and marketable title; that all documentation is satisfactorily drawn; and that there are no encumbrances, restrictions, easements or other outgoings of an onerous nature, which would have a material effect on the value of the interest under consideration, nor material litigation pending. Where we have been provided with documentation we recommend that reliance should not be placed on our interpretation without verification by your lawyers. We have assumed that all information provided by the client, or its agents, is correct, up to date and can be relied upon.

9.4 Nomination Agreements

9.4.1 Our valuations are prepared on the basis that there are no nomination agreements. If any nomination rights are found to be in existence, they are assumed not to be binding on a mortgagee in possession unless otherwise stated in this Report.

9.5 Measurements/Floor Areas

9.5.1 We have not measured the properties, this being outside the scope of a valuation of a portfolio of this nature, unless otherwise stated in this Report.

9.5.2 However, where measurements have been undertaken, we have adhered to the International Property Measurement Standards: Residential Buildings, except where we specifically state that we have relied on another source. The areas adopted are purely for the purpose of assisting us in forming an opinion of capital value. They should not be relied upon for other purposes nor used by other parties without our written authorisation.

9.5.3 Where floor areas have been provided to us, we have relied upon these and have assumed that they have been properly measured in accordance with the Measurement Standards referred to above.

9.6 Structural Surveys

9.6.1 Unless expressly instructed, we do not carry out a structural survey, nor do we test the services and we, therefore, do not give any assurance that any property is free from defect. We seek to reflect in our valuations any readily apparent defects or items of disrepair, which we note during our inspection, or costs of repair which are brought to our attention. Otherwise, we assume that each building is structurally sound and that there are no structural, latent or other material defects.

9.6.2 In our opinion the economic life of each property should exceed 50 years providing the properties are properly maintained.

9.7 Deleterious Materials

9.7.1 We do not normally carry out or commission investigations on site to ascertain whether any building was constructed or altered using deleterious materials or techniques (including, by way of example high alumina cement concrete, woodwool as permanent shuttering, calcium chloride or asbestos). Unless we are otherwise informed, our valuations are on the basis that no such materials or techniques have been used.

9.8 Site Conditions

9.8.1 We do not normally carry out or commission investigations on site in order to determine the suitability of ground conditions and services for the purposes for which they are, or are intended to be, put; nor do we undertake archaeological, ecological or environmental surveys. Unless we are otherwise informed, our valuations are on the basis that these aspects are satisfactory and that, where development is contemplated, no extraordinary expenses, delays or restrictions will be incurred during the construction period due to these matters.

9.9 Environmental Contamination

9.9.1 Unless expressly instructed, we do not carry out or commission site surveys or environmental assessments, or investigate historical records, to establish whether any land or premises are, or have been, contaminated. Therefore, unless advised to the contrary, our valuations are carried out on the basis that properties are not affected by environmental contamination. However, should our site inspection and further reasonable enquiries during the preparation of the valuation lead us to believe that the land is likely to be contaminated we will discuss our concerns with you.

9.10 Market Rental Values

9.10.1 Our assessment of rental values is formed purely for the purposes of assisting in the formation of an opinion of MV-T and is generally on the basis of Market Rent, as defined in the “the Red Book”. Such figures should not be used for any other purpose other than in the context of this valuation.

COPYRIGHT © JONES LANG LASALLE IP, INC. 2017. All Rights Reserved

9.11 Insurance

9.11.1 Unless expressly advised to the contrary we assume that appropriate cover is and will continue to be available on commercially acceptable terms.

9.12 Planning

9.12.1 We have prepared our valuations on the basis that each property exists in accordance with a valid planning permission.

9.13 Outstanding Debts

9.13.1 In the case of property where construction works are in hand, or have recently been completed, we do not normally make allowance for any liability already incurred, but not yet discharged, in respect of completed works, or obligations in favour of contractors, subcontractors or any members of the professional or design team.

9.14 Services

9.14.1 We do not normally carry out or commission investigations into the capacity or condition of services. Therefore we assume that the services, and any associated controls or software, are in working order and free from defect. We also assume that the services are of sufficient capacity to meet current and future needs.

9.15 Compliance with Building Regulations and Statutory Requirements

9.15.1 We have assumed that the properties conform to the Fire Precaution Regulations and any other statutory requirements.
